REPUBLICAN STATE COMMITTEE,
 Philadelphia, Feb. 24, '94.

To the Republican Electors of Pennsylvania:

I am directed by the Republican State Committee to announce that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention at Harrisburg, Pa., on Wednesday, May 23, at 11 o'clock a. m., for the following purpose, to wit:

For the nomination of candidates respectively for Governor, Lieutenant-Governor, two members of Congress from the state at large, Auditor General, Secretary of Internal Affairs, and for the transaction of such other business as may be presented.

Attention is called to the rule adopted at the State Convention of 1883 providing for the basis of representation as follows: Representatives in future state conventions shall be based upon the vote cast at the Presidential or gubernatorial election immediately preceding, one delegate being allotted to each legislative district for over 2,000 Republican votes and an additional delegate for a fraction exceeding 1,000 votes, each district to have at least one delegate.

By order of the Republican State Com. H. F. KILLBOURN, Chairman.

Attest: J. E. B. RICE, Secretary.

A. D. BRIDGES, Chairman.

The representatives to which each district of the county is entitled is as follows: First district, 1; Second district, 1; Third district, 1; Fourth district, 2.

The Unknown says that he is the President of the Society for the Prevention of Cruelty to Humanity. Then why should he be partaker in the scheme of walking the poor hobos to death?

For the first nine months of the present fiscal year the national expenditures have exceeded the income by \$63,000,000. The rate at which Uncle Sam is getting rich under Democratic management is enough to make his hair stand.

Gov. Warrick has won a complete victory in the Colorado Supreme Court, getting a judgment of ouster against the hostile police board. By this time he sees the United States Senatorship rising majestically into full view and himself figuratively in the toga.

It is true that the rebels have abandoned all their ships there will be peace in Brazil till the next rebellion breaks out. According to the rum of things there Polkoto ought to have a grievance against the new President before long and fly to arms.

The Supreme Court of the United States have granted a new trial to an Arkansas man convicted of murder, on matter found in the charge of the trial judge, which he was two hours in delivering. He is a poor lawyer who could not pick a flaw in the opinions of a judge who talks two hours continuously.

The strike in the coke region is puzzling. Outwardly it looks as though it had flared out and that peace had been restored, but the coke proprietors do not view it in that light. At all events they are having new dignities sworn in, and taking such other precautions as would indicate a fear of renewal of mob violence. The oddage that while at peace is the time to prepare for war, and that the best way to avoid attack is to be prepared for it, is the principle upon which the operators are being governed.

The women of New York have recently awakened to the idea that they ought to have the right of suffrage, and in that opinion are backed by a large number of influential men. They make their appeal for the right on the ground that large numbers of them pay taxes and should therefore be entitled to have a voice in the selection of public officers. The demand is a reasonable one and though it is hardly probable that this effort in New York will be successful, there will be such a demonstration of public sentiment in its behalf as to leave no doubt that eventually the demand will be complied with.

Coxey's army of Commonwealters fell into a good thing when it took Cumberland in Maryland. A local street railway company found the camp a good thing, so many people were there who found it a pleasure to ride out and see the tramps in the various processes of bathing, loading, playing baseball and mending old clothes. So the Company which ran the cars is understood to have subsidized the

Coxeyites by means of a crisp \$100 bill in to staying over a day longer than had been intended. The outcome of his enterprise on the part of the railway people is but too plainly to be seen. It will develop in the shape of a "grand and only original aggregation of Coxey Commonwealters," the members of which will tour the country annually on the Wild West plan, taking good care not to spoil, by undue cleanliness in the off seasons, the startling effect of the occasional bath "on the road."

In 1892 the Democratic party, under pledge and promise to do a great many things alleged to be for the interest of the country, wheeled the people out of their votes. It was a confidence game and as devoid of honor as the green goods scheme or any of the other similar devices to catch the unwary. But it succeeded, and now, after nine months of Congress, but one thing has been done of all the promises made, and that is the repeal of the law to protect the ballot from fraud.

Thus it appears that, beyond the passage of a measure to perpetuate Democratic occupancy of the government offices, not one thing has been accomplished. Every public official, from Grover down, has been ready at meal time but never on hand when legitimate work was to be done, always present when pay was to be given out, but always absent when it was to be earned. Not only had the immense expense of Congress been absolutely wasted, but, far worse, has been used to the positive injury of the country. Not only has the enemy taken our guns and ammunition, but he has turned them against our own people. If Congress had simply been worthless we could have stood the expense and charged it up as a kind of fool tax.

An Historic Celebration.

BOSTON, April 19.—Thousands of patriotic citizens crowded the thoroughfares adjoining the Old South church last night when the chime bells in the tower of that historic edifice were rung for the first time in half a century. Lanterns were hung as history says they were hung by Sexton Newman 118 years ago last night, to warn Paul Revere that the soldiers of King George were attempting a landing. The houses in the vicinity were hung with Chinese lanterns and bunting.

Copeland Out on Bail.

