## THUISDAY, MARCH 1, 1894.

OUR FOUR HUNDRED. Shenandoah has a Four Hundred which is not like that which has at tracted so much attention in New York, but which is none the less luteresting. The New York Four Hun-<sup>2</sup>dred is a social affair. In Shenan loah it is a financial matter.

It is not surprising that Hon. John W. Ryon, in his water case argument on Monday at Pottsville, should ridicule the idea of the borough of Shenandoah placing the ten-year-old balcate as an asset to off-set part of a floating debt.

There is something radically wrong in this matter. It has been brought up before the Borough Council time and again and committees have been appointed just as frequently to see Mr. Toole and make a settlement, but nothing has ever been accomplished. If Mr. Toole was a poor man and had no means of mising the money some explanation might be afforded; but no one can deay that Mr. Toole has made thousand of dollars during the past ten or tweive years and is to day able to liquidate the balance, if he ch so to do so. Moreover, there i no oue n

give a note for the amount, and a com mittee was appointed to make a settlement on that basis. Mr. Toole was a candidate for office at that time and the arrangement was a very desirable one for him; nothing was done, and the borough was left with its old-the borough was left with its old-the borough was left with its oldcandidate for office at that time and

Senators Recommond No Changes in the Wilson Bill.

THERE WAS WELY ONE VOTE TAKEN

This Was on a Proposition to Place Iron Ore on the Dutiable List, and Was Defeated by a Vote of Ninetsen to Seventeen.

WASHINGTON, March 1 .- The Democratic senatorial cancus on the tariff bill is over, and both sides are claiming to have made progress for interests they present. The outcome is in the nature of a victory for the Democratic members of the finance committee, who prejured the bill, as it was returned to them without any instruc was recurred to them without any distribu-tions to Make changes. Immediately after the adjournment of the cancurs Semitors Gorman, Brice, Hill, Smith, Murphy, Camden, and one or two others have been known to be very much opposed to the bill of the finance committee as it was prepared by the committee, held a consul-tation, and their attitute was in direct contrast with the members of the finance

TIL TILLAND During the three days while the tariff hill was being considered but one vots was taken, and that but a few minutes before adjournment. This was on a proposition to instruct the finance committee to put from one on the duriable list, without fixing any rate whatever, and this was lost by a vore of 10 to 17. Senator Pugh, of Alabama, stated he would not be bound by any action of the caucus, and reserved the right to support his motion in the senate. Several senators at once declared that it would be useless to take any more votes, meause if senators did not intend to abide

by the action of the caucus if put an end to the power of the caucus. Soon after this Senator Voorhees, chair man of the finance committee, moved that the caucus adjourn to meet at the call of andoah placing the ten-year-old bal-the chairman, with the understanding ance of \$400 on Jack Toole's tax dupli-that the finance committee should con-tinue its work on the bill and report it as soon as possible. It is suid that Senator Brice passed the adjournment resolution to Senator Voorhees with a request that he would present it.

Senator Brice, who was one of the prime movers in the cancus, and who, during its sistens, has had as much to say in criti cism of the bill as any other senator, said today that the result could not be considered in the light of a defeat for those who were instrumental in bringing about the The Ohio senator claimed that a aucus great deal had been accomplished in preenting to the finance committee the ideas and wishes of individual senators upor the tariff. The believed it had been demon strated to them that certain schedules in the bill did not meet the approval of a large number of senators, and in a more impressive manner than could have been in without the caucus.

While members of the finance committes are generally reticent what they do way and what their friends say indicate that they feel that the caucus has resulted the county who has earned money more easily than Jack Foole. Some time ago it was reported to council that Mr. Toole was withing to give a note for the amount, and a com expected to secure votes instructing the committee to place a duty on wool, iron ore, sugar, lumber, selt, and a number of other articles, and increase the duty on

## THE HOUSE DEADLOCK BROKEN "New York Members Tire of Their Fill-

bustering Tactles, WASHINGTON, March 1.-The deadlock

in the house was broken yesterday after two weeks of continuous fillbustering against the Bland seignlorage bill, and no or had the quorum been secured than the house managers brought in a special order to crush fillbusterers and bring the bill to a direct vote after two hours of additional denate. Although Mr. Bland secured 184 votes, when the dendlock was broken, several eastern Democrats, Includ-ing Messes, Cummings, Clancy and Mag-ner, of New York, and Dunn, of New Jersey, refusing to act longer with the fill-busterers, Measrs Doolittle, Alken, Filla (Ore.) and Lacey, Republicans, stopped voting in the next vote, and the previous question on the adoption of the order was question on the adoption of the order was only sustained by one more than a quo-rum. When it came to adopting the special order Me — Bowers, Lucas and Pickler, Republicano, and Dinn, Democrat, again jotaed the silent bost and the quorum was lost, only 176 members responding to their names. The light was resumed when the home net this morning, and if a quorum is secured on the adoption of the order a vote on the passage of the bill cannot be prevented. Mr. Bland believes it will have a majority of from five to ten votes. The senate held a two hour wession, the whole of which was given to a speech by Senator Frye in opposition to Presiden Cleveland's Hawaiian policy. After short executive session the senate ad journed at 2:10 p. m., and the Democrats went into caucus.
