RELIGION AND COLOR. A Houston journal has proclaimed war against a Bishop and the rector of an Episcopal church in approved Texan style. "If Bishop Kinsolving and Rector Aves," it declares, "want to mix niggers and white people in religion, or any other kind of social equality, they have come to the wrong place. Such John Browniam will not be tolerated, and for the sake of

pence they are advised to leave Texas, The best plan is to fire them both out of the community." This lurid and impast sioned proclamation has had the natural effect of exciting "the best people" of the town and diocese, who are now threatening to tar and feather both the Bishop and the rector.

The cause of this social disturbance and uproar may be briefly explained. Dr. Aves, who is the rector of the principal church in the diocese, invited the Rev. Mr. Tho opson to a place in the chancel one Sunday during evening service. The Rev. Mr. Thompson had not committed any crime, nor had he been guilty of heresy, nor had he been implicated in any church scandal. He had been born with a black face and a pair of black hands. That was all, but it sufficed to infuriate the congregation which had gathered in the church. When the black face appeared in front of the altar, and the black hands were seen turning the leaves of the gilt-edged prayer-book, loud murmurs of disapproval were heard and many members of the congregation left the church in anger and disgust. During the next two days a large number of families announced their determination to withdraw from a church where a "nigger" was allowed to read the lessons and to take part in the services. Bishop Kinsolving, who had learned liberality and toleration in the city of William Penn, was shocked by these demonstrations of rancorous race hatred. In order to express his approval of Dr. Aves's conduct he invited the Rev. Mr. Thompson and another colored minister to dine with him. The color line was at once drawn against him. The Bishop and the rector were denounced as enemies of social peace and threatened with tar and feathers.

The best people of the diocese do not object theoretically either to the evangelization of negroes or to the ordination of black men to the priesthood; but they insist upon having them keep their proper place in Texas-that is to say, in the back pew with the sexton, but not in the chancel; and not in seats of honor at the Bishop's table, but behind the chairs and waiting upon the white clergymen. They do not want to have white people "mixed up with niggers" in religion, whatever may have been the teaching of the Sermon on the Mount, or the apostolic example set by Peter or Philip the Deacon. The Rev. Mr. Thompson's soul may be as white as any angel round the throne, but if his any ange: round the throne, but it his face be black he must not be allowed to The freshet of 1889 brought so many logs stand before the altar and read the Bible or church prayers to a white congregation. Whoever thinks otherwise is preaching "John Brownism," and is ready to be measured ifor a looat of tar and feathers preparatory to being "fired out" of a moral and Christian community ! Bishop Kinsolving is a big, stalwart, muscular Christian, who is well able to take care of himself, and who will probably finish his useful career in Southern Texas without a visitation of wrath from vigilance committees and social reorganizers. We do not apprehend that he hin any danger from a Houston mob. nor that he will ever show the white feather in dealing with this execrable race intolerance, for he has the courage of his convictions. The anathemas hurled at the good Bishop and against the rector, who recognized in the colored minister a consecrated priest of the temple, whether his hands and face were white or black, are unerring indications of the real quality of the religion now prevailing in Southern Texas. It was a gospel of social squality that was taught by the Galilean, who talked with the Samaritan woman at the well, washed the Disciples' feet on the last night of His life, and commis-sioned them to preach, not to Jews alone who recognized in the colored minister a

The Evening Herald. nor to white men, but to every race, na-tion and blood. The intolerance which would banish from the altar an ordained messenger of that Master because his face is black is as far removed from the spirit of that Gospel as are the heavens from

HELD FOR CRIMINAL LIBEL

Mr. Powderly Causes the Arrest of a Kuights of Labor Official.

SCHANTON, Pa., May 24 .- H. B. Martin of Minneapolis, a member of the general executive board of the Knights of Labor, was in this city yesterday for the purpose of settling differences between local as-semblies. He allowed himself to be inernolina. He allowed himself to be the terviewed by a reporter. Two hours after the interview was printed Marbin was ar-rested at the instance of T. V. Powderly, ex-general master workman of the Knights, who alleges that Martin libeled him in the interview. That part of the interview of which Mr. Powderly complains is as follows:

¹⁶Mr. Powderly has been suspended from the Knights of Labor for refusing to turn over to his successor, J. R. Sovereign, the property of the order in his charge. This paraphernalia relates to the secret work of the organization, books, documents and other articles, all of which are specified in the correspondence which has passed, de manding that the property be turned over I do not know what reasons were given by Mr. Powderly for not turning over the property to the order, but they were not

good reasons." Mr. Powderly claims that he turned over to his successor all the property of the Knights of Labor that he had in his possession, and that Mr. Sovereign ac-knowledged the receipt of the same. Martin, when arrested, was taken before an alderman and held in \$1,000 ball for court. Mr. Powderly now threatens to proceed against all the officers of the Knights of Labor who claim that he refused to turn over the property of the order.

Fatal Mine Riot in Indiana.

ENANSVILLE, Ind., May 24.—News has reached this city of serious trouble at Little's coal mines, at Little's station, on the Evansville and Indinuapolis railroad. Two hundred and fifty miners from Washington and other mines in Davies and Pike counties armed with Winches-aries reduces and long of any multim and Pike counties armed with Winches-ter rifles and a cart load of ammunition, marched to Little's mines for the pur-pose of compelling the force at work to join in the strike. A battle occurred in which five men were wounded and two killed. Deputy shariffs stationed as guards at the mines were disarmed and driven away. The Whitewayites Defeated.

ST. JOHNS, N. F., May 24.—The result of the election at Bay de Verde is now known. The vote gives one supporter to the government and one to the Whiteway the government and one to the winteway party, and the government gains a seat and Whiteway loses one, the former mem-ber heing both Whitewayites. The result is a great surprise to the Whitewayites, as they counted on securing both scats by a a majority of 500. The election cannot be considered otherwise than as a grushing blow to them because than carried both blow to them, because they carried both seats in November by a majority of thirty. The government poll was practically the same as last year, but there is a change of over 200 votes from Whiteway to the government side.
