

SAILED THE SEAS 38 YEARS.

One of His Experiences.

For thirty-eight years Capt. Lord followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates one experience as follows: "For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was a sleepless night; it was almost impossible at any time to obtain rest, and sleep, having sought Dr. Miles' medicine, I began to feel better. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opium, but upon being assured by the doctor that it was perfectly harmless, I continued to use it with the Heart Cure. To-day I can conscientiously say that Dr. Miles' Restorative Nervine and New Heart Cure did more for me than anything I had ever taken. I had been treated by eminent physicians in New York and San Francisco without benefit. I now use your medicine with the greatest confidence, and heartily recommend it to all afflicted as I was."—Capt. A. P. Lord, Hampton, Me.

CAUTION.—If a dealer offers W. L. Douglas shoes at a reduced price, or says he has them without name stamped on bottom, put him down as a fraud.

W. L. DOUGLAS

BEST IN THE WORLD. W. L. DOUGLAS shoes are sturdy, easy fitting, and give better satisfaction at the price advertised than any other make. Try one pair and be convinced. The stamping of "W. L. Douglas" name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas shoes give customers which helps to increase the sales of their line of goods. They can afford to sell at a less price, and so believe you can save money by buying all your footwear of the dealer advertised below. Catalogue free upon application. Address: W. L. DOUGLAS, Brockton, Mass. Sold by Joseph Ball, Shenandoah.

Of holes in a skimmer!

Lots of ways of throwing away money. One of the best methods of economizing is to invest in first class, thoroughly reliable companies either life, fire or accident, such as represented by

DAVID FAUST, No. 130 South Jardin Street, Shenandoah, Pa.

A KILLING COLD SNAP.

Great Damage to Crops in Various Sections.

FRUITS AND BERRIES RUINED.

The Frigidity Extended South to Georgia, Tennessee and Kentucky, and the Telegraph Brings Discouraging Reports as to Prospects for the Future.

INDIANAPOLIS, March 27.—The cold wave which is now sweeping over the country has probably cut the chances for a fruit crop in this state down to a very low degree. For several weeks past the weather has been unusually warm for the season and the result was that when the cold snap came it caught the fruit trees just ready to burst the swelling buds into blossoms. It is thought that peaches were to a large extent killed by the severe weather in January but such as escaped that are now certainly gone. Cherries, plums and apples are almost totally destroyed in the central and northern part of the state. A dispatch from English says that the frost has doubtless destroyed the apple crop, the buds of which were well advanced. All small fruit and peaches were destroyed weeks ago.

MIDWAY, Ky., March 27.—The cold wave that reached here yesterday forced the thermometer to 16 degs. Early gardens, tobacco plants and much of the fruit that had escaped earlier frozes have been killed. It is believed that the wheat that is already jointed is greatly injured. Dispatches from Versailles say that the freeze killed all the tobacco plants, early gardens and much of the fruit. Early wheat is also damaged. Tobacco growers are feeling blue, as the plants were forward and unusually fine. At Maysville the thermometer dropped to 14 below freezing, and unmercifully slaughtered the peaches and plums. The farmers say the wheat is badly damaged. Cattletown reports that a great many fruit trees were in bloom, which are undoubtedly killed. The thermometer registered 19 below yesterday.

Maryland Peaches Nipped. BALTIMORE, March 27.—The cold snap which began here Friday last reached its climax Sunday night with a local temperature of 10 degs. above zero. As a result reports are coming in from all directions of a complication of the damage previously done by the cold snap to fruits, etc. The statement is now general that crops of berries and fruit which had been given an early start by the warm weather are now an absolute loss. At St. Joseph the Missouri river is frozen from bank to bank. It is not believed the apple crop has been injured, the buds not being sufficiently open.

The Missouri River Frozen Over. ST. LOUIS, March 27.—The cold wave which began here Friday last reached its climax Sunday night with a local temperature of 10 degs. above zero. As a result reports are coming in from all directions of a complication of the damage previously done by the cold snap to fruits, etc. The statement is now general that crops of berries and fruit which had been given an early start by the warm weather are now an absolute loss. At St. Joseph the Missouri river is frozen from bank to bank. It is not believed the apple crop has been injured, the buds not being sufficiently open.

