THE SALVATION ARMY.

The Salvation Army is making rapid progress in this country. The Booths seems to be emenently fitted for their work. They have convinced the Ameriman people that the Salvation Army goes slown into the slums and lifts up men and women that the churches could not reach. Thousands of men are good citiens to-day that, when the Salvation exmay found them, were outcasts and priminals. Hundreds of fallen women have been led by this organization to the feet of Him who said to the sin-stained weeman of old, "Go and sin no more." last week Bishop Tuttle, of St. Louis gined the army and it has occasioned nonsiderable surprise.

He is only an auxiliary member whos duty it is to raise funds for the army and to assist in creating public sentiment in their favor. Thousands of wealthy people have joined this league and funds for the army ought not to be lacking.

Some of their paraphernalia for work seems ridiculous to the masses, but the work which they accomplish is good. As the years go by many of their oddities will be abandoned.

Tor, the man-killing elephant at Cenload Park, New York, has been sentenced by the Park Board to die, and he will be assented in some way or other one of these bright mornings. His homicide mened has made him as attractive as a decened human murderer to the average nysterical female, and all sorts of pretty attentions have been heaped upon him since it became known that an ignominious end awaited him. Flowers have been west to him, and he would have one conmound feast of strawberry shortcake and sandied violets if the young women who are interested in him had their own way. One young lady has written to the Park Foord, rapturously requesting that Tip's life by spared and that the untamable aschyderm be turned over to her gentle and caressing care. Just how she would mure for him she doesn't say, but the probability is that she would hang a tiny making silver bell on a wide orange sibbon fastened gloriously around his neck and put him in a squirrel cage where he could have plenty of exercise If she lives in a top flat she would find it turn of pet, but Tip as an outdoor con comitant of the girl who must have some spological somey would be a great im provement on the lean and spectral greybound, that makes us so weary. She sould have a nice little set of harness and lift Tip over the street-crossing on wet days. Why not give Tip to the young ndy to be her tootsy-wootsy !

LAST summer's straw hats are to be the style this summer again. The real awella will how! with pain over this bit of news her how are they to be distinguished from the plebelan mobil they cannot burst forth a something really audacious and nove n straw when the warm weather sets in An season that cannot give the dressy inshionable young men something to be sestatically unique in possesses for him nothing but purgatorial misery. He has to wear straw, for he must be with the seather, you know, but to be thatched in the same monotonous way that he was has summer, it is positively awful, heastly howid, don'tchesee ! If the "cady a" brin wars a little bigger, or its crown recocced aftersome extraordinary design, or its sibbon band thrillingly asserted, there would be some pleasure for him in looking lorsand to the approach of straw-hat days. But alse there is nothing new, nothing send nothing startling, and the man whose wife has been using his reticulated brain-protector all winter for a work banket can now drag it forth, scrub it and put it on with as much stylish glee as he sld last summer, when it was just the thing and be "right in th?"

Tur school teachers and officers of the wountry are thoroughly represented each pair to the sessions of the National Educational association. It is expected that upwards of 10,000 of them will gather as Asbury Park, N. J., July 6 to 13. The

meeting of the council will occupy the first four days, and the sessions of the general association will not begin until the 10th. The president this year is Superintendent Albert G. Lane, of Chlcago, and the secretary in Irwin Shepard, of Winona, Minn.

JOHANN MOST'S voice is still for war, but unless he has changed in recent years, he prefers a position under the bed when personally looked for by a police hireling.

Wonderful Results.

LAFATETTE, MCKEAN Co., Pa.—The great interest shown in the recovery from disease of Mrs. Thomas Stockton, of this place, bids fair to attain national importance. Every person living within miles of Lafayette well knows of the suffering she has borne for years past and that she should seem now to have recovered so as to be about again, is looked upon as almost miraculous. A statement of Mrs. Stockton's case would interest so many that your correspondent has obtained full particulars.

