DID YOU EVER

hear tell of a purchaser wanting to buy an imitation? Why do men who try to sell such articles speak of the act as "working them off?" Simply because people want the best, and it takes work and likewise deception to sell them the worst. This unpleasant experience may befall the housekeeper who determines to

A FAVORABLE OUTLOOK

The End of the Great Coal Strike May be Near at Hand.

OPERATORS APPOINT A COMMITTEE.

It Takes the Place of the Former Committee and Has Unlimited Power to Affect a Settlement with All the Striking Miners in the Pittsburg District.

PITTSBURG, May 30.—There were fifty representatives present at the meeting of the Pittsburg coal operators yesterday afternoon, which was called to hear the report of the committee of fifteen which had been appointed to formulate a plan for the settlement of the strike. As previously announced, this committee failed to agree on any plan, and immediately afterward Alex Dempster suggested that a committee of ten be appointed to take the place of the discharged committee, but with unlimited power to act. The suggestion was acted upon without much discussion, and the following committee was selected: M. H. Taylor, Thomas Young, U. A. Andrews, D. W. Schlendeberg, F. L. Robbins, Alex Dempster, R. H. Boyle, John Blythe, B. Braznell and W. P. DeArmitt.

The instructions given the committee denote a general desire on the part of the operators to wind up the strike with all possible haste, and at the best terms to be secured. The committee has full power to act for the Pittsburg operators, and can settle for the district at any price they may see fit. There is a decided change of mind on the part of the operators, as expressed at the Cleveland conference, and, taken together with the favorable aspect of affairs in Illinois, seems to indicate that the end of the great strike is near at hand.

EMPLOYERS CONCILIATORY.

Governor Pattison's Cheering Message to Strike Leader White.

HARRISBURG, May 30.—J. L. Mitchell of Tyrone, Edward J. Berwind of New York and J. C. Scott of Philadelphia, representing the coal operators of the middle Pennsylvania bituminous coal fields, had a conference with Governor Pattison at the executive mansion last night, which lasted until midnight. At its close the governor informed the correspondent of the Associated Press that he had written to James White, the leader of the striking miners at Houtzdale, as follows:

"After a conference with the operators of Central Pennsylvania I find that they are willing, and offer to pay the highest wages paid in competitive districts in the United States, and to conduct their business with the miners of Pennsylvania on that basis."

The governor added that he deems this a concession, because it is all the operators can pay and at the same time compete with those in the same business and shipping to the same points. He says the operators are anxious to have a settlement, and believes the miners will agree to their proposition and call off the strike. The operators decline to give the result of the conference, saying that the governor has made public all that is necessary.

Ohio Strikers Driven from Trains.

SALINEVILLE, O., May 30.—When the 150 striking coal miners from here were driven from a Cleveland and Pittsburg train by the sheriff of Jefferson county at Wellsville they marched to Clark's Tank, midway between Yellow Creek and this village, terrorizing the residents en route. They went into camp there, and when the night express arrived at 1 o'clock the mob made a rush and succeeded in all getting aboard. The railroad company had placed a large force of deputies on the train at Wellsville, who succeeded, after a long struggle and after stopping the train seven times inside of a mile, in driving all the strikers off who refused to pay fare. The mob came here on foot.

Probably Waiting for a Compromise.

PHILLIPSBURG, Pa., May 30.—It is generally believed here that no attempt will be made to start the mines in this vicinity until the outcome of an effort to be made in other regions in a day or two is known. The points at which this effort will be made are now said to be O'Shanter, in Clearfield county, and Horatio, Walston and Adrian, in Jefferson county. Arrangements have been made at these places to care for and protect any men who are willing to go to work at the terms offered by the operators. The miners here laugh at the idea of men from Philadelphia and other cities being able to do the work of coal miners.

Iowa's Camping Strikers.

OSKALOOSA, Ia., May 30.—The camps of the striking miners increased to about 600 men near here, but no outbreak has occurred yet. The governor has placed the National Guard at the disposition of the sheriff and a large number of deputies armed to preserve order. The most of the men now camped here are from the southern portion of the state, and talk very loudly about what they intend to do. Most of them are foreigners and seem determined to have a row, and most of the working miners are anxious to accommodate them. The adjutant general is making all needful preparations to meet any trouble.

Deputies Aid the Strikers.

MINONK, Ills., May 30.—The coal strike at this place so far as any active demonstration is concerned is thought to be practically over. All of the militia is now gone, and Sheriff Tool has discharged nearly all of his deputies. At Wenona everything is quiet and peaceful. At a meeting of the deputy sheriffs last night it was voted to give a part of their pay to the needy miners and their families, a number of them being in destitute circumstances. It was also voted to stand guard should occasion require, if the men would go to work.

No Knowledge of a Settlement.

