THE TRIAL OF COXEY.

The Commonwealth Army Leader Before a Court of Justice.

LOOKS BAD FOR KELLY'S BAND.

It is Now Believed That the California Industrialists Will be Starved Out of Des Moines and Compelled to Continue Their Journey on Foot.

WASHINGTON, May 5.—Another opportunity was afforded the Commonwealth leaders to exploit themselves before the public yesterday in the police court proceedings against the leaders. Marshal Carl Brown took advantage of the occasion to swagger about in his buckskin apparel and once put in a word of comment regarding the proceedings. Judge Miller threatened to have the marshal consigned to the dock. There was an audience gathered which filled the court room and included most of the Populist leaders, as well as other members of congress. Senator Allen, while disclaiming sympathy with what he called the visionary ideas of Coxe, made a strong plea for the constitutional rights of citizens to peaceably assemble and petition congress. Judge Miller refused a separate trial for Coxe, so the three defendants are in one boat. They were represented by three attorneys—Representative Lafa Pence of Colorado, ex-Assistant District Attorney A. A. Lipscomb of Washington, and a young and inexperienced lawyer named Hymen. The proceedings were pervaded with good nature and informality. Once Representative Van Voorhis, of New York, interjected a speech, although he had no particular connection with the case, and it was difficult to tell who were the actual participants.

The first witness for the government was Detective Horne, of Washington, who had traveled with the army for several days as an enlisted "welder." He told how Coxe enlisted him in commune A, No. 15. Under cross examination by Representative Pence, the detective detailed his orders, said that none of the men were armed, and that he had never heard Coxe or his men threaten any resort to violence. He had represented on joining that he was an unemployed laboring man. Some of the men had got drunk, but he had heard General Coxe say that he would dismiss any men caught drunk or begging. Major Moore testified regarding Coxe's threat to speak from the Capitol steps after he had been notified that such action was unlawful, and other witnesses told of the incidents leading to the arrests. The case is continued today.

BAD FOR KELLY'S ARMY.

Belief That the Men Will be Starved Out of Des Moines.

DES MOINES, Ia., May 5.—The effect of the discouraging outlook for Kelly's industrialists has made itself manifest in the army and the men are downcast and disheartened. There were no songs over their camp fires, no shouting of "On to Wash-ton," and no cheers for officers and visitors. The prime cause of the general depression was the continued scarcity of provisions. When breakfast time came the commissary officer reported 1,000 loaves of bread on hand, but scarcely enough meat and coffee to supply the officers' mess. Kelly murmured a few weird western oaths and then drew on his fair famed treasury for money to buy coffee and meat. The arrival of the purchased provender served partially to dispel the gloom, but the uncertainty as to dinner prevented a pronounced bull movement in the spirits of the "troops."

Governor Jackson again spent the day in endeavoring to secure cheap rates to the river, but without success. To carry the men to the Mississippi at full fare would cost about \$6,500, an amount far beyond the fondest hopes of the soliciting committee, and the railroads entering Des Moines have positively stated that nothing less than full fare would be accepted. The route to the river via the Des Moines and Kansas City narrow gauge and the Keokuk and Western is the only one now seriously considered, and only pending negotiations fall a march across the country or dishonored must follow. It is the general impression here that Kelly will be starved out and forced to march, and that his army will dwindle to a corporal's guard before the river is reached.

A Commonwealth Camp Broken Up.

ELIZABETH, N. J., May 5.—A large corps of policemen made a raid on a crowd of tramps numbering 125 that had taken possession of the woodlands around North Elizabeth. They were waiting for the coming of the Connecticut detachment of Coxe's army and had built cabins of railroad ties stolen from the Pennsylvania tracks. The camp was demolished and the men driven across the Union county line. For the last two weeks more than 1,500 chickens have been stolen from coops within two miles of the camp.

A Premium for Avoiding Valparaiso.

VALPARAISO, Ind., May 5.—The committee of citizens sent to meet Randall's army returned last evening. Randall will pass around the city and the committee is to return with him on Sunday. The state board of health notified the county physician to vaccinate every member of the army, as it had just marched through a district infested with smallpox.

New Englanders Off for Baltimore.

NEW YORK, May 5.—The New England contingent of Coxe's army from Boston met last night in Germania hall. The hall was crowded, the meeting orderly and the collection amounted to \$50. They started for Baltimore this morning by way of Jersey City.

Frye Still on the Tramp.

INDIANAPOLIS, Ind., May 5.—"General" Frye announces his army will start on foot tomorrow for Dayton or Cincinnati. All hope of a free ride has been abandoned. The provisions in the camp are very low.