"The first symptom in the development of my disease," said Mrs. Stockton, "was in my growing very large. I consulted Dr. Ward, of Mt. Alton, and he said that I had dropsy of the bowels; I kept growing worse and it seemed to me I suffered everything but death. Dr. Ward advised me to go to the Bradford, Penn., Hospital, which I did, and he operated upon me there, assisted by Dr. Nichols and Dr. James. I had been out of the hospital but a short while when blood poison set in and my husband called in a physician from Mt. Jewett, who attended me for three weeks and then said he could do no more for me and gave me up to die. My good husband then took me to Smethport to consuit Dr. Freeman who wanted to operate upon me, but as I had already gone through one awful experience of that kind, I refused to again. After arriving back home, I made up my mind totry Dr. Keemedy's Favorite Bemedy, as I had heard of it doing others so much good, so my husband went to Thompson & Wood's drug store in Bradford and purchased a bottle and it certainly was a Godsend to me. From the very first it seemed to help me, the pain I had endured constantly, began to leave me, my appetite Laproved, and it was not long before I was around the house doing considerable work. In short had it not been for Dr. David Kennedy's Favorite Remedy, I believe I should have been in my grave to-day. I hope every one suffering from disease, especially women, will try this valuable medicine. I know of many here who are using Favorite Remedy since it helped me so much, and in every case it has proved its great value."

In speaking with one of our physicians about Dr. Kennedy's Favorite Remedy, Dr. Kennedy urduesed the only tree anti-

In the discovery of Favorite Remedy "In the discovery of Favorite Remedy, Dr. Kennedy produced the only true antidote for uric acid and as a blood purifier and nerve tonic it has no equal." Favorite Remedy for a time was supplied to patients only through physicians, but the demand became so great that Dr. Kennedy was obliged to place it on sale with all dealers in medicine. It is a never failing specific in diseases of the skin, liver, kidneys and blood. It restores the disordered liver to a healthy condition, corrects kidneys and blood. It restores the disordered liver to a healthy condition, corrects the worst cases of habitual constipation, it is a certain cure for the diseases and weakness peculiar to women. It cures acrofula, salt rheum and erysipelas. For nervousness, loss of sleep, or that worn out feeling, it has no equal, in cases of rheumatism, dyspepsia, gravel, Bright's disease, diabetes and bladder troubles it has cured where all other treatments have failed. Dr. David Kennedy's Favorite Remedy is sold by all dealers in medicine at \$1 a bottle, or six bottles for \$5, which brings a treatment within the reach of all. hin the reach of all.

To weakly womanhood no prime could be more secure, nor the benefit more lasting, than that to be derived from the purchase of a bottle of this famous "Prescription." Its success in curing all the functional derangements, painful disorders, and chronic weaknesses of women, warrants its makers in guaranteeing it. What this medicine has done for thousands of delicate women, it will do for you. At the two critical periods in woman's life, the change from girlhood to womanhood, and, later, the "change of life," it's an invaluable tonic and a soothing nervine, which can produce only good results. It cures cases of nervous prostration, insomals, or inability to sleep, and many nervous disorders due to derangement of the functions. wealtly womanhood no prize could be

BROOKLYN, May 12. - The Brooklyn Tabernacle was again crowded as its ut-most capacity last evening at the centin-uance of the celebration of the Rev. T. DeWitt Talmage's silver jubilee in honor of the completion of the twenty-fifth year of his pastorate. The proceedings on this occasion were of a national and internaoccasion were of a national and interna-tional character, and were presided over by General Benjamin F. Tracey, ex-secre-tary of the navy. General Tracey in his introductory address spoke of the great work that had been accomplished by Dr.

Ex-Senator William M. Evarts was the

At the conclusion of the ex-senutor's address a number of letters and tele grams were read. A cablegram from Harbert Gladstone son of the ex-pre mler, stated that the latterwas some what out of health but sent his best wishes to Dr. Talmage. Other mes-

"Rev. T. DeWitt Talmage has devoted his life to the cause of God and human-He has been not only a hearer, but a doer of the word. When the south was prostrated by the desolations of war, when her homes were destroyed, her lands and industries wasted, when her sons and daughters were weeping for the loved and lost, when despair wrung the hearts of her people, his voice was heard appealing to the victors for justice to the van-quished, and from that day to this he has breached the doctrines of peace, frater-

reached the doctrines of peace, fracernity, liberty and equality.

'In behalf of the people of Georgia I extend to Rev. T. DeWitt Talmage their congratulations on the twenty-fifth anniversary of his pastorate of the Brooklyn Tabernacle. During his long life he has gone about doing good. He has imitated

his Master in carrying out His precepts.