INDIANAPOLIS, April 19.—W. H. Copeland, who on Tuesday shot Lawyer Harris and Attorney Branning in the law office of Harrison, Miller & Egan, was arraigned in the police court yesterday, charged with shooting with intent to kill and carrying concealed weapons. Judge Smith fined Copeland \$250 on the latter charge. Upon protest by Copeland's attorney this fine was stayed. Copeland was then released on a \$5,000 bond, \$2,500 on each charge.

More Trouble for Denver Police Officials.

DENVER, April 19.—Warrants were issued by Judge Frost for the arrest of Chief of Police Stone, ex-Sergeants Tuttle and Newton, and Lieutenant Clay on charges of storing dynamite in the city hall in violation of the ordinance. Mayor Van Horn was the complainant. The alleged crime was committed during the police war.

Two Fishermen Lost at Sea.

BOSTON, April 19.—The fishing schooner Arthur Blinny, Captain Hobson, arrived from La Have with colors at half mast. Robert Munroe and Thomas Caray, two of the crew, were tendered on April 8, and were lost sight of in a violent south-east gale. There is a possibility that they were picked up by other vessels.

Indignant Lexington Women.

LEXINGTON, Ky., April 19.—The fact that Breckinridge's friends are preparing to give him an ovation at the opera house here on May 5 is awakening the women of the town. The husband of one them said: "If such an ovation takes place the women will hold a mass meeting and denounce the whole proceeding."

An Outraged Business Block.

CLEVELAND, Pa., April 19.—The principal business block of West-Cleveland was destroyed yesterday for the third time in the history of the place. The first time was by the flood of 1889, the second time by fire in July, 1892, and the third time by fire this morning. Loss, \$20,000; insurance, \$5,500.

Man Buzard Convicted.

LANCASTER, Pa., April 19.—Mort Buzard and Joe Brounschweiger were convicted of robbing and shooting Isiah Shaffner, a farm hand, who claims to be first-class. It was thought would die, but he has now fully recovered.

Jealousy and Murder.

PHILADELPHIA, Pa., April 19.—In a fight at Peale between Swan Milgren and John Ellison, miners, Milgren shot Ellison in the neck, killing him instantly. Jealousy is supposed to have been the cause.

A PLEASANT SURPRISE
 is in store for you when you buy Dr. Pierce's Pleasant Pills. If you ever took the ordinary liver pill, big and bulky, they will give you a pleasant surprise when you try them, especially when it is sugar-coated, they are as a mustard seed but very effective. Other things being equal, the smallest is the best in liver pills—hence, "Pleasant Pills."

If you are troubled with indigestion, constipation, biliousness, bilious headaches, and a hundred and one ills which depend upon an inactive liver, use Dr. Pierce's Pleasant Pills. With these pills you get not only temporary relief but a positive cure; they're guaranteed to give satisfaction or your money is returned.

For fat people who suffer from indigestion, for hearty eaters and high livers—those whose livers are sluggish, this pill is what is most needed. Take a Pill after dinner.

COXEY AND THE SENATE

Senators Discuss the Proposed Invasion of Washington.

THEY HAVE NO FEARS OF RIOTING.

The District Laws and Officials Ample to Protect the Capitol—Coxey's Deposed Aid, the "Unknown," Working Towns for His Personal Benefit.

WASHINGTON, April 19.—The Coxey movement received its first recognition at the hands of the senate yesterday. The question was brought up in executive session, and was under consideration for an hour and a half, the senate remaining in session until 6:30 o'clock. No formal action was taken, and the matter was considered very irregularly upon a suggestion that as there were several organizations of men approaching Washington with the avowed purpose of forcing recognition in the way of legislation it behooved Congress to decide what it would do in case of the arrival of large numbers of men of the character and with the purpose of Mr. Coxey's followers.

Senator Curtis, speaking for the committee on rules, said that the committee had had the question under consideration, and after an examination of the statutes bearing upon the question of the invasion of the Capitol grounds by organized bodies of men, had reached the conclusion that the laws now on the statute books made ample provision for the protection of the building and of congress, and that the committee had taken the necessary steps to see that the laws were executed.

There was a very meagre attendance of the senators while the question was under consideration, but many of those present spoke briefly, a majority of them expressing the view that no danger was to be apprehended except possibly from thieves and other hard characters who might take advantage of the presence of the Coxeyites to make trouble, and the opinion was general that preparation should be made to look after them very closely. The impression also seems general that the regularly organized police would be capable of executing the laws during the presence of the army, and that it would not be necessary to make any special show of armed forces.

THE "UNKNOWN'S" LITTLE GAME.

"Working" Towns an Advance Agent for Coxey and His Followers.

HANCOCK, Md., April 19.—Coxey's navy sailed into barren seas when it reached Hancock. A run of twenty miles was made between breakfast and sunset, the flotilla drawing up under the Hancock bridge for a late and lumpy supper at dusk. But the navy had to come out of the commissary wagons. The towns authorities refused to vote either money or provisions to the army, so that crackers and cheese were the best they could get out of their own resources. But a greater reverse than this greeted the leaders. Private charity that might have gone to them had been drained the day before by two traitors in the camp. The "Unknown," with the veiled lady and "Cheek" Childs, a young man who had been the army's advance agent from Massillon, had come to town the previous day, held a public meeting and raised a sum of money, how much could not be learned, on the strength of credentials from Coxey in Childs' possession. Browne and Coxey at once published an open letter, denouncing the men as impostors, and asking their arrest for obtaining money under false pretences. Burgess Ditto, of the town council, identified Browne as an Indian medicine man who had visited the town three years ago with a patent blood purifier.

