A FRUITLESS CAUCUS.

Republican Senators Cannot Agree on a Mode of Procedure.

IN SESSION NEARLY FOUR HOURS.

Each Senator Left Free to Vote and Act in Accordance with His Own Wishes. Some Senators Believe the Tariff Bill Can be Defeated.

WASHINGTON, May 15.—The Republican members of the senate were in caucus at Senator Sherman's house last night from 8 until 11:30. The caucus partook more of the nature of an informal conference than a business meeting, and while it was called with the purpose of arriving at a conclusion as to the method to be pursued by the Republican party in the senate it closed without eliciting anything in the way of party declaration. There was no vote on any proposition whatever, and the proceedings consisted of a large number of speeches. There were about twenty-five of the thirty-seven senators present, and every one there had something to say in the course of the evening.

There was a great divergence of views. Indeed, the accounts of the meeting agree that while there were probably twenty brief speeches no two of them were on the same lines, or advised the same manner of proceeding. There was no agreement except upon the one point, that the bill should be beaten if possible. On general lines the greatest divergence of opinion was on the ability of the Republicans to beat the bill at all, and while there was no formal division which would permit of a counting the caucus appeared to be about evenly divided in sentiment upon this question.

A statement that eastern senators were favorable to the continuation of the opposition on the lines which are now being observed, and that western senators were opposed to any effort to secure delay for delay's sake, would be in a general way correct, but there were exceptions on both sides. Senators Aldrich, Chandler, Frya and others contended that the bill could be defeated, and said that all that was necessary to demonstrate the correctness of this assertion was to give the Democrats time to widen the breach which they asserted now exists. Some of them declared that four or five Democratic votes could be counted on as opposed to the bill, while one of those present went so far as to say that he was assured of the opposition of at least seven Democratic senators. No names of Democratic senators were given however.

The opposition element contended that there was no positive assurance of any Democratic support in opposition to the bill, and that the only means of testing the truth of the rumors of Democratic disaffection was to let the voting go on. There was much talk as to the general demerits and inconsistencies of the bill, and some of the new Republican senators did not fail to call attention to the lack of sympathy which had been displayed on the part of Republican senators when the silver repeal bill was before the senate last fall, and to intimate that they had no desire at this time to heap coals of fire on the heads of that element in the party at this time by doing kindness in return for what they termed ingratitude.

These silver senators agreed in the main with their Republican colleagues as to the undesirability of passing the bill, but declared they would not filibuster, especially in view of the strong probability of the passage of the bill, despite any opposition that might be made to it. The more radical opponents of the bill replied that they had no desire to or intention of filibustering, but asserted that the bill was one which could be opposed by legitimate methods for a long time.

There was also an exchange of views on the policy of Republican voting for the Democratic amendments to the bill, but the only agreement reached upon this point, as upon the other, was to allow for the present individual Republicans to act in accordance with their own inclinations. Some of the senators expressed the opinion at the close of the conference that another meeting of the party in the senate would be held at an early day.

The caucus assigned Senator Patton to positions on the committee on agriculture, claims, railroads and Indian affairs. Senator McMillan will resign from the committee on agriculture and will take the place on naval affairs made vacant by Senator Stockbridge's death. Senator Davis will retire from the committee on claims.

Looks Like Murder. SUNBURY, Pa., May 15.—Early in the morning the body of Daniel Boyer, a prominent farmer of Jordan township, near here, was found in his buggy in his barnyard. Boyer had been to Uniontown during the night, and left for his home, three miles distant, at 10 o'clock. He was accompanied by Elias Bush, a neighbor. Bush left Boyer within 500 yards of the latter's home to go to his own residence. When Boyer's hired man came out to the barnyard he found the horse standing near the stable door and Boyer's body lying across the seat with his skull crushed. The position of the wound does away with any theory of suicide or accident. Boyer was wealthy, and is not known to have had any enemies.

