VERY SLOW WORK!

Contests on the Spring Election Drag Along.

DEMOCRATS MOST ACTIVE

They Have All Their Papers Ready and Will Present Them to Court on Monday Morning—The Citizens Party Movement is Dragging Along.

While all talk about the election contests has died the projects are by no means defunct. There are people in both the Citizens and Democratic parties who are just as eager now as they were the day after election to go into court and have certain returns upset, and they seem to have sufficient influence to keep the machinery moving.

Still there is a strong possibility that nothing will result from either movement. A well known member of the Democratic party said the other day that, in his opinion, the bottom would drop out of the whole thing before many days even after going into court. Some of those who were heated a few days ago have cooled down and taken a dollar and cents view of the matter, and from that standpoint of view it is hard for a cool-headed, conservative man to see what is to be gained.

However, there is one argument that is being made by the Democrats which may succeed in bringing together a predominating power that will force the contest to maturity. The argument is that a contest will change the results in the Second, Third, Fourth and Fifth wards sufficiently to give the Democrats a majority in the School Board that will stand beyond danger for several elections.

This is, indeed, an enthusiastic hope—far too enthusiastic to be realized. But there is one other argument in support of the matter, with those who entertain it, for they have their minds set upon it and will not be convinced otherwise.

Just what the Citizens party is doing towards making a contest is not known, but it is believed little has been done this week, as most of the parties having the matter in charge have been otherwise occupied. For this reason it is possible that there will be no developments from the Citizens' movement on Monday, as was expected. The preparation of data and papers for an election contest is very tedious work and requires several days. This, in connection with the ground that may have been lost by the delay, will undoubtedly extend the time for developments from the Citizens party another week or two days.

It was learned today that all the papers for the contest on the Democratic side of the house have been prepared and are in the hands of the committee of twenty-five appointed last Sunday. It is said a meeting of the general committee will be held tomorrow and the papers will then be turned over to the counsel employed for presentation to the court on Monday. A contest is to be made on every candidate on the Citizens ticket whom the returns gave a majority.

Hard Times Heraldize.

Louis Goldin last evening returned from New York and Philadelphia, where he spent the past three weeks, and selected a \$25,000 spring stock of clothing. Mr. Goldin succeeded in making the purchase at prices far below those of last year and, therefore, will be able to give the people of Shenandoah the greatest bargains he has ever offered. Suits sold at \$10 last year will be offered this year at \$5 and suits sold at \$12 last year will be sold at \$6. It will be a hard task to see and see this stock. It is such as the largest New York and Philadelphia houses carry. Mr. Goldin has also received fifty cases of all kinds of latest style hats and will sell for \$1 a stiff hat which people paid \$1.75 for three months ago. "The Diamond Breaker."

The massive machinery of a coal breaker is in operation, the ponderous cylinders revolve and crumh at least a ton of coal; then the villain, seeing his opportunity to revenge himself upon the engineer of the mines, knocks him into insensibility, throws him into the air, and while he is falling, the body rapidly descends toward the merciless iron jaws; all is ominous, the auditor holds his breath, women cling to their male escorts and shudder—then a shrill shriek is heard above the clatter and noise of the ponderous machinery—in the wild shriek of the victim's faithful sweetheart as she sees her lover, who every moment may be crushed to death. At Ferguson's theatre on Thursday, March 26th.

Injured at Mahanoy Plane.

Bernard Farrell, a popular and well-known young man of Maizeville, employed by J. A. Seligman & Co. of Mahanoy City, to unload timber at the collieries of the P. & R. C. & L. Co. was seriously injured at Bear Ridge colliery, at Mahanoy Plane, yesterday. He was unloading a car of heavy timber when the beam broke and three sticks of heavy timber, the combined weight of which was about 2,000 pounds fell over the side of the car and on top of him. The unfortunate man was removed to his home at Maizeville where he was tenderly cared for until he regained consciousness, when he was taken to the Miners' Hospital at Ashland. His left hip is injured very badly.

BEFORE THE JUSTICES.

The Police Make a Number of Arrests.

SOME OF THEM BURGLARS

Arrests Made For the Yankols Robbery.

A Hungarian Caught Parading the Streets With a Bag of Flour at Three O'clock in the Morning

Simon Greenberg was arrested today on complaint of Henry L. Jones for passing a Confederate States \$5 bill.

When before Justice Williams Greenberg said that a few evenings ago some young men came into his store on Chestnut street and purchased cigars. They tendered the bill in payment. Having no change, Greenberg says he went to Jones' store and purchased ten cents worth of sugar. Jones changed the bill and Greenberg returned to his own store and gave the young men their change.

After making this statement Greenberg accompanied an officer to the office of Justice Shoemaker, where one Thomas Cannon was having a hearing on a charge of burglary. Greenberg immediately recognized Cannon as the young man who gave him the Confederate bill.

Justice Williams then issued a warrant for Cannon's arrest and the matter will come up again this evening.

Caught in the Act.

At three o'clock this morning Policeman Dougherty caught Joseph Cronkeli carrying a bag of flour on his shoulder. Cronkeli dropped the bag and ran, but was caught after a short chase. He took the flour back to the place he got it from, Frank Neman's, where he was caught before Justice Williams a good hunting case of stolen goods, a cigarette case, a brass lock and an ugly looking knife, with a sharp blade five inches long were on the prisoner's person. He was held for further hearing this evening.

Charged With Burglary.

Thomas Cannon, Michael Sennals, "Turkey" Thollin and Edward Lank were arrested today and taken before Justice Shoemaker on a charge of burglary. They were taken to the Lehigh Valley depot, kept by Mrs. Lizzie Yankols. The burglars were frightened away, but Mrs. Yankols says they took money, jewelry, whiskey and cigars to the value of \$57.75. The hearing was in progress when the HERALD went to press.

A Third Charge.

A warrant had been issued for the arrest of Thomas Cannon for stealing a roll of tin cloth worth 28 from the store of Samuel Davis, on West Centre street, last January. This is the third charge against Cannon.

As Angelo could get no bail, he went to jail.
