

THE NATION'S LAWMAKERS.

Senators Turn "Contumacious" Newspaper Men Over to the District Attorney. WASHINGTON, May 30.—The newspaper men who refused to testify before the senate bribery committee were officially reported as "contumacious" to the senate yesterday, and by the senate, through the vice president, they were turned over to the tender mercies of the district attorney. The debate over the report of the committee constituted the feature of the day's proceedings. Senator Hill, of New York, championed the cause of the newspaper men, contending first that the statute under which this action was to be taken was unconstitutional, and second, that the most direct way for the committee to ascertain the truth in regard to the charges it was investigating was to examine senators and others directly involved, instead of newspaper men, whose information was second-hand.

Mr. Hill and Mr. Allen had quite a spirited dispute over the moral question involved in senatorial speculation. No action by the senate itself was necessary upon the report, as, according to the statute, when witnesses were reported contumacious the vice president must certify the facts to the district attorney. Two set speeches on the tariff, one by Mr. Proctor (N.J.) and the other by Potters (N.Y.), and a continuation of the debate on the question of free timber occupied the remainder of the day. Mr. Hill's amendment to transfer timber to the dutiable list at existing rates was voted down. The senate adjourned over Decoration Day.

There was a very small attendance of members in the house. Several bills were passed in the morning hour, and then the Hareley bill to repeal the 10 per cent. tax on the issues of state banks was taken up and discussed by Mr. Cox (Tenn.), Mr. Johnson (Ind.) and Mr. Black (Ga.). It was decided to observe Decoration Day by taking a holiday.

Chief Ramsey Defeated. DENVER, May 30.—The railway telegraph election resulted in defeat for (Frank) Chief Ramsey Ramsey, his successor being Walker V. Powell, of Wichita, Kan., and the vote being 79 to 56. The telegraphers endorsed the action of Grand Chief Ramsey in suspending the Omaha charter, and expressed a willingness to restore the charter if the Omaha division would obey Ramsey's former orders. F. E. Gilliland promised it would be done. Grand Editor Thurston was exonerated from all charges made against him. Chief Ramsey's recommendation that a federation of all railway organizations be formed was adopted.

Kelly Gaining Converts. ST. LOUIS, May 30.—Kelly's industrialists were visited by at least 10,000 people at their camp yesterday, and by more than twice that number today. General Kelly spent the day in making his men comfortable for their stay here, which will be until Friday next, when they will continue their journey to Washington via the Mississippi and Ohio rivers. The general is much pleased with the cordiality and liberality shown the army by St. Louisans. About a hundred new members have been recruited.

Reason on This. You would call a man a fool to try to run an engine with a crooked piston-rod. Yet that is what you are attempting when you live with your system in a disordered condition. Whatever you may be mentally, you are physically a machine. Nothing interests you more than the keeping of that machine in order. If your digestive apparatus is out of condition, or your kidneys are disordered, use Dr. David Kennedy's Favorite Remedy, a medicine prepared by a famous physician, and tested for years by thousands of persons, who all endorse it.

"Advertising for Retailers." is the title of a little book by Charles Austin Bates, Vanderbilt building, New York. Mr. Bates is the editor of the "Retail Advertising" department of "Printers' Ink." He has had a long experience in advertising and the observations he has recorded in this book will surely aid any business man who reads them. One good idea on advertising is worth ten dollars even to the smallest advertiser. This book contains many ideas and ought to be worth ten dollars to any man who will read it carefully. The price is twenty-five cents by mail from the author.

A lady at Towles, La., was very sick with bilious colic when M. C. Tisler, a prominent merchant of the town gave her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says she was well in forty minutes after taking the first dose. For sale by Grubler Bros.

C. D. Fricks's Carpet Store, 10 South Jardin Street.

A NEW DEPARTURE

Railroad Wage Earners Decide to Enter the Political Arena. New York, May 30.—The grand convention of railroad employes called to meet in this city at Lenox Lyceum on May 27, 28 and 29 closed their business last evening and adjourned sine die. Mr. E. E. Clark, of Chicago, grand chief conductor of the Order of Railroad Conductors, said after the adjournment: "We have not accomplished all we desired to, but as this is the first of a series of meetings with the ends in view expressed in our declaration of purposes and principles we have done much effective work. The delegates will go back to their respective divisions, report our action, and, as far as possible, secure endorsement throughout the seven orders of railroad wage earners, and when the next convention is called we will be ready to carry out the purposes and principles adopted at this meeting."

