Miss Mace Jones, of Lost Creek, returned on Saturday after a few days visit in town.

Mrs. Watkins and Mrs. Sykes were among the visitors to Mahanoy City on Saturday.

The colliers in this vicinity resumed work today after a suspension of three days.

The funeral of Charles Carwright, who died on Thursday, took place yesterday afternoon from his late home on Main street. It was largely attended.

Interment was made in Odd Fellows cemetery.

The employees of Centralia and Logan colliers were paid on Saturday.

On Saturday evening a crowd of our young toughs attacked an inoffensive Hungarian as he was walking along the main street of our borough and beat him severely. A number of the toughs were arrested and taken before Justice Gillins, who gave them a hearing, but the case is still unsettled.

We sincerely hope the justice will give them sentences they deserve, so they might get rid of some of our street fights which have been of frequent occurrence lately.

Quite an excitement was raised Saturday evening by the cry of fire. Upon investigation it was found that the Hanley residence on Railroad street had caught on fire inside the state roof. The new fire company was on the scene promptly.

Owing to it being their first experience they were a little excited at first, but afterwards fought the fire bravely and succeeded in putting it out before much damage was done.

MONTANA.

The EVENING HERALD made its first appearance in our village on Saturday. It is a bright, newsy and interesting paper and should be well patronized by our townspeople, especially as it is the only paper that is delivered here every evening. Subscribe for it and our carrier, Edward Campbell, will leave it at your home every evening.

There is some dispute as to the ownership of the Reno colliery here. The Morris Ridge Coal Company claims it belongs to them, as they have leased the Reno tract, while the Lehigh Valley Company also claims it. The Morris Ridge Company intended tearing down the breaker to place the machinery in the Morris Ridge colliery, two miles farther down the valley, but was stopped by the Lehigh Valley Company.

J. G. Sampson, the hustling representative of the EVENING HERALD, accompanied by J. J. Reilly, of Centralia, was in town on Saturday, seeking to introduce the HERALD here, and we are pleased to say they succeeded. We will now have an evening paper coming in our lively little town.

The prospects of our town are very bright when the Mid Valley colliery No. 2 is finished and the Morris Ridge colliery improved, our inhabitants will then be within easy access to five collieries.

DR ROWLEY VINDICATED.

No Criminality in the Death of Mrs. Holmes and Her Daughter.

POREVOY, O., March 12.—An autopsy was held on the remains of Mrs. Holmes at Syracuse yesterday revealing the fact that her stomach had been destroyed by some powerful drug, and that she had congestion of the lungs, which would have proved fatal. The official investigation will not be completed for several days, but it is now believed by the coroner that the death of mother and daughter cannot be traced to any criminal source.

The coroner states that investigation shows that the daughter, Mrs. Joseph Matthews, took an overdose of the alleged liver medicine prepared and used by her father, under misapprehension that it would more speedily relieve stomach trouble, and applying from the effect thereof in two days. She took the medicine of her own volition. The mother, Mrs. Holmes, took a double dose of the same preparation of her own accord to allay gossip, and to prove the drug harmless.

Dr. Rowley, who treated Mrs. Matthews, after she took the drug and whom Mrs. Holmes charged with having administered poison in pills by accident, is vindicated by the post mortem, as he did not treat the mother. The funeral of Mrs. Holmes was attended yesterday afternoon by nearly the entire population within three miles, aggregating 1,000 people.

FOUND DEAD IN A DITCH

Young Robert Peck Evidently Murdered for \$75 Dollars.

HARTFORD, March 12.—The body of Robert H. Peck, 24 years old, was found in a ditch at Rhoadfield, with a bullet hole through his head. From investigation it appears that a murder has been committed. The body has the appearance of being placed in the ditch to cover up the murder.

Peck was an intelligent young man who lived with his sister, Mrs. Frank Barber, in West Hartford. He went out from the city on the last car at 10:45 Saturday night and had traversed a half mile after leaving the car in West Hartford, where he was murdered. Two rough looking strangers who were seen to follow him are suspected of being the murderers. Peck's pockets were found turned inside out and his vest ripped open. As it is known he had \$20, robbery is the assigned motive. The suspects are about 30 years old and evidently amateur criminals.

1 Cent a Day. 7 Cents a Week.

The advantages of pictorial representation as a means of informing and verifying can hardly be exaggerated. Wherever travel is practicable there the lens, with its quick flash of light and swiftly caught image of nature and man, has come in to supply the deficiency and to transmit to homes in distant lands the picture and visions of the reality.

Listen; EACH day cut out the art coupon printed on the fourth page and put it aside with one cent. After you have saved seven of the coupons consecutively numbered, bring them to us with seven cents and you will receive Portfolio 1 of "The World and Its People by Sunlight," the famous work introduced by that noted traveler, scholar and writer, John Clark Ridpath, LL. D. Each portfolio will contain 16 pages and there will be 26 portfolios. The whole series will make the most valuable art collection—each set cannot be met with often. You should have the complete series, and you should seize the opportunity now. If you are already getting the HERALD—all you have to do is to save your coupons and pennies. If you are not getting the HERALD—send us your name and address, and the paper will be left by carrier for you every day.

Have You Seen the Masterpieces From the Art Galleries

They are issued in parts containing 15 masterpieces and one page of descriptive matter about the picture and the artist.

This series of art pictures will be the most complete and magnificent ever published.

Every artist of note, through the world, contributes his or her best work to the series.

The engravings are of the very highest grade of Photographic Copper half-tones, and are perfect reproductions of the magnificent originals. Do not neglect to cut out the coupon-to-day and get your part immediately and don't forget your friends.

A lover of pictures, a man of means, making a tour of the art galleries of the world, realized that the luxury of seeing all these beauties was limited to the very wealthy, and to them only by wearisome and expensive traveling and time. "Why not in the present age of perfect photographic reproduction, why not reproduce the most beautiful, the most popular, the most noted of these art treasures?" was the question he asked himself. Why not indeed; no sooner thought of than he applied his means and prestige to secure large photographs of the choicest pictures.

The result is "MASTERPIECES FROM THE ART GALLERIES OF THE WORLD." The original idea is now being done; but to charge \$2.50 a part or \$100.00 in all. Now, a syndicate of newspaper publishers has purchased the photographs and plates and is issuing them to "Bloom Circulation."

After that we are quite sure they will take and read the paper regularly to obtain the other parts.

Every one who has seen the part says that it is well worth two dollars.

We rely upon the increase of subscriptions to repay us for our expense.

Therefore we ask you to give the extra coupons this week to your friends and have them get the first part. We know that when they get the first they will want all the others and will have to take the paper regularly to get the coupons. That is the whole idea.

Do not be uneasy if you do not receive your mail order for a few days. The demand is so great that it is sometimes impossible to keep up with orders.

"Thing of Beauty, ...A Joy Forever."
