HOW IT WORKS.

Editor Dana, of the Democratic New York Sun, has a way of speaking out it meeting when things don't go to suit him, and what he says is generally sharp enough to reach the centre of understanding in the dullest brain. The following is his announcement of the recent great Republican victory in Rhode Island:

"It is working magnificently. In Rhode Island only three years ago, the Democrats carried the state by a plurality of 1,254. The next in the presidential election, the Republican plurplity was only 2,637. In 1893, for governor, the Democracy won again by 185 votes. Now comes along the Wilson bill, with the income tax, making everything solid and secure in Rhode Island for the Republican party by a plurality of 6,255 ints total vote of only 55,156

"The total vote in 1894 was almost th same as in 1892. Compare the distribut tion as between the two parties.

Republican. Democratic. 26,872 24,875 20,170 The Republican plurality of 6,253 in Rhode Island's total vote of 55,130 is equiv alent in significance to a Republican plurality of 140,000 in New York.

It is working magnificently, the Wilson bill to make states Republican. It is proving its efficiency wherever it is tried. We do not concur in the conclusion of our steemed cotemporary, the Cincinnati Enquirer, that if this goes on 'the Demo cratic party might as well be disbanded. There will be no need of any formal process of dissolution. The Wilson bill to make

Not only has nature been unkind with be lated snow storms and untimely mud all along the line of march, but the bloated railroad corporations, with their customary hardness of heart, have refused to the Fryes and the Coxeys that courteous recognition in the matter of passes which

THE time is rapidly approaching when the Republicans will nominate their candidates for the election in November and It is none too early to look around for men o fill the offices. Among the most important positions to be filled is the Senatorship and, happily, the Republicans will not be at a loss to find a man for it. He is already chosen-Hon. J. J. Coyle, Esq., of Mahanoy City, who so ably and conscientiously represented the First district in the last Legislature. He will make an able Senator, one who will look after the finterests of our people faith fully.

"Rossting" Miss Pollard.

WASHINGTON, April 11. - Colonel Phil Thompson, formerly a member of congress from Kentucky, and one of the best kn n in Washington, entertained the jury in the Pollard-Breckinridge case yester day with a pyrotechnic speech such as ha rarely been heard in this section. It wa WAB sprinkled with anecdotes, some of them too broad for reproduction, and his views regarding the stability of the seventh commandment will doubtless provoke re-sponse from the pulpits of New England. Madeline Pollard did not hear the terms which her follow Kentuckian referred to her as an adventuress and shamele woman, because she left the court as soon as Mr. Calderon Carlisle had finished his ples in her behalf.

The Democratic House Caucus So Determines.

AT this present writing the scheme of NOT A FULL REPRESENTATION.

There Were Only a Hundred and Two Members Present, but These Passed the Repeal Resolutions Without a Dissenting Vote.

WASHINGTON, April 11.-The Democratic raucus, after a session of two hours and a half last evening, adopted the following resolutions without a dissenting vote:

resolutions without a dissenting vote: Resolved, That it is the sense of this canous that the prohibitory tax of 10 per cent. on rate bank issue be repealed. Resolved, That when the dill known as the Brawley and Spanner bill, which the com-mittee on banking and currency has ordered reported to the bouse, is called up for action as amendment be offered repealing the pro-hibitory tax on state banks; that ample time be afforded for discussion and if necessary to secure this the committee on rules be re-quested to take projer action. Exactly 100 Democratic members of the

Exactly 102 Democratic members of the nouse were present. The attendance from the south and west was very heavy. But the south and west was very neavy. But only a few eastorn men appeared, among them being Mesara, Stranss, Cummings, Dunphy and Warner (N. Y.), Pigott (Conn.), O'Neill (Mass.) and Sibley (Pa.). The discussion of the repeal of the state bank tax proceeded in a desultory way for a time and took wide range. Mr. Cul-berson (Tex.), chairman of the judiclary ommittee, made a strong speech in favo There was but little diversity of opinion

in the caucus on the question of the ad-visability of taking up for consideration the question of the repeal, but there was some opposition to annonational repeal. Mr. Cummings (N. Y.) made a Finging speech at the end in favor of the repeal. He declared that the people of New York had east their votes for Democratic candiand case their votes for Demographic candi-dates with a full knowledge of what the Chicago pintform contained, and he for one was ready and anxious to redoem every plank in that platform.

The result of the cators, only means that the bill to repeal the state bank (ax shall be considered as a fifter to the Brawley bill, which is now on the calen-dar, and that a vote shall be had upon it. It was generally admitted in the caucus that this repeal could not be accomplished meanificanalle inconditionally.

Mr. Swanson gave as the result of his anvass 129 votes for unconditional repeal, and Mr. Williams declared as a result of his investigation that a majority of the house favored the repeal, although not unconditionally. The question of condi-tions was only briefly touched upon at the CALCUS.

The Jonkins Investigation.

MILWAUKEE, April 11.-The Jenkins investigation did not attract much of a crowd. Chief Wikinson, of the Brother-hood of Railway Trainmen, was the first witness. He related facts concerning the conference of the Northern Pacific at the time of the threatened strike. The men had thought they could not leave the em-ploy of the railway. He and his associates cames to the conclusion that they could not advise the men to leave the employ of not advise the men to leave the employ of the receivers, but could advise them to remain. Chiefs Arnold, Clark, Sargent and Ramsay also testified, as did the of-facers of the road and ex-Senator Spooner. The latter testified that he, with At-torney Miller, had dictated the petition for the first injunction which forbade the employees of the Northern Pacific from employes of the Northern Pacific from striking, and also the order which was is-sued by Judge Jenkins. The committee returned to Washington today.

CANDIDATE FOR SHERIFF.

Alex. Scott, the well known merchant who has been prominently identified with Republican politics for several years, but who has repeatedly declined very tempt ing offers of positions on the county ticket of the party, has decided to be a candidate for the nomination of Sheriff on the Republican ticket this year. Mr. Scott is a gentleman of much popularity and influence and would make an exceed ingly strong candidate against any Democrat who could be put in the field against him. He is a man with all the qualifications required for the position of Sheriff of Schuylkill county and would fill it well. Although he has always taken an active part in politics he has never held office and his friends, who are I gion, feel that his fidelity to the party should now receive some substantial recognition. They say that if he is given the nomination all the energy of the comblued Democracy will not be able to defeat him. Mr. Scott has already opened a very determined and telling campaign.

THE mention of Thomas Tosh's name for Jury Commissioner in a repent issue of the HEUALD has brought out a number of letters commenting upon the suggestton in the most favorable terms. We believe Mr. Tosh is theroughly honest. One thing is certain, he is always frank and straightforward and there is never

The Behring Sea Proclamation.

WASHINGTON, April 11.-Copies of the president's proclamation relative to the scal fisheries were sent yesterday to the vaval commanders of the scal patrol, to the collectors at Pacific ports and to other officers who may be able to give them publicity. The sailing orders of the fleet, and the instructions to the commanders to govern them in making selzures are almost complete, but they will not be made public. The proclamation does not differ in principle from that issued last year, although it recites the provisions of the act of congress and the findings of the arbitration instead of the modus vivendi.