Looks Like Piracy.

BALTIMORE, May 5.—Officers of the steamer Richmond, just arrived from the Rappahannock river, report the recovery of the body of Captain O. B. Dillake, of Middlesex county, Va., who was drowned about six months ago. The face of the dead captain looked as if it had been crushed in by a blow, and his wrists and ankles bore marks of having been tied with cords. At the time of Captain Dillake's drowning many suspected that he had been murdered on his boat for his money by the two colored men who composed his crew. They said the captain was knocked overboard by the boom, and that they could not save him.

THERE is but one

way in the world to be sure of having the best paint, and that is to use only a well-established brand of strictly pure white lead, pure linseed oil, and pure colors.* The "John T. Lewis & Bros." brand is standard "Old Dutch" process, and is always absolutely

Strictly Pure White Lead

* If you want colored paint, tint this strictly pure lead with National Lead Co.'s Pure White Lead Tinting Colors.

These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of Strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead.

Send us a postal card and get our book on paints and color-cards, free.

A Cheering Report Despite the Many

Strikes and Industrial Armies. New York, May 5.—R. G. Dun & Co.'s weekly review of trade says: It is now, as it has been for nearly a year, the amazement of intelligent observers that the United States suffers so little from reverses which other lands share, but which fall more heavily here than anywhere else. Notwithstanding the striking events of the past year, the volume of business is but 2 1/2 per cent less than a year ago. In some divisions, signs of improvement appear even now, and the sublime faith of the people in their future is shown in the general belief that strikes and disorders will quickly disappear.

Money markets have not been disturbed by the large outgo of gold, which was taken mainly from the treasury through redemption of notes. The most encouraging sign is the marked decrease in liabilities of firms failing, which were only \$1,348,144 for the last week of April, and for four weeks \$8,722,708, of which \$4,041,567 of trading concerns. The amount of liabilities at the south was \$2,919,419, against \$3,111,082 in eastern and \$2,692,207 in western states.

The failures this week have been 239 in the United States, against 216 last year, and 35 in Canada against 27 last year.

What Causes Pimples?

Clogging of the pores or mouths of the sebaceous glands with sebum or oily matter. The plug of sebum in the centre of the pimple is called a blackhead, grain, or comedo.

Nature will not allow the clogging of the pores to continue long, hence, Inflammation, pain, swelling and redness, later pus or matter forms, breaks or is opened, the plug comes out and the pore is once more free.

There are thousands of these pores in the face alone, any one of which is liable to become clogged by neglect or disease.

What Cures Pimples?

The only reliable preventive and cure, when not due to a constitutional humor, is

Cuticura Soap.

It contains a mild proportion of CUTICURA, the great Skin Cure, which enables it to dissolve the sebaceous or oily matter as it forms at the mouths of the pores.

It stimulates the sluggish glands and tubes to healthy activity, reduces inflammation, soothes and heals irritated and roughened surfaces and restores the skin to its original purity.

This is the secret of its wonderful success. For bad complexion, red, rough hands and shapless nails, dry, thin and falling hair, scaly and irritated scalp and simple baby blemishes it is wonderful.

It is preserving, purifying and beautifying to a degree hitherto unknown among remedies for the skin and complexion.

Sale greater than the combined sales of all other skin and complexion soaps.

Sold throughout the world. Foreign Distributors: Anglo Siam Corp., Sole Proprietors, Boston.

WOMEN LED TO BATTLE

Murderous Attack on Coke Workers at Scottdale, Pa.

SCOTTDALE, Pa., May 5.—The north end of the Connellsville coke region is in a fever of fear, excitement and anxiety. The terrible work at the Painter plant of the McCurtain company, had as it was in itself, it feared still more as a foreshadowing of the beginning of times and conditions that are inevitable unless this strike is speedily settled.

Yesterday's battle was between striking Poles, a small number of deputies and a comparative few of the men at work at the Painter plant. Deputy Sheriff White and Chief Clerk Roddy were terribly beaten and are lying in a critical condition. Five men and two women on the strikers' side were shot and two of the men dangerously wounded. Sixty-three rioters, among them twelve women and ten children, have been taken in jail, and warrants for fifty others have been sworn out, but the men cannot now be found.

The Painter plant was closed down by the strikers on the 4th ult., and was idle until Wednesday of this week. Yesterday Joe Seonesky's wife went to the other houses and got the women of the striking Poles to join her in a proposed raid on the plant. Soon she had 150 men, women and children in the ranks, ready for a raid. The men remained in the rear and the women and children, led by Mrs. Seonesky, made a rush for the coke yards.

