## TERRIBLE EXPLOSION!

## Too High Pressure.

In these days of keen competition in every line, when the business man is compelled to bend his intellect and every energy to the ancess of his business; the clerk, book-keeper, professional man and lab rer, to drive themselves at a terrific rate, there can drive themselves at a terrific rate, there can be but one result—an explosion, which if not resulting in immediate death, leave them with shattered brains and bodies. They are running at too high pressure The strain is too great. Something musi-and does give way. This is equally true of women. Though their sphere is more limited, they have their daily burdens, frets and worries, and the results are the same as with their stronger companies.

with their stronger companions. This condition is growing worse every day. The rapidity of its increase is awful to contemplate. Our homes, hospitals, and invane asylums are full of these unfortunities. and are being crowded still further. There is but one solution of the matter. Recog-tize the importance of the situation at once. and take the necessary measures to over-come it. If you have failing memory, hot flashes, dizziness, nervous or sick headache, biliousness, irritability, melancholy, slocplessness, fainting, nervous dyspepsia, epi-lessy, etc., know that any one of them is but symptom of the calamity that may befall ou, and even though you have used so-called remedies and treated with reputable physicians with little or no benefit, give Dr. Miles' Restorative Nervine a trial. # KELLY COMING EAST. His Army Refuses to be Sent Back

to California.

CAPTURED A UNION PACIFIC TRAIN.

On This They Are Traveling Toward Washington, with No Estdence Thus Far of Boing Interfored with-Well Provided with Food.

EVANSTON, Wyo., April 18.—At midnight General Kelly's army of the Commonweal, which had encamped on the plains of Utah, sight miles out of Ogden, quickly broke camp and captured a Union Pacific freight train made up of box cars en route to the mines. General Kelly at once assumed command of the train full of footsore and weary crusaders. The engineer and fireman obeyed the orders issued by the commandant, as they had instructions to do so from Superintendent Bancroft, of the mountain division, should one of the the mountain division, should one of the trains of his division be captured by the industrial legion. The capture was totally unexpected, although Superintendent Bancroft had predicted that such a move-

Bancroft had predicted that such a move-ment would likely take place on the part of General Kelly and his henchmen. The march from Ogden was full of inci-dent and excitement to the hundreds of men who composed the army. There were plenty of stragglers, men weak from want of food, men with rheumatism, pneumo-mia and the countless aliments that follow in the weaks of starvation and privation. in the wake of starvation and privation. When Utah was reached the army decided to go into camp for the night, but pickets were put out, and when a freight train came along it was held up in regular bold bandit style, the trainmen showing little disposition to question the right of the men to take charge of the train. Camp was at once broken, and the men climbel on board the cars. Several of the most trusted of Kelly's lieutenants took places in the cab of the engine, fearful of treach-ery on the part of the engineer and fire-

The army remained at the depot here about twenty minutes while enginess were being changed, and then proceeded east-ward. They stopped a few miles east of town and prepared breakfast. The citi-zens of this place had baked great quan-tities of bread, intending to feed them here, but as they had one or two carloads of provisions with them they would not about twenty minutes while engines were wait to partake of the city's hospitality. There are very many good looking, in telligent men among them, and they appear to be under excellent discipline. The American flag floated from the doors of many of the cars, and one of their ban-ners bore the picture of a Chinaman with a pole and basket slung on his shoulder and the words, "Melican man must go." As the train pulled out one lone must cian among them played on the bugle "Marching Through Georgia." The army onght to reach Cheyenne touight, barring mishaps and the side tracking of the train, which will undoubtedly be attrain. tempted on the part of the railroad com

pany, Governor Osborne says no effort will be made by the state authorities of Wynm-ing to interfere with the industrial army while it does not violate any law. The train bearing the army will not stop within the fimits of any town, and provisions contributed will be sent to the sid-ings between stations. It is undecided whether to send the army when leaving Cheyenne east through Nebrasha or south through Colorado.

The Omaha board of health has made arrangements to quarantine General Kelly's army outside the city and vaccinate every man. Several cases of small-pox have been brought to Omaha by tramps, in the last few days.

COXEY'S WEARY WALKERS. Their Reception by the Mountaineers Is

Far From Cordial.

