# DR. RICE THE WINNER.

He Captures the Brooklyn Handicap Race in 2.07 1-4.

**HENRY OF NAVARRE RUNS SECOND.**

Sir Walter Comes In Third and Bassettlaw Fourth—Clifford and Sport Not In It. The Judges Arrested—Forty Thousand People Present.

NEW YORK, May 16.—A better day could not have been desired for the opening of the racing season and the running of the great Brooklyn handicap, valued at \$25,000, at the Gravesend track yesterday. At 2 o'clock there were at least 30,000 people inside the gates and long lines extending from the box offices waiting for the slow ticket takers to take their money. There was a little excitement at that time, for De Lacy made his first move, an officer appearing in the club house with a summons to appear before Justice Walsh in Brooklyn today in answer to a charge of conducting a lottery. Arrests had been expected, but none were made up to that time.

At that time the horses named for the first race were hoisted on a bulletin board and the 112 bookmakers, three more than the best on record, began chalking up the odds. Out on the lawn when the race was called there was a sea of heads, their owners packed so closely together that it looked like a solid mass, and others were struggling to get out of the ring where they could see a small part of the race. It was estimated then by good judges that at least 40,000 people were present, and many were returning home unable to get anywhere near the track. It was the biggest day in the history of the Brooklyn Jockey club, and must have been an immense money getter, for nearly all paid for their admissions, the free passes of former years having been reduced by at least 75 per cent. The place was crowded with ladies, not one of whom got in without paying.

Just before the third race was run De Lacy again made his appearance. This time he was in greater force, for Sheriff Butting, with a host of deputies, came on with warrants. The judges, Colonel Simmons, Clarence McDowell and Victor Smith, were arrested immediately after they placed the horses on the third race, and in company with John M. Bowers, counsel to the club, and Senator McCarty were driven to the town hall in Gravesend, where bail was given, and they were released after some delay had been caused to the Brooklyn handicap. Sheriff Butting had more warrants, but he rested content with the arrest of the three judges, and went away from the track. During the rest of the day there was little excitement, and the races proceeded without delay.

When the time came for the handicap it seemed impossible to get another person inside the enclosure. From one end to the other of the big grand stand men and women were packed together like sardines, and not more than one half of them could by any possibility see anything of the contest. The lawn and the brick walk in front of the grand stand was a solid mass of people.

It was only a few minutes past 5 o'clock when the candidates for the \$25,000 stake began to move under the chute from the paddock. For thirty-two long minutes the assemblage waited and fumed, and then, immediately after a long break, Starter Howe dropped his flag, and the start was made. And such a start it was. Lowlander, the winner of the last year's Suburban, was standing still, and did not get away at all, while Clifford, the heavily backed favorite, seemed to be practically left at the post.

Copyright was the first away, Henry of Navarre second, Herald third, Dr. Rice fourth, Blitzen fifth and the others busched as follows: Banquet, Sir Walter Comanche, Ajax, Bassettlaw and Diablo, while Clifford and Sport were almost standing still, although they got in motion immediately and started on a hopeless chase. Down through the stretch they ran, gathering speed with each bound and thundering past the judge's stand, a quarter of a mile from the post, with all running well. Copyright, with his mouth wide open, was a head in front of Dr. Rice, whom Taral had taken into second place. Half a length was Henry of Navarre, while Herald and Blitzen followed closely behind. Then came Banquet, Comanche, Ajax, Sir Walter, Bassettlaw and Diablo, while twenty lengths behind were Clifford, the pride of the west, and Sport.

When the half mile mark was reached Dr. Rice was a head in front of Copyright, and two lengths behind was Henry of Navarre, a head in front of Herald, and all running easily. Blitzen was still hanging on to fifth place in good style, with Sir Walter sixth and Comanche seventh. Banquet had fallen back to eighth and Ajax was beginning to hold out signals of distress in ninth place. Bassettlaw and Diablo followed, and Sport and Clifford were far in the rear, unable to gain an inch on the flying field.

They passed the three-quarters mark with Henry of Navarre in the lead, a head in front of Copyright, with Dr. Rice within striking distance. Sir Walter was fourth and Bassettlaw had moved up five pegs. Comanche was sixth, Banquet seventh and Diablo eighth. The mile was covered by Henry of Navarre in 1.49, and he was a head in front of Dr. Rice, who had come up. Copyright had dropped back to sixth place. Sir Walter was a length behind Dr. Rice and two lengths ahead of Bassettlaw.

