IT IS UNWISE.

It has been observed that in certain

quarters there is a disposition to agitate

the question of succession to Senator Cameron and Interlect It into the approach-

ing campaign in this state. We feel

justified in warning the people against

such an issue as unwise, irrelevant to the

campaign and as a trailer to detract

attention from the real issue. It savors

of a Democratic trick: Senator Cameron'

term as United States Senator will not

expire until 1897 and the subject of re-

election or succession will not come prop-

erly before the people within two years

Senator Cameron stands as he has In the

past, for the Republican party and Protec

and his party to attempt at this very early

day the question of whether or not he

will succeed himself in the Senate. When

the proper time comes Mr. Cameron will

# SENATORS ALARMED

Over the Proposed Invasion of the National Capital,

NECESSITY FOR SPEEDY ACTION.

Meantime the Invaders Ars Steadily Marching On, Though Kelly's Army, While Well Provided with Food, Meete with a Sot Back at Council Bluffs.

WASHINGTON, April 20. - Inquiry de-velops the fact that senators take a more

serious view of the prospective gathering of Coxsyltes and others here than the first reports would have seemed to indicate. They do not entertain so much apprehen-sion concerning the immediate followers of Coxey as they do on account of the large number of other organizations re-ported to be headed towards the city, and porten to be neared towards the city, and they think it possible that the large cities of the eastern scaleard may farnish large contingents if it should become apparent that there will be a sufficient assemblage otherwise to make a cloak for pickpockets and thieves. It has also occurred to some of them that the crowd will necessarily constain an enusual percentage of profes-sional agitators, who, being reckless of consequences, may incite the crowd to

violence. Senators who sat quietly in open session yesterday while the Populist senators were discussing the proper method of dealing with the Coxeyites expressed themselves quite freely in accret session, to the effect that immediate measures should be taken by the executive depart-ment to meet any of the exigencies which may arise. The opinion is expressed by senators who participated in the execu-tive proceedings that in view of proceedtive proceedings that in view of preced-ents and the emergency that is likely to arise President Cleveland would be justiarise President Cleveland would be justi-fied in issuing a proclamation warning the men now on their way to the city in connection with Coxey's movement that the authorities will be prepared to re-quire the strictest observance of order. The opinion is also freely expressed in the senate and was advanced in executive se-ion that courses cannot afferd to and sion that congress cannot afford to and should not do anything looking to the sustenance of the Coxey army while here.

### COXEY OFF FOR HAGERSTOWN. He Will Leave His Army Temporarily to

Attend a Borse Bale. WILLIAMSPORT, Md., April 20. - The

Coxey army camped in the rain yesterday. The canal boats that brought the party from Cumberland had hardly deposited their passengers when a drizzle set in that lasted into the afternoon. There was but lasted into the afternoon. There was but one tent, and the men sought shelter un-der wagons as best they could. He and Browne also had a great many visitors, the most of them curlosity seekers, but one party of women from Martinsburg came with an address of welcome and en couragement. Coxey left with the army for Hagerstown this forenoon, and will leave them there to attend a horse sale in New York, at which he will dispose of me of the stock of his Dixiana farm at Lexington. He will rejoin the army on Tuesday next at Damascus.

## in a Battle with Marshals.

PERRY, O. T., April 20.—News was re-ceived here by a messenger that a terrible fight occurred about forty miles east of here, near Ewen mountain. The best officers of the territory are camping on the out-law's trail, and at this hour the istest news from the field of carnage is that the Dal-ton gaug is a thing of the past. They have terrorized Oklahoma and southern Kansas for the past four years. Several messengers arrived from the vicinity of Ewen mountain last evening.

#### A Forerunner of the Big Strike.

ROCHESTER, N. Y., April 20 .- The coal RECENTER, N. Y., April 20.—The coal miners' strike promises to be one of the greatest that has occurred in many years east of the Mississippi river. The men em-ployed in the Big Soldier mine at Rey-noldsville, Pa., numbering about 1,500, walked out yesterday, and at the same hour the men employed in the Adrian and Walstan mines owned he the Rochester Waiston mines, owned by the Rochester and Pittsburg company, quit work. The men at the Elnora, Beech Tree and Helvetia mines refused to go to work this morning. This puts at least 4,000 men out of work as a forerunner of the big strike which goes into effect tomorrow.

## Fell Four Storles.

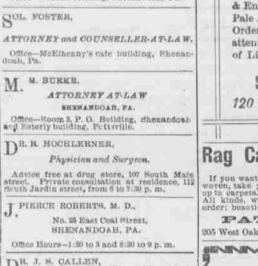

WASHINGTON, April 20.-William White foreman of the carpenters employed in the Palais Royal building, at Pennsylvania avenue and Twelfth street, fell from a scaffold four stories above the ground. He fell to the sidewalk, striking on his back in a six foot space between two fences either of which would have impaled him had he struck it. The board descended upon the head of a colored workman, knocking him semeless. White was able to talk when taken to the bospital, and complained of a pain in his back. He is injured internally.

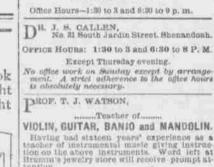

## Another Victim of Detroit's Riot.

DETROIT, April 20.—The only showing of nimosity by the Polish laborers yesterday was a threatened interference with a gan of pavers, but the Poles scattered when a squad of police arrived. ## DEMOGRATIC ADMISSIONS

It makes very little difference whether Speaker Crisp counts a quorum by includ- Kenry. Ing members present and not voting, or whether his tellers do the counting for him. Either way it is "Tom" Roud's way of counting a quorum and the Democrats might as well admit it and sottle down to Justness. Speaker Crisp is a "Caar" by proxy.
