ECONOMY IN GOVERNMENT.

A Bill to Reduce the Salaries of High

A Bill to Reduce the Salaries of High Officials. Washington, April 6.—The senate pur-sued the even tenor of his way during the moning hour, without a ripple of excite-ment to ruffle its surface. The only thing of interest was a resolution introduced by Senator George, of Mississippi, and re-farred to the judiciary committee, which provides for a 20 per cent, reductions in the salaries of government officers, in "view of the depressed fluxnoial condition of the fourney, the indebtedness of many of the country, the indebteiness of many of the people, and the increased value of money " The bill for the destruction of the word known as the Russian thistle went over without action.

The house was like a calm after a storm. After the passage of minor bills and resolutions the consideration of appropriation bills was resumed. The urgent deficiency bill, carrying something over \$1,000,000, was taken up and passed with one important amendment providing for the con-tinuation of the work of the census bureau until March 4, 1895, and providing for the publication in a condensed volume of 250 pages of an abstract of all the data procured by the census. The consideration of the postofice appropriation bill was then resumed. Only one amendment was adopted today—setting adde \$50,000 for the establishment of star routes to Newpart offices.

Death of a Noted Priest.

WASHINGTON, April 6.—Rev. J. A. Wal-ter, pastor of St. Patrick's Roman Cathber, phasor of St. Fairfick's Robalt Cana-olic church, died suddenly at his home yesterday of heart failure, aged 00 years. Father Walter was the spiritual advisor of Mrs. Surratt. He believed in her in-mocence, and because entitusiastic in his attempts to have her pardoned that his action become offensive to some citizens of Wushington, who informed him that if he persisted in his efforts he would be summarily dealt with. His answer was "I fear neither man nor dayli. I fear field alone, and 1 am ready at the risk of my life to defend the lowliest person in my congregation."

recks at the southern end of Jariin street. The sanitary counsities was instructed to abate the nuisance. Mr. McFilleenin asked whether the san-itary committee was tacked on to the Board of Health, or the latter tacked on to the committee, and Solicitor Pomeroy said. "Both will getalong all right, if the sanitary committee follows its nose and the Board of Health follows its vision." Mr. Lamb, for the Law Committee, re-ported, "The HERALD suit has been tried, and they have got us."

And they have got us." The HEIRALD suit has been tried, and they have got us." The relatives of the late Martin Brailer have made a chim for damages against the borough on account of the deceased falling down a collar, way and Matthew Delaney claims \$57.70 damages because his son, William, fell off a bridge on West Coal street and broke his arm. Both cases were referred to the law committee. A letter from William Wilhelm, Esq., saking payment of a chilm of M. E. Shortly after 12 o'clock last night, as some of the Councilmen were vending their way home after their meeting, Chief of Folice O'Hara intercepted them and reported that there had just been a battle-on "the rocks" and the people could not find a constable to serve the warrants. Mr. O'Hara winded to know whether, in view of the petition presented at the Connell meeting earlier in the evening, he would be justified in detailing a man to execute the warrant. The Councilment thought the case called for the eitef's action and Foliceman Casey was detailed for the work. He arrested Atian and Andrew Kozłowski for giving John Pol-lewski a had cut over the left eye and a masty looking bruise under the right eye with the aid of a brass spigot.
