

HE COMMITTED SUICIDE!

The Cause and Its Lesson.

Why did he commit suicide? Oh! for the same reason that thousands of others are on the verge of the same sin, or in the immediate danger of insanity, paralysis, idiocy, or some other equally unfortunate result of any nervous affection. He knew he was afflicted with a nervous disorder, but was careless, apparently indifferent to the outcome; or he may have lessened his chances for recovery by treating with physicians who had little or no knowledge of such affections, or by deluging himself with worthless so-called remedies. His case was a sad one, but no worse than that of any other nervous sufferer, who has nervous or sick headache, biliousness, dizziness, irritability, melancholy, falling memory, hot flashes, fainting, sleeplessness, nervous dyspepsia, sexual debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of these advance symptoms of an awful end. Do not hesitate in getting rid of them by intelligent treatment. Dr. Franklin Miles, the celebrated specialist, has studied nervous diseases over 20 years, and has discovered the only reliable remedy for them. Thousands of voluntary testimonials prove the virtue of Dr. Miles' Restorative Nervine.

W. H. Capwell, editor Tribune, Plymouth, Pa., writes: "My wife was cured of sick headache of many years' standing by the use of Dr. Miles' Restorative Nervine. She has recommended it to her friends, and they all praise it highly."

Dr. Miles' Restorative Nervine is sold by all druggists at a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5.00. It is positively free from opiates or dangerous drugs. Dr. Miles' Pills, 50 doses 25 cents. Free book on "Drugs" or by mail.

BRITISH AT BLUEFIELDS

Why the Blue Jackets Invaded the Mosquito Reservation.

NATIVES APPEAL FOR PROTECTION.

They Feared Violence at the Hands of an Armed Force of Nicaraguans Who Had Raised the Nicaraguan Flag Over the Public Buildings.

SAVANNAH, March 12.—The report of the landing of the British at Bluefields, in the Mosquito reservation, was confirmed yesterday by the arrival of the steamer Elliott, Captain A. Brown.

The Elliott, which is a British steamer, left Bluefields Sunday morning, March 4. She arrived there Feb. 27, just one day too late to witness the arrival of the Nicaraguans. Captain Brown says the Nicaraguans entered Bluefields Feb. 23 and 24. He did not know their exact number, but there was an armed force of four or five hundred of them at Bluefields when he arrived. They brought no cannon with them. They simply entered under arms and without any resistance on the part of the natives. They hoisted the Nicaraguan flag over the custom house and over the other public buildings. The flags remained up during the time the Elliott was in port. There was no fighting.

The Mosquitoes were considerably terrified by the presence of so large an armed force, as they were practically without protection in the city. Captain Brown says the reports that reached this country with regard to the name of the British warship there are in error. It is not the Cleopatra, he says, but the Tamar. The Mosquitoes, he states, fearing they might be attacked by the Nicaraguans, appealed to the Tamar for protection. Thursday, March 1, the Tamar, without any authority from the British government, as they had not had time to get any such authority, sent three boatloads of armed men ashore. Captain Brown did not know the exact number of men, but between eighty and one hundred were landed. They were armed with carbines and cutlasses.

The men went ashore in the steam launch of the man-of-war, and carried with them two Gatling guns and three field pieces. The British did not land at Bluefields but at Bluefields Bluff, about four or five miles northwest of the city. There was some understanding between the Mosquito chief and the officer in charge of the Tamar, the chief asking that the men be landed for the safety and protection of his people.

The British soldiers went into Bluefields from the bluff several times while Captain Brown was there. They could not go by land, but had to use the steam launch, on which they carried one of the Gatling guns. There was no fight of any kind between March 1, the day the men landed, and March 4, the day the Elliott sailed. Captain Brown says there was little excitement among the people. The Mosquitoes were somewhat frightened when the Nicaraguans first entered, but after the landing of the British troops all excitement subsided, and the people seemed willing to rest easy and let things go on as they were until the trouble between the Indians and the Nicaraguans is settled.

