SATURDAY, FEBRUARY 17, 1894.

REPUBLICAN STATE TICKET.

CONGRESS—LARGE, Hon. GALUSIA A. GROW, OF SUSQUEHANNA COUNTY.

Election—Tuesday, February 20, 1894.

DO YOUR DUTY.

The amount of money paid out here by corporations since the country decided on a change in the national political administration is less than half what it was before and makes a serious difference in the business affairs of the town as well as a hard strain to many of the workmen. Business in all branches is feeling the effects of falling off the usual revenues. It is expected that next month will show even a greater reduction in the checks and no one can predict what is in store for the future, but all hope for a change in the tide of financial and commercial devastation, though hope seems to be forlorn in the face of the free trade mob in Congress that seems to be on a ruin bent, with not an element strong enough to stem the tide. In view of the acknowledged fact that the tariff agitation is directly responsible for the crippled condition of the country, and these facts has d on the testimony of the most trustworthy financiers of the country, isn't it well to consider seriously the election which will occur next Tuesday.

The right of free ballot is a glorious American franchise in which every man, be he high or low, rich or poor, has equal standing, and if properly exercised, has a power mightier than the greatest gun that was ever cast.

A change in the policy of American affairs has been tried. We were promised great benefits by that change and we want every voter to ask himself if he has realized any of the benefits so promised. We also want to ask if you are willing to try the new way still further? We hear you say no, emphatically no. Then your duty as an American citizen is plain for the benefit of the country at large and injustice to yourself you must go to the polls next Tuesday, the 20th of this month, and make one X in the circle over the Republican column and you will be driving as big a nail in the coffin of the demoralization party at Washington as any other voter no matter how rich he is or how much influence he may have.

On election day every body is a big power and an overwhelming majority for the state and borough tickets will be an object lesson on the tariff tinkers that may have the effect of checking further ruin.

We finally believe that 200,000 majority for Galusha A. Grow is a possibility if every Republican and Democrat who is willing to change back to prosperous times will turn out promptly on election day and vote for his own best interests. 200,000 Republican majority in Pennsylvania would be such a battering ram against the fortress of the Cleveland administration policy that it would knock it into splinters. It would serve notice on Pennsylvania Congressmen that they must choose quickly between administration patronage and home interests or their future political careers will be nil.

The author of the Wilson bill has gone to New Mexico for recreation. The gallant fight he made for the workmen of America in the last Congress has wearied him, but he is not half as tired as some of the people who voted to reinstate Cleveland and Wilsonism.

PECKHAM DEFEATED.

Cleveland Must Select Another for Supreme Court Justice.

SENATOR HILL'S SECOND VICTORY.

Forty-one Senators Voted Against Confirmation. While the Friends of Mr. Peckham Could Muster Only Thirty-one Votes—No Other Name Yet Mentioned.

WASHINGTON, Feb. 17.—The senate adjourned a few minutes past 4 o'clock yesterday afternoon after spending the better part of two days considering the nomination of W. H. Peckham, of New York, to be associate justice of the supreme court. The vote had just been taken on a motion to confirm the nomination, and the result, which was rejection by a vote of 23 to 41, was known. The vote in detail was as follows:

Yeas—Bate, Blackburn, Brice, Butler, Caffery, Dixon, Faulkner, George, Gray, Hall, Harris, Hutton, Kyle, Lindsay, Martin, McPherson, Mills, Mitchell (Ore.),

WHEELER H. PECKHAM.

Mitchell (Wis.), Palmer, Pason, Pettigrew, Platt, Proctor, Ransom, Rouch, Squire, Stockbridge, Turpie, Vilas, Voorhees and White (La.).—32.

Nays—Aldrich, Allen, Allison, Berry, Call, Cameron, Carey, Chandler, Cockrell, Coke, Cullom, Daniel, Davis, Dolph, Frye, Gallinger, Gibson, Gorman, Hansbrough, Hawley, Higgins, Hill, Hoar, Irbey, Jones (Ark.), Lodge, McLaurin, Manderson, Morrill, Murphy, Peffer, Perkins, Powers, Pugh, Shoup, Stewart, Teller, Vest, Washburn, White (Cal.) and Wilson.—41.