"The laws of the order prevent our taking any action whatever in favor of religious denomination or creeds, or in behalf of any political party. To obtain justice, however, we must enter the political field, and to do this without dividing our strength is not only a delicate but a dangerous matter. Democrat, Republican and Populist are strong elements in our ranks, and to favor one as against another is to induce the candidates of any one party would only result in splitting us into three jarring factions. Therefore, in order to accomplish anything, much care must be exercised and arguments advanced, so as not to offend any and interest all. To a certain extent we have done this by our action here during the last three days."

"Nothing, of course, can be done this year. We are too late for any legislative action for this session of congress. But even if we had time we are not yet organized for the work. All the preliminary work, however, is now done, and with the desired endorsement of the acts of the delegates here there can be no backward steps taken."

To Open Up a New Coal Field.

HICKSTON, W. Va., May 30.—One of the most gigantic development enterprises set on foot in years by any railroad is decided upon by the Chesapeake and Ohio company, and will be put into execution this year. It is no less than a line paralleling the Norfolk and Western through southern West Virginia, and tapping the finest coal seams and some of the best timber in the world. It is estimated by the state geologist last year that there are in the country which would be controlled by the Chesapeake and Ohio with its new line not less than 2,000,000,000 tons of coal.

Whole Villages Destroyed.

CALCUTTA, May 30.—In addition to the loss of 200 lives by the bursting of a dam formed by a landslide at Clarkpur Kula, and the destruction of live stock and dwellings which accompanied it, disastrous floods have wrought much damage in North Carolina. The Jettinga has inundated an area of hundreds of miles. Whole villages have been destroyed by a number of sections of the flood visited country. The flood is pronounced to be the most severe in many years.

The Rising Waters in Oregon.

PORTLAND, Ore., May 30.—The river is standing 27.4 feet above low water, and is still rising at the rate of one foot in twenty-four hours. Reports from eastern Oregon, Washington and Idaho show that the temperature has risen there and the snow is melting with great rapidity. When the water already in the Upper Columbia reaches here it will raise the Willamette to a greater height than ever before known.

Caused by Careless Organ Repairers.

BROOKLYN, May 30.—Fire Commissioner Wurster, in his report of the investigation into the causes of the fire in Talmage's Tabernacle, says the fire was probably caused by careless organ repairers, who left in the organ a burning candle. There was no evidence that pointed to incendiarism. He suggests that no one be allowed into organ lofts with exposed lights, and that only lanterns be used.

The Galvin Prisoners Released.

PITTSBURGH, May 30.—The twenty-four men of Galvin's Commonwealth army who were committed to jail several weeks ago for attempting to take possession of a train on the Baltimore and Ohio railroad have been released, their terms having expired. They parted company after they got out. Some said they were going on to Washington to join General Fry when he reached there.

Murderer Shock Sentenced.

OWEGO, May 30.—The trial of Alexander Shook for the murder of a Lehigh Valley brakeman named Van Buren at Waverly on Oct. 23, 1893, was concluded yesterday afternoon. The jury returned a verdict of guilty of manslaughter in the first degree. Judge Parker at once sentenced Shook to ten years and nine months' imprisonment at Auburn.

Another New Cycling Record.

STOCKTON, Cal., May 30.—The world's record for one-eighth mile on a bicycle, standing start, was broken at the Goodale track yesterday by R. F. Long, of San Francisco, 16-3-5, a fifth of a second better than the record.

The Stickle Hollow Rioters Held.

USKINTOWN, Pa., May 31.—The strikers who were arrested for participating in the Stickle Hollow riots were given hearings yesterday, and fifty-five out of fifty-six were held for court. All is quiet in the region now.

NUGGETS OF NEWS

Much damage to crops in Tennessee was caused by frost Monday night.

In the municipal election at Martinsburg, W. Va., yesterday, the Republicans carried everything.

At Wilmington, N. C. John Brook the wife murderer, was sentenced to thirty years' imprisonment.

The pure heads of the Chicago and Southwestern or Indiana Midland railway, by the Missouri line is confirmed.

The sessions of the Southern Immigration and Industrial congress began in the Grand Opera House in Augusta, Ga., this morning.

British government leaders will make the bill for the disestablishment of the Welsh church the first business of the next session.

It is reported at Rio Janeiro that Admiral da Gama will make an endeavor to also fairs in Europe with the purpose of availing the Brazilian revolution.

A DELIGHTFUL RIDE.

