

ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. Warning says: "Disease is not a consequence of life; it is due to unnatural conditions of living—neglect, abuse, want. Dr. Stephen Smith, on the same subject: "Man is born to health and long life; disease is unnatural, death, except from age, is accidental, and both are preventable by human agencies." This is almost invariably true of death resulting from heart disease. Careless over-exertion, immoderate use of tea, coffee, tobacco, alcoholic or other stimulants are generally the causes of this difficulty, and indifference to its progress results in sudden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart disease every day.

If you have any of the following symptoms: shortness of breath, palpitation, irritable pulse, fainting and smothering spells in shoulder, side, or arm, swollen ankles, etc., begin treatment immediately for heart disease. If you delay, the consequence may be serious.

For over 20 years Dr. Franklin Miles, the eminent specialist, has made a profound study of heart disease, its causes and cure, and many of the leading discoveries in this direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as is proved by thousands of testimonials from grateful persons who have used it.

James A. Fain, editor of the *Curry, Pa. Leader*, states: "After an apparent recovery from three months of la grippe, I fell on the street unconscious from heart disease. In one month from that time I was unable to walk across my room, and for three weeks from 65 to 116 times a minute I had my heart throb. Dr. Miles' New Heart Cure, and at once became stronger. After using six bottles I was able to walk as usual and walk a mile every day, my pulse ranging from 68 to 80. Dr. Miles' remedy is not only a preventive but a cure."

Dr. Miles' New Heart Cure is sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price. 50¢ per bottle, six for \$5, express prepaid. It is especially free from opium or dangerous drugs. Miles' Pills, 25 cents. Free book at druggists 25¢ by mail.

CHICAGO, ILL.

JUSTICE NEWTON NEXT

He Will be Called Upon to Plead Next Tuesday.

VERY LITTLE HOPE FOR M'KANE.

A Deputy Attorney General Declares That There Are No Technicalities on Which the Convicted man Can Secure a New Trial.

BROOKLYN, Feb. 17.—The prosecution in the John Y. McKane election case is determined to follow up its success by placing more of the indicted men on trial. It has notified all persons indicted for election frauds at Gravesend to be ready to plead Tuesday morning. It will be recalled that the January grand jury indicted McKane, Justice Newton and Sutherland, Sergeant of Police of Coney Island Murphy, and Morris, another Gravesender.

Rumor has it that some of the small fry will very likely jump their bail. Another

JUDGE NEWTON.

statement has become common talk that Richard V. B. Newton has transferred his property at Gravesend. This statement is to a certain extent true, for the records show that he has transferred to George W. Newton, who is supposed to be his brother, a large piece of property near the Gravesend bay, worth considerable money.

Justice Newton is under a number of indictments for assault, oppression, conspiracy and contempt of court. He is under a heavy bail, and will undoubtedly be the next one called to trial for the Gravesend election frauds.

So far the counsel for McKane has taken no steps regarding a new trial for their client. It is hardly probable that they will until Monday, when the motion will likely be denied. A stay of execution will be asked, pending an appeal, should the motion be denied.

A deputy attorney general said today that he did not see how the McKane defense could secure a new trial. He knew of no technicalities on which a new trial could be secured.

It is rumored that Supervisor McKeon will tender his resignation as a member of the board. It was through his efforts that McKane was elected president pro tem of the board of supervisors. McKane's conviction will render his seat vacant, which will give the board of aldermen a chance to elect a Republican in the convicted man's place.

This Suicide Was Particular.

BROOKLYN, Feb. 17.—Frederick Schloman, aged 30, branch superintendent of the Prudential Life Insurance company, left home Wednesday morning to go to his office. He told his wife he would be home to dinner and would take her sleigh riding. Yesterday his wife found his body in a wagon in his stable, on the same block as his residence. He had cut his wrist and bled to death. Beside the wagon was a pail of water, which he had placed there to catch the blood as it ran from his wrist. No reason is known for the suicide.

