SATURDAY, MAY 26, 1894.

TELEPHONE PROGRESS.

Rains may come and floods may rise
but they will cease, and from out the
clouds behind which the sun is ever shin-
ing, will his brilliant majesty again
appear in refulgent splendor, and smile
on refreshed and beautified nature. But
wonders never cease. As man's intellect
ripens and expands so new wonders are
given to the world, and its occupants
(nave) at the greatness of each succeed-
ing achievement of the master mind. So
when the telegraph was invented and
came into use all the world wondered. If
it wondered then what were its emotions
when the electric telephone, electric light,
phonograph and electric railway system
became fixed and useful inventions? Now
it is recorded in the Railroad Gazette that
"in France the management of some of
the railroad companies think of
replacing the telegraph by the tele-
phone, even for the transmission of im-
portant orders." There are some rail-
roads with light traffic, says the authority,
where the telephone is already thus used.
On the Vincennes Railroad in the stations
between Paris-Bastille and La Varenne,
which are at distances of about one mile,
a signal by telegraph the telegraph
wires are connected with the telephone in-
struments and are thus made available
for an extended telephonic intercourse.
Recent information has also reached the
quoted authority that "the Northern
Railroad of France has established on
several telephone stations on the open road
along some of its main lines, through
which assistance can be summoned from
the stations in case of accident. The sta-
tions are equipped with telephone re-
ceivers. Portable telephone instru-
ments are in use on small French
roads. The large Austrian railroads
use field telephone instruments of the
Gaffenger system, which in
a few minutes can be connected with the
telegraph wires at any point, their use
not interrupting the telegraphic com-
munication." We are also reliably in-
formed that "in England telephone con-
nection between block signal stations is
common," and that "on the seven large
French railroads there were in use in
January, 1893, about 1210 telephones
against 3,500 telegraph stations. In this
country the same uses are being made of
these indispensable instruments. The
West Virginia Central Railroad has tele-
phones successfully operating on 133 miles
of its road.

Thus it is, there seems to be no end to
the possibilities of the telephone and its
uses. Long ago it was established that
the telephone is the greatest convenience
the world has ever known, and now we
have evidence of its adaptability to con-
venience and safety on railroads. If it is
successfully operated on railroads in other
countries as a means of perfect trans-
mission and reception of messages, it will
surely not be long before the railroads in
America will be equipped with these use-
ful instruments. Especially on the roads
run by the trolley electric system. We
should think telephones could be made of
incalculable benefit and use. There would
be fewer accidents, possibly none at all,
and the operation of the roads would be
reduced to a science based on safety and
the assurance of quick and uninterrupted
transportation.

The 26th of May was the day on which
the clouds, usually called seventeen-year
locusts, were to have made their appear-
ance. Up to date we have no information
that warrants the belief that they pre-
sented themselves. Perhaps the great
storm induced or compelled them to stay
in doors until the weather became more
propitious. A day or two of sunshine,
for which all are hoping, will solve the
question.

As the waters of the great flood recede,
a better idea of the damage occasioned
by them and the immense money loss
occasioned by them, though, of course,
all is yet conjecture, can be ascertained.
But there cannot be any escape from the
fact that many millions worth of property
has been destroyed in the state. Williams-
port alone has suffered to the extent of

at least three millions, and though its
losses have been greater than those of
any other single locality, it must be borne
in mind that the entire state was storm-
swept and that damage to a greater or
less extent has resulted everywhere. The
aggregate must, of course, be enormous.

SENATOR HILL promises to make an-
other tariff speech, and the Democracy
shows fresh signs of giving up the ghost.

River ad, L. I., Electrified.

The recovery from disease of Charles Homan
and wife looks upon as a modern miracle—As help-
less as a child from inflammatory Rheumatism—
Charles Homan restored to health by a simple
remedy—Others use it with success—Physicians
everywhere prescribing it.

RIVERHEAD, LONG ISLAND, N. Y.—Public
opinion in this village has not made a
mistake in the exalted position it has
placed Dr. David Kennedy's Favorite
Remedy. The family of Charles Homan
of this place increases the list of residents
who have been benefited by its use.