Pennsylvania Farmers Alarmed. PITTSBURGH, March 27.—Pittsburg was visited Sunday night by a blizzard. Snow began falling early and continued all night, and the mercury dropped to 17 degs. The greatest alarm is felt by farmers lest the fruit crop should be ruined. Apples were in full bloom, peaches either opening up or in blossom, and pears were far advanced. The nipping frost which accompanied the blizzard may have killed the blossoms, or a sudden thaw may exercise the same blasting effect.

Tennessee's Wheat Crop Endangered. CLARKSVILLE, Tenn., March 27.—The cold wave has struck this section with full fury, the mercury dropping to 15 degs. Sunday night. The farmers have fears for the clover and wheat, although the latter has not reached the joint, at which point the danger from frost is greatest. Early vegetables are injured to a greater or lesser degree, and many truck gardens will probably have to be replanted.

Georgia's Fruit Crop Injured. ATLANTA, Ga., March 27.—Rump & Moore, the largest peach growers in the peach district of Georgia, say that 50 per cent of the fruit crop has been killed by Sunday night's freeze, and they think the remainder will go by last night's cold snap. All vegetables are killed around Atlanta. The melon crop in Georgia is killed.

Berries Killed in Illinois. CAIRO, Ill., March 27.—It is thought the cold weather of the last two days has killed the strawberries in this section. Peaches were nearly all killed by the extreme cold of January. The berries were well advanced by last week's warm sunshine, but the weather is now freezing cold.

Damage to Michigan's Peach Crop. DETROIT, March 27.—Latest advices from various points in Michigan give a variety of opinions as to the cold wave's effect on fruit crops. All agree, however, that early peach buds have seriously suffered. All report wheat killing, but some report strawberries and blackberries frozen.

Terrible Cruelty to a Boy. OWESBORO, Mich., March 27.—Public indignation has been aroused against Mrs. Ursula Burpee on account of evidence of her brutal treatment of her adopted son, 12 years of age. The boy has been found in a famished condition, his legs raw, the flesh simply hanging to the bones. The woman claims that he was pinched down by a falling strawstack and his legs frozen. The belief is that the woman poured boiling water into his boots and starved him. Physicians say that both his feet may be amputated. Mrs. Burpee was arrested.

Stabbed Seventeen Times. HOMESTEAD, Pa., March 27.—For some time past Mrs. Joseph Urably has been separated from her husband, and has been employed as housekeeper for R. Frankel. Yesterday her husband called at the house and assaulted his wife, cutting off her nose and hacking her face terribly. She was stabbed in seventeen places, and physicians say she will die. Urably was arrested.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria. "Castoria has well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANCHUT, M. D., 111 So. Oxford St., Brooklyn, N. Y.

Castoria. "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria. "For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 124th Street and 7th Ave., New York City.

THE CANTON COMPANY, 77 MURRAY STREET, NEW YORK CITY

An Interstate Battle.

HUNTINGTON, W. Va., March 27.—At the mouth of Knox creek, in Logan county, Dave Christian became involved in a difficult fight with Ed Benley, Andy Coleman, Neil Simpson and R. Mechem. Christian was on the West Virginia side of the river, and the other men on the Kentucky side. Christian was shot twice by the gang, and his wounds may prove fatal. Over 100 shots were fired by the parties across the river. Two of the Kentuckians were injured, but not fatally.

To Protect Behring Sea Seals.

WASHINGTON, March 27.—Sir Julian Pauncefote, the British ambassador, had another long interview with Secretary of State Gresham in connection with Behring sea matters. There are evidences that the efforts which both parties have been making to arrive at a satisfactory agreement touching the regulation of the seal fisheries this season are likely to be crowned with success within the next ten days.

Refused a Special Verdict.

CHICAGO, March 27.—The attorneys for Prudensterg, the assassin of Mayor Harrison, asked yesterday for a special verdict to avoid delay in securing a jury for the insanity proceedings, which began today, but the order was denied by Judge Chetlain.

For Baltimore, 8:04, 9:15 a. m., 2:57 p. m.

A CRANK WITH A GRIEVANCE.

Wanted to Kill a Mayor for Appointing a Catholic.

LANCASTER, Pa., March 27.—An exciting episode occurred last evening at the residence of Mayor-elect Edward S. Smeltz, which created great consternation in the neighborhood. Mr. Smeltz has been lying dangerously ill since the day following his election, but during the past week had been sufficiently recovered to be able to consider his police appointments. Yesterday he made public his appointments, and they seemed to give general satisfaction. In the evening a man called at Mr. Smeltz's residence and asked to see him. He was told by one of the ladies of the family that he was too ill to see strangers.