Working Under Guard. CONNELLSVILLE, Pa., May 15.—The only change in the strike situation in this section of the region yesterday was a slight increase in working force at most plants and the resumption at Hill Farm mine with a full force of men. When the time came to go to work at Hill Farm there was a rush for jobs, and many men had to be turned away. All the plants but Kyle have deputies to guard the men at work. There are now about 900 deputies on guard in the region.

McKane Must Stay in Jail. WASHINGTON, May 15.—John Y. McKane, the Grand Juror, L. E. politician, now in Sing Sing under sentence of the New York courts, has been baffled in his efforts to secure release on a writ of habeas corpus. Justice Harlan, in the supreme court of the United States, announced the unanimous decision of that court affirming the judgment of Judge Lacombe in refusing to issue a writ against Warden Dunston, of Sing Sing.

Stabbed in a Drunken Quarrel. WATERBURY, Conn., May 15.—Domestic Manfredi was stabbed by Leonardo Petruzzi during a drunken quarrel, and died in a short time. The murderer escaped. The dead man has a wife and children in Italy.

COXEY'S NEW CAMP.

His Army at Bladensburg to Remain Indefinitely.

RECRUITS ARRIVING REGULARLY.

The Army Growing Larger Day by Day, and Citizens of Bladensburg and Hyattsville Anxious—Meaning Other Contingents Are Steadily Marching On.

HYATTSVILLE, Md., May 15.—The Coxeys army moved yesterday from Hyattsville to Bladensburg. The use of the yard surrounding the old hotel known as the George Washington was tendered, and as the Hyattsville people had no use for the recruits the offer was accepted. The authorities here and at Bladensburg are determined to keep the whip hand over the Coxeites, and to prevent lawlessness of any kind thirty special deputies have been appointed to patrol the streets of both towns day and night. As there are already 600 Coxeites in camp, as advance guards of Galvin's, Kelly's and Frye's armies have arrived, and as General Coxe reiterates that he proposes to remain until every Commonwealer in the country has arrived and congress has passed his bill, the danger of an immense camp of Coxeites becomes an alarming reality.

Senator Teller's Sympathy for Coxeys. FERRIS, Colo., May 15.—Senator Teller, in a letter to a citizen of this city, expresses sympathy for the Coxeys army now in Washington, declares the arrest and trial of Coxeys, Brown and Jones was a farce, and concludes: "It is difficult to know what to do with these people who are here in distress, with thousands of others, through no fault of theirs. I, myself, believe the present dreadful condition of our laboring and producing people is the direct and immediate result of bad legislation already on our statute books and other that is threatened, but I have no hope of immediate legislation that will give the required relief."

Another "Army" Arrested. GRANGER, Wyo., May 15.—General Schefler was captured at Green River, Wyo., by Marshal Rankin. Schefler had reached Green River at 3 p. m. on the passenger train from the west, and spent the afternoon soliciting supplies for the army. He disclaimed all connection with the army, and exhibited a Union Pacific ticket from Portland to Kansas City, and said he would sue the United States for interfering on his rights as an American citizen in placing him under arrest. Marshal Rankin took him to Cheyenne. The marshal's special train went to Cheyenne, where 500 industrialists were camped in box cars. Schefler's army, numbering 230 men, were placed under arrest.

Train Stealers Sentenced. HELENA, Mont., May 15.—In the United States district court Judge Knowles disposed of the cases of the 260 Coxeites who stole a Northern Pacific train April 24 and fled eastward until they were captured by United States troops. Hogan, the "general" in command of the army, was sentenced to six months in the county jail. The engineer and fireman who ran the train, and forty captains and lieutenants were given sixty days each in the same jail. The others will be brought into court in squads of forty, and pledging their word not to engage in any more such proceedings the judge will let them loose.