Five Hundred on an Ice Floe.

HELENSBURG, Russia, Feb. 17.—On Tuesday night an ice floe broke adrift on the coast of Lapland and carried off 500 fishermen, with their wives and children, who were on the ice at the time of the accident. Food, clothes and fuel are being sent to them, and their rescue is probable.

A Maryland Steamer Burned.

BALTIMORE, Feb. 17.—The Maryland Steamboat company's steamer *Ida*, well known on the company's eastern shore route, was almost destroyed by fire last night while lying at Clark's slip yard. The damage is estimated at \$75,000.

STOCK AND PRODUCE MARKETS.

Closing Quotations on the New York and Philadelphia Exchanges.

NEW YORK, Feb. 17.—The liquidation of the fall quarterly dividend of 14 per cent by the directors of the Chicago, Burlington and Quincy railway at their meeting today removes an element of uncertainty from the speculative situation. There was a recovery in prices, sugar certificates making a specially sharp rally. Closing bids:

Lehigh Valley	29 3/4	W. N. Y. & Pa.	104
Pennsylvania	49	Erie	106
Reading	21 1/2	D. L. & W.	108 1/2

Dr. David Kennedy's

FAVORITE REMEDY

NATURE'S ANTIDOTE FOR URIC ACID.

It is well known that Stone in the Bladder, Gravel, Kidney Disease, Diabetes, Gout, Rheumatism, Dyspepsia and Nervous Prostration have a common origin, viz. Excess of Uric Acid in the blood. Dr. Kennedy's Favorite Remedy dissolves this excess of acid in the blood, thus curing the disease.

In Bright's Disease, Chronic Kidney or Liver Complaints, Scrofula, Salt Rheum and Sick Headache, it is a well known cure.

For all the ills and sicknesses resulting to women, it's a real blessing.

That Favorite Remedy possesses extraordinary potency alike in all these maladies is evident from the grateful letters received daily by Dr. Kennedy. Favorite Remedy is for sale by all our Druggists, at \$1 per bottle.

If you are sick or ailing, and desire to consult me as to your case, answer these questions (which are for either sex) to the best of your ability, and give any other information that will assist in forming a correct diagnosis of your case, and I will reply (free of charge). Cut this out and enclose in an envelope, mentioning this paper, and direct same to Dr. David Kennedy, Box 40, N. Y.

1 What is your age, weight, height?
2 What is your occupation?
3 Married or single?
4 Do you use liquors or tobacco?
5 Do you eat much salt meat?
6 Do you have any headache?
7 Do you have cold feet or hands?
8 Are you troubled with constipation?

9 Do you have pain in the back? Where?
10 Troubled with retention of urine?
11 Do you have pain after voiding urine?
12 Swelling of feet, ankles, eyes, face?
13 Are you restless at night?
14 Distress in stomach after eating?
15 How is your appetite?
16 Have you any skin eruption?

FINANCE AND TRADE.

The Lowest Prices Ever Known in Several Important Industries.

NEW YORK, Feb. 17.—R. G. Dun & Co.'s weekly review of trade says: This has been a week of record breaking. In wheat, in silver, in some forms of iron and steel, in Connellville coke and in cotton and woolen goods the lowest prices ever known have been made, and it is gratifying that failures of importance have not resulted.

The slight recovery in prices of iron products has not been maintained. Bessemer pig has declined at Pittsburgh to \$10.65 and gray forge to \$9.65, and steel billets are sold below \$16 there, while at Philadelphia most rolling mill products are lower than ever.

The decline is the more noteworthy because an increase in the demand is reported, both in eastern and western markets.

Textile industries do not seem to have gained within the past week, for as many works have closed as have resumed work, and in woolen and cotton manufacture rather more. The demand for woolen goods does not improve, and sales of wool decreased sharply after the brisk activity two weeks ago.