The Nicaraguans, of course, objected to the landing of the British troops, and charged the British officers with an open violation of the Clayton-Bulwer treaty. Little attention was paid to this by the British. The Nicaraguans wanted them to stick to the terms of the treaty.

The Tamar sailed from Bluefields on Thursday night for Colon for the purpose of calling to England for orders. In the meantime the troops were left in camp at Bluefields Bluff. The Tamar returned to Bluefields late Saturday night. Captain Brown did not learn the result of the correspondence with the English department of foreign affairs, as he was fifty or sixty miles away from Bluefields and did not land there again before leaving Sunday morning. When he left the soldiers were still in camp at the bluff.

Shot at by a Burglar.
STROUBURG, Pa., March 12.—A burglar effected an entrance into A. W. Fabre's grocery store here early in the morning. Mr. Fabre heard some one in his store and came down stairs. As he entered the store from the rear he was fired at by the burglar. Fabre returned the fire, but it is not known with what result, as the man escaped. The culprit is thought to have been a negro. Many vagrant negroes have recently been shipped away from here by the county commissioners, but some lawless characters still remain and subsist by robbery.

The Kearsarge Swept Clean.
SAVANNAH, March 12.—The British steamer Elliott, just arrived from Bluefields, passed the wreck of the United States corvette Kearsarge on Roncador reef last Tuesday morning. The captain of the Elliott says there is nothing left of her but the hull. The decks have been swept clean. The smoke stack, masts and everything above board are gone. The hull is in a very dangerous place, but so far as could be seen it showed no signs of present of going to pieces.

Philadelphia Extortionists Imprisoned.
PHILADELPHIA, March 12.—Wilson W. Dunlap, the money broker, and his brother, John L. Dunlap, of 606 North Eighth street, went to jail in default of the bail under which they had been placed by Magistrate McCarty, to answer at court the charges of larceny and conspiracy preferred against them. These are the men who have been leaning on furniture, etc., at fabulous rates of interest.

Found a Man Under Her Bed.
LEBANON, Pa., March 12.—Mrs. Jacob Litch, the wife of an aged citizen of this place, living on South Sixth street, looked under her bed last night before retiring, and was horrified to find a man concealed there. She screamed, but before her husband could reach her side the miscreant knocked her down and made his escape through a window.

She Was Not Murdered.
LANCASTER, Pa., March 12.—The body of the dead woman found in Conestoga creek has been identified as that of Mrs. Elizabeth Hart, a former employe of the aluminum, who disappeared on Feb. 10. She was about 54 years old, and was well liked by her neighbors. The coroner's jury returned a verdict of suicide.

Big Rubber Works Close Down.
NEW BRUNSWICK, N. J., March 12.—The New Brunswick rubber factory and the Meyer Rubber company's plant at Milltown closed today for an indefinite period. These shutdowns throw about 1,000 men out of employment.

BRUTAL MALICIOUSNESS.

A Man Crippled for Life with a Red Hot Poker.

CHICAGO, March 12.—Albert Barkowsky, 18 years old, and George Dunn, a bartender, were arrested for inflicting serious and cruel wounds upon Thomas T. Davies, a porter in a barber shop, with a red hot poker. Davies went to the saloon owned by Barkowsky's father greatly under the influence of liquor, and the injuries were inflicted by the prisoners. Both of his eyebrows were burned away and under each eye the hot iron burned a track an inch long, and a similar mark was left behind each ear. On each wrist the skin was burned away for an inch and a half, while on each leg from the ankle up for a distance of six inches the hot iron burned almost to the bone. In the region of the abdomen also there are severe burns, while many of his ribs were traced with the hot metal. He will probably be crippled for life. The prisoners had no reason for their diabolical treatment of the unfortunate man except their pure maliciousness.