For confirmation—Democrats, 33; Republicans, 8; Populists, 1.

Against confirmation—Democrats, 15; Republicans, 53; Populists, 3.

Messrs. Camden, Gordon, McMillan, Smith and Morgan were not present for confirmation. Messrs. Dulick, Jones (Nev.), Quay, Yancy and Walcott against. Messrs. Colquitt and Sherman were absent without pairs.

The proceedings of the executive session prior to the voting consisted entirely of speech making. Senators Vilas (Ore.), George and Gray speaking for confirmation, and Senators White (Cal.) and Hawley against. All the addresses except those of Senator Vilas and George were very brief.

Senator Vilas spoke for two hours, devoting himself to the character of Mr. Peckham and of the president's right to appoint in a case like that of justice of the supreme court without consulting the senators from whose state the nominee was chosen. Summing up, he declared that the better testimony was favorable to Mr. Peckham, and showed him to be a man deserving of the high honor which the president had sought to confer upon him.

Senator George discussed the constitutional points involved in the case, and declared his belief that Mr. Peckham was a man entirely fit for the position. Senator White (Cal.) said that the selection of a supreme court justice was a matter which greatly interested the people of California. There was now, he said, pending in the courts a suit involving the ownership of the water front of valuable property in that state estimated to be worth \$20,000,000. This suit would eventually reach the supreme court and be determined by the tribunal. He had observed that some of the friends of the nominee in the present instance were men who were interested in the result of the case, and while this might be a mere coincidence it was sufficient to decide him against the nominee.

Senator Mitchell said he had become convinced from an investigation of all the facts that Mr. Peckham was well fitted for the supreme bench. He called attention to the fact that eminent lawyers of New York and elsewhere had spoken in the highest terms of him.

The speeches of Senators Gray and Hawley were brief, but emphatic, the former for and the latter against confirmation. Occasionally there is heard speculation as to what will be the president's course in view of the rejection of the second of his nominees for the associate justiceship. No one whose opinion is of value will venture a surmise or suggest a name. The supreme court is now in recess and will be until March 6, so that the necessity for a full bench will not be urgent until that time.

IN THE LOWER HOUSE.

Embarrassing Against Mr. Bland's Silver Seigniorage Bill.

WASHINGTON, Feb. 17.—Mr. Bland yesterday began his coercive tactics to compel a vote on the silver seigniorage bill. The bulk of the Republicans and the Democratic opponents of the measure inaugurated a filibuster with the intention of forcing him to produce a quorum of the advocates of the bill to pass it, and the entire day was consumed in roll calls. The highest number of votes Mr. Bland was able to poll was 163 in favor of his demand for the previous question on the motion to close debate. Of these 143 were Democrats, nine Populists and nine Republicans. Mr. Page, of Rhode Island, and Mr. Ryan, of New York, refused to join the filibusters, but voted against the motion. The Republicans who voted with Mr. Bland were Bowers (Cal.), Broderick, Doolittle, Funston, Marsh, Hermann, Post and Sweet. After passing a resolution instructing the sergeant-at-arms to telegraph for absentees a recess was taken until 8 o'clock. The general impression is that Mr. Bland will not be able to secure a quorum until Monday. At an evening session, intended for the consideration of pension bills, Mr. Kilgore (Tex.) made the point of no quorum, and no motion was taken.

The Weather. Increasing cloudiness; warmer; southerly winds.

THIRTY-NINE WERE KILLED.

Terrible Accident on a German Ironclad in Kiel Bay.

KIEL, Feb. 17.—A terrible accident occurred on board the German ironclad Brandenburg near Stollgerund, at the entrance to Kiel bay. Yesterday was selected for a speedy trial with forced draught, and to get the ironclad in first-class condition for the test forty artificers were sent aboard from the imperial dock yard. While eleven of these artificers were in the engine room a tremendous explosion took place. The main steam pipe of the starboard engine had burst.

Panic temporarily spread among the crew, but after a moment's hesitation every effort was put forth to rescue the unfortunate men in the engine room. It was then found that of the eleven artificers all but one had been killed. The man who escaped owed his preservation from the fate of his comrades to the fact that at the moment of the explosion he was standing on a ledge near the top of the room.

