

A NARROW ESCAPE!

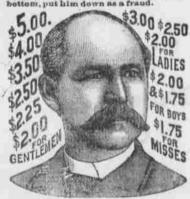

How it Happened.

How it Happened.

The following remarkable event in a lady's life will interest the render: "For a long time I had a terrible pain at my heart, which not greed almost incessantly. I had no appetite and could not sleep. I would be compelled to alt up in bed and belch gas from my stotilists until I thought every minute would be my last. There was a feeling of oppression about my beart, and I was afraid to draw a full breath. I couldn't sweep a room without atting down and resting; but, thank God, by the help of New Heart Cure all the 's past and I feel like another woman. Before using the New Heart Cure all the by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I welghed 12s pounds when I began taking the remedy, and now I welk liber it of the free in my case has been truly marved ous. It far surphsses any other medicine I have ever taken or any benefit, a very received from physicians. — Mrs. Barry Starr Pottsville, Pa. October 12, 1862.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all draugists, or by the Dr. Miles New Heart Cure is sold on a positive guarantee by all draugists, or by the Dr. Miles New Heart Cure is sold on a positive guarantee by all draugists, or by the Dr. Miles Medical Co., Ekhart, Ind., on receipt oppied. This great discovery by an emine specialist in heart disease, contains neither opiates nor dangerous drugs.

CAUTION.—If a dealer offers W. L. Douglas Shoes at a reduced price, or says he has them without name stamped on bottom, put him down as a fraud.

W. L. DOUGLAS \$3 SHOE THE WORLD

W. L. DOUGLAS Shoes are stylish, easy fitting, and give better satisfaction of the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas mane and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who went them. Dealers who push the sale of W. L. Douglas Shoes gala customers, which fields in increase the sales on their full line of goods. They can afford to sell at a less profit, at we before you can save money by buying all the profit of the dealer of goods.

THE APRIL BLIZZARD.

Work of the Storm in This and Adjoining States.

FOURTEEN SEAMEN ARE DROWNED

Two Schooners Wrecked on the Jersey Coast and Only Two Men Escaped-From Two to Three Feet of Snow Pell, and Crops Are Greatly Damaged.

LONG BRANCH, April 19.—Two vessels wore driven ashore wilhin twenty miles of Sandy Hook. One the big three-masted achooner Albert W. Smith, from Prov-idence, R. I., was driven before the north-east blast and dashed on Squan beach, eight miles below Long Branch. The high surf rendered it impossible to save any of the crew, although the wreck oc-curred opposite the Hie saving station. The schooner was on her way from Phila-

delphia to Providence, laden with coal.

In less than half an hour, after the vessel struck she was pounded into kindling wood by the sens which broke over her. What was left, a portion of the hull, was of the life saving station. Eight men composed the crew of the schooner not one of whom has been seen since their boat was wrecked, and it is unlikely that a man of the crew has survived to tell the tale of his experience in the awful gale. Four spars have been found on the beach, and it is thought that the fourth spar was probably a part of the wrecked Kate Markee.
The Smith was commanded by Captair

The Smith was commanded by Captain Samuel R. Berry. Her crew consisted of Mate Pardon S. Barber, of Narragament Pier; Cook George Lopez, Seman Manuel Silver, Peter Pino, Andrew Deloutra, Metriel, Ambrogues, and a boy, Cezar Gomez. Captain Berry has a wife and two children in Providence.

Captain Longstreet, who has been at Some Station for twenty me years said.

Squan Station for twenty-one years, said today that this storm was about as severe a one as came within his recollection on the Jersey coast. Others, he said, had been as furious, but had not lasted so

Directly opposite the Highland Beach station the three masted schooner Kate Markee came ashore at the outer bar, a distance of a quarter of a mile from the shore. She has gone to pieces, having eight of a crew on board. It was at first reported that the entire crew was lost, but later reports show that two of the men were saved. Owing to the vessel being so far away from the shore the life saving crews from life saving stations Nos. 1 and 2 were unable to shoot their lines to it, and as a high sea was raging it was in possible to render assistance. A number of people residing at Seabright are stand-ing in readiness to leave their homes, fearing they will be surrounded by water from the ocean, which is threatening to flood the town.