Failures for the week have been 823 in the United States, against 107 for the same week last year, and 55 in Canada, against 86 last year. Through several weeks of some magnitude the aggregate liabilities was apparently below the weekly average for January.

A Gambling Den Looted.

SAN FRANCISCO, Feb. 17.—One of the two bold robbers who secured gold from Carroll's gambling house at an early hour in the morning, is still at large. James Halsapple, one of the employees, says that Carroll's place was deserted with the exception of himself and a man named Green, when the door was flung open by two masked men, who compelled them at the point of pistols to hold up their hands while the robbers opened the safe and secured \$4,000 in coin, which they placed in canvas sacks and made off with it.

Halsapple and Green called lustily for help and two policemen grappled with one of the robbers. In the scuffle which ensued gold coin flew in all directions, and the crowd drawn to the scene by the noise reaped a rich harvest.

France Versus Portugal.

WASHINGTON, Feb. 17.—Little is known in official circles here of the cause of dispute between France and Portugal which has resulted in what may turn out to be the permanent recall of the French minister to Lisbon. It is recognized, however, as a matter of real gravity. It is believed here that the source of trouble has been what is known as the royal railroad running from Lisbon to Madrid. The bonds of this road were guaranteed by Portugal, and it is believed that when the French government intervened to protect the rights of French holders there was difficulty in securing the fulfillment of the guarantee.

Fredericist Frightened by a Ghost.

CHICAGO, Feb. 17.—The prisoners in the county jail are alarmed, or pretend to be, over the stories of visitations by the spirit of George H. Painter, who was hanged there on Jan. 26. The spirit of the murderer is alleged to make uneasy calls at his old quarters, a number of the prisoners claiming to have seen the ghost. Fredericist, the murderer of Mayor Harrison, is said to be especially alarmed and in great terror of a personal visitation from his late neighbor in "murderer's row."

A Burglar Fatally Wounded.

ST. LOUIS, Feb. 17.—Five men attempted to break into a saloon at Twelfth and Morgan streets about 8 o'clock in the morning, but were met at the door by Charles Baehner, an employe about to go home. Baehner emptied his revolver into the crowd, wounding two, one of them so badly he had to be carried away. Before a policeman had been found the thieves escaped. The one who was carried away was probably fatally hurt, as his wound was in his left side, near the heart.

Ex-President Blunt's Trial Begun.

NEW YORK, Feb. 17.—The jury which is to try Joseph F. Blunt, former president of the Madison Square bank, in the court of oyer and terminer, before Justice Barrett, was secured yesterday. The defendant, who was the head of a large banking institution, is charged with deliberately falsifying the financial condition of the bank in the statement which was made on June 1, 1892.

Dr. West Convicted.

SAN FRANCISCO, Feb. 17.—The jury in the West case returned a verdict of guilty of murder in the second degree. The crime of which Dr. Eugene F. West is found guilty was the murder of Adelle Gilmore, a Colusa milliner, upon whom he committed a criminal practice. The body of the murdered girl was horribly mangled and thrown in the bay, portions of it only being found and identified.

At the Point of a Pistol.

BRIDGEPORT, Conn., Feb. 17.—At the point of a pistol a masked burglar compelled Preston Hodges and his wife, of Stratford, to permit him to ransack their sleeping apartments. He secured fifteen shares of Rock Island stock, two valuable watches, \$15 in money and a diamond set valued at several hundred dollars. He then escaped.

Only One Escaped.

SAN FRANCISCO, Feb. 17.—Sydney advises say that the iron steamer *Alert*, while on her voyage from Port Albert to Melbourne, sank during a terrible gale, and of the fifteen men aboard but one man managed to reach land and tell the story of the disaster.

TWO BOLD BANDITS.

They Hold Up a Train on the Southern Pacific Road.

A FIREMAN AND A TRAMP KILLED.