Favorite Remedy was first introduced
in the family by Mrs. Homan, who has
been afflicted for years with a awful pain
in her back, occasioned by chronic kidney
complaint; at times she suffered so that
she was unable to lie down, sleep was im-
possible, and she walked about with much
difficulty. Physicians prescribed various
medicines, but to no purpose. Learning
of the great good others had received
from the use of Dr. Kennedy's Favorite
Remedy, she purchased a bottle and began
to use it with the most satisfactory result.
To use Mrs. Homan's own words, "It
saved my life, why, it's worth its weight
in gold. I know of over twenty people
who have taken Dr. David Kennedy's Fa-
vorite Remedy, and in every case it has
benefited them. My sister, Mrs. Loomis,
suffered from creeping paralysis, began
to take it, and it did her a world of good.
Seven years ago my husband was suffer-
ing dreadfully from inflammatory rheu-
matism; both feet and hands were swollen
to enormous size; had pain in his back
and head; for one whole year he was such
an awful sufferer that he nearly gave up
the thought of his death any day. Four
physicians prescribed all sorts of medi-
cines, but he kept growing worse. He
wasted away from 200 to 130 pounds.
Finally, he began to use Dr. Kennedy's
Favorite Remedy, and in a short while he
was as well as ever, and to-day he is
as well as ever in his life. The two druggists
in this place say they sell it so fast
they cannot keep it in stock." Other
Riverhead people who have been benefited
by Favorite Remedy are George Benjamin,
John Lyman, George L. Hommes,
Benjamin Adams and John Parsley.
In speaking to one of our physicians
about Favorite Remedy, he said: "Its
great value lies in the fact that it dissolves
the excess of uric acid in the blood, thus
curing the disease."
Dr. David Kennedy's Favorite Remedy
is a never-failing specific in diseases of
the skin, liver, kidneys and blood. It
restores the disordered liver to a healthy
condition, corrects the worst cases of
Bright's disease, diabetes, and bladder
troubles, it has cured where all else failed.
Dr. David Kennedy's Favorite Remedy is
sold by all dealers, at \$1 a bottle, or six
bottles for \$5.

CHURCH ANNOUNCEMENTS

Where and When Services Will be Con-
ducted to-morrow.

Trinity Reformed church, Rev. Robert
Hoyt, pastor. Services to-morrow at 10
a. m. and 8 p. m. Sunday school at 10:30 p. m.
Everybody welcome.

Kehelon Israel Congregation, West Oak
street, Rev. S. Hahnswitz, Rabbi, services
on Friday evening, naturally and Sunday
afternoon and evening.

Welsh Baptist church, preaching services at
10 a. m. and 8 p. m. by the pastor, Rev. D. L.
Wright, Sunday school at 2 p. m. Everybody
welcome.

Roman Catholic church of the Annunciation,
Cherry street, above West street, Rev. F. P.
Healy, pastor. Masses at 8:00 and 10:00 a. m.
Vespers at 8:00 p. m.

St. George's Lithuanian Catholic church,
corner Jardin and Cherry streets, Rev. J.
Abramaitis, pastor. Mass and preaching at 10
a. m. Vespers at 8 p. m.

Salvation Army, corner Main and Oak streets,
Captain L. Yoder and Lieutenant A. Daryl in
command. Services all day, commencing at 7
a. m. and 3 and 8 p. m. Meetings
will be held every night during the week except
Monday night. Sunday school at 9 a. m.

Ebenezer Evangelical church, Rev. R. M. Eich-
enwaller, pastor. Services to-morrow at 10 a.
m. in German, and 8:30 p. m. in English. Ser-
mons at 11:30 p. m. All are heartily invited to
attend.

Presbyterian church, Rev. T. Maxwell Merri-
son, pastor. Services at 10:30 a. m. and 8:30
p. m. Sunday school at 2 p. m. The
Ladies' Aid Society will meet on Tuesday eve-
ning at 7:30. Prayer meeting on Thursday
evening at 7:30. All are cordially invited.

First Methodist Episcopal church, Rev. Wm.
Powell, pastor. Services at 10:30 a. m. and
8:30 p. m. Sunday school at 2 p. m. Epworth
League at 8:45 p. m. Prayer meeting at 7:30
p. m. Thursday evening. Strangers and others
are always welcome.

English Baptist church, South Jardin street,
services at 10:30 a. m. and at 8:30 p. m.
Preaching by the pastor, Rev. W. H. F. Fries.
Prayer service at 4 p. m. Sunday school at 2
p. m. Monday evening at 7:30 the Y. P. U.
will meet. Wednesday evening general
prayer meeting. Everybody welcome.