The storm is declared the worst that has visited Scabright in cleven years. Three thousand feet of the New Jersey Southern rathroad between that place and Highland Beach has been washed out. The waves seach has been washed out. The waves were so strong that the iron rails were twisted out of shape. The sand has been washed over the tracks for nearly half a mile. Travel on the road has come to a standstill, no trains running further north standstill, no trains running further north than this place. A cut is reported in the Shrewsbury river near Galliee, which completely shuts off travel either north or south from Seabright. Telegraph and telephone wires are down, poles having been blown down by the strong wind. General Enri's hotel, the Normandie, is in danger of going to pieces. The sea has cut through to Ocean avenue at Galilee, and St. Peter's church is in danger and is

liable to be undernified.

At Cape May the storm damaged the trolley road to the extent of \$2,500. Seven hundred feet of the Mount Vernon curbing was washed away. Yesterday's tide was the highest known in eleven years. The waves washed up in the yards of the Columbia avenue cottages. Several pleasure yachts have been blown ashore along the coast in this vicinity.

At Butler the storm was one of the worst of the year. The snow fell all Tues-

day night, and through the country fifteen inches of snow fell. The surrounding country is covered with a mantle of white, making it appear more like a day in De- THE ENGAGEMENT BROKEN OFF cember than a day in April. Trains are delayed and telegraph and telephone wires Miss Tyler Will Not Wed Howard Gould,

The storm at Atlantic City has done considerable damage. The tide is very high between Miss Odette Tyler, the actress, and the meadows are flooded. Trains over and Howard Gould, the son of the fam-

Reports from Delaware bay and river show considerable damage and loss to shipping and property. At Cedar Beach, on the lower bay, the water rose like a tidal wave, and the sturgeon fishermen tidal wave, and the sturgeon fishermen suffered severely. Six boats were sunk at their moorings and nine more carried a mile inland and deposited in wheat fields and orchards. Twenty-five nets, valued at \$5,000, were washed away, and twenty-eight small houses of fishermen wrecked or carried out to sea. The tide is said to have been the highest street 1878. have been the highest since 1878.

THE DAMAGE IN PENNSYLVANIA. Fears of a Sudden Thaw and a Disastrous Flood.

HARRISBURG, April 12.—The greatest April snow storm in thirty years has covered the city streets and country roads to the depth of nearly two feet. Snow fell almost continuously for twenty-eight hours. Telephone, telegraph and other overheard wires are down in all parts of the city, and the service of the Western Union and Postal lines east and west was considerably interrupted. Thousands of trees have broken under their weight of snow, and the highway commissioner was compelled to clear Front street of the bar-riers of broken trees and branches, a large force of axmen being employed. Capitol park resembled a wilderness, the broken trees and wires combining to produce a weird effect. Several horses and podes-trinus were severely shocked by live wires

trailing upon the ground.

Lancaster reports the two days' snow storm as the worst of the senson. Electric light, trolley, fire alarm, telephone and telegraph wires are all down and in an inextricable tangle, and reports of horses being shocked by tramping on the pros-trated wires are numerous. A man who attempted to assist a horse received a shock which rendered him unconscious.

Cot the best methods of economizing is so insure in first class, thoroughly reliable companies either life, fire or accident, such as represented by DAVID FAUST.

mountain tweaty lacks, and throughout the Schuylkill valley filteen to twenty-

Williamsport there is two feet of snow on the ground, and the destruction of electric light and telegraph wires is the most disastrons of the sesson. The snow most disastrons of the session. The show is of the heavy, wet variety, and a noun-ber of reefs have falled in under the weight of it. A sudden that will proba-bly result in a disastrons flood. At Lock Haven the storm is the heaviest of the present season. It has lasted thirty hours, and the snow is two feet deep.

