## GLADSTONE TO RETIRE.

Renewed Talk of the British Premier's Alleged Intentions.

HIS RAPIDLY FAILING EYESIGHT

Given as a Reason Why the Veteran Statesman Should be Relieved, at Least Temporarily-Lords Roschery and Spencer Mentioned for the Succession.

LONDON, Feb. 28.—The Evening News says that the Earl of Rosebery has been offered the premiership and declined it, and that later it was offered to Earl Spen-cer, first lord of the admiralty, and that he has accepted it. It adds that Mr. Gladstone's resignation goes into effect at Easter,

The Standard says: "The persistent rumors of Mr. Gladstone's impending resig nation are beginning to sause disquiet among his own supporters, although no immediate action is expected by them.

The Morning published an unconfirmed rumor to the effect that Mr. Gladstone informed the queen on Monday that he was about to undergo an operation for his eyes and that he desired the royal sanction to Lord Rosebery's acting as premier pro-

A physician visited Mr. Gladstone, and remained with him for some time, but the prime minister devoted the morning to his usual official work, and was consulted froquently by the patronage secretary to the treasury, Right Hon. Edward Marjori-banks, who is also the Liberal whip.

The Chronicle says that the retirement of Mr. Gladstone is imminent. It is al-most an open secret that his eyesight is no longer equal to even the least important duties of a political leader. All stories of dissension or disappointment at legisla-tion being balked may be dismissed as wholly unaffecting his decision. When Mr. Gladstone resigns the wand it will be because his hand cannot longer wield it and for no other reason. It is probable that no decision has yet been reached as to the moment of his resignation. It is announced that Mr. Sexton, M. P. for Kerry, has already taken steps to obtain pledges with regard to home rule in the event of Lord Rosebery or the Earl of Spencer be-

oming premier.
The Daily News says that in view of Mr. Guadalajara, Mexico, is reported as im Gladstone's age it is only right that the liberals should consider the future. If the infirmities of age make his duties irksome intrincties of age make his challen fraction it would be inhuman to keep Mr. Gladstone at his post merely because of a difference of opinion prevailing in reference to the choice of his successor. The News then strongly recommends the Earl of Rosebers, but adds that there will be no whisper of discontentment with Mr. Gladstone's supremacy so long as he is willing to remain suprems. The Standard believes it is a fact that

The Standard believes it is a fact that Mr. Gladstone's eyesight is growing much worse, and that an operation will soon be necessary. Hecognizing this fact, Mr. Gladstone informed his colleagues that his early retirement was inevitable, but he hoped that it would be only temporary. He told them he would resume the premiership should his eyes become strong enough to warrant it.

The Times thinks that the denial of Mr. Gladstone's actual resignation may be ac-

Gindstone's actual resignation may be accepted without question by those unable to adopt the inference that the alarm in the radical camp was altogether causeless, but it can hardly be doubted that a semiofficial denial signifies a postponement of the orials. Lord Roseberry's leadership would be far more satisfactory to the country generally than that of any other

THE UYSTER WARFARE

Maryland's Demand on Virginia for Al-leged Invasion and Illegal Solute. ANNAPOLIS, Md., Feb. 28.—Commander Howard, of the oyster may, has just re-ceived a telegram from Marion, in Somer-set county, from Captain Joshua Thomas, of the police hoat Helen M. Governor Brown and Attorney Genera Pos were in conference yesterday Hon. Thomas S. Hodson, as counse Hon. Thomas S. Hodson, as counsel for Owners and Captains Benjamin F. Marsh and Edward Lowe, of the two dredging boats captured by the police boat Chesa-peake, of Virginia, on the 10th. Mr. Hod-son, by affidavits of residents of Crisfield, Md., and others, together with the testi-mony of the captains of the vessels taken, proved that the firing on and capture of the Muryland boats was done in Maryland waters, and was clearly an armed invasion of the state by the Virginia police boat. It was therefore determined to ask the Maryland legislature to pass a resolution ap-pointing a committee of one senator and two delegates to act in conjunction with the governor in calling the attention of the governor and legislature of Virginia to this violation of Maryland territory, and to demand immediate and appropriate redresses and restitution. The committee is authorized to visit Richmond if necessary. The resolution passed the senate last night.

The presence in the hall of a large number of policemen may have served as a calming influence. THE ELECTION IN BRAZIL

It Will Take Place Tomorrow and May

End the Revolution.
Washington, Feb. 28.—Mr. Mendones. the Brazilian minister, interprets the in-formation contained in a dispatch from Minister Thompson at Rio de Janeiro, an-nouncing the extension of the state of siege to the 38th inst., to mean that the elections in Brazil will take place on the 1st of March, the date set by the constitution of the republic. If the state of slege has been extended, as reported, he thinks it will apply to all the localities in the country now under martial law, and not confined to Rio alone. He has as yet no official information on the subject. Likewise is the minister without any

official information concerning the re-ported capture of Lapa by the insurgents. Lapa, the minister says, has always been loyal to the government. It is an impor-tant town in the state of Parada, and is about 300 miles southwest of Rio. The enpure of this place would, of course, be an important one for the insurgents, but the minister takes no stock in the report. There is a place called Rapa, which is in There is a piace called Itaga, which is in the north point of Desterro Island, which may be the one referred to by Minister Thompson as having been reported to have been captured by the insurgents. This island has been in possession of the in-surgents for some time, and is the place where they established a provisional gov-proposal last year.