They Turned a Switch and Threw the Train from the Track, and Then Looted the Express Car by the Aid of Dynamite.

LOS ANGELES, Cal., Feb. 17.—The bold train robbery that ever occurred in southern California, or in that matter in the state, took place a little after midnight at Roscoe, a small station thirteen miles north of this city. The train was the Southern Pacific overland No. 30, bound north. Many of the passengers were fast asleep before Burbank was reached. The express messenger, postal clerk and train men were busily engaged in arranging matters for the night.

Engineer Thomas gave a long blast of the whistle as the train approached the switch this side of Roscoe. His face blanched as he discovered a man standing beside the switch with a flaring torch, and his face assumed a more livid hue when he discovered that the switch had been left open. He put on the air brake and whistled for brakes, but it was of no avail. The train was going at an unusual rate, and the momentum it had acquired precluded the possibility of immediately bringing it to a standstill to avoid disaster.

About the same time the engineer noticed the man with the torch he heard the sharp cracking of revolvers, and many bullets whistled past him, breaking the windows of the cars. Almost instantaneously the train crashed over into the ditch. At this point there is a hill which runs nearly fifteen feet high. Knowing the character of the place Engineer Thomas jumped and ran, miraculously escaping injury. Fireman Masters was not so lucky, however, being pinned between the cab and tender, and was horribly mutilated and crushed. He lived about an hour, dying about ten minutes before his body was released. In the midst of his suffering he begged for a pistol that he might kill himself and end his misery.

Two tramps had gotten on the pilot of the engine and were stealing a ride when the locomotive jumped the track. One of them was hurled fifty feet and miraculously escaped injury. The other was caught and buried beneath the debris of the engine and was instantly killed. His body was horribly mangled and lacerated. His name is Harry Daly.

At the moment of the overturning of the train two men wearing slouch hats and black masks leaped from the coaches alight along the track. There are some differences of opinion among those who were on the train as to the number of men composing the robber gang. At all events the two men took positions on either side of the train and commenced a furious fusillade from revolvers. After this wild and seemingly purposeful firing one of the men went to the express car and pounded on the door, demanding that it be opened.

Upon the refusal of the messenger to comply the robbers placed three or four dynamite bombs on the sill. Then ensued a terrific explosion, nearly the whole side of the car being torn into splinters. Harry Edgar, who had expected this procedure, got into the further corner of the car, and even then narrowly escaped death or injury from the flying splinters. Everything in the car was shaken up and the detonation was most terrific.

Just after leaving up the express car the robbers at the point of a revolver compelled the extra fireman, who had been riding on the engine, to get into the car, while one robber followed him. It was done in order to protect the robber in case the messenger fired. Under the command of the robber the extra fireman carried the contents of the locked box, which held many dollars in gold, outside the car, where the robbers were waiting. All this time the robbers kept up a furious fusillade, firing into the train and into the car.

After gathering into portable shape the supposed valuables the highwaymen turned their attention to the overland safe. These safes are so constructed that it requires much time and patience to open them, and the robbers realized the futility of attempting it, so they left it intact and vented their disapproval of their inability to take even that by a volley from their revolvers.

After gathering together their booty the robbers placed it in gunny sacks and mounting their horses galloped off in the direction of the mountains. It is not known how much treasure of the express company the robbers made off with, but it is supposed to be a very large amount. There were several bags of bullion and money in the car that the robbers did not get.

Brakeman Foster leaped from the train and ran toward a hut near by, got a horse and at once rode back to Burbank at furious speed, waking up the telegraph operator and informing the authorities what had taken place. Sheriff Cline and three deputies at once started to the scene. A posse was quickly organized, and is now on the trail.

Striking Against Starvation Wages.

NEW YORK, Feb. 17.—The silk ribbon weavers' strike for increased pay which has been pending for some days went into effect yesterday. The strike will include about 800 men. It is estimated that the strike will throw out of employment over 2,000 women who will be without work so long as the men remain idle. The strikers say that the manufacturers had reduced wages to such an extent that weavers could earn only about \$7 per week when employed.