Captain Galvin's Industrialists.

SEYMOUR, Ind., April 19.—Captain Galvin, with 225 members of Fry's Industrial army, arrived here yesterday. Citizens immediately provisioned them with half a slaughtered bullock, 300 pounds of lard, 300 loaves of bread, a bag of coffee, potatoes and cabbage. At Angola, Ind., just outside the Ohio state line, the railway left the cars and camped in the army machine shops. They will march into Ohio to relieve the Baltimore and Ohio Southwestern from liability for bringing vagabonds into the state.

Refuse to Convey the Industrialists East.

SAN FRANCISCO, April 19.—The Chicago officials of the Santa Fe decline to ratify the arrangement made in this city for the transportation of 500 Industrialists from Mojave to Chicago, as the situation there would not warrant the importation of unemployed large numbers, but only aggravate present conditions. Chief of Police Crowley says he will do nothing further for the men, and they must walk or do as others have done.

Double Murder and Suicide.

WHEELING, W. Va., April 19.—A special from Glenville says that Lloyd Koda-baugh, a prosperous farmer living on Yellow creek, Calhoun county, lashed his two children, aged 8 and 5 years respectively, and then took his own life. His wife was absent during the day, and on her return found the bodies hanging from the rafters of the house.

A Twelve-Year-Old Suicide.

HAMTORD, April 19.—Harry Hays, son of William Hays, a respected farmer living in West Hartford, committed suicide by shooting himself in the head. The boy was a bright little fellow, 12 years old, of a very sensitive nature. He had been severely reproved and punished by his school teacher and felt the disgrace keenly.

Japan Welcomes Foreigners.

DENVER, April 19.—Hew H. E. Jones, a former missionary to Japan, now a resident of Denver, explains the results of the Japanese elections as favorable to the support of the emperor's policy of welcome to the foreigners. A faction of Japanese politicians tried to force the emperor to embark on a policy of exclusion.

Bank Wreckers Case Postponed.

INDIANAPOLIS, April 19.—The trial of the Indianapolis National bank wrecking case was adjourned by request of ex-Attorney General Miller, of counsel for the defense, until Tuesday next. A. C. Harris, who is disabled by his wound, was the chief attorney for the Coffins, two of the defendants.

Baker Zeiss' Murderer Confesses.

VINELAND, N. J., April 19.—Louis Fiehle has confessed to the murder of Christian Zeiss. Fiehle was arrested for the crime several months ago, and is now in the county jail awaiting trial at the May term of court. Last November he broke into Yerkes' bakery and secured a sum of money, a gold watch and other valuables, but was discovered by Baker Zeiss, whom he stabbed in a particularly brutal manner. Zeiss died a few days later. Some weeks ago a man was committed to the county jail on the charge of robbing a jewelry store in Bridgeton. He was really a Pinkerton detective, and has succeeded in working a confession from the accused man. The stolen goods have been found in a barn on a farm owned by Fiehle's brother, as indicated in the confession.

David Dudley Field's Will.

NEW YORK, April 19.—Justice Stephen J. Field, of the United States supreme court, filed for probate the will of his brother, David Dudley Field, most of the estate, whose value is not stated, is left to his daughter, Lady Musgrave, and her children. To the \$5,000, so that the town graveyard, where his ancestors lie, may be kept in order, and the bell in the belfry, which he erected, may be tolled more each day. He gives \$5,000 to his native town of Huddersfield, Conn., so that the Field parks may be kept in order.

Natural Gas in the Empire State.

ROCHESTER, N. Y., April 19.—A dispatch from Fayette, Seneca county, says: While drilling a well in the hamlet of Bearytown, at a depth of 800 feet, a strong flow of gas was struck. Excitement among the villagers is running high, and land has advanced fabulously in price. Village lots and dwellings are held at many times their value, and prospectors are trying with more or less success to organize companies to sink wells all over the adjacent property. Already the citizens are talking of incorporating the hamlet.

Senator Vance's Successor.

ASHEVILLE, N. C., April 19.—It is understood that ex-Governor Thomas J. Jarvis has been formally offered the senatorial appointment. His acceptance is doubtful.

Hood's Cave Back Health and Strength

That Dreadful Prostration Cured.

"C. I. Hood & Co., Lowell, Mass."
 "Gentlemen—A little over a year ago, I was attacked by the grip and, after the crisis had passed, I was left so weak and with that dreadful prostration, that I was unable to dress myself for almost nine months. Some friends who knew its merits, persuaded me to take Hood's Sarsaparilla and I am now taking my fourth bottle. I am so thankful to be able to say that I can do my household work, and am gaining fast."

I Sleep Well, do not have sourness of the stomach, and eat with good appetite. I think Hood's Sarsaparilla deserves all the praise it gets and more."
