TO THE WORLD OF WOMEN.

For Mothers' and Daughters' Health. Weak, nervous, delicate, overworked women are the ones that need a strength builder, a tonic for their nerves, and a cure for that awful internal trouble that is wearing out their lives.

Thousands of women have found such in Dr. Kennedy's Favorite Remedy. Mrs. Christiana Bond, of Jonesport, Me., writes that her daughter had been a great sufferer from female trouble, and after repeated trials of doctors' prescriptions and other so-called cures, all of which gave no relief, she used Dr. Kennedy's Favorite Remedy and it permanently cured her.

If you have headaches, uterine catarrh, irregular menstruation, leucorrhoea, or irregular monthly periods, sickness incidental to change of life, or any of the attending evils that are present in female complaints, use Favorite Remedy. It will build up quickly the run-down constitution and bring refreshing sleep; it restores those tired looks and feelings, restores the nervous system and permanently cures you. Our daughters grow up weak and delicate; mothers can avoid such conditions by giving them Dr. Kennedy's Favorite Remedy.

Centre street residents were aroused at about three o'clock yesterday morning by the loud growling of something, in great pain, presumably a human being. The noise began at Main street and continued down Centre to Weber's drug store. Officer Hassel, who had received the alarm while patrolling Hesser's store, arrived upon the scene out of puff, but still in the ring, just as the cause of the noise, the widely known Jack Ward, doubled into a ball and rolled gatewayward. It seems that some one had given the poor fellow a bottle containing tincture of capsicum, or red pepper, flavored with whiskey. Jack suffered intense pain in the throat and stomach until relieved by an antidote from the drug store.

Mrs. William Ashfield, of West Spruce street, was the recipient of a pleasant surprise from her neighbors on Thursday evening, who escorted suddenly down upon her home to celebrate her fiftieth birthday. Heaver Loss.

John W. Hesser, of Shenandoah, has lost his suit for damages against Mahanoy township. On April 2nd, 1894, Hesser responded to an alarm of fire from Mahanoy City in company with the Rescue Hook and Ladder Company, of which he is a member. On his way home over the public road leading to St. Nicholas he fell into an opening for steps that led from the road to a private dwelling in Cole's Patch. He sustained a number of broken ribs and other injuries from the fall and spent six weeks at the Miners' Hospital under treatment. Hesser claimed the excavation for the steps against the township and the township was liable for damages. Suit was instituted for \$3,000. The township called a number of witnesses who testified that the excavation did not extend to the public road. Yesterday the case was decided against Hesser.

No Urging Required.

Great pressure is being brought to bear upon the officials of Shenandoah to punish the offenders in the recent disgraceful exhibition at a funeral in that town. This should not be necessary, for the authorities, if they properly recognize the duty that devolves upon the general public, should have at once instituted an investigation and arrested and severely punished the offenders. For the officials to wait until public sentiment compels them to act is an indication of carelessness or weakness which is reprehensible in borough officials. —Pottsville Chronicle.

DECLINES A SENATORSHIP.

Mr. Crisp Will Remain as Speaker of the National House.

WASHINGTON, March 31.—A petition was circulated among Democratic members of the house yesterday congratulating Speaker Crisp on his appointment as United States senator from Georgia. The petition says:

"The compliment just paid you is indeed well merited, but it is the unanimous opinion of us all that you continue to pre-empt the deliberations of this house, which you have so ably, so justly, so impartially administered. We appeal to you to decline this further honor at this time and remain in the position you now occupy, and you will ever enjoy the gratitude of a grateful people."

Speaker Crisp went to his private office during a roll call at 4 o'clock, and Representative Cadmus, of New Jersey, took the opportunity to present the petition. It was signed by over 140 members. The speaker said he felt profoundly grateful for the heartfelt expressions of the members, and he would give due consideration to the wishes of his friends.

Late last night Mr. Crisp sent a telegram to Governor Northen declining the honor tendered him, saying that in declining it he is sacrificing a cherished ambition to what he regards as a sense of duty.

STILL FILIBUSTERING.

Bland Will Move to Pass His Bill Over the President's Veto.

WASHINGTON, March 31.—Another long filibuster consumed the time of the house yesterday, and although the proceedings were not characterized by the turbulence and disorder which marked them on Thursday, they culminated in a very sharp passage at arms between the speaker and Mr. Reed, and left partisan feeling still at high tension when the recess was taken. For four hours Mr. Reed successfully filibustered against the approval of the journal. During the progress of the filibuster the speaker several times declined to entertain appeals from his decisions, refusing to state the grounds on which the decisions were made. He held that it was the chair's privilege, as it was the privilege of a judge, to furnish the reasons for decisions or not, as he saw fit. When the president's veto of the Bland bill was read Mr. Bland gave notice that on Tuesday next he would move to pass the bill, the president's objections notwithstanding. A single vote was had on the O'Reilly-joy contested election case after the long struggle, but although the Democrats had a quorum present all the afternoon, it mysteriously disappeared at the critical juncture. Seven votes were lacking.