A Dangerous Test.

CHATTANOOGA, Tenn., Feb. 17.—At Clio furnace last night three young negro trainmen huddled together. A vent to sleep on the slag dump. Their presence was unknown, a car containing slag in white heat was run on the dump and emptied upon them. Two escaped, but Buck Porter was buried under the scorching debris. His body was incinerated.

The Challenge, Slightly Wounded.

PAID, Feb. 17.—The duel between Comte de Feis and ex-Minister Waldeck Roussin, provoked out of a quarrel that occurred a few days ago in the Chamber of Deputies of Justice, was fought yesterday. M. Waldeck Roussin, who was the challenger, was slightly wounded in the chest.

Accident in General Entry.

LYNDENBURG, Va., Feb. 17.—General Jubal A. Early, the ranking officer of the late Confederacy, fell on the slippery steps of the postoffice and was picked up unconscious. It is feared he will die. Mr. Early is 75 years old.

Charged with Attempted Bribery.

HARTFORD, Feb. 17.—The soldiers' orphan school commission adopted a resolution at a special meeting last night requesting Attorney General Hensel to institute criminal proceedings against T. W. Ayl, of Carlisle, who is charged by Colonel Thomas G. Sample, secretary of the commission, with having attempted to bribe him to change his vote in favor of locating the Industrial School for Soldiers' Orphans at Boiling Springs for a consideration of \$1,500. The commission closed a contract for the purchase of a farm of 100 acres at Scotland, Franklin county, as a site for the proposed school.

No Racing in Hartford.

HARTFORD, Feb. 17.—Ex-Governor Morgan C. Bulkeley, president of the Charter Oak Driving Park association, stated that the managers had not decided to hold the summer meeting at Charter Oak park on Aug. 28-31, the dates assigned. At present the association has no idea of racing at Charter Oak park for the Netting \$20,000 stakes for 3-year-olds or the Connecticut \$10,000 stakes for 4-year-olds. Until the anti-pool law is repealed there will be no meets in Hartford.

Bully Mangled by Chimpanzees.

NEW YORK, Feb. 17.—Edward B. Goss, keeper of Cliko and Jolanta, the chimpanzees in the Central Park arsenal, was attacked by them and chewed and clawed so badly that already the second finger of his right hand and the great toe of his right foot have been amputated at the Presbyterian hospital, and it is feared that more fingers and toes may have to be taken off. He may even, doctors say, lose his life in case peritonitis should set in.

Death of a Phoenix Park Suspect.

PROVIDENCE, Feb. 17.—Frank Byrnedied here yesterday. His death revives the story of the Phoenix park assassination in Dublin twelve years ago. Byrne was suspected and fled to France, where he served in the army during the Franco-Prussian war. The French authorities refused to extradite him, and after he came to this country, eleven years ago, his government also refused to extradite him.

To Settle by Arbitration.

RICHMONT, Va., Feb. 17.—The flood-subsiding for the Weikhan resolution looking to the settlement of West Virginia's portion of the debt of the old state was adopted by the senate. It eliminates the suit feature from the original resolution and provides for a settlement on the basis of amicable agreement between commissioners appointed by the two states.

NUGGETS OF NEWS.

The bill to abolish fast day passed the Massachusetts house.

The damage done by the recent gale in Germany's capital will reach 100,000 marks.

The death of Lobengula, the king of the Marabutas, is confirmed. His warriors are surrendering.

The body of "Bud" Stone, the Indiana murderer, was buried on his father's farm at Washington, Ind., this forenoon.

Captain Merritt, of the Merritt Wrecking company, will visit Rumor reef, and may make a proposal to save the wrecked *Kearsarge*.

There is a report of professors and students of the Harvard branch of Laval university over alleged mismanagement of university funds.
