### WORKINGMEN SLANDERED.

A friend of the Record sends us from Ithaca, New York, an editorial clipped from the Chicago Herald of Tuesday, Feb. 20. The editorial would be unworthy of notice were it not for the fact that the Herald uttered therein a most scandalous falsehood regarding the workmen of Pennsylvania. It is hardly necessary to say that the Herald is a free trade organ of the most virulent stamp, and on that account may possibly be excused on that score when it says that the Republican majorities in this state have been secured by corrupt means. But when that paper utters a wilful and premeditated lie regarding the status of the workmen of Pennsylvania it is the duty of every Pennsylvania newspaper to protest. "The so-called workmen in Pennsylvania," says the Herald, "are, as a rule, ignorant and degraded creatures and the slaves of their employers. Free and intelligent American laborers are not to be found to large numbers in that state. They have been driven from its borders by the agents of the tariff barons and their places filled by illiterate foreigners. Many of these foreign laborers have been deluded by their masters into the belief that the protective tariff benefits the workman as well as the employer."

The man who wrote the above is either a knave or a fool. The workmen of this state are not, "as a rule," either ignorant nor degraded. Neither are they the slaves of their employers. On the contrary it is a question whether within the confines of the United States there can be found a more honest, intelligent and independent body of men than the wage-earners of Pennsylvania. The editor of the Herald displays a woeful ignorance when he says that free and intelligent American laborers are not to be found in large numbers in this state. That is the most charitable view that can be taken of the matter. If he knew better and deliberately penned the lie to deceive the readers of his paper he is a poltroon, unworthy the name of journalist. We stand ready to match Pennsylvania against Illinois at any moment as far as "free and intelligent American laborers" are concerned, and entertain no doubt that the result will be entirely favorable to the Keystone state.

The Herald's screed is simply an echo of similar cuckoo organs who have rang the changes on free trade in obedience to the will of the ex-sheriff of Buffalo who now occupies the position of President of the United States. They are worthy of their master.

This free trade paper in predicting Republican success in Pennsylvania not only insults the workmen of this state, but raises the time-honored wall about "Quayism." It says that "under his leadership and by adherence to his methods it is possible for the managers to give a Republican candidate any majority desired." As a matter of fact Senator Quay took no active interest in the campaign this year. There was no attempt at an organized canvass. Party machinery was not brought into play at all. The candidates on both sides made a few speeches in the principal cities. That was all. No effect was made outside the newspapers to get out the vote. In no campaign of recent years were the citizens so free to vote for the man of their choice as in the one just finished. The issue lay between low tariff and protection, and protection won by an overwhelming majority. To say that this result was brought

about by "ignorant and degraded creatures" is to offer a gratuitous insult to the 185,000 intelligent men whose votes comprise the majority given Galusha A. Grow.

The editor of the Herald ought to take a couple of weeks off and visit this state. He might not be so rabid a Democrat upon his return to Chicago, but he would be a better man, and would, no doubt, be heartily ashamed of himself for uttering such a foul calumny upon the workmen of Pennsylvania.—Wikes-Barre Record.

### BEAUTIFUL SLEEP

is an expression used for sound sleep. Nothing is so gratifying to the nerves, heart, and head, as perfect sleep—a companion of good digestion and a healthy liver. A tired digestion fails to assimilate, or thing branding or invigorating is needed for the liver, stomach, and intestines. This is where you will find Dr. Pierce's Pleasant Pellets do the most good. They are tiny, sugar-coated pills, scarcely larger than mustard seed, made of concentrated botanical extracts. These "Pellets" are easily dissolved in the stomach and absorbed into the blood, stimulating a flow of bile from the liver, and arousing to activity all the glandular secretions. Thus they act in nature's own way. They're guaranteed to give satisfaction, or money refunded. In Bilious Attacks, Sick Headache, Constipation, Dizziness, and Indigestion. When you have Catarrh, use the sure remedy—Dr. Sage's. \$3.00 for an incurable case.

# THE RIGHT TO STRIKE.

A Resolution to Bring the Matter Before Congress.

## TO LOOK INTO RECENT INJUNCTIONS

Should the Resolution Pass a Congressional Committee Will Report as to Whether Judges Exceeded their Authority in Restraining Strikers.

WASHINGTON, Feb. 28.—A resolution was presented to the house yesterday afternoon by Representative Somers, of Wisconsin, to investigate the action of several United States judges who have issued injunctions in railroad cases, most prominent among them being Justice Brewer, of the supreme court. They include also United States Judge Taft, Judge Ricks of Ohio, Judge Pardee of Texas, Judge Beatty of Idaho and Judge Dundy of Nebraska.

Representative Somers says concerning the resolution: "I represent the district in which Judge Jenkins lives. The judiciary committee is awaiting an opportunity to present a favorable report on the resolution to investigate the action of Judge Jenkins in enjoining railroad employees. My resolution seeks to broaden that investigation so that it will show what other judges have decided. I have had no consultation with Judge Jenkins, but it has seemed unfair that he should be singled out for a congressional investigation when other judges have made similar decisions. The investigation may disclose that the decisions have gone too far, in which case it may be necessary to modify the law. The resolution will relieve the investigation of all political significance, as Mr. Jenkins is a Democrat, and the judges named in my resolution are Republicans. I hope to have the judiciary committee and the house consolidate all the investigations."

The title of the resolution to investigate the action of Justice Brewer is "to investigate the circumstances attending the decision in the case of the United States vs. Kane in the United States circuit court for the district of Colorado."

The resolution specifies that a report shall be made to the house "whether in any of said matters or things the Hon. David J. Brewer, judge of the said court, exceeded his jurisdiction, abused the powers or process of said court or oppressively exercised the same or used his office as judge to intimidate or wrongfully restrain the employees of any railroad or the officers of labor organizations."

The other investigations requested are of the action of Judge W. H. Taft, of the circuit court of the northern district of Ohio, in issuing injunctions in the case of the Toledo, Ann Arbor and North Michigan railroad vs. the Pennsylvania company; of the action of Judge Elmer S. Dundy, of the district of Nebraska, in case of Oliver Jones and others against the Union Pacific railroad; the action of Judge James H. Beatty, of Idaho, in the case of the Cour d'Alene Mining company against the Miners' Union; the action of Judge D. A. Pardee, of the circuit court of the northern district of Texas, in the matter of Higgins et al., and of Judge Augustus Ricks, of Ohio, in the Ann Arbor case.

These cases all involve the rights of laboring men to strike, and the decisions which are called in question extend over a term of years.

### The Kearsarge Contest.

WASHINGTON, Feb. 28.—The contest over the congressional seat of the Eighth Tennessee district was considered by the house committee on elections today. S. A. Enloe, the Democratic member in the last congress, was returned by a plurality of 113 votes, and his seat is contested by P. H. Thrasher, Republican. The contest involves the constitutionality of the new election laws of Tennessee, which impose educational qualifications and require ballots of a certain size and style, requirements which the contestant holds to be contrary to the constitution of the state.