The man grew very excited, and said he must see Mr. Smeltz on important business. Again the caller was denied admission, when suddenly he pulled a revolver from his pocket and exclaimed with an oath: "He appointed a Catholic on his police force, and I am going to kill him for it." The screams of the woman and the excited demonstrations of the man with the pistol attracted a large crowd, to whom the crank continued to denounce the mayor for appointing a Catholic. The man quietly walked away before the arrival of a policeman, but he was subsequently arrested at his home. His name is Theodore Klingner, 59 years of age, and he has given the police trouble before.

Molders Locked Out.

SOUTH NORWALK, Conn., March 27.—The striking molders at the Lockwood Manufacturing company's foundry did not return to work, and a lockout has been declared by the company. A few men in other departments are at work, and they will be given employment for a few days. The company employs 400 men, but the molders' strike affects all departments, and if the trouble is not settled the entire works will be closed. During last summer when business was dull the company paid regular wages on reduced time. When work revived two weeks ago wages were reduced and the strike resulted.

Hartshorne Gets Two Years.

NEW CASTLE, Pa., March 27.—Professor Hartshorne was yesterday sentenced to two years in the penitentiary. Notwithstanding he had pleaded guilty, he broke down when he heard the decision of the court. A timely discovery by Sheriff Deunth prevented another jail delivery Sunday night. The prisoners said to be interested in the plot were Professor Hartshorne, Charles Jacobs and Samuel Schell. Schell and Jacobs had succeeded in getting out of their cells by unsewing bolts. They had several saws, and intended to release Hartshorne before sawing the iron bars over the windows.

Demanding a Provisional Government.

COLON, March 27.—The American colony of the Mosquito reservation, through the United States consul, formally demands from the Nicaraguan commissioner, Senator Lacayo, the formation of a provisional government in which the American colony shall be represented. The Americans desire to form part of a council which, it is proposed, shall have the power of naming officials, organizing the police, making the laws and creating courts. The Americans also demand the withdrawal of the Nicaraguan troops and the autonomy of the Mosquito reservation.

Killed by a Mania.

THEBELL, Tex., March 27.—An insane barber named Peter Beneto was brought from Dallas by a deputy sheriff for confinement in the Northern Texas Asylum for the Insane. When taken from the train he broke away from his keepers, ran into the crowd of waiting passengers and attempted to kill all whom he could assault. A girl named Gertrude Morgan, 12 years old, had her leg broken in two places and was injured internally so badly from kicks that she died.

A Child Beaten to Death.

BOSTON, March 27.—Medical Examiner Deaper submitted his report on the death of Madeline Bondset, the little girl who was found unresponsive by an agent of the Society for Prevention of Cruelty to Children as a result of a cruel beating inflicted by her father and stepmother. He finds that death was due to a blow on the head, and declares the child to have been the victim of homicide. The parents of the child are in custody.

Railroads Responsible for Incompetency.

KANSAS CITY, Mo., March 27.—The court of appeals affirmed the decision of the lower court, awarding \$60,000 to D. Louis \$2,000 damages. Louis was employed by the Rock Island road as a section gang with three axwedges. While engaging logs he was injured, being hit by the Swedish not understanding English. The court holds the road was negligent in employing men ignorant of the English language.

COXEY'S FROZEN ARMY

Cold Weather Depresses the Enthusiasm of the Army.

RECRUITS COME VERY SLOWLY.

Only Seventy-two Had the Courage to March from Canton to Louisville—A Meal Awaits the Hungry Marchers at Economy, Pa.

ALLIANCE, O., March 27.—The Coxeys' army arrived here at noon today, and are camped on the fair grounds. There are many people in this city who sympathize with Coxeys, and the army will be reformed here. Several contingents of food for the army arrived from country villages with Coxeys. There is anxiety about the possibility of a row in the army which is here. It is stated that men in the ranks, the privates, have said that if Coxeys tries to abandon them here on the pretext of going to a Chicago horse sale there will be a break-up of the whole business and a scrap to finish it. The members of Company K, Eighth regiment, understand that they may be called on at any moment, and if trouble occurs the militia will be called out at once. Forty destitute men, hungry and half frozen, arrived here on freight trains Sunday night and last night sought shelter in the city lockup. They came to join the Commonwealth army. Fourteen men from Bergholz, a mining village in the northern part of Jefferson county, arrived yesterday to join the army.