Primitive Methodist church, Rev. John Butt,
pastor. Services to-morrow at 10:30 a. m. and 8:30
p. m. Sunday school at 2 p. m. Class meetings
Tuesday and Wednesday evenings at 7 o'clock.
Prayer meeting Thursday at 7 p. m. All
are cordially invited to come here.

All Saints Protestant Episcopal church, Oak
street, near Main. Morning service at 10:30
a. m. Evening at 8 o'clock. The rectory offi-
ciates at morning service alternately and at
evening service. The lay reader, Charles
Hastings, officiates in the absence of the
rector, G. H. Brimman. Sunday school at 2
p. m. All seats free and everybody made
heartily welcome.

A FEEBLE WOMAN
suffering from nervous prostration,
excitability, or irrita-
tion, the result of disor-
der, derangement, or displacement
of the special organs—will
find health regained after
using Dr. Pierce's Favorite
Prescription.

The one remedy—standing
solitary and alone—for wo-
man's weakness, which is guar-
anteed to benefit or cure, or the
money refunded, is the "Favorite
Prescription."

It's a powerful invigorating
tonic, a soothing and strengthening
nerve. For women who are run-down and over-
worked; at the critical period in woman's
life—the change from youth to woman-
hood, and later, the "change of life"—this
is especially adapted to her needs; for it
strengthens, regulates, and cures.

Whether it's Catarrh itself, or any of
the troubles caused by Catarrh, the makers
of Dr. Sarg's Catarrh Remedy will
pay you \$500 if they can't give you a
permanent cure. They take the risk!

CRIME UNPARALLELED.

Dastardly Work of Mine Strikers at Cripple Creek, Colo.

ELEVEN "SOAB" WORKMEN KILLED

After Destroying the Shaft Hoop of the
Strong Mine, Causing \$25,000 Loss, the
Miners Threw a Hundred Pounds of
Giant Powder Among the Workers.

CRIPPLE CREEK, Colo., May 26.—Eleven
men killed, with a strong probability that
the number of dead will be increased
when all is known, is the record of the
first day of trouble here, although real
fighting has not yet begun, as the deputies
are awaiting reinforcements before
beginning active operations. Yesterday
eleven men started to work in the Strong
mine, on Battle mountain. Shortly after-
wards a large party of strikers blew up
the shaft hoop with powder, causing a
loss of \$25,000, and then dropped 100
pounds of giant powder down the shaft
which was also exploded, killing all the
inmates. Not more than 800 yards from
the Strong shaft house sixteen men who
had been engaged to go to work in the
Independence mine were surrounded in
their bunk house, and after a long parley
agreed to surrender. Each one was armed
with a rifle and a brace of revolvers. The
arms are now in the possession of the
strikers.

It is rumored that the strikers attacked
the Anna Lee mine, overpowering the
guards, after which they blew up the
shaft house, but the rumor has not been
verified.

When the deputies are finally massed
and the two forces come together a most
desperate battle will be doubtless fought.
The situation is one of most painful
anxiety. Not a few believe the town will
be a smoldering mass by another sunrise
if the strikers be not restrained.

At Victoria, six miles from here, where
fully 1,500 people reside, a reign of terror
exists. Within a half mile of the com-
munion limits of the town all day long fully
300 union miners, armed with rifles, have
paraded up and down the side of the hill.
Occasionally a detour into the village
would be made, and people whom the
miners thought to be objectionable were
ordered to leave the place. The guards
from Denver, upon arrival at Victoria, went
into camp on a neighboring hill. The
strikers threw out a picket line, entirely
surrounding them, but at a distance that
guarantees them safety from the deputies'
rifles.

It is said the strikers have planted
under their breastworks on Bull Hill a
quantity of dynamite with the intention
of blowing it up if it should be taken and
occupied by the deputies.

The strikers from their strong hold on
Bull Hill can view the country for miles,
and all passes are guarded by them. No
one is permitted near enough to the seat
of war to be in danger, and the streets of
Cripple Creek and Victor, as well as the
passes, are patrolled by miners carrying
Winchester and revolvers.

The capture and disarming of eighteen
deputies was accomplished by women, and
ever since the occurrence two of the women
have been holding high court in a saloon,
where the strikers shower congratulations
on them. Two wagon loads of powder
and cartridges for one of the mines were
captured by the strikers and their con-
comitants.

One of the largest mine owners in Col-
orado Springs is authority for the state-
ment that the mine owners have planted
a rifled cannon on a hill commanding the
breastworks and that it will be used to
delodge the strikers from that position.

