THE EVENING HERALD, Shenandoah, Penna.

Evening Herald. WEDNESDAY, MAY 30, 1894.

On top of the indifference shown to the Stars and Stripes by Governor Flower, of New York, comes the news that Canadian soldiers at St. Thomas, Ontario, tore down the American flag which was flying from the American Consulate there.

CERTAIN political and diplomatic imbecilities require heroic terms of justification, and Gresham may explain his policy in regard to the Pacific islands on the ground that Sir Sidney Bell proclaims that they are all likely to sink at any time.

THE VETERANS. There were few heads in the procession of veterans to-day not sprinkled with gray. In the loyal-hearted citizen these gray hairs will inspire a feeling of deeper sympathy and gratitude and stronger admiration than ever for the brave men who gave the best years of their youth to the cause of the imperiled Republic.

tion which put down the Rebellion continued to make up the principal portion of the people there was not such a comparative exaltation as there has since come to be of the soldier in the loving esteem of a grateful country.

The progress of time demonstrates with ever increasing certainty the immense, the immeasurable value of the triumphs won by the loyal legions. The deeds of the Union armies will be remembered by the people of the land they rescued from destruction, so long as that land continues to be a pillar of light and liberty to mankind.

COUNTY OFFICIALS CONVICTED

Paid \$3,000 for a Book That Was Never Published.

PATERSON, N. J., May 29.—In the Passaic circuit court Freeholders John H. Morrow, Cornelius Quakenbush, Henry Wardle, Thomas W. Risk and Thomas Homan, comprising the finance committee of the board of freeholders for 1893-94, were found guilty of unlawfully spending money for a book known as "The Centennial History of Paterson," edited by William Nelson, who was at the time of the payment of the bill, clerk of the board, and Charles A. Shirner, a newspaper reporter. The bill for the work was \$3,000.

Freeholders George V. DeMott, John C. Row, Thomas Homan, Cornelius Quakenbush and John H. Morrow, members of the finance committee of the board that signed the bill for the payment of money on the book, were also found guilty of this act. Judge Dixon charges the jury in the cases that the money had been illegally spent.

One very peculiar fact about the book for which this money has been appropriated is that it has not yet been published, and Judge Dixon, in his charge to the jury, took occasion to say there was nothing to indicate that the book would ever be ready, and if it never was the county could not bring suit against the two publishers for breach of contract.

Sutherland made a confession, in which he declared that there were between 2,100 and 2,200 fictitious votes cast at the last election prior to his arrest, and that in 1892 1,500 fraudulent votes were cast out of a total of 2,000.

CITY OF MEXICO, May 30.—The authorities of this city have been advised of the murder by brigands of Benito Hernandez and his wife and three children. Hernandez and family left Matamoros to make an overland trip to Monterey. They were in the vicinity of Colchastot when the brigands surprised them, and after killing all of the family, robbed them.

The Freedland Church Riot.

Senator Gorman Improving.

LAUREL, Md., May 30.—Senator Gorman passed a good night, and is improving. He was able to see his secretary for a short time, and disposed of some of his correspondence. It is thought he will be able to go to Washington the last of next week.

Father and Son Killed on the Rail.

The Weather.

Partly cloudy; probable showers.

A Great Many Children have been cured of scrofula and other skin diseases—as well as thousands of other people, by taking Dr. Pierce's Golden Medical Discovery. Every disorder that can be reached through the blood, yields to its purifying qualities. Besides, it builds up wholesome flesh and strength; not merely fat like Cod liver oils. A scrofulous condition of the blood invites Catarrh, Bronchitis and Consumption. We're all exposed to the germs of consumption, grip, or malaria—yet only the weak ones suffer. When you're weak, tired out, and debilitated, or when pimples and blotches appear—heed the warning in time. The "Discovery" sets all the organs into healthy action—especially the liver, for that's the point of entrance for these germs. When the blood is pure, they'll be thrown off. There's no risk. If it fails to benefit or cure in all cases of impure blood, or inactive liver, your money is returned.

STATESMEN'S DENIALS.

Newspaper Reports Without a Shadow of Truth.

NO SECRET CONFERENCES HELD.

Senators Caffery, Voorhees, Jones and Vest, Ex-Congressman Lefevre and Congressman Cockran Declare the Published Statements Unqualifiedly False. Vindicating Secretary Carlisle.

WASHINGTON, May 30.—Senator Gray, at the close of a speech in the senate on the tariff yesterday by Senator Pottigrove, presented to the senate the report of the investigating committee delegated to investigate the charges of impropriety in the framing of the sugar schedule. There were some objections to its presentation, but Senator Faulkner, in the chair, decided that it was a question of the highest privilege, and that the report should be read.