"His ministry is not confined to the United States. His name has gone abroad throughout the civilized world. In the pulpit, on the rostrum and in the press he has been heard from and read by millions of people, who have been spiritually uplifted by his teaching. His countrymen admire him for his splendid gifts. They admire him for the example of his noble life. We of the south admire him for his loving the sections into peace. His love of country is one of his strongest virtues. It is above party and above section. Like the Father of his Country, he is a patriot, deprecating the passions and prejudices of partisan politics, and always contending for a united people and a united

"Dr. Talmage's benevolence has not been confined to his own country. Wherever humanity is suffering his heart goes out in sympathy to the afflicted of all races and creeds. He would succor the heathen in densest Africa as he fed the poor in Russia. He would clothe the naked and lift up the suffering and oppressed in every land, because he is an American, and believes with the Great Apostle of civil and religious liberty that all men are created free and equal and are entitled to the inalienable rights of

life, liberty and the pursuit of happiness. "The constitution of our country de mands that 'congress shall make no laws respecting an establisment of religion or prohibiting the free exercise thereof; or abeldeing the freedom of speech or of the press; or the right to peaceably assemble, and to petition the government for a re-dress of grievances." This is the law and the prophets of our guidance as citizens of this republic, and whether they be Pro-testants. Jews or profess any other form of belief, they should be protected in their rights of civil and religious liberty. The founders of this republic secure for themselves and their descendants the most per

fect form of government.
"The name of T. De Witt Talmage is in scribed on the roll of fame. I am here as a representative of my people to rejoice with him because his justice abounded as a peacemaker when they were reviled and recented. That he may live long to enjoy the rewards and blessings of a life crowned by noble deeds is the prayer of ne who believes in the principles of civil and religious liberty.

Dr. Talmage made an exceedingly happy and characteristic address, offering a mill ion thanks for the honors conferred on him. In conclusion he called for three cheers for the distinguished men who has lent their presence to the occasion, and they were given with a will.

A Duel to the Death.

GUTHRIE, O. T., May 12.—A duel to the death was fought on the Pottowattomic county line, near Lexington, between Dep-uty Sheriff Norman and Sam Head, a horse thief. Norman had been searching for Head for some time, and on meetin him the battle began. Both men wer nded and fought until each fell from their horses. The searching party found them exactly as they had fallen, with weapons clasped in their hands and both

AN INDUSTRIAL KILLED.

Shot by a Constable After His Gang Had Saized a Train.

ROCKLIN, Cal., May 12.—A constable at this place yesterday killed a commander in the Industrial army marching east from Sacramento. The slayer was Constable Fleckinger and the victim Colonel Paisley. The army, under command of Lieutenant General Smith, 700 strong, seized a freight train at Arcade station and came to Rocklin. Engineer Williams, a member of the party, was placed under arrest by Constable Fleckinger. Smith and Colonel Paisley protested. A quarrel ensued and Flockinger drew a pistol and pointed at Smith, who jumped to one side, whereupon the constable shot and killed Paisley. The Industrials became furtous and started to lynch Fleckinger General Smith, however, protected him and aided him to escape. Engineer Will-iams meantime had been looked up. The Industrials demanded his release, and the citizens, fearing further trouble, liberated

SOUTH BEND, Ind., May 12 .- Randall's Commonwealers were met by the police yesterday afternoon and hurried through the city by the shortest route to Island Park. The women of the city have conceived the idea of emphasiz-ing their protest against Colonel Breckinridge's candidacy by personally joining in making this meeting an ovation for Owens. The hoxes in the opera house are to be filled with representative women of the Blue Grass region, who have here tofore taken little public interest in politics, and the body of the house will contain large delegations of women. The women are so thoroughly aroused that they are withdrawing patronage from merchants favorable to Colonel Breckin-

The Mine Strike in Maryland. CUMBERLAND, Md., May 12.—The situa-tion at the mines is practically unchanged. Advices from the George's Creek region are to the effect that a majority of the men want to continue at work, but that the strikers and their sympathizers are intimidating them. The dispatches add that while no violence was attempted the strikers, who number between 700 and 800 men, are prepared to resort to extreme mensures to carry their point. Some of the mine owners are in favor of posting notices upon the company's property call-ing upon the strikers to return to work within a specified time, and if the notice is disregarded to discharge the men and start up with new forces.

Sensation in the Meyer Trial.

NEW YORK, May 12 .- After the adjourn ent of the Meyer trial yesterday counse for the defense gave out a startling state ment. It is to the effect that after Thurs day's adjournment Deputy Sheriffs iam Leonard and Schwab, who have charge of Mrs. Meyer, tried to force her to turn state's evidence, offering money. Failing in this they took her to a saloon yesterday and drugged her by giving her some powders in red wine. Mrs. Meyer says the charge is true.