When the steam had cleared away and the panic had subsided a further search was made among the crew for the dead and injured. It was then discovered that thirty-nine men in all had been killed and nine injured. Thirty-seven of the men were killed instantly, and two of the wounded died in a short while after receiving their injuries.

Four steamers were promptly dispatched from Kiel to the scene of the disaster with a number of physicians and surgeons and a large quantity of medical supplies. The injured were at once taken to the hospital, where it is believed that all will recover.

Heavy Verdict for Slander.

NEW YORK, Feb. 17.—Early during the present year Count Pavier de la Chapelle began a libel suit against General Horace Brown, of the English army, and against Brown's wife and his sister-in-law, Antoinette Raymond, who is the divorced wife of the count, whom he charged with having stigmatized him as an adventurer and a bankrupt, a swindler and a convict. From New Caledonia. The court sentenced General Brown and Mrs. Raymond to pay a fine of 1,000 francs each, and in addition to pay the court \$1,000 damages and to publish the judgment in the newspapers of Nice and Menton. The parties to the suit are all well known in social circles.

Thirty-five Rioters Convicted.

PITTSBURGH, Feb. 17.—The fate of the fifty-eight Mansfield coal region rioters is now with the jury. Judge Ewing, in his charge, said: "Mobs are usually composed of a small portion of knaves and a large proportion of fools. This is the case here. The knaves kept in the background. Not a single American citizen was in the mob, so far as the testimony goes; but no prejudice against foreigners would weigh with you. They should, however, be taught to obey our laws." The jury late last night sent in a sealed verdict. The exact wording of the verdict cannot be obtained, but it is known that thirty-nine of the fifty-eight defendants are convicted.

A Denial from Solicitor Thurston.

OMAHA, Neb., Feb. 17.—Solicitor Thurston, of the Union Pacific, declares that United States Circuit Judge Caldwell expressly refused to interfere with Judge Dundy's order as to the receiver's schedule of wages, recognizing Judge Dundy's as the court of general jurisdiction. Judge Caldwell merely suggested that if the receivers of the road would ask Judge Dundy to vacate the order already made then both Judges Caldwell and Sanborn would sit at Omaha March 26 and hear the entire question of wages for the Union Pacific system.

Yellow Fever on the Newark.

WASHINGTON, Feb. 17.—Yellow fever has made its appearance in the United States West at Rio, and the Newark is now a feverish place. Admiral Benham telegraphs that he has sent her to Rio de la Plata. Only one man is stricken, and it is not likely to be as serious a matter as it would have been in the days of the old navy, when a vessel once tainted with yellow fever could never again be safely allowed to remain in tropical waters during the hot season.

Accident to the Steamer Paris.

QUEENSTOWN, Feb. 17.—The American steamer Paris, which sailed from Southampton Feb. 10 for New York, came into this port yesterday disabled. She had been compelled to put back on account of an accident to her rudder, which could not be used, and she was steered back by her twin screws. Her 505 passengers were transferred to the Beclin, which sailed for New York this morning.

To Limit Railroaders' Hours.

BOSTON, Feb. 17.—The committee on labor of the Massachusetts legislature reported a bill providing that ten hours work, to be performed with a minimum of five hours rest, shall constitute a day's labor in the operation of all the railroads in the commonwealth, provided that in cases of actual necessity employes may work more than ten hours for extra compensation.

Safe Maker Burns Seriously Injured.

PITTSBURGH, Feb. 17.—Thomas Barnes, the pioneer manufacturer of fire proof safes, is lying in a critical condition at his home in this city. On Tuesday morning Mr. Barnes fell down stairs, striking his head with violent force against the door jamb in the vestibule. The chances for his recovery are very slight.

A Politician's "Fore-sight."

TOPEKA, Kan., Feb. 17.—Congressman F. H. Funston, of the second district, is making his canvass for re-nomination on a new plea. He says that McKinley is sure to be the next president, and he is confident that if he can but gain the prestige of a re-election he will go into the cabinet as secretary of agriculture.
