EATING CROW.

That able exponent of bogus reform,
the Pottsville Republican, feasted upon a
juicy dish of crow when it published the
open letter to County Commissioner Chas.
F. Allen, begging him to cut loose from
associations with County Solicitor Ulrich
and lead a new life. The Republican is
trying to crawl down the tree and doesn't
know exactly how to start. The County
Solicitor cannot be made the black sheep
for Commissioner Allen's administration
of the past two months, because the let-
ter gentleman has done nothing of which
he need be ashamed. On the contrary he
has had the manhood to brave the bull-
dozing tactics of the very paper that now
assumes the position of advisor to the
Commissioner and by that act of man-
hood he saved the county over \$6,000 of
one ship.

And this is the Julius Ibsenian fashion
in which the paper attempts to wedge it-
self into the good graces of Commissioner
Allen again: "Mr. Allen, the Republican
always liked and admired you; the
people did, too, and up to recently you
were the best exponent of an excellent
philosophy this county has had in years.
But what a change! and yet, clearly,
you can get back any popularity again if
you will declare yourself a FREE MAN."

Such advice as the Republican tries to
give should spring from a fountain head
of manhood. That limb of the \$8,000 at-
tempted gouge should make its apology
plainly. It should admit the truth and
say as clearly and loudly as it has vented
its venomous and libelous attacks against
Mr. Allen that it did try to induce him at
the very start of his administration to do
an act that would have subjected him to
the ridicule and contempt of the taxpay-
ers; that its threats to drag him before
the Grand Jury for issuing illegal ballots
were unheeded; for, malicious and simply
a part of the scheme to intimidate him,
and that every attack the paper has made
upon the Commissioner since the time he
repulsed the advances of the \$8,000 syn-
dicate spring from a deep-rooted spirit of
vindictiveness and a desire to wreak ven-
geance. When the Republican first does
this and then treats itself to a thorough
coating of whitewash it will perhaps be
better fitted to aspire for the position of
advisor to a man like Commissioner Al-
len.

It has frequently been remarked that
the accommodations afforded County
Controller Severn in the court house are
by no means in keeping with the impor-
tance and dignity of the office. This may
be due to an oversight on the part of the
County Commissioners, but they should
lose no time in attending to it now. It
is not necessary that Brussels carpets
should be placed upon the floor, or bric-a-
brac in the corners, or on the desks, or
that expensive oil paintings should deco-
rate the walls. Enough changes to give
the offices the appearance of apartments
in an ordinarily prosperous mercantile
establishment would be sufficient.

The News makes a very serious charge
against some member of the police force
and if there is any foundation for it the
paper should do its whole duty to the
people by placing the facts in the posses-
sion of the Borough Council. If it fails
to do this the police force, for its own
protection, should demand an investiga-
tion with the object of ascertaining
which member of the force is aimed at
and what foundation, if any, exists for
the charge.

The Pottsville papers have attempted
to spring another scare on the taxpayers
of the county by circulating the County
Commissioners for furnishing the County
Solicitor with a private office in the court
house. They term it an outrage. It is
difficult to understand from what point of
reasoning they arrive at this conclusion.
Surely they do not expect Mr. Ulrich to
carry his office in his hat, or go down
into his pockets to maintain an office for
the benefit of the county.

Spring is almost here. Clean up your
premises.

ABOLISH THE PEERAGE.

Significant Vote in the British House of Commons.

NO USE FOR THE HOUSE OF LORDS.

Labouchere's Amendment to the Queen's Speech Carried by a Small Majority. American Statesmen Regard It as the Beginning of a Social Revolution.

LONDON, March 14.—In the house of
common Mr. Henry Labouchere pro-
posed an amendment to the address
in reply to the queen's speech the aboli-
tion of the house of lords. After some
discussion and considerable excitement
the amendment was put to a vote and was
passed by 147 to 145, in spite of the opposi-
tion of the government. When the figures
were announced they caused an outbreak
of prolonged cheering, which was renewed
when the deputy speaker read the address
in reply to the queen's speech with Mr.
Labouchere's amendment attached to it.