La Salle's Turbulent Strikers
LA SALLE, Ills., May 26.—Six companies
of the Third regiment, Illinois National
Guard, under command of Colonel Ben-
nett, are camped on a bluff in the eastern
part of the city, and their presence seems
to be having a salubrious effect on the
turbulent striking miners. There was an-
other serious break yesterday when a num-
ber of miners went to the La Salle carbon
shaft, mobbed the engineer, and made
him leave the engine room, threatening
him with assault if he returned. This
was before the arrival of the militia. The
thing that is now irritating the strikers is
the detention of two of Thursday eve-
ning's rioters in the Ottawa jail, and if the
men are not given a speedy trial there
will be serious trouble. Last evening a
number of strikers severely beat and
kicked a Polish miner named Birkowski,
whom they accused of being a spy. The
man is likely to die.

Fears of a Jail Delivery.
OTTAWA, Ills., May 26.—The trouble at
La Salle and the threats of the mob there
to come to this city to release their three
comrades who were brought here and
jailed have caused much uneasiness.
Every preparation is being made to guard
against trouble. According to the latest
reports the miners of La Salle, Oglesby
and Spring Valley are preparing to march
to Ottawa and liberate the miners by
force. The city authorities have made
ample preparations. The miners at Ogles-
by visited Split Rock shaft, at Utica, and
destroyed several hundred dollars worth
of property.

Maryland Strikers Quiet
CUMBERLAND, Md., May 26.—All is quiet
in the mining region. Eckhart and Al-
legany mines are working more men today
than yesterday. Yesterday forty strikers
from Lonaconing marched to Vale Summit
to stop the miners from going to
work at Hoffman. Many of the miners
had gone to work before the arrival of the
strikers. Those remaining took a secret
vote, resulting in twenty-one voting for
the strike and fifteen against. None of
the miners voting went to work. The con-
tempt case of Wilson and others is being
heard by Judges Boyd and Hoffman to-
day.

Kansas Miners Gain Converts.
LEAVENWORTH, Kan., May 26.—The
strikers who were marched across the new
bridge into Missouri Thursday evening by
the sheriff and deputies are nearly all in
the city again. They were rowed over dur-
ing the night by sympathizers from this
side. Agitators are scattered throughout
the city and are getting in their work. The
police department is in sympathy with
them and the local labor organizations
are promising them support. They have
already gained 200 converts. There is a
strong probability of a general strike.

The Victims of Strike Hellow.
URONOTON, Pa., May 26.—Since Thurs-
day night one of the strikers wounded
in Thursday's battle has died, making in
all five dead. Following is a list of the
dead and wounded: Dead—B. McAndrew,
aged 46, American; Basil Omaka, Slav;

Jack Golack, Slav; William Schwartz,
German; unknown Italian. Wounded—
John Troy, shot in groin (will probably
die); Andrew Rundo, Fin, shot in the
right hip; Orazo Cecorelli, Italian, shot
in back; Antonio Dapoldi, shot in ab-
domen; two unknown Italians.

Overawed by Deputies.
CARTERSVILLE, Ills., May 26.—There
have been no outbreaks here, but fully
500 strikers, including delegations from
Murphysboro, Harrison, Muddy Vale,
Ducino and other points are on the
ground, and made a demonstration against
the works here. They marched in line to
the Big Muddy mines, intending to force
out the 250 men at work there. They
found a large force of well armed officers,
and concluded not to try Central tactics.

The Illinois Miners.
SPRING VALLEY, Ills., May 26.—The
committee of miners which left here
Thursday to try to get Kewanee and
other places to quit have been successful.
The men in Kewanee, Viola, Gilchrist
and Gable have gone out in sympathy. A
move is now on foot here to go to Morris,
but a committee will be sent first. A
great many of the Spring Valley miners
were in La Salle today viewing the militia.

A Fruitless Conference.
ST. LOUIS, Mo., May 26.—A fruitless con-
ference of coal miners and owners and the
operators of the coal mines of Southern
Illinois was held here. Both sides were
fully represented, but the operators found
themselves unable to agree to the propo-
sitions presented to them. The strikers in-
sist that their national organization shall
be recognized.

Will Vote on the Strike.
MACON, Mo., May 26.—At Ardmore the
coal miners, some 500 in all, have quit
work pending a meeting to decide whether
they shall yield to the persuasion of dele-
gates from the striking miners of Hunt-
sville, Higbee, Bevoir, and other points,
who want them to join the general strike.
There has been no disturbance.