Murdered by Whitecaps.
FRANKFORD, Ind., March 12.—John Rodgers, a resident of Malberry township, was killed by a number of members of the "Mullberry Detective association," an organization of farmers of this county, recently formed with the purpose of making horse stealing and other modes of thieving unpopular. While Warren Thompson and family was absent from home thieves entered the house and made away with a quantity of provisions. John Rodgers was suspected, and fifteen men emceed themselves about the Rodgers premises. It is asserted that when Rodgers appeared he was loaded with the stolen property. An attempt was made to arrest him, but Rodgers resisted and drew a revolver. The next instant his body, riddled with bullets, was writhing on the ground.

Mr. Wellman Leaves Washington.
WASHINGTON, March 12.—Mr. Walter Wellman, the Washington correspondent, who has organized an expedition at his own expense to solve the polar problem, left this city today for New York, from which city he and his companions sail on Wednesday for Europe. Mr. Wellman had most of his newspaper friends adieu yesterday afternoon at a special meeting of the National Capital Press club. In the name of the club Mr. Wellman was presented with a handsome silk flag of the United States. Mr. Wellman said the flag should be left at the highest northern point the expedition reached.

Fatally Assaulted by a Woman.
NOBUSTOWN, Pa., March 12.—Grace Walter, a white woman, was induced to enter the house of Sarah Chester, colored. Sarah hit Grace over the head with a stove plate, fracturing her skull and knocking her right eye out. Her wedding ring and a sum of money were taken from the injured woman, after which she was locked up in the house, where she was found twenty-four hours later in a dying condition. The Chester woman was sent to jail to await the result of her victim's injuries.

Brooklyn Hibernians Protest.
BROOKLYN, March 12.—At a meeting of the Ancient Order of Hibernians resolutions were adopted protesting against the action of Mayor Schieren in refusing to allow the Irish flag to float on city hall on St. Patrick's Day. The resolutions concluded: "We offer our protest against this cruel and unpatriotic insult, and that we shall consider it a part of our future duty to our people to resist this insult in every manner not in conflict with manhood, justice and honor."

Executed by Hippolyte's Order.
JAMAICA, W. I., March 12.—The stern yacht Natalie, which was purchased in New York and sailed for Savannah in January with arms and ammunition to be used by General Manigat in an attempt to overthrow President Hippolyte, of Hayti, has been captured by the Haytians and taken to a Haytian port. Her cargo has been landed and her entire crew have been shot by order of President Hippolyte.

Not Atraid of Lilltuokanai.
WASHINGTON, March 12.—Minister Thurston, when seen concerning the reported startling situation on the Hawaiian islands, said he was inclined to think the reports exaggerated, although it had been known for some time that the ex-queen was seeking recruits in British Columbia. Mr. Thurston believes, however, that the provisional government has the administration of the government so well in hand that it has nothing to fear from the queen's followers. The report that many now employed by the government would join the queen's forces at a signal from her Minister Thurston does not credit.

Reformer Coxey's Confidence.
MANSFIELD, O., March 12.—Reformer Coxey is just home from Pittsburgh, where he received such assurance of material aid for his march on the capital that he is radiant. "I stake my word on it," said he, "that my bills will pass congress before the middle of May. The petition with boots on it will be irresistible. The people are aroused. By June 1 there will be work in this country at good wages for every man who wants work. The day of salvation is at hand. I believe that there will be 5,000 in line when we start for Washington."

Urging a Government Prison South.
MACON, Ga., March 12.—In their presentations to the United States court the grand jury made an important recommendation. It was that there should be a government prison in the southern states. They recommended the government property near Augusta, Ga., as a suitable site. All government prisoners have now to be carried to Columbus, O. The grand jury thought that men taken from the south suffered from the severity of the climate, citing instances of the suffering of many prisoners sent there.

