#### ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. Waring says: "Disease is not concurrence of life; it is due to annatural conditions of living neglect, abuse, want. Dr. Stephen Smith, on the same subject "Man is born to health and long life; die case is unnatural, death, except from only age, is accidental, and both are preventable by human agencies." This is almost invariably true of death resulting from heart die asse. Careloss over-exertion, interments. anse. Carelesa over-exertion, intemperature of tea, coffee, tobacco, sicoholic or othestimolants are generally the caress of the difficulty, and indifference to its progress results in audien death, or long sickness calls. 

toms: shortness of breath, palpitation, irre-tiar pulse, fainting and emothering spel-pain in shoulder, side, or arm, swells ankles, etc., begin treatment immediately for heart disease. If you delay, the consequence

heart disease. If you delay, the consequence may be serious.

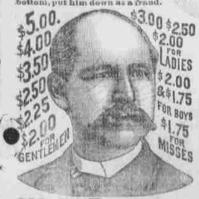

For over 20 years Dr. Franklin Milethe eminent specialist, has made a profounstady of heart disease, its causes and curs and many of the leading discoveries in the direction are due to him. His New Heart Caretis absolutely the only reliable remodification of the curs of heart disease, as is proved thousands of testimonials from gratein between who have used it.

by thousands of testimonials from grates?

Defrom who have used it.
James A Pain, editor of the Corry, Pa. Leeder states. "After an apparent recovery from the roomths of la scrippe, I foll on the street unconclosed from heart disease. In one month feed that thee I was unable to walk across my node and my pulse best from 85 to 116 times a ration I then used Dr. Miles New Heart Cure, and some became stronger. After using six bottler was able to work as unable and walk a mile case day, my noise ranging from 65 to 86. Dr. Aller medy is not only a preventive but a cure."

Dr. Miles New Heart Cure is sold by all drugists on a positive guarantee, or by Dr. Milesting Co., Ethiart, Ind., on receipt of price per bottle, six for 56, express prepaid. It is per tirely free from opinion or dangerous drugs. In ottle, six for 55, express prepaid. It is po free from opiates or dangerous drugs. I Pills, 25 cents. Free book at druggists

DAVID FAUST,

## THE ORDER MODIFIED.

A Slight Change in Judge Jenkins' Famous Ruling.

LEADERS MAY ADVISE A STRIKE.

The Judge Says His Order Was Only to Prevent Destruction of Property and Interference with the Rights of Others. No Restraint on Individual Liberty,

MILWAUKEE, April 7 .- Judge Jenkins has modified his injunctional order against the striking of employes of the Northern Pacific railroad by striking out the clause which reads: "and from ordering, recom-mending, approving or advising others to guit the service of the receiver of the Northern Pacific on Jan. 1, 1894, or at any

other time." In all other respects the judge denies the motion of the men.

The decision of Judge Jenkins grants the technical modification of the supplemental order asked for by the petitioners. while it reiterates more strongly the real position takes in the injunctional order. In reality there is not a point yielded. The order to strike out the offensive clause in the supplemental injunction taken in connection with what goes before is a defi-cately pointed rebuke to the counsel for petitioners for quibbling over the ambiguity of a clause, the substance of which was clearly and strongly stated in preceding sentences

In his decision the judge said: "It is not the province of the court to assume part in the contest between capital and labor which it is asserted to herein involved. It which it is asserted to herein involved. It may be that the aggregated power of combined copital is fraught with danger to the republic. It may be that the aggregated power of combined labor is perilous to the good of society and to the right of property. It doubtless is true that in the contest the rights of both have been inwaded, and that each has wrongs to be redressed.

"If danger to the state exists from the combination of either capital or labor, re-quiring additional restraint or notifica-tion of existing laws, it is within a pecution of existing laws, it is within a pecu-liar province of the legislature to deter-mine the necessary remedy and to declare the general policy of the state touching the relations between capital and labor. With that the judicial power of the gov-ernment is not concerned. But it is the duty of the courts to restrain those war-ring factions so far as their action may in-fered the declared low of the laws, that fringe the declared law of the land, that society may not be disrupted or its plane invaded, and that individual and corporate rights may not be infringed. "The receivers employed on the opera

tion of the property some 12,000 r These men are now vice officers of court, and are responsible to the court for their conduct. The petition represented to the court—and the facts are confessed by this motion—that some of the men threatened to suddenly quit the service of the receivers and to compel by threats and force and violence to other employes, who were willing to continue in the service, to were willing to continue in the service, by quit their employment; that by organized force and intimidation they would prevent others from taking service under the re-ceivers in place of those who might leave such service, and would therefore, as a means of forcing the receivers to submit to the terms demanded, disable the re-ceivers from operating their road and discharging their duty to the public as a com mon carrier, and would so conduct them selves by disabling locomotives and cars and taking possession of the property of the receivers as to destroy and prevent its