A Warm Reception Awaits Them.
PANA, Ills., May 26.—The people are in
a wild state of excitement over the re-
ported approach of foreign strikers who
are on the way to force out the men here
and do damage to the mining plants. Late
telegrams say 2,000 men are en route to
Pana. There is now a total of 1,500 de-
puties armed and on duty.

A Mob of Six Thousand.
BRAZIL, Ind., May 26.—About 1,000
miners left this city on a special train for
Coal Bluff, where a meeting of strikers
was held. The men were greatly agitated
over the miners working at Pana, Ills.,
and quickly voted for the men to go in
masses. Over 6,000 left on the Big Four
for that place.

Alabama's Lawless Strikers.
BIRMINGHAM, Ala., May 26.—Sheriff
George M. Morrow wrote to Governor
Jones asking that more troops be sent to
Ensley City to prevent an outbreak on the
part of strikers and also the operations of
bands of outlaws that are roaming the
country. The governor promised to send
the troops.

Tennessee Miners Resume Work.
KNOXVILLE, Tenn., May 26.—Four thou-
sand miners of the Coal Creek mining dis-
trict, who have been on a strike since
April 21, returned to work yesterday, and
the strike in this district is broken. The
strikers are still out at Galileo and Oliver
Springs.

A Hostile Argument.
DECATUR, Ills., May 26.—A crowd of 500
miners was around the coal shaft yester-
day when the new men came to work.
They kept all but twice from going to
work. Two were pounded with clubs.

PUSHING THE TARIFF BILL.
The Senate Gets Through with Five More
Pages of the Measure.

WASHINGTON, May 26.—The senate
disposed of five pages of the tariff bill yester-
day, completing the consideration of
the metal schedule except the paragraphs
relating to lead and zinc and their man-
ufactures. These paragraphs promised to
precipitate a struggle of some proportions,
and as they were reached late in the after-
noon it was deemed best to allow them to
go over until to-morrow. Mr. Hill, of New
York, is understood, will make the fight
against the duty on centrififugal lead
ones and pig lead. The interesting feature
of the day was the debate on the Hawa-
ian resolution. Mr. Blanchard's speech
and several sharp encounters between Mr.
Harris and Mr. Hoar, which preceded the
consideration of the tariff schedule.

The entire afternoon in the house was
consumed in a discussion of an omnibus
resolution from the committee on war
claims, grouping together thirty-seven
claims for cotton, etc., aggregating \$1,040,-
000. Half the time was taken up in a dis-
cussion on a point of order against the
grouping of so many bills in one resolu-
tion. The only business transacted dur-
ing the day was the passage of a bill for
the relief of Thomas B. Reed, and the suc-
cess of this bill seemed to be due in no
small degree to the name.

REMEMBER there
are hundreds of brands of
White Lead (so called) on the
market that are not White Lead,
composed largely of Barytes and
other cheap materials. But the
number of brands of genuine

**Strictly Pure
White Lead**

is limited. This brand is standard
"Old Dutch" process, and just as
good as it was when you or your
father were boys:
"John T. Lewis & Bros."
For Colors.—National Lead Co.'s Pure
White Lead Tinting Colors, a one-pound can is
a 25-cent pound of Lead and mix your own
paints. Saves time and annoyance in matching
shades, and insures the best paint that it is
possible to put on wood.
Send us a postal card and get our book on
paints and color-card, free; it will probably
save you a good many dollars.

Cured of Catarrh

Feels Like A New Woman Since Taking Hood's

**Indigestion and Sick Headaches
Also Relieved.**
"C. I. Hood & Co., Lowell, Mass.:
"I have been taking Hood's Sarsaparilla since
last December for indigestion, catarrh and sick
headache, and it has made me feel like a new
woman. When I commenced taking it I did not
have any appetite and for years I had to be very
careful about my diet. Now I can eat any kind
of food without any distress afterwards. I had a
severe case of catarrh, and this with my indigestion
brought on frequent attacks of sick head-
ache. They bothered me very much. But since
taking several bottles of Hood's Sarsaparilla
All is Changed.

It has cured me of catarrh and my other
troubles. I hope every one similarly af-
flicted will try Hood's Sarsaparilla and be
cured of their troubles."
Hood's Sarsaparilla Cures