The report details at length the examinations of the newspaper men, Edwards, Schriver and Walker, substantially as already published, and then gives the testimony of Senator Caffery, Representative Bourke Cockran and ex-Representative Ben Lefevre. The paragraph in Mr. Edwards' letter to the Philadelphia Press in which he had referred to Mr. Caffery in connection with the preparation of the sugar schedule was read to Mr. Caffery, and he said:

"In so far as this statement connects me with any conference with the men named here as belonging to the sugar trust—Havemeyer, Terrell and Mayer—the last two of whom I do not know, it is unqualifiedly false. In so far as the statement makes me the draughtsman of a schedule which Mr. Havemeyer accepted, and when I wrote it was looking over my shoulder, that is unqualifiedly false. I had no conference with Mr. Havemeyer nor any one of the sugar trust."

Mr. Caffery said he had met Mr. Havemeyer one day going out of the Capitol, and was introduced to him and had had one conference with him, which was held two or three weeks before the finance committee reported the specific sugar schedule. That conference was held at Senator Brice's house. "I was asked," he said, "to see Mr. Havemeyer. He commenced an argument in favor of the ad valorem rate on sugar in preference to the specific rate, and a number of figures were presented to show or attempt to show the correctness of his argument."

In reply to a question as to whether there had been any other senators present at Senator Brice's house when he met Mr. Havemeyer there, he said there were several other senators present. Among them were Senator White, of Louisiana, and Senator Hill, of New York, and his recollection was that Senator Gorman had also been present, but Mr. Havemeyer did not meet any of the gentlemen but himself.

Asked if he had ever been present at a meeting of the finance committee at the Capitol on a Sunday, Mr. Caffery said he had slipped into the building once on the Sunday before the bill was reported on the following Monday, and had met Senators Jones and Vest, of the committee, there on that day.

Ex-Congressman Lefevre denied explicitly the statement in Mr. Edwards' letter concerning the Sunday meeting at the Capitol. He said he had not been in the employ of the sugar trust, and had not been at the Capitol with any of its members.

During the course of his testimony Mr. Walker stated that he had seen senators at the Arlington stop with gentlemen whom he was told were members of the sugar trust, and go to Mr. Havemeyer's room. He said he had seen Senator Brice go to Havemeyer's room in the Arlington hotel repeatedly while the tariff bill was pending in committee. He said he had heard Mr. Roosevelt, proprietor of the Arlington, talk of slipping the senators up the back way. He had also seen senators come in at the ladies' entrance and also representatives of the trust. He said, in his reports mentioned Joe Riskey as a go-between between Senator Vest and the sugar trust. "I have seen," he said, "Joe Riskey with Mr. Vest, and in a little while go with Mr. Reed or Mr. Terrell and get in a quiet spot and talk." He had, however, only once seen Riskey with Mr. Vest, and that occasion he had seen him within an hour in conversation with Mr. Terrell. He had also seen Riskey around the finance committee room doors.

Hon. Bourke Cockran said Walker had asked him upon one occasion whether he was the attorney for the sugar trust, and he had told him that he had never been the attorney for that organization, but that he had declined to represent the trust in the courts in New York in 1888 or '87. He also denied having told Walker that he favored a duty on sugar.

The investigating committee continued its inquiry yesterday, and examined Senators Voorhees, Jones and Vest, of the finance committee, in regard to the allegations made concerning the efforts of the trust to influence legislation. They made a general denial of all the charges made of the exercise of influence by the sugar trust, and specifically contradicted the story that Secretary Carlisle had made a secret visit to the committee and demanded that the sugar interest be protected because of the Democratic party's indebtedness to the sugar trust. They agreed that Mr. Carlisle had never made such a visit to the committee, and that no such demand had been made upon the committee for the reasons given in Mr. Edwards' letter, or on any other account.

They also denied the report that a meeting had been held by the committee on the Sunday before the tariff bill was reported for the consideration of the sugar schedule, and said that if the sugar people had been together in an adjacent room while the committee was in session at any time they were not cognizant of the fact.

Senator Vest denied emphatically that he had informed Joe Riskey of the progress of the committee in considering the sugar schedule while the bill was in committee. The committee adjourned over until Thursday. The examination of members of the finance committee will be resumed at the next meeting.