The Search for Missing Charles Goss.
WOODBRIDGE, N. J., March 12.—The people of Swedesboro have begun the investigation of a new theory regarding the disappearance of Charles Goss on Jan. 12. The day following a large quantity of earth was deposited back of the wall along the river bank at Germania park. There is a suspicion in the minds of many citizens of Swedesboro that the missing man's body is under this earth. Excavations will be made there this week.

Calcutta Expedition Safe.
CALCUTTA, March 12.—The anxiety felt regarding the safety of the British column under the command of Captain Maxwell, which is operating in Assam against the Ahom tribesmen, has been dispelled by the receipt of news of the safety of the expedition. It is added that the column had attacked and destroyed the Ahoms stronghold. The Ahoms made a strong defense before they retreated.

An Illinois Murder Mystery.
PARIS, Ill., March 12.—The body of Max Blackburn, a prominent young farmer, was found in a ditch near the line of the Big Four railway, a short distance east of this city. His brain was pierced by a bullet, and there were several cuts on the head, evidently inflicted with some blunt instrument. A broken blood stained club lay by the dead body. Several arrests have been made.

Charged with Taking Illegal Fees.
READING, Pa., March 12.—The district attorney made a move against the aldermen and constables who have been causing the complaints in this county about the large amount of fees taken from the county in discharged cases. By his direction warrants were sworn out charging Alderman Wicked and Constable Borrell, of the Twelfth ward, with taking illegal fees.

NEW BEDFORD, Mass., March 12.—Every glass cutter employed in the Mount Washington Glass works, together with the apprentices, stopped work, determined to resist the firm's manifesto of a 10 per cent reduction and non-union shop. The men pledged themselves to stand together for a year if necessary.

Orr, a prominent merchant of this city, had a very unusual encounter on the public square here yesterday, in which the editor was the victor. The fight grew out of a publication in the Newsleader to which Mr. Orr took exception.

Acquitted on His Seventh Trial.

A ROW IN OKLAHOMA.

Every Citizen of South End is Walking Arsenal.

A BLOODY FIGHT IS FEARED.

An Attempt to Capture the City Records Prevented by the Flashing of a Hundred Guns and Revolvers—Bodie, Corruption and Fraud Charged.

ENID, O. T., March 12.—Because of an attempt to needlessly expend city funds in South End Mayor Moore resigned and W. H. Gregg became acting mayor. The next day Moore made an attempt to withdraw his resignation, having been requested to do so by a large number of citizens, but the council refused to allow him to withdraw it, as they wanted to get rid of him. An injunction was issued by Judge Thompson against Gregg acting as mayor, and on Friday Judge Huff dissolved the injunction at Kingfisher, on the ground that it was not brought in the right manner.

Bodie, corruption and fraud is charged against some of the officials, and at the meeting of the council Saturday night an effort was made to capture the city records for the purpose of showing that all money collected does not appear in these records. When one man tried to get the clerk's books over a hundred guns and revolvers flashed into sight, and it needed but the flash of one pistol to have made the council room a slaughter house. The records are now being guarded by a posse of men who are heavily armed, with instructions to resist any attempt to get them, even to the killing of the parties who may make the attempt, and it is feared that bloodshed may come of it yet.

Captain Hassler, receiver of public money at the Enid land office, may be drawn into the scramble, as he is a candidate for mayor at the coming election. The fight in the campaign is bitter. Every citizen of the town is a walking arsenal. Moore has deputized 500 men to help keep the peace.

Tried to Blow Up an Infidel Paper.
INDIANAPOLIS, March 12.—An attempt was made to blow up the office of the Ironclad Age, an infidel paper, published here, Saturday night. The office is located in a large building, the upper floors of which are rented to families. Miraculously turned on the natural gas in two stoves and then lighted a lamp. The doors and windows were carefully closed and locked up, and a tramsom which had been left open about two inches in order to let in pure air was also closed. The expected explosion was prevented, however, by the arrival of the editor of the paper.