SPRINGFIELD, Ills., May 30.—President McBride cannot be found, but State President Crawford and Secretary Guymon, of the United Mine workers of Illinois, state they have no knowledge of a settlement in view. They say it will depend on the action of the Consolidated Coal company. Charles Ridgely, president of the Consolidated Coal company, stated that the company had not decided whether to make any concessions to strikers. He was now considering whether the company would go into the conference of operators.

Refuse to Join the Strikers.

MORRIS, Ills., May 30.—At a mass meeting of the miners of Morris attendance was denied the delegation from the 2,000 miners at Coal City, who are bound to have the miners join the United Mine

Geology.

No branch of science is better adapted to add to one's intellectual pleasure or to the delights of leisure hours than geology. Opportunities for observation of its phenomena are afforded by every walk or ride that takes one beyond the frowning brastworks of brick and stone that line our city streets. The free, open country, with its ledges and cliffs, its ridges of gravel and its marked topography, caused by upheaval or erosion, continually tempts the educated mind to devote to its study the time that may be spared from other cares. And when more extended travel takes the observer across the mountains, plateaus and prairies of this or of other lands the clews to their structure, origin and resources are afforded only by this scientific branch, which deals more closely and widely than any other with the anatomy and physiology of good old Mother Earth.—Professor Kemp in Columbia Literary Monthly.

INSOLENT STRIKERS.

The Colorado Men in Power by Force of Arms.

A TERRIBLE CONFLICT FEARED.

The Strikers Said to be Guided by Expert Military Leaders, and They Have Created a Reign of Terror—Recruiting Deputies in Denver to Oust Them.

CRIPPLE CREEK, Colo., May 30.—The deputies and strikers are still keeping at safe distance from each other. Both sides are exerting every effort to increase their numbers, the strikers using in some instances loaded Winchesters as arguments. The strikers are becoming bolder and more insolent every day. All the smaller towns are completely subjected, and some demonstration has been made at Cripple Creek. There is nothing manly in the attitude of the strikers. Vastly outnumbering the male population, and being heavily armed, they have confiscated nearly all the firearms owned by individuals.

Conscious alike of their own strength, and of the weakness of the inhabitants, they conduct themselves in an overbearing manner, and exact conduct on the part of the inhabitants that is little short of the most abject servility. Yesterday a party entered Mound City, and at the point of Winchesters forced two union men who believe in the union but not in carrying arms and using them in violation of law, together with a non-union man to go to Bull Hill. The general impression here is that this question can be settled only by a terrible conflict, and the people anxiously await the end, whatever it may be. To the credit of the strikers, be it said, in some of the camps they have closed every saloon and placed guards over them.

Governor White Will Visit Cripple Creek.

DENVER, Colo., May 30.—Sheriff Bowers, of El Paso county, was in Denver yesterday in consultation with Cripple Creek mine owners. He did not call on the governor. He said he had determined to enforce the laws in Cripple Creek and put the mine owners in possession of their property. Deputies are being mustered in this city as rapidly as possible. H. B. Gartner, a prominent Populist, was driven out of the miners' camp and warned that he would be killed if he returned. The miners suspected that he was in league with the mine owners. The Cripple Creek miners are indignant over the false report that they had killed eleven men by throwing powder down the shaft. Governor Waite has decided to visit Cripple Creek. It is said that the strikers are under command of J. J. Johnson, who has taken a course of military instruction in West Point, N. Y., and three or four German military officers. One of the German officers is said to have planned the fort on Bull mountain, which is so well located.

A Bull Fighter's Funeral.

MADRID, May 30.—Twenty thousand persons witnessed the funeral procession of El Espartero, the matador who was killed in the bull ring on Sunday, as it passed to the railway to take the train for Seville. The balconies, windows and roofs of the houses along the route were packed with people. Many floral offerings and numerous telegrams expressing sympathy were received by the relatives of the deceased.

Prize Fighters Sentenced.

CORNING, Ia., May 30.—Prize Fighters Ryan and McCoy, who were found guilty of violating Iowa's law against prize fighting on Sunday morning, March 22, in Adams county, were sentenced yesterday. Ryan gets ninety days in the county jail and $300 fine and McCoy 150 days and $500 fine. The prisoners must also pay the costs.

SAILED THE SEAS 38 YEARS.

One of His Experiences.

For thirty-eight years Capt. Loud followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He has one experience as follows:

"For several years I had been troubled with nervousness and pain in the region of the heart. My greatest affliction was the result was almost impossible at any time to sleep. Having seen Miles' remedies advertised I began using them. After taking a small quantity the effect received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me, but on being assured by the druggist that it was perfectly harmless, I continued together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Restorative Nervine and New Heart Cure did more for me than anything I had ever taken, had been treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the use of these most valuable remedies, and heartily recommend them to all afflicted as I was."—Capt. A. P. Loud, Hampden, Me.

Dr. Miles' Restorative Nervine and New Heart Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, or six bottles for $5, express prepaid. They are free from all opiates and dangerous drugs.