The division on Mr. Labouchere's
amendment occurred earlier than was ex-
pected, and many of the Conservatives were
absent at dinner. The majority was com-
posed of seventy-three McCarthyites and
Parnellites, the remainder being Radicals.

When the division paper was handed to
Mr. Labouchere a tremendous cheer broke
from the Irish and Radical benches and
the members standing behind the gang-
way. Mr. Timms was excitedly cheering
and waving his handkerchief, while the
government tellers looked pale, especially
Chief Whip Ellis. All the ministers
looked downcast, while Mr. Balfour
smiled ironically.

The Daily News ridicules the idea that
the government will resign on account
of the adoption of the Labouchere amend-
ment. It says that the only practical, and
from some points of view not undesirable,
result of the division will be that the
amendment must be brought directly
under the notice of the queen.

OUR STATESMEN'S VIEWS.

They Regard the Vote as the Beginning of a Social Revolution.

WASHINGTON, March 14.—The statesmen
were greatly interested in the passage of the
Labouchere amendment favoring the aboli-
tion of the house of lords by the British
house of commons. The opinion was gener-
ally expressed that the action, fewer
than half the members having participated
in the vote, did not mean that the present
abolition of the legislative functions of the
peerage was at all in prospect, but it was
agreed that the vote would have the effect
of a warning which, if it was not
heeded by the peers, might lead to a com-
plete revolution in the future. Senator
Davis, of the foreign relations committee,
voiced the general sentiment when he said:
"It is merely a registration of the senti-
ment which has been ripe for the past
twenty-five years. The people have be-
come tired of a body of hereditary law-
makers who do nothing but obstruct their
will by exercising a sort of veto power,
and it looks as if this might be an impor-
tant point in an impending revolution."

Senator Allison, who has given much
attention to British politics, said that the
vote on an amendment proposed by the
government would probably have the effect
of causing a dissolution of the Rosebery
cabinet and an appeal to the country.
The general opinion in the senate was
contrary to this view, however. Many
of the senators spoken to hold that it
would not be regarded as a test question.
Some of them called attention to Lord
Rosebery's speech of Monday, wherein he
had said that an amendment might be
necessary to the lords, and expressed the
belief that it had been received sooner
than the premier had himself contemplated.

Members of the house of representatives
were also profoundly interested in the pas-
sage of the Labouchere amendment. It
was the absorbing topic, and on all hands
it was hailed as an evidence of the spread
of democracy. Many congressmen con-
sidered it as an ominous warning to the
United States senate and other legislative
bodies not chosen by the people.

Speaker Crisp said: "It shows the ten-
dency towards democratic institutions
and towards bringing the government
closer to the people."

Ex-Speaker Reed looked upon the action
of the commons as little short of a revolu-
tion. He is a close student of English
parliamentary procedure, and he pointed
out that the total vote was only 222 in a
membership of 670 commons. This indi-
cated that Mr. Labouchere might have
taken a snap judgment.

The general feeling among members is
that the cause of home rule is materially
advanced by the action of the commons.
Doubt is expressed as to whether the min-
istry will resign and go to the country on
such a close vote, yet without an appeal
to the country the vote is regarded as pro-
foundly significant as reflecting the ten-
dencies of the English people.

New York Police Officials Fined.

NEW YORK, March 14.—The police com-
missioners found Captains Martens and
Price, of the East Thirty-fifth street and
West Thirty-seventh street stations respec-
tively, guilty of allowing disorderly
houses to be run in precincts. Martens
was fined thirty days' pay. Commissioner
McLean wanted to have him dismissed.
This the other commissioners refused to
do, however. Captain Price was fined
five days' pay.

Coxy Has No Use for Tramps.

MARSHALL, O., March 14.—There is no
truth whatever in the report that this city
is already thronged with tramps who
have come here to join the Coxy "On
to Washington" army, which departs
from here on Easter Sunday, March 25.
Mr. Coxy is doing all he can to prevent
tramps and anarchists from assembling
here to join the "Commonwealth."

Ignorance Refused the Franchise.

NEW CASTLE, Pa., March 14.—Judge
Hazen refused to naturalize no less than
six applicants on the ground that they
were not sufficiently well posted on the
laws and form of government of the
United States. He said, however, that the
cases could come up again in the near
future, as soon as the applicants could
find time to inform themselves.