Into the stretch the horses flew. Sir Walter and Bassettlaw getting whip and spur. Dr. Rice began to wear down the gallant 8-year old, and driving with hands and feet, Clayton was urging on Navarre to his utmost, but his horse was stopping fast under him. Bassettlaw was hanging on to Sir Walter, with Comanche close behind. Amid the frantic yells of the crowd, and as the watch ticked 2.07, Dr. Rice, the cast off from the Gideon and Daily stable, flashed under the wire, a length in front of Henry of Navarre, with the great Sir Walter one and a half lengths behind, and two lengths in front of Bassettlaw. Comanche was fifth and others anywhere, all in the stretch.

Hats went into the air, and for the second year in succession Taral was placed in the focal jockey's chair and carried off by a crowd.

It was a true run race, and well won. Lowlander was not a factor and Clifford and Sport, owing to the faulty start, were not given a chance to show their work.

# THE MINE CONFERENCE

A Row at the Outset Over the Seating of Certain Operators. THE OPERATORS COME OUT AHEAD.

Ten Employers from Pittsburg Who Had Declared That They Would Not Abide by the Decision of the Majority Got Their Seats, Despite Protests.

CLEVELAND, May 16.—When the miners' conference finally assembled late yesterday afternoon it took but a short time to precipitate the fight that was brewing. An organization was effected by the election of J. B. Zerb, an operator of this city, as president, and Patrick McBryde, of the miners' union, as secretary, with Frank Brooks, an operator of Columbus, as assistant.

A committee on credentials was appointed, and to them was referred the credentials of all the miners and operators who sought seats in the conference. The report of the committee aroused a stormy discussion at once. They favored the seating of all the miners and operators from Ohio, Indiana and West Virginia, and all of those of Pennsylvania who had expressed a willingness to abide by the decision of the conference. The report, however, was against the seating of the ten protesting operators who had declared that they would not abide by the decision of the majority.

A. H. Dempster led the fight in favor of giving the pickers seats. He said the call for the conference had been sent to all operators and miners, and they were entitled to seats under the call. John McBride, president, and Vice President Penna. of the miners' union, made the principal speeches against seating these operators.

The Indiana operators were admitted on the understanding that they would abide by the decision of the conference if a fair rate for mining was established for central and southern Illinois.

After the adoption of the report the conference adjourned until today.

Maryland Strikers Quiet.  
CUMBERLAND, Md., May 16.—The strike situation in this region remains unchanged. No attempt at present has been made to prevent miners who wish to go to work from doing so. A futile attempt was, however, made at Eckhardt mine by the strikers, but the presence of deputy sheriffs put a quietus on their movement. Eckhardt, Eckhardt-Hoffman, Ocean and Allegany mines are working with an increased force of men.

Independent Indiana Senators.  
INDIANAPOLIS, Ind., May 16.—The operators in the block coal fields do not propose to be governed by the action of the Cleveland convention. Said a prominent operator today: "The block coal operators are prepared to look up their mines for two years if necessary, and we really believe such a step will be necessary. Not a representative of the operators of the block coal field is attending the convention."

Non-Unionists Join the Strike.  
RUSSELLVILLE, Ky., May 16.—Fifteen hundred miners employed in the coal fields of Ohio and Muhlenberg counties are idle today. The strike is somewhat of a surprise, as the non-union men seem to be joining with organized labor in the general walkout. This district represents over 37 per cent of the output of the entire western field.

Brutal Murder in New London.  
NEW LONDON, Conn., May 16.—Frederick J. Pardue, a soldier at Fort Trumbull, was fatally shot last night while out walking with a young woman named Annie Maloney, a servant employed at the Winthrop hotel, in this city. In a lonely part of the road two men approached the couple and suddenly seized the girl with the intention of assaulting her. Pardue attempted to rescue the girl, and in the fight that followed was shot through the heart. The murderers escaped.

# A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring a world-wide place. It was a member of the "Union Yewell," well known as a writer as "Yewell," and was a member of the "Indiana Volunteers." Remaining an important member of the "Union Yewell" are using "Miles' Restorative Nervine, Heart Cure and Liver Pills," all of them giving the best of health. In fact, we have never seen a man who has ever been ill, who has not had words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies: "Miles' Restorative Nervine, Heart Cure and Liver Pills," Dec. 5, 1892.

Several of our old veterans here are using "Miles' Restorative Nervine, Heart Cure and Liver Pills," all of them giving the best of health.