ADDISON, Pa., April 18.-The tramp from Chalk Hill to this point was one of great suffering for the marchers of the Com-monweal of Christ. While the storm had abated in a measure the depth of snow on the ground made walking a burden, and the stops for rest demanded by man and beast were frequent. The horses in wagons were unhitched at intervals. There were many mountaineers down here to view the Commonweal, and there is an ugly loof abroad. Mountain liquor has been flow-ing like water, and the men are in a proper state for the conflict. The moun-

BISHOP BONACUM'S TRIAL

### The Case Thrown Out by the Archbishop

and May Go to Rome. OMAHA, April 13 .- The trial of Bisho; Bonacum which promised to be a nine days' sensation in Roman Catholic circles commenced without a witness being sum the charges preferred by a number of priests against the bishop. They included misadministration of office, tyranny and oppression, insubordination, included strife, personal slander, arbitrary use of power, violation of the statutes, misap-propriation of church funds, falsehood, speculation with church funds, perjury and many others. The archbishop declined to consider the principal charges, and stated supplatically that he would hear nothing but "personal grievances." Ex-ceptions were taken to all the archbishop's rulings, and at the conclusion of the read ing the complainants filed a general ex-ception and appealed the case to Mgr. Satolli. If they do not gain their point with Mgr. Satolli the case will be carried to Rome.

#### Sensational Charges of Blackmail.

## Necessity for Determined Action in the National House.

## PROPOSITION TO IMPOSE A FINE.

Men Who Refuse to Perform the Work for Which They Are Paid May Find. Their Salaries Reduced-Over Six Hours of Fillbustering Yesterday.

WASHINGTON, April 13,-The Democratic the Republicant to participate in legisla-tion. All through the last congress and duing the present congress the Republicans have on frequent occasions deadlocked the house for days by refusing to answer to their names, thus breaking a quorum As there was no rule to compet them to vote, and as the speaker declined to adopt Mr. Reed's expedient of counting a quo-rum without the authorization of a rule. the house was constantly at the mercy of

the minority. The question of the adoption of some method to compel the Republicans to vote was agitated during the last congress and at various times during the present ses-sion. Many different plans were offered sion. Many different plans were offered by different Democrats, and there were no inconsiderable number of them who favored a rule which would empower the spanker or clerk to record as "present, but not voting," the Republicans who de-clined to respond to their names. Mr. clined to respond to their names, all, Reed himself has been constantly lighting to force the speaker to adopt the quorum counting devices of which he was the author, but there was on the Democratic alde a large and bitter opposition to this expedient

Some time ago a Democratic caucus was held to consider the matter, but the ex-igency, having passed when the catters was held nothing came of it. For the last few days, however, the Republicans have blocked business, and there was a widespread belief on the Democratic adde that this was in pursuance of a preconcerted arrangement with the Republicans of the senate to delay all business with a view to postponing action on the tariff bill. It was intimated that a quorum would hereafter be demanded not only on partisan meas ures, but on the routine business of the house. Under such a stress of circum stances Speaker Crisp, Mr. Catchings and Mr. Outhwaite, comprising the Democra tic end of the committee on rules, decided that the time had come to act. A resolu tion embodying a new rule, designed to fine members \$10 for refusing to vote, was

The Democrats were by no means unan imous in their approval of it. While the general sentiment of the house favored some modification of the rule to accomplish the purpose desired, a wide difference of opinion existed as to what that modifi cation should be. Some of them, like Mr Cockran (N. Y.), preferred an out and out Cockenn (N.Y.), preterred an out and out quorum counting rule on the line of the amendment to the rules offered some time ago by Mr. Springer. Others preferred a rule to enforce Section 40 of the revised statutes, which provides for a deduction from the salaries of absences for such days as they are absent, except on account of sickness. The Democrats yesterday were unable to muster a quorum to actom the new rule, and, finding taomselves un able to proceed, a resolution was offered to revoke leaves of absence, and compa-the attendance of absentees. By a resort to every means known to parliamentary law the Republicans succeeded in prevent-ing the adoption of this order for six hours and a half. Today the struggle was re-sumed.

It may be that the Democratic opposition to the new rule as drawn will result in its modification, or possibly a complete substitution of some other method to pre-vent filibustering, but there is no doubt that when the present struggle is over the wings of the fliibusterers will be clipped and a new order of things may be in vogue in the house of representatives.

The only licensed saloon in the place b opposite the camp, and the liquor is belt dispensed with a lavish hand. Such is the feeling that Marshal Browns called upor the army to carefully abstain from the use of liquor or any possible conflict. Last night Browne and the "Unknown" spoke, Mr. Coxey being absent in Cumberland arranging for the army's arrival there on Sunday. Two lines of pickets were placed at the camp, and no member was permitted to leave.

#### New York Assemblymen Reprimanded.

ALBANT, April 13.—A partisan wrangle in the assembly chamber led Mr. William Sulzer, of New York city, to call on his colleagues, "Don't vote! Don't vote!" on some measure coming up for action before the house. Eight Democratic members beside himself refused to vote, for which the nine were declared in contempt, were called to the bar and publicly reprimanded by the speaker. Much bitter feeling has been caused by the disorderly scenes that preceded the dramatic incident and its result.