A Mutilated Woman Lynched.
LITTLE ROCK, Ark., March 12.—The colored population of Little Rock is greatly exercised over the flogging about half way between this city and March of the dead body of a young mulatto woman, probably about 20 years old, suspended to the limb of a tree. On her bosom was a placard bearing the inscription: "If any body cuts this body down they will share the same fate." It is supposed the woman was lynched, but who, by whom and for what reason, no one has been able to state. The body appeared to have been suspended several days.

Pennsylvania Whitecaps Convicted.
WARREN, Pa., March 12.—In the trial of the case against the whitecaps who took Frank Bright from his home recently at Kinross and gave him a sound whipping the jury returned a verdict finding eight persons guilty as indicted. These persons include some of the best citizens of Kinross. They are Dr. Stanshain, James Hardigan, James Newark, O. App. Leroy Strong, Charles Martin and Joseph Loreth. They were indicted for riot, false imprisonment and assault and battery. Sentence will be passed during this week.

A Gambling House Held Up.
COLORADO CITY, Colo., March 12.—Four masked and armed men entered the Oxford club, a gambling house, at 8 a. m. and ordered everybody in the place to throw up their hands. All did so except Ed Donaldson, the colored porter, who dodged behind the icebox. A shot intended for him wounded another negro in the foot. The robbers did not get much booty, as the game was stopped and the money locked in the safe. They escaped.

Enveloped in Flames.
NEWARK, N. J., March 12.—A fire in Stengel & Rothschild's leather factory, on Kossuth and Main streets, was caused by friction in applying naphtha to a hide. Thomas Burns, a morocco finisher, who was rubbing the leather, became enveloped in flames and would have been roasted had it not been for Charles Fitzpatrick, a fellow workman, who threw a coat about him and extinguished the flame. Both were badly injured, and Burns may die.

Alleged Elopers from Lebanon.
LEBANON, Pa., March 12.—The police authorities have been asked to arrest, wherever found, John W. Beamsderfer, aged 28, and Cora Fisher, aged 14, with whom it is asserted that Beamsderfer has eloped. Both parties lived in this city, where Beamsderfer acted as superintendent of the Atterberr United Brethren Sunday school. He is married and leaves two children in his alleged flight.

Married on His Death Bed.
WOODSTOWN, N. J., March 12.—William Love, who was shot down in the South Woodstown negro riot on the night of the 3d inst., died Friday night of his wound. Love had nothing to do with the ruffians, but was simply passing the mob on Main street, when he was opened up. His wife, Love, was married three days before his death to Miss Jessie Howell.

Victoria Promises Reforms.
LONDON, March 12.—The queen's speech opening the session of parliament, which was read today, promises measures of relief for the evicted tenants in Ireland, local government in Scotland, disestablishment of the church in Wales, one man one vote and conciliation in labor disputes. The home rule question and the question of mending the house of lords is not mentioned.

Mayor and Sexton Killed.
MADRID, March 12.—A dynamite petard was exploded near the church in Fuencarral, a suburb of Segovia. The mayor of the village and the sexton of the church were killed.

Twelve Thousand Women Voters in Denver.
DENVER, March 12.—The census of voters in Denver and Highlands is practically completed, and it is estimated that over 12,000 women have been registered.

ASK THEM WHY?

Ask the men who are making imitations of COTTOLENE, the new vegetable shortening, why they give up lard and try to trade on the merits of COTTOLENE? Perhaps you can guess why.

ASK HIM WHY?

Ask the grocer who attempts substitution, why he tries to sell an imitation when people call for that pure, palatable and popular vegetable shortening, COTTOLENE? Perhaps you can guess.

ASK YOURSELF WHY?

Why should not YOU use COTTOLENE? Instead of lard or any other cheap—and, for all cooking purposes? It has the highest possible endorsement; from Physicians as to healthfulness; from Cooking Experts as to superiority; from householders as to economy. Use COTTOLENE and stick to it.