"The restraining portion of the writ complained of, and now under considera-ton, prohibited these men from combin-ng and conspiring to quit the service with the object and intention of crippling the property of the receivers and embarrass-ing the operators of the road and from carrying that conspiracy into effect. The writ was in prevention of the mischief as serted. In no respect, as I conceive, does that portion of the writ interfers with in-

vidual liberty.
"In the case under consideration, the receivers sought to change the terms and conditions of service. The employes had of course the right to decline service upon the terms proposed. Notwithstanding the public character of the service, upon notification of their declination at a time prior to Jan. 1, 1894, resonable in view of the service in which they were engaged, they had the undoubted right to abandon their employment upon that day. That, however, is not the case presented to and

dealt with by the court.
"Nor does the rectitude of the writ of injunction rest upon any more right of the employes in good faith to abandon their employment. The restraints imposed were with reference to combining and consur-ing to abandon the service with the object and intent of crippling the property. Its office was to restrain the carrying into effect the conspiracy."

effect the conspiracy."

If Judge Jenkins still holds that the men cannot quit work in a body an appeal will be taken to the United States circuit court of appeals, which will pass upon the merits of the conflicting decisions.

Judge Bundy Will Restore Wages. OMAHA, April 7.—The American Ball-way union applied to Judge Dundy to have restored the salaries which were cut by the receivers of the Union Pacific rallway. The judge declared that his previous ruling was in line with the precedent es-tablished by Judge Jenkins, and that he will grant the application made by the

Mysterious Disappearance.

McKrissonir, Pa., April 7.—D. B. Cil-mer, an agent for the Prudential Life in-surance company, is missing under myste-rious circumstances. Last Tuesday after-neon Cilmer left the city for Coal Valley to make some collections on policies. He expected to return Tuesday evening, bu no tidings have been received since. All efforts to find any trace of him proved fruitless. Climer is 51 years old, not addicted to drink, and his accounts are all right.

Ex-Minister Phelps' Becovery. NEW HAVEN, Conn., April 7.—Professor Edward J. Phelps, ex-ministor to England, has practically recovered from his recent filness, and his health now is such that he proposes to resume his classes at Yals on April 11, when the spring law term opens. The professor's friends fear that he is not strong enough to resume work, but he is determined to make the attempt.

Last of the Gaylord Mine Victims. WILKESDARDE, Pa., April 7.-The body of the last of the thirteen victims of the Gaylord disaster was recovered yesterday. No. 120 South Jardin etreet, Sheanadonh. Path and was in a better state of preservation than any of the others.

The state of the s

TARIFF BILL IN THE SENATE Republicans in the Senate Will Fillbuster

Against the Measure.

Washington, April 7.—The policy of the Republicans as regards the tariff bill was made plainly manifest in the senate yesterday from the reading of the journal to adjournment for lack of a quorum. On a motion of Senator Hill to adjourn over to day the Democrats succeeded in defeating day the Democrats succeeded in defeating the metion by one vote, Senators Hill, Murphy and Irby, of South Carolina, vot-ing with the Republicans, while Senator Brice was paired in faver of the motion with Senator Paimer. In the morning hour the resolution of Senator Wolcott, which proposes that Mexican dollars shall be cound at the mints of the United States for the China trade, was before the senate. Favorable speeches were made by Senators Teller, Dubois and Lodge, the speech of the latter arousing much interest. At 2 o'clock the tariff bill was laid est. At 3 o'clock the tariff bill was laid before the Sensis, and Mr. Peffer con-sumed the balance of the day in a speech criticizing the bill.

Very little progress was made with the ostoffice appropriation bill in the house. An amendment which provoked a great deal of discussion and has been the sub-ject of innumerable petitions to congress was finally adopted providing for admis-sion to the mails as second class matter of all periodicals issued more than four times a year under the auspices of a benevole: or fraternal society, or order fraternal society, or order originized under the lodge system, or of a regularly incorporated institution of learning, or by or under the auspices of a trades union, and all publications of strictly profes-alonal, literary, historical or scientific societies, including bulletins issued by state boards of health.

SUCCESSFUL JAIL BREAKERS

Four of the Eight Liberated Were Subsequently Recaptured.

sequently Recaptured.