Lumbermen, who have been anticipating the reopening of the rathing season, will be delayed for several weeks by reason of the melting snow causing a rise in the

One of the most severe snow storms of One of the most severe snow storms of the season visited Scrauton yesterday, and raged all day. It stopped all travel by rail and trolley lines and made the streets of the city practically impassable. Snow fell to the depth of sixteen inches.

At Bellefonte nearly three feet of snow has fallen, part of which has melted, leaving two feet of snow on the ground. A

At Wilkesharre over two feet of anow fell. The storm continued until 4 p. m., and railroad and street car traffic was slightly delayed. At Wellshore a driving snow storm raged for twenty four hours and the snow if now eighteen inches deep.

IN NEW YORK STATE Great Damage to Shipping Along the Long Island Coast.

BUFFALO, April 12 .- Snow fell here with out cessation for over twenty-four hours It is wet and heavy, loading trees and wires as heavy as they will hold. All communication by wire is difficult. Tele-graph, telephone, electric light and police signal wires above ground are more or less broken, clogged and crossed. It is impossible to learn how great is the extent of the storm in this territory, but from scattering services at hand the snowfall seems to be general at this end of the state, and to extend beyond Rochester. The storm has brought employment to hundreds of men at clearing the streets

and railroads.

A special from Greenpoint, L. I., says The fiercest storm experienced here in years is raging. The wind is blowing at the velocity of over forty miles an hour, and it is snowing and raining alternately. There is great damage to shipping along the coast. The new oyster schooner Nevada has been driven ashore here. She is vata has been driven ashore here. Sae is heavily loaded with seed oysters, and with-out a doubt will become a total wreck, as abe is pounding herself to pieces on the rocks. The lumber sloop John Morgan parted her cables, and in less than ten minutes was a total wreck. Trees were uprooted in different parts of the village.

At Jamestown the storm, while unusually severe for the season, has done comparatively little damage. No trouble has been experienced with local telegraph and telephones. Snow fell to a depth of seven inches, but rapidly melted away. Southern Chautauqua only caught the edge of the storm.

At Lockport the snow storm is reported the severest of the season. Country reads are reported impassable. Great damage has been done to fruit trees throughout the country, and the crops will suffer seriously.

At Elmira two feet of snow fell. Rail

road traffic is considerably delayed, and some of the electric surface rallroads are blocked and others badly crippled. At Middletown snow began falling at 1:30 Wednesday morning and continued

until midnight. At Olean, although much of the snow-fall has melted, nearly two feet lie on a

At Poughkeepsie the storm reached the proportions of a small blizzard. Over a foot of snow has fallen.

Finishing Up the Peach Crop.

WILMINGTON, Del., April 12.—The few peach buds that lived through the severe peach buds that lived through the severe freeze of the last week of March have been finished by the present severe storm of anow and sleet. The storm extended all over the peninsula, and trees were covered with ice all night. Report from all sec-tions are uniform in expressing the opin-ion that all crop prospects have been com-pletely rained by the storm and that there is little chance of any considerable crop of berries.

the Young Millionaire.

the Camden and Atlantic railread are un-able to cross the mendows, owing to the high tide. At Brigantine Beach a large of personal import, has changed her mind quantity of lumber has been washed and reconsidered her determination to wed

Chicago's Great Luckout,

Chicago, April 12.—Pursuant to the decision of the Central Building league and a majority of the leading builders of Chicago the lockout of all the employes engaged in the building trades began this morning at 7 o'clock. No man affiliated with a trades union will be taken back to work until a general agreement is reached that they will consent to an arbitration of all differences growing out of the schedules which the bosses have refused to sign. Representatives of both sides say that a long light, and one in which the building trades alided industries will remain practically at a standatil, is imminent. Others declare that the lockout-will last until Saturday night, but not much longer.

"A HAND SAW IS A GOOD THING, BUT NOT TO SHAVE WITH."

IS THE PROPER THING FOR HOUSE-CLEANING.

