Why did he commit suicide? Oh! for same reason that thousands of others are on the verge of the same sin, or in imordiate danger of insanity, paralysis, alon or some other equally unfortunate resultant nervous affect on. He knew he afflicted with a nervous disorder, but afflicted with a nervous disorder, but careless, apparently indifferent to the out come; or he may have inserted his character for recovery by treating with physical who had little or no knowledge of such a fections, or by deluging himself with we diless so-called remedies. His case was a so one, but no worse than that of any other nervous sufferer, who has nervous or such headache, billousness, dizziness, irritability, snelancholy, failing memory, hot flickes fainting, sleeplessness, nervous dysperson, sax at debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of those advances avantous of an awful end. Do not because to getting rid of them by intelligent treatment. Victoria's Quaint Announcement of His Selection.

HARCOURT REMAINS IN OFFICE.

It Is Understood That He Will Still Re talu the Sovernment Leadership in the Rouss of Commons-Earl Elmberty to be the New Foreign Secretary.

LONDON, March 5.-The manner in which the queen aunounces the retirement of Mr. Gladstone to the people will prove interesting to Americans. It is contained in the court circular and is written by a court official. Every word of this circular is generally submitted to the queen in advance. The announcement is dated Wind-

vance. The amouncement is dated Windsor Castle, March 3, and begins thus:
"The queen, accompanied by Her Royal Eighness Princess Beatrice, drove out yesterday afternoon." Then follows a list of arrivals at the castle, headed by the names of the children of the Duchess of Albany, Prince and Peleoscope Henry of Albany, Prince and Princess Henry of Puttenberg, the Hon Thomas F. Bayard, American ambassador to the court of St. James, and the French ambassador, end-ing with the names of Mr. and Mrs. Gladstons. It then goes on to enumerate all those who attended her majesty's dinner, wherein the names of Mr. and Mrs. Gladstone come last. This is followed by the Information that the queen and Princess Beatrice went out this morning, and then comes the fact that a cabinet council had been held.

Finally, following the announcement anent the council, comes the announce-ment that the hight Hon. W. E. Glad-stode had an audience with the queen and tendered his resignation, which was gracountry accepted by her majesty. It adds that the queen has summoned Earl Rose-bery, K. C., secretary of state for foreign affairs, and offered him the post of prime minister vacated by the Right Hon. W. E. Gladstone, M. P., and that Earl Rose bury has accepted her majesty's offer.

bery has accepted her majesty's offer.
Mr. Gindstons yesterday wrote a letter
to Earl Rossbery congratulating him upon
his accession to the premiership. In his
letter Mr. Gladatone promised to aid the
new prime minister whenever his assistance was asked. It is understood that Earl Rosebary's communication to Sir William Vernon Harcourt has resulted in the latter consenting to retain his position as chancellor of the exchequer and to his

accepting the government leadership in the house of commons.

Lord Housebery was busily engaged all day yesterday. Mr. Herbert Asquith, the home accretary, and Earl Spencer, first lord of the admiralty, visited him and remained for sometime. Afterward Lord Rosebery called upon the Earl of Kimberly and offered to him the post of fereign secretary, made vacant by his promotion to the position of prime minister. The new prime minister has appointed Mr. Monroe Ferguson his political private sec-

Prime Minister Rosebery held his first cabinet council at his residence yesterday afternoon. All the ministers were present except Mr. Asquith and Mr. Henry Fowler, the president of the local government board, who will retain their offices. They have been supported by the president of the local government board, who will retain their offices. Upon its conclusion Lord Rosebery sent a message to the queen, submitting the names of the members of the new cabinet. Premier Rosebery will be given an andi-ence by the queen at Buckingham Palace

at 3 o'clock this afternoon.
Interviews with leading members of the house of commons show that while a sec-tion of the Radicals continue to strongly resent the election of Lord Rosebery in-stead of Sir William Vernous Harcourt as Mr. Gladistone's successor, there is a large preponderance of Liberals who favor loy-sile accounter. He hints that they will soon find an opportunity to protest in a practical form in the house of commons against the selection of Lord Rosebery as