More Industrialists Sent to Jail. HELENA, Mont., May 30.—Leaders of the Seattle contingent of the Commonwealth army were brought into the United States court to answer the charge of contempt in seizing a train on the Northern Pacific on May 15. J. W. Kelly, the leader, was sentenced to the county jail for six months. John Ross, the engineer, was also given six months. William Blair, Stewart Lachey and Tom Davidson were each sentenced to thirty days.

workers or strike. The decision was reached that Morris would have nothing to do with the union. One mine will resume work tomorrow at \$1.20, or a five cent advance. It is thought the others will do likewise. The miners will brook no interruption from foreign strikers.

Jubilant Striking Miners.

POMEROY, O., May 30.—The delegation of miners which went down the river by steambot, 300 strong, to induce the miners at Spillman, W. Va., to cease work, came back with flying banners and a hand playing. They accomplished their mission without an unkind word on either side. Eighty-three men joined the strikers. This clears every mine in the Pomery Bend without a single act of violence. Every steamboat coaling station between here and Cincinnati is without fuel.

Ottawa's Jail Filling Up.

OTTAWA, Ills., May 30.—Deputy Sheriff Hanley and a squad of soldiers brought an even dozen Hungarians and Poles to the county jail here, making eighteen now behind the bars. The men who were arrested at La Salle upon state warrants Monday night are identified as participants in the attack upon the sheriff on Thursday evening, and will be held to the grand jury. Four of the foreign strikers have been fined \$100 and costs each and another \$25 and costs.

Sending Coal in Box Cars.

ROCHESTER, N. Y., May 30.—During the past two days there have been received in this city, over the Western New York and Pennsylvania railroad, 100 box cars loaded with bituminous coal, consigned to the Rochester Gas company and S. B. Stuart. The coal is from the Pocahontas district in West Virginia, where Senator Camden's mines are located. It was shipped in this manner to avoid confiscations by lines over which it passed, as all the cars were sealed.

All Quiet at La Salle.

LA SALLE, Ills., May 30.—All is quiet, and the deputy sheriffs so far have been unmoored in making arrests of the striking miners engaged in Thursday's riot. Twenty are already in custody, but when all are caught there will be sixty. Last night the police arrested two of the leaders in the assault on the alleged spy, Birkowski. Both are Poles. They will be taken to Ottawa tomorrow.

Confederate Reunion at Fort Donelson.

CLARKESVILLE, Tenn., May 30.—Between 10,000 and 12,000 were in attendance at the Confederate reunion on the Fort Donelson battlefield yesterday. The assemblage was addressed by Governor Peter Turney, ex-Congressman John F. House, who made the day's oration, and other distinguished southerners. It is the object of the reunion to raise sufficient funds with which to erect an imposing marble shaft over the graves of the Confederates buried on this battlefield.

Bissell Opposes the Postal Telegraph.

WASHINGTON, May 30.—In a letter to Chairman Wise, of the house committee on interstate and foreign commerce, Postmaster General Bissell says: "I believe the incorporation of the postal telegraph with the mail service of this country would add enormously to the annual deficit without correspondingly advancing the interests of the public; and it is, therefore, my judgment that the bill ought not to become a law."

The Fight Against the Race Tracks.

NEW YORK, May 30.—Peter de Lacy will continue his fight against the race tracks. His lawyers will enter an appeal against Justice Gaynor's decision in favor of Dwyer in De Lacy's suit against the Brooklyn Jockey club's president. The constitutionality of the second amendment to the Ives pool law will be brought into question, and De Lacy says the case will be carried to the highest courts if necessary.

Denouncing Sporting Events Today.

FORT WAYNE, Ind., May 30.—The three Grand Army posts of Fort Wayne have caused a sensation by adopting resolutions condemning all kinds of plenties and sports on Decoration Day. Could Not Live Long

So Thought the Neighbors

But Hood's Sarsaparilla Perfectly Cured Malarial Rheumatism.

"C. I. Hood & Co., Lowell, Mass. I had muscular rheumatism for twelve years. I took many remedies that were suggested, and was treated for three months at the hospital at Bethlehem, but did not realize any relief. Finally I decided to try Hood's Sarsaparilla. After taking one bottle I was surprised at its success. I followed the directions and it helped right along. I had the worst kind of rheumatism, the pain being most severe in the joints of my hands and limbs. I could not use my right arm even to cut a slice of bread. The neighbors thought I could not live long.

I looked so thin, and I wished myself many times that I was in heaven. I was so tired of life. No tonic can tell the pains I suffered. But since taking Hood's Sarsaparilla all is changed. I can sleep well at night, something I have not done for ten years. How thankful I am for the good I derived from Hood's Sarsaparilla. My friends wonder at the change." Mrs. L. S. BEERS, Weatherly, Pennsylvania.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.
