#### FANNY'S FANCIES.

A Budget of Useful Minte, &c., From Lady Contributor.

There is far more satisfaction in oman going to market herself than by loing this part of the household duties by proxy. It is genuine satisfaction to pick out the choicest and best for home ensumption, and besides that, in seeing so much, many new dishes are suggested that would not be thought of if the buyng were done through the medium of a third party.

The secret of easy, rapid and successful ironing is to have the clothes well and evenly dampened and the irons very hot. The dampness prevents scorching, and the hot iron smooths and polishes without the fatiguing bearing down and repeated passes necessary with one which does not his when touched with the moistened finger. To bring out the pattern of embroideries lay down on a strip of thick blanket and iron on the wrong side. If the newly washed sheets, evenly folded, are taid one by one under the smaller articles as they are ironed, it will not be necessary to iron them on their own account.