Food-Slith Captured.

LONDON, March 14.—A dispatch to the
admiralty office from Bathurst, Gambia,
says that Chief Food-Slith, the slave
trader, whose depredations among the na-
tives in the British colony led to the recent
fighting in that territory, resulting in
several instances in the defeat of the British
navy, has been captured in French
territory.

A Thieving Student Expelled.

CRAWFORDVILLE, Ind., March 14.—
Church circles in Crawfordville are
greatly agitated by a startling sensation
at the Y. M. C. A. building. For nearly
two years the members have been suffer-
ing at the hands of a thief, who regularly
went through their clothes in the dressing
room during the hours of gymnasium
drills. Last night Paul Shale, of the
freshman class in Wabash college, was
captured in the act. Shale is a prize
student, and is an officer in the college Y. M.
C. A. He has been expelled from the col-
lege.

A Dangerous Crank Arrested.

INDIANA, Pa., March 14.—George M.
Walker, an insane crank, of this county,
who was arrested a few weeks ago while
endeavoring to get into the White House
at Washington to demand that President
Cleveland abdicate in his favor, and who
was sent home by the Washington au-
thorities, was arrested here yesterday and
sent to jail. He is a dangerous crank,
goes heavily armed, and says that when
the Lord tells him to kill a man he is
going to do it. He will be sent to an in-
sane asylum.

Threatened to Blow Up a College.

QUINCY, Ills., March 14.—A shabby look-
ing stranger presented himself at the
parochial school of Rev. Father Andrew,
head of St. Francis church and
school, and declared himself an emissary
of the A. P. A. He said that he was com-
missioned to blow up the church and col-
lege buildings with dynamite and kill the
priest, but if Father Andrew would pay
him \$1,000 he would desert the order and
reveal all its secrets. The priest slammed
the door in his face and the crank disap-
peared.

Legal Fight for a Church.

HAGERSTOWN, Md., March 14.—The part
of the Evangelical association known as
the Bigwomans have filed in the court of
equity of Washington county, by Rev.
John L. Miller and others, suit to get pos-
session of the Evangelical church and
parsonage in Hagerstown, valued at \$15,
000. They ask for an injunction restrain-
ing Rev. James C. Reiser, pastor of the
church, from taking possession. The
plaintiffs represent the Bishop Dubs fac-
tion.

Important to Veterans.

WASHINGTON, March 14.—The house
committee on invalid pensions ordered a
favorable report on the bill of Representa-
tive Martin, doing away with the require-
ment of honorable discharge as prelimi-
nary to a pension. In many cases death
has occurred during a furlough or outside
of military duties. The bill makes the
death of a soldier equivalent to an hono-
rable discharge, except when the death oc-
curs during desertion.

No Evidence Against Thompson.

THENTON, March 14.—In the Thompson
investigation the committee counted the
ballots of 175 boxes of the First and Sec-
ond precincts of the Second ward of Glou-
cester. The count for four and Lippincott
two by the count. The committee could
discover no crooked work. The commit-
tee will meet at Camden on Tuesday
next, when witnesses will be examined.

Republicans Win in Cape May.

CAPE MAY, March 14.—The charter elec-
tion in this city was carried by Republi-
cans all the way through, the Democrats
electing only one constable. The Republi-
cans gain control of the city council. In
West Cape May George H. Reeves (Rep.)
was elected mayor and an entire Republi-
can council was chosen. Cape May Point
elected every Republican candidate. Elec-
tion at Millville also resulted in a sweep-
ing victory for the Republicans.

Two Atlanta Suicides.

ATLANTA, Ga., March 14.—Cora Plunk-
ett, a 19-year-old girl, committed suicide
last night. She took strychnine to save
herself from shame. Dr. Krafton, whose
wife left him on Sunday, took a dose of
Indian hemp. The poison has made him
a temporary maniac, but he may recover.
Mrs. Krafton was arrested on Monday to
keep her from eloping with a man named
Hammond.

Long Island Bay Pirates.