The Boston Commonwealers. CHESTER, Pa., May 15.—Fitzgerald's Boston army, numbering fifty-three men, commanded by "Go Ahead" Adams, reached this city last night and went into camp in Star hall, in the center of the city. A meeting with speaking and a variety show was held without police interference, and a generous supply of provisions was contributed by Chester workmen. The army started for Wilmington, Del., this morning. Fitzgerald, the leader of this contingent, is in Moyamensing prison. Philadelphia, being held to answer at court for uttering seditious language.

Sweetland's Company at Paterson. PATERSON, N. J., May 15.—At a meeting of the striking silk weavers yesterday reports were read showing that just eleven men of all those out at the different mills had returned to work. The Sweetland contingent of Coxeys' army was present, and cheered the report and speeches made by the strike leaders. The gentlemanly behavior of the Connecticut Coxeites has won them many friends here, and a number of the strikers say it is their intention to join them when they leave the city this afternoon.

Riot in Kelly's Camp. OTTUMWA, Ia., May 15.—There was a small riot at Kelly's camp last evening. The mayor of Ottumwa hired and paid for grounds for the army to camp on. When they arrived the owner of the ground demanded an admission of ten cents to enter. After a number had paid Kelly arrived and demanded that it be stopped. Trouble followed and a free fight was in progress when the mayor arrived and decided in Kelly's favor. The army left for Eldon this forenoon.

A Real Army Promised. DENVER, May 15.—General Hegwer, commander-in-chief of the Coxeys reserve army, announces that 25,000 men are ready to move on to Washington from Colorado in a body, and when the others west of the Mississippi are heard from the day for starting will be set.

Gavin's Men Starving. GREENSBURG, Pa., May 15.—The Gavin Commonwealers received very little encouragement here and now the army is on the verge of starvation. Forty special policemen are now guarding the town against the starving unfortunates.

Barred Out of Toledo. TOLEDO, O., May 15.—General Randall and his Chicago "leaders" will not be allowed to enter the limits of this city. The army is expected some time today.

Big Strike at McKeesport. MCKEESPORT, Pa., May 15.—The whole force of the National Tube works is on strike. The number of men out is 3,500, and the whole mill is shut down. The strike is for the restoration of a 99 per cent. reduction made last February.

The President's Summer Vacation. DANVERS, Mass., May 15.—Ex-Secretary of War Endicott expects to entertain President Cleveland and family for two months this summer at the Peabody farm at Danvers Centre.

ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. Warning says: "Disease is not a consequence of life; it is due to unnatural conditions of living—neglect, abuse, want." Dr. Stephen Miles, on the same subject: "Man is born to health and long life; disease is unnatural, death, except from old age, is accidental, and both are preventable by human agencies." This is almost invariably true of death resulting from heart disease. Careless over-exertion, immoderate use of tea, coffee, tobacco, alcoholic or other stimulants are generally the causes of the difficulty, and indifference to its progress results in sudden death, or long sickness ending in death. By the newspapers it can be seen that the present moment hundreds of persons in private life die from heart disease every day.

If you have any of the following symptoms: shortness of breath, palpitation, irregular pulse, fainting and smothering spells, pain in shoulder, side, or arm, swollen ankles, etc., begin treatment immediately for heart disease. If you delay, the consequences may be serious.

For over 20 years Dr. Franklin Miles, the eminent specialist, has made a profound study of heart disease, its causes and cure, and many of the leading discoveries in that direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as is proved by thousands of testimonials from grateful persons who have used it. James A. Pain, editor of the Corry, Pa. Leader, writes: "After an apparatus recovery from illness, I was unable to walk across my room, and my pulse beat from 60 to 120 times a minute. I then used Dr. Miles' New Heart Cure, and at once became stronger. After using six bottles I was able to work as usual and walk a mile every day, my pulse ranging from 65 to 80. Dr. Miles' remedy is not only a preventive but a cure." Dr. Miles' New Heart Cure is sold by all druggists on positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six for \$5, express prepaid. It is especially for sale by mail, for \$1.00 per bottle, with free trial on condition of return. Mile's Pills, 25 cents. Free book at druggists or by mail.