A Trip by Gravity From Honesdale to Carbondale. A gentleman writing to the newspapers gives the following description of a delightful ride, by gravity, from Honesdale to Carbondale, which many of our town people can corroborate: "Dear readers, did you ever ride over that same gravity? If not, why 'steal away from every emburying care,' now in the sweet May or sweeter June, visit Honesdale, no matter how you get there. Look it over and pronounce it a gem of miniature city. When ready to leave go on to the Delaware and Hudson depot, get on one of the open cars, and soon you will be shooting upward. You may think at first that you are going up the 'golden stairs,' but you are not, only to the head of plane No. 15; thence you glide away wonderfully, you scarcely know how, but are blissfully content; on up other planes, on by smiling farms and shady forest and glen, by sparkling lakes set like blue sapphires in the green setting of the hills. Up to Fairview, from whence one looks off and sees the line of the Catskills penciled against the clear sky. Thence you glide swiftly down into a scenery so changed that you might fancy one's self suddenly transported to another climate. Everything tells you that you are in the authentic region. Look over Carbondale, a busy, ambitious city. Don't go down into the mines away from the sunlight and the glorious air. Don't go into the earth until you have to."

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; were to touch or almost to look at. I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used 11, or fifty cent bottles and believe it to be the finest thing for rheumatism, neuralgia, and all swellings extant. For sale by Grubler Bros."

Art to Catch Worms for Ladies.

The material for these gowns are the staple Scotch ginghams, light weight Zephyrs, heavier Chambray, and the various cottons. The new patterns show small figures, corded lines, stripes and small dots. Some of the ginghams are more elaborate and have interwoven white designs to imitate tambour embroidery, paisley silk to linen dots or stripes and some create like surfaces. Colors are light and dainty. Their style of making is similar to that of the cloth dresses, and very frequently the elaborate ginghams are shown with the dark color used as trimming. Dimity muslin, too, is in vogue this year, in striped and fancy patterns. The McDowell Fashion Journals from which these fashion items are taken, contain a great variety of models for the use of these materials. Their coupon patterns, moreover, which are so popular, show many new designs which are unique in point of artistic taste, style and practical utility. Of these fashionable publications, "La Mode de Paris" and "Paris Album of Fashion" cost only \$3.50 each per year or 35 cents a copy. "The French Dressing" costs \$1.00 per annum or 30 cents a copy. "La Mode," a family journal which has no superior and no equal in this country, only costs the trifling sum of \$1.50 per year or 15 cents a copy. The three first mentioned publications, "La Mode de Paris," "Paris Album of Fashion" and "The French Dressing" are worth of coupon patterns, and "La Mode" fifty cents worth of patterns as a premium for a yearly subscription. If you are unable to procure any of these journals from your newsdealer, do not take any substitute from him but apply by mail to Messrs. A. McDowell & Co., 4 West 13th street, New York.

Coming Events.

May 30.—Strawberry and ice cream festival in Robbins' opera house, under the auspices of Camp 6, P. O. of T. A.

June 4.—Ice cream and strawberry festival, baseball, Primitive Methodist church, in basement of the church.

June 11 and 12.—First annual ice cream festival under the auspices of Lincoln Section No. 37, J. T. O. H. & T., in Bender's hall, Wm. Penn.

June 19.—Ice cream and bean soup festival in Robbins' hall, under the auspices of the Women's Relief Corps.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent. By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the Remedy to babies, 25 and 50 cent bottles for sale by Grubler Bros."

A good quality home-made rag carpet at 30 cents a yard; nice table oilcloth, 15 cents a yard; good dress ginghams, 6 cents a yard; the best 50 cent corset in the market. Lace curtains and dress goods of all kinds cheap.

P. J. MONAGHAN, No. 28 S. Main St., Shenandoah.

Bear in Mind

John A. Reilly's is the place to get the purest wines and liquors, best beer and ales and finest brands of cigars.

New Uniforms.

The Columbia H. & S. F. E. Co. yesterday received its new uniforms and several members donned them last night. They were worn in the parade to-day. The uniforms are very attractive and resemble those worn by the paid departments of the large cities. They are of dark blue cloth with two rows of six brass buttons on the front of the coat and two rows of three buttons on the back. The buttons bear the initials "F. D. A." An attractive white metal badge decorates the front of the peaked cap.

Base Ball.

Shenandoah has a base ball club at last. It was organized yesterday and Frank Henry, of last year's team has already been signed. It is expected the grounds at the trotting park will be ready for games within two weeks.

HEART AND KIDNEY TROUBLES CURED DANA'S SARSAPARILLA THE KIND THAT CURES Mrs. Rosette L. Greene, of Morris, N.Y., writes: "My husband used your Sarsaparilla for a bad case of Heart Disease, that had troubled him since he was 17 years of age. It cured him, and he is able to work. My little girl was weak, emaciated, and suffered greatly from Kidney Disease. A persistent use of DANA'S SARSAPARILLA cured her. and she is well and strong." Certified to by J. J. LEWIS, Druggist, ALL DRUGGISTS. DANA SARSAPARILLA CO., Belfast, Me.