GREENBUILD, Pa., April 7.—Eight criminals escaped from the fall here last night. When Jailor McCrondy, with his assistant, William McSboary, entered the cell corridor for the purpose of locking the prisoners up for the right Peter Madden, one of the most vicious prisoners confined in the jail, Jumped from his cell door and and struck McCready across the look of the head with a piece of lead pipe. The jailor went down as if he had been shot and lay unconscious on the floor, with and lay unconscious on the floor, with blood pouring from an ugly gash across his skull. McSheary made a brave stind, but was soon a victim of Madden's leaden billy. While both men were in an insensible condition the companious of Madden, who were in the pist, jumped on them and beat them brutally. The prisoners rifled the pockets of McCresdy, securing the keys necessary for their escape, and rushed out of the jail.

An alarm was given, and within an hour four of the excepted convicts were receptured, but four others, the worst in the gang, are still at liberty. They are: Peter Madden and Michael Gorman, express robbers: Young Kelly and Harry Owen, publics. robbers.

## A DYNAMITE SCARE.

Two Thousand Pounds Stolen by the Coke Strikers.

RENEWAL OF HOSTILITIES FEARED

The Editor of a Slavish Paper Declares That His People Were Led Into the Strike by the Irish and Germans, Who Want to Drive Them Out.

Uniontown, Pa., April 7.—It has just been discovered that the strikers have stoien 2,000 pounds of dynamite from the new reservoir being constructed on the mountain east of Dunhar, and great destruction of property is expected. The dynamite was stoien while the workmen ou the reservoir were absent, the rioters breaking open the storage house. The robbery has caused great excitement in the coke regions, and many believe preparations are being made for a renewal of the tions are being made for a renewal of the

hostilities.
President Davis, who is in juli, said last night he would not withdraw his call for today's convention, and requests the board to report at the meeting and arrange for a continuance of the strike. He, however, condemns the rioting, and says it must be stopped. An ugly feeling is developing, and there are indications that trouble will break out anew after, if not before the

Scottdale convention today.
CONNELLSVILLE, Pa., April 7.—The leaders of the Siavs and Huns in this section are asserting that the strike was the result of a conspiracy of the Irish and German elements of the region to get the Huns expelled from the coke country, and they are dilligently spreading the news to all their people in the region. The means by which this is to be done is the present strike. The Slave and Huns were brought to this coun-try under contract twelve years ago to break a strike, and since that time, the other nationalities allege, the wages of the miners and cokers have specific declined. Julius Detatroy, president of a large Slavish political club and editor of a Slav ish paper, said in an interview:

"There is no doubt our people have been deceived in this matter. The Irish and Germans are auxious to get the Slavish people out of the coke regions, so they will have all the work themselves. They have incited them to acts of violence, knowing that this would incense the American citizens and work such a hatred for our people that they will be finally driven back to Hungary. Our people are led to believe that this is a free country, and they are privileged to use violence if and they are privileged to use violence if necessary in fighting the operators. Be-fore the strike I told our people, through my paper, not to strike until the English speaking people went out first. I ex-plained to them that they were not citi-zens, and should not go out first. I also advised them to abstain from violence in case the strike was declared." case the strike was declared."

Mr. Detatroy further expressed the fear that J. S. McCaleb, the banker who failed last September, many Huns tosing their savings at the time, was in danger of as-sussination, as threats have been made on his life. Banker McCaleb is still in town and says he does not fear any trouble. His creditors, he says, understand that lib failure was not brought about for the pur pose of defrauding them, but was simple the result of the hard times, and they wi the result of the hard times, and they will do him no personal harm. The news of the threats on McCaleb's life has arented a sensation here. He is very popular and every one believes him to be thereoughly homest. In case of a riot he will not deserted by his friends.

County Detective Campbell left for Broadford to trace down a rumor, which, if substantiated, will throw the Davidson rioters liable to conviction of murier in the first detree. It is said that before the mob left is realford to murch to Davidson they were addressed by one of their lead-ers, who told them to close down the Davidson works if every man employed there had to be killed to accomplish that end. No one knows the name of the leader who counseled them to this act of blood shed. McSloy, the fugitive agitator, whole wanted for the murder of Paddock, atill in hiding.

Successful Postoffice Hobbers. ALEANY, April 7.—The postoffice at Salem, the county seat of Washington county, was broken open and \$1,000 in eash and stamps taken. The burglars also took the money order book, and it is anticipated that they will attempt to use it.