Spanish Prisoners Massacred.

MANILA, March 31.—Advices have been received here from Mindanao, capital of the island of that name in the Malay Archipelago, showing that further trouble has occurred between the Malays and Spanish troops. A strong force of Malays, armed with modern weapons and led by the sultan of Atene, made an attack upon the Spanish military station at Depanto, on the island of Mindanao, and sacked the place, capturing two officers and twelve other persons. The Malays then fled to the mountains. While on their way the two officers and three of the other prisoners could not proceed fast enough to suit their captors, and they were massacred. A strong native force was dispatched in pursuit and an engagement took place, which resulted in the defeat of the band. Many of the marauding forces were captured and swift punishment will be meted to them.

Fatally Shot by a Squatter.

HENNINGTON, W. Va., March 31.—The United States authorities are experiencing more trouble in Wyoming county, where they are attempting to remove squatters from lands owned by eastern syndicates. Deputy United States Marshal A. B. Vest, who is with a surveying party, was fatally shot by a policeman named Stout. Vest was a popular officer, and the tragedy was one that was brought on by a discussion over the question as to whether the squatters should or should not be evicted. Stout was arrested.

Judicial Conflict of Authority.

DENVER, March 31.—Judge Glynn quashed the injunction issued by Judge Allen against Barrow and Mullen, of the new fire and police board. As Glynn and Allen are co-ordinate judges a question of authority, of course, arises. Later counsel for the old board obtained from the supreme court a writ of prohibition restraining Judge Glynn from acting in the matter at all. Governor Waite is preparing to call out the troops again to enforce his order removing Police Commissioners Orr and Martin.

Will Not Order a Strike.

CHICAGO, March 31.—Employes of the transportation department of the Chicago and Eastern Illinois railroad have been forbidden to strike. When P. M. Arthur and Frank Sargent, chief of the engineers and firemen, submitted the compromise they had been able to effect with M. A. Carpenter, president of the road, they accompanied the submission with this statement: "You've got to accept this or worse will be in store for you. We have done what we could, and we shall not order a strike."

Killed by a Falling Water Pipe.

PEORIA, Ills., March 31.—One of the immense steel pipes of the Peoria Water company collapsed yesterday while a number of school children were playing near by. Many of them were buried half a block by the force of the water. Frank Hoza, 14 years old, was killed and Frank Caldwell, W. D. Norris and William Kennedy will die. Twelve others were badly hurt.

Arson to Hide Murder.

DENNINGTON, Tex., March 31.—The watchman's shanty near here on the Missouri and Texas Central, was burned just before dawn. After the flames were extinguished the body of an unknown man, charred and with the skull crushed, was found in the ruins. He had been murdered and the culprit fired to conceal the crime. No clue.

Ice Skating All the Year.

BALTIMORE, March 31.—The second ice palace in the United States (the first one being at the Midwinter exposition, San Francisco), is to be constructed in this city by the Maryland Steel company, of Sparrow's Point. It will be opened June 1, and skating on real ice made by the mechanical process provided all the year round.

A Murderer Sentenced.

NEW YORK, March 31.—Mrs. Mary Durnie, who was convicted of manslaughter in the second degree for slaying her husband with a hammer on Dec. 14 last, was yesterday sentenced by Recorder Smythe to six years and five months in the state prison at Auburn.

PENCIL POINTS

Kentucky chivalry, thy name is not Breckinridge.

Barnum's "What is It" will now have to take a back seat for Breckinridge.

Judging from the way Coxe's army has been marching on in storm and cold there must be some soldiers in it.

These letters remain at the Shenandoah post office, up to date, uncalled for; Miss Ella Shurtz, Mrs. Harriet Madara, Frank Long.

It now seems according to Breckinridge that Eve Pollard didn't land him that apple, but it just fell off the tree itself between them.

How Grover would have liked to have taken to the woods on the seigniorage bill if there had only been half a decent chance to do so.

It seems that Mr. Cleveland is in favor of coining a vacuum after all, provided the vacuum in the Treasury occasioned by Democratic blundering can be kept filled by the constant sale of bonds.

PAIN'S CELERY COMPOUND.

Best Spring Remedy in the World. It Makes People Well.

There is one real spring remedy! There is one true specific for diseases arising from a debilitated nervous system, and that is Paine's celery compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, first prescribed what is now known the world over as Paine's celery compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For the latter, Paine's celery compound has succeeded again and again where everything else has failed. The medical journals of this country and Europe have given more space in the last few years to the many remarkable cases where the use of Paine's celery compound has made people well, than to any other one subject.
