Sanders' Reckless Army of Commonwealers Captured.

SURRENDERED WITHOUT A FIGHT.

For Two Days They Have Kept the State of Kansas in an Uproar, but Finally Yield to a United States Marshal-The Other Commonwealers.

KANSAS CITY, May 11.-Sanders' reck. KANAS CITY, May 11.—Sanders' reck-less army of Commonwealers defied pur-suit and laughed at obstacles again yes-terday. Three times the stolen train was reported stalled before cars and engines purposely run off the track ahead of them, and each time the railroad officials be-leved they were matter of the structure. lieved they were masters of the situation. But in less time than it took the railroad company to throw their engines from the track at one place and tear up the rails at another the go ahead "Commonwealers" had built a track around the feeble ob-structions and relaid the torn up rails with

their force of 450 men.

The railroad company officials found themselves in a peculiar fix, the state attorneys having declined to help them and the county authorities not caring to do so, preferring to let the wild train move on to having several hundred arrested men to feed and place on trial. Bailey Waggener, the railrond's attorney, succeeded in press-ing the United States into service by get-ting the clerk of the United States circuit court at Topeka to issue writs of arrest for the unknown Commonwealers, an act which the Populist leaders condemn as

unlawful.
With United States Marshal Neely and a force of fifty, each with rifls or shotgun, Waggener started west on a special train

Waggener started west on a special train from Topeka. The forces and firearms were increased en route, and when the sheriff reached Scott City, Kan., one hun-dred men, each with a gun, were aboard. Meanwhile the wealers were reported as flying eastward. The man at the throttle, it was said, was an old Missouri Pacific engineer, and he knew every sag and cut of the road. The wild train reached Hor-race, Kan., about 2 o'clock. There they found an east bound passenger and mail train that had been held by the company. The wealers commanded the crew of this train to move, and after an exchange of dispatches with the superintendent the train sped away, and the wild train kept dose in its rear.

Without mishap the runaways reached Scott City, which they approached war-ily. They saw fifty feet of track torn up in front of the station and a hundred men with rifles lined up on the station platform. The engineer reversed quickly, and before the deputies had time to think their expected antagonists had disappeared in the distance from whence they came. The Missouri Pacific promptly started a train east from Leoti, Kan., twenty-five miles west of Scott City, to intercept the return-

ing army.

Finally, late last night, the train stealers were halted half way between Leoti and Scott City, their steam having given out. Marshal Neely and his deputies, who had followed in a special train, pounced upon the gang, and they surrendered un-conditionally. The surrender was made peaceably, and the entire army has been taken to Topeka for trial.

Another Train Stealing Gang. TACOMA, Wash., May 11.—In a fight be-tween Coxeyites and United States deputy tween Coxeyites and United States deputy marshals at North Yakima, resulting from the refusal of the industrials to leave a train, Marshals Chidester and Jolly were both shot. Of the industrials Nick Weaver, "Seattle" Savage and Joe McAdes were wounded, the two former being shot in the head. Marshal Jolly's wounds are serious, it being through the bowels. He is not expected to live. Chi-dester is but slightly hurt by a ball in the thigh. Undeterned by this experience, sixty of the Coxeyites captured a single gondola coal car yesterday afternoon at Cle-Elum, on the Northern Pacific main line. The car was stopped at Ellensburg, the sixty Coxeyites joining a hundred or more of their friends there. It is reported that sixty Coxeyites were arrested at Ya-kima yesterday afternoon for Wednesday night's shooting. Over one hundred in-dustrials are still at Yakima, and claim they will take the first east bound freight

Industrials Must be Vaccinated.

Lancaster, Pa., May 11.—The state board of health held its quarterly meeting here. A communication was received from the Ohio state board of health, which indicates that there is possible danger infection with smallpox through threatened invasion of the western end of the Coxey army, the advance guard of which is soon to cross the Ohio river and enter Pennsylvania. The board adopted a resolution admonishing the local health boards in counties on the western border, to insist upon vaccination is all cases of bodies of men traveling together.

Coxey Gets a Brief Extension

WASHINGTON, May 11.—General Coxey appeared before the district commissioners, and after assuring them that he was using all possible diligence in seeking a new camping ground, was granted an ex-tension of the time in which he must re-move from his present quarters. He was given until this afternoon to vacate the premises. Before going to the commis-sioners Coxey attempted to induce Health Officer Hammett to reconsider his condemnation of the camp, but Mr. Hammett refused to retract.

Kelly's Army Makes Slow Progress. DES MOINES, Ia., May 11.-Kelly's army, on its way down the Des Moines river, reached a point in Marion county between forty and fifty miles from Das Moines. There is no fixed camp, but the army Hes scattered along five or ten miles. Two or three boatloads of provisions are on the way from Des Moines. The army is well supplied with provisions, the farmers of the county through which they passed bringing ample quantities of food.

Kelly Barred Out of Krokuk.

KEOKUK, In., May 11.-Under an act of the legislature giving eithes under special charters such power the city council last night passed an ordinance which will ef-fectually bar Commoders Kelly's army from Keokuk. It quarantines the city against invasion by paupers and those ex-posed to contagious disease.

Sweetland Must Stand Trial.

New York, May 11.—Captain Sweetland, of the Connecticut Commonwealers, was held in \$500 bail for unlawfully parading. David Tousseau became his bondsman. Sweetland says transportation to Newark has been provided, and the army will start

He and a Fellow Convict Tried to Murder a Guard

HUNTINGDON, Pa., May II.—Edward Woods, of Philadelphia, a third grade prisoner in the Huntingdon reformatory, was shot and instantly killed yesterday afternoon by f. I. Bookhamer, a ceil guard. Woods and a fellow inmate by the name of Waldron, also a Philadelphian, who had repeatedly threatened the guard, secreted heavy iron bars on their necessity and allowed away from the tailor persons, and slipped away from the tailor shop, where they were working. They then attacked Guard Bookhamer in the cell house. With his iron bar Woods knocked Bookhamer down, and with a second blow broke the guard's arm. At this moment a fellow guard came to Bookhamer's assistance with a revolver, which he gave to the latter. The convicts con-tinued their attack on the prestrate guard, when the latter fired two shots at Woods, who was it, front, one of them entering his heart, killing him instantly. The at-tack of the two prisoners on Guard Book-hamer was due to the latter baying reported them for misconduct. It Is Not Unlikely That Further Scenes of Bloodshed Wilt Follow-Brief Notes of the Great Coal Strike-The Coming Fuel Faming.

Unioxrows, Pa., May 11.—Not since the beginning of the strike, not even in con-nection with the wild scenes attending the killing of Engineer Paddock, has there been such excitement as is now developing in this region, particularly in the aouthern end, or Payette county section. The introduction of outsiders to take the place of the striking cokeworkers has been commenced. The strikers, especially the Slavs and Poles, are simply furious. They were startled and enraged last night by the actual appearance of an advance guard of imported foreigners, who have been run into the Morewood plant of the H. C. Frick Coke company. They are engaged to go to work at the old rates, and most of them are reported as inexperienced men. There were a hundred men in the com

It is generally believed that the burrled preparations being made, that are keeping the strikers up and alert, look to an attack in such force that the deputies on guard will be awept away in case the new men go to work. The situation is alarming, as 10,000 men are expected at Scottdale, and it is not probable the leaders will be able to keep them within bounds.

Strike Sympathizers Becoming Violent. CLEARFILD, Pa., May 11.—Three tenement houses belonging to the W. H. Wigton Mining company, at Morrisdale, were burned yesterday, and it is asserted that the strikers set them on fire.