LONG ISLAND CITY, March 14.—Pirates
from Great South Bay broke into the cabin
of Edward Donnan's sloop Sagitta here,
effecting an entrance by taking a small
anchor and breaking the cabin hatch open.
Provision, clothing and everything of
value were stolen. The local boatmen are
talking of forming a vigilance committee
to protect their boats.

An American Drowned in Mexico.

HERMOSILLO, Mex., March 14.—James
Howard, an American civil engineer, who
arrived at Guaymas a few weeks ago, while
leaving over the side of a vessel fell over-
board and was drowned. He is said to be
a resident of Michigan, and possessed of
considerable wealth.

River Miners Yield.

FAYETTE CITY, Pa., March 14.—The river
miners accepted the reduction offered by
the operators, and all have returned to
work. The rate for mining will be one
and a half cents a bushel.

NUGGETS OF NEWS

The town of Bessemer, Colo., voted to
consolidate with Pueblo.
Congressman McCree, of Kentucky, be-
lieves that he will succeed Mr. Blackburn
in the national senate.
Ex-Governor Proctor Knott, of Ken-
tucky, will not be a candidate for congress
to succeed W. C. P. Breckinridge.
At a meeting of prohibitionists in Pitts-
burg last night, at which delegates from
all sections were present, the title "Amer-
ican party" was chosen on which to make
a national fight for supremacy.

ALL OVER THE GLOBE—

Dr. Pierce's Pleasant Pellets
are known. Pills of Amer-
ican manufacture easily
lead. Why? Because
they're smaller; the
vegetable extracts are con-
centrated. There are many
river pills, yet there must be
a reason why Dr. Pierce's Pel-
lets give the best satisfaction.
Probably because they're sugar-coated, small
as grains of mustard seed, therefore, easily
swallowed. Most of all—they act in a nat-
ural way, and are effective in result. Then,
too, after they're taken they can't be felt—so
different from the old-fashioned pills, with
their griping and violence.
For indigestion, pain in stomach, constiva-
tion and habitual constipation, as well as sick
and bilious headaches, these "Pellets" bring
such a lasting cure, that they can be guaran-
teed. Your money is returned, if they do
not give satisfaction.

The stepping-stone to Consumption—
is Catarrh. It don't pay to let it go,
when the makers of Dr. Sage's Remedy
will give \$500 if they can't effect a per-
manent cure of your Catarrh.

Denver's Police Chief Resigns.

DENVER, March 14.—Chief of Police
Kellogg has resigned, and the old board,
which Governor Waite is attempting to
oust, appointed Lieutenant John F. Stone
in his place and made promotions all
along the line. This move is made to
checkmate the newcomers, who are lay-
ing their plans to reinstate ex-Chief Far-
ley, who was a very efficient officer.

A Baltimore Lounge Murdered.

BALTIMORE, March 14.—John Evans, a
lounge around Marsh Market space, was
struck and killed yesterday by some per-
son unknown to the police. Evans was
found lying unconscious in the gutter,
bleeding from a wound at the base of the
skull. The police claim that they will
soon have the man that struck the blow.

The Case Against Millionaire Beatty.

NEW YORK, March 14.—Judge Wheeler,
at Burlington, Vt., decided that the in-
dictment against Daniel F. Beatty, three
times mayor of Washington, N. J., was
good and must stand. Beatty is charged
with selling pianos of less value than he
represented. The case will be tried May
15. Beatty is a millionaire.

Gene to Join Coxey's Army.

NEW CASTLE, Pa., March 14.—The rail-
road men at New Castle Junction, two
miles south of here, say that almost every
freight train that passes over the four
roads centring there leave from one to half-
dozen men on it, who claim to be on their
way to join Coxey's army at Massillon, O.

Biennial Sessions of Ohio Legislators.

COLUMBUS, O., March 14.—The legisla-
ture opened in favor of biennial sessions.
The Avery resolution providing for a sin-
gle adjournment was adopted in the sen-
ate and immediately ratified in the house.
The date for a adjournment is not fixed.

Stein Forged Pay Rolls.

DENVER, Colo., March 14.—E. R. Wal-
ters, chief clerk to Superintendent Brand,
of the Colorado Midland railway, was
arrested charged with forging about
\$10,000. Walters secured the money by
means of forged pay rolls.