This region has seen many savage affairs in which women unsexed themselves by deeds of cruel violence, but the old timers say that never before has there been such a spectacle as this. Every person in the assaulting party had some sort of striking weapon, even the children screaming wildly as they flourished sticks suited to their size. Many of the women bore axes and some of them carried baseball bats and hatchets.

Deputy White was the first man at the yard on whom a blow fell. Mrs. Seonesky had a baseball club and her husband wielded an ax. White went down before the front rank of the raiders. Roddy and a clerk named James Tarr saw him fall. In the face of the fearful odds these two men sprang to his rescue and fought their way to his side. Then the frantic raiders fell upon Tarr and Roddy as White struggled to his feet, blinded with blood. The three men fought desperately, but the odds were too great, and finally all were again under the feet of the mob. Roddy was beaten and cut almost as badly as White.

White was dragged into the engine house to escape the fury of the strikers. By this time the deputies rallied, and three volleys were fired in quick succession, forcing the mob to retire over the hill in utter rout.

The affair has caused the most intense excitement here. It is feared the foreigners will revenge the shooting down of their countrymen and that this is but the beginning of riots in all parts of the region. It would not be a surprise to the people here should the strikers resort to the use of dynamite to blow up the works.

CONNELLSVILLE, Pa., May 5.—At no time since the strike was inaugurated has violence been so imminent as at present. The wholesale evictions contemplated next week and the attempt by the leading companies to resume Monday are sure to result in violence. The leading companies say they will start unless the Rainey works are closed down at once. Rainey is securing all the large contracts at hand—some figures, and the other companies will not stand idly by and see themselves ruled out of the market. Two of the leading companies announce that they will start up all ten works, if in doing so they have to denude half their men and ask for protection from the state troops.

Fired on His Pursuers. COMBER, Ont., May 5.—Constable Lindsay, who was shot Thursday night by James Trusky, died yesterday from his wounds. Officers hunted the murderer yesterday afternoon. He stood behind a stone heap in the woods and with a revolver defied his pursuers. The officers told him to throw up his hands, but he refused, and they fired several shots without effect. Seeing that a struggle was useless, Trusky pointed his own weapon to his heart and fired. He is mortally wounded.

STOCK AND PRODUCE MARKETS

Closing Quotations of the New York and Philadelphia Exchanges.

NEW YORK, May 4.—Before 1 o'clock a strong buying movement was developed in sugar, which led to a general advance. The general market was well held in the late dealings, and closed firm. TERRIBLE EXPLOSION!

Too High Pressure.

In these days of keen competition in every line, when the business man is compelled to load his intellect and every energy to the success of his business; the clerk, book-keeper, professional man and laborer, to drive themselves at a terrific rate, there can be but one result—an explosion, which can result in immediate death, leaves them with shattered brains and bodies. The strain is too great. Something must give way. This is equally true of women. Through their efforts are more and more, they have their daily burdens, frets, and worries, and the results are the same as with their stronger companions.

This condition is growing worse every day. The rapidity of its increase is awful to contemplate. Our homes, hospitals, and insane asylums are full of these unfortunate, and are being crowded still further. There is but one solution of the matter. Recognize the importance of the situation at once, and take the necessary measures to overcome it. If you have failing memory, hot flashes, dizziness, nervous or sick headache, blindness, irritability, melancholy, sleeplessness, fainting, nervous dyspepsia, epistaxis, etc., know that any one of them is but a symptom of the calamity that may befall you and even though you have used so-called remedies and treated with reputable physicians with little or no benefit, give Dr. Miles' Restorative Nerve a trial. It is the only remedy that may be depended upon for nervous disorders.

Two years ago I used Dr. Miles' Restorative Nerve with marked benefit, and later had a relapse, who had been sick with catarrh of the bladder five years in the hands of our best physicians, to try it together with Dr. Miles' Nerve and Liver Pills. He was so wonderfully benefited that he is attending to business again. My wife used Nerve with most excellent results. We used together have not used any other pills of Nerve. Several of our friends have used it, and are greatly improved.—Louis Lobe, Hughes & Gibbs Drug Co., Canton, Ohio.

The Miles' Restorative Nerve is sold by all druggists on a positive guarantee, or sent by Dr. Miles Medical Co., Elkhart, Ind., on receipt of five cents per bottle. Sixty cents express prepaid. It is positively free from opiates or dangerous drugs. Free book at druggists, or by mail.