But seventy-two of Coxeys' Commonwealth army had the courage to march away from Canton yesterday afternoon in the face of the wintry blast that was blowing at the time set for the start. The band deserted at that point also, and that took much of the spirit out of the soldiers. The march from Canton to Louisville through two inches of snow and in a temperature 20 degrees above zero was anything but a pleasant experience for the thinly clad wanderers, who had imagined that the entire trip to Washington would be a sort of a springtime frolic. Fifty tramps were picked up between Canton and Louisville, and when the army went into camp last night it numbered 122 men, aside from the officers. The claimed enlistments are 250. Much excitement was created by the announcement that three of the tramps had robbed a man named John Kuegler of a watch and \$10 in money. This was the first attempt at lawlessness, but no arrests were made.

A dispatch from Dallas, Tex., announces that a local group of twenty or more men have been organized there to join Coxeys' Commonwealth army. They are to start from Dallas for Washington via Shreveport and Vicksburg next Monday or Tuesday, and join General Frye's regiment now en route to San Antonio from El Paso at some point east of Vicksburg about April 15. A supply of rations, shoes, blankets, etc., is being accumulated, and the command when it leaves Dallas is expected to number at least a hundred more. News comes from Denver that "General" Hamilton's contingent will have to walk out of town unless they pay their fares. The Santa Fe officials have refused to furnish a train to the California division of the army, and will undoubtedly repeat its refusal should the Denver contingent make its promised demand. The other roads will also decline to give free transportation.

Coxey and his Army of the Commonwealth will get a royal reception when they strike quiet old Economy, Pa., if they ever get that far on their way to Washington. This was decided upon yesterday by the board of trustees of the Harmony society. A wagon load of potatoes, several hundred loaves of bread and a lot of good, old fashioned ginger cakes, such only as can be found at Economy, have been set aside for the army of peace. Furthermore, it has been settled that a steer is to be slaughtered, dressed and cooked on the hillside when the Buckeye quixotes and his followers approach the village.

It is stated that Coxeys was asked recently if he was going to march his men from Washington back to Massillon if his mission failed. "March them back," said Coxeys in astonishment, "not by a jugful I will get on a train and come home myself, but the army must get home as best they can."

Grassseed Election Crooks Plead Guilty.

BROOKLYN, March 27.—Andrew Scott Jamieson, convicted last week of perjury, was sentenced by Judge Brown in the court of oyer and terminer to eighteen months in the penitentiary. The eighteen indicted election inspectors of Grassseed were then called upon to plead, and all pleaded "guilty," with the exception of Frank T. Cline, who pleaded "not guilty," and Patrick Figue, against whom the indictment was dropped.

Saunders May be a Double Murderer.

WILKESBARRE, Pa., March 27.—John Saunders, the Hungarian who shot and killed little Christopher Hundershot and wounded two other persons at Midvale last week, was given a hearing yesterday. The hospital physicians testified that Andrew Bookack, one of Saunders' victims was still in a dangerous condition. The prisoner was recommitted to jail.

West Virginia Miners Quiet.

CHARLESTON, W. Va., March 27.—All of the miners of the Kanawha valley resumed work yesterday. About 5,000 men are now employed. There is no trace of the recent bloody disturbances left here.

A Powerful Flesh Maker.

A process that kills the taste of cod-liver oil has done good service—but the process that both kills the taste and effects partial digestion has done much more. Scott's Emulsion stands alone in the field of fat-foods. It is easy of assimilation because partially digested before taken. Scott's Emulsion checks Consumption and all other wasting diseases.

Prepared by Scott & Bowne, Chemists, New York. Sold by druggists everywhere.

ASK THEM Why?

Ask the men who are making imitations of COTTOLINE, the new vegetable shortening, why they give up and try to trade on the merits of COTTOLINE? Perhaps YOU can guess why.

ASK HIM Why?

Ask the grocer who attempts substitution, why he tries to sell an imitation when people call for that pure, palatable and popular vegetable shortening, COTTOLINE? Perhaps YOU can guess.

ASK YOURSELF Why?

Why should not YOU use COTTOLINE, instead of lard or any other vegetable shortening for all cooking purposes? It is the highest possible and most economical. It is pure, palatable and popular. It is the best vegetable shortening for all cooking purposes. It is the best vegetable shortening for all cooking purposes.

N. K. FRENKEL & CO. 120 N. BROADWAY, PHILADELPHIA