COKERS AGAIN VIOLENT

They Drive Men from Work at the H. C. Frick Ovens.

SURRENDERED TO THE STRIKERS.

The Men Driven from Work Compelled to Join the Ranks of the Rivters-It Is Now Asserted That Paddock Was Billed by His Own Assistant.

Unionrown, Pa., April 12,-There was considerable disorder in the color region yesterday. The first outbreak came when an armed mob of 400 strikers assembled at the Youngstown works of the H. C. Frick company, near here. About sixty coke drawers were in the pit, when at a given signal the strikers swooped down upon the plant from every direction. The workers fled for shelter to the company's store, which was guarded by only six employes.

The 400 Huns in the mob demanded that the workmen be given up. This was re-fused at first, but after several attacks the workmen were given up. They were treated to all sorts of insults, and some of

them were besten with clubs.

Sheriff Wilhelm was notified at once and started for the scene of the trouble. The rioters had left for the Leisenring's. taking the Youngstawn workers with them. The sheriff gave chase with twenty them. The sheriff gave chase with twenty deputies, overtook them, and ordered them to disperse. The leader of the rioters an-swered that they were on the public high-way and they had equal rights with the sheriff. A deputy took charge of one of the men, when the strikers surrounded the posse and forced the authorities to give up the man. The sheriff's force fell back and the strikers outlined their march.

the strikers continued their march.

At the Youngstown works, it is said, an attempt was made to shut off the air from the mine, which would have resulted in suffocation and death for the workers.

At midnight the region was quiet, ac-cording to the story of Sheriff Wilhelm, who has just returned from the scene of yesterday's trouble. He carries a broken arm, which he got by falling over an embankment while pursuing the mob from the Youngstown plant. He did not see a physician until be arrived home, and the arm is now in a bad condition. He at once began swearing in deputies to go into service this morning, and a large number are now in the field.

The sheriff states that while everything is now quiet the condition of things is un-

The strikers are very much elated over the action of the national organization of United Mine Workers, and feel that their United Mine Workers, and feet that their cause is made stronger. The employes of the H. C. Frick company have stated, how-ever, that, regardless of the national or-ganization, they will remain at work and

keep their contract with the company.

The strikers now contend that Paddock was shot by Colts his assistant, during the excitement during the Davidson trouble. They contend that Colts shot at the strkers without provocation, and that when his hasty action had incensed the strikers and caused them to make the demonstra-tions, he became so excited that he fired in all directions, one of his bullets killing Paddock. In support of this they point out that Paddock was in front of Colts when he received the wound in the back of his head. They also further assert that none of the rioters were armed

Four Fatally Burned by Molten Metal. Pomenov, O., April 12,-A hydraulic plunger on a convertor at the Middleport steel plant broke yesterday, precipitating 8,600 pounds of white hot metal among sixty worknen from a distance of fifteen sixty workmen from a distance of lifteen feet. Ten were burned, four fatally. Those who will surely die are: Jack Hayden, Oriando Grady (a boy), William Cozens (colored), who had his arm burned off, and Stephen Weeks, who had both eyes burned out. The hot metal scattered for fifty feet in all directions. The clothes were burned from all within resuch. All the fatally injured are single men except Cozens, who has a large family.

Destitution Among Strikers.

GROVE CITY, Pa., April 12 .- Many fam GROYS CITY, Fa., April 12.—aany families of the striking miners at Chestnut Bidge are starving. For the past month they have been receiving aid from the farmers of southern Mercer county, but now the latter; refuse to aid them further because they think the men should accept the reduction and return to work. The operators say the old wages will be paid when trade brightens up.

STOCK AND PRODUCE MARKETS.

Closing Quotations of the New York and Philadelphia Exchanges.

New York, April 11.—The speculation today was intensely dull and absolutely devoid of interest. Chicago Gas was the only stock in which the transactions exceeded 10.000 shares, and in only four others, St. Paul, Sugar, Missouri Pacific and American Tobacco, did the sale exceed 5.000. Closing bids:
