HAVE STRUCK A SNAG

Construction of Electric Line to Lakeside Abandoned.

REASONS FOR THE ACTION

The Line Would Have to be Built on Property of the Delano Land Company and the Lehigh Valley Railroad Company Objects.

It was said officially announced to-day that the Lakeside extension of the Lehigh Valley Electric Railway will not be constructed this year.

The statement is based upon an interview had with one of the principal officials of the company this morning. The official said: "We have met with obstacles which have forced us to abandon all idea of constructing the Lakeside extension this year and hereafter we will devote all our time to the perfection of the line now in operation."

It appears that the Lehigh Valley Railroad Company is the obstacle in the way of the electric railway company and at present there appears to be no hope for a compromise. The electric company has a right of way to Lakeside and could begin construction to-morrow if it chose to take the highway from Mahanoy City to Delano, but the survey made by Mark Bowman, the engineer of the company, show that the grades over that course would be too heavy and to bring them any way within the requirements would involve enormous expense. Besides, this the road would have to cross the numerous Lehigh Valley tracks at Trenton at grade.

Having discovered this the company cast lines for another course and proposed constructing the line over the property belonging to the Delano Land Company and cross the Lehigh tracks at Trenton by a trestle from 100 to 300 feet long. This would have made an excellent road, but a snag was struck when it was discovered that the Lehigh Valley Railroad Company, the lessee of the Delano Land Company, refused to allow the construction of a competing line over the land.

Repeated conferences have been had with the Lehigh Valley officials, but thus far they have been unyielding and have been so determined in their stand that there is no hope of arriving at a compromise. Consequently the Lakeside Railway Company has decided that it cannot build the road this year. Work in that direction will be suspended until next spring, by which time it may be possible to arrive at some understanding with the opposing company, or decide some other plan of operation.

Simultaneous with the announcement concerning the abandonment there was a report that in view of the electric railway company's decision the Lehigh Valley Junction Land and Improvement Company will take steps to form a company for the construction of an inclined railway from a point near the Lehigh Valley Railroad at Delano to Lakeside.

The Lehigh Valley Electric Railway Company has decided upon a plan for the completion of the Shenandoah end of its line. It is understood that at the next meeting of the Borough Council the company will make application for permission to build a trestle starting at a point on Bowers street, midway between Centre and Oak street, and rounding the corner of Oak street in such a manner as to connect with the proposed bridge over the Lehigh Valley Railroad, which is to be twenty-two feet above the rails. This is the only means by which the company can make a crossing to extend its line to Main street.

Ex-Chief Burgess James Smith and J. K. P. Scheiffert went to Mahanoy City to-day to consult with the Lakeside Railway officials on a proposition to building a switchback track to connect the line with the trotting park, where it is expected to open a season of base ball on or about June 1st.

COLLIERY ABLAZE.

A Fire at West Shenandoah Colliery This Morning.

While Larry McAvoy, the watchman at West Shenandoah colliery, was making his rounds at four o'clock this morning, his acute nostrils scented smoke. He was all action in a minute and located a blaze in the steamboat chutes of the breaker.

It was then about three feet in extent and would soon have enveloped the building, but for the heavy rain. Larry wasn't slow in dashing water upon the flames which were quickly subdued.

Miss Foreman Gable thought the fire had caught from a spark thrown by a passing locomotive, but the finding of an empty oil can and a dozen burned and wet matches close by gives rise to a suspicion of incendiaryism.

TRIBUTE TO THE DEAD

Flowers Placed Upon Graves of the Departed.

REV. POWICK'S ORATION

It Was Delivered in Reflowich's Hall Before an Attentive and Enthusiastic Audience—To Be Repeated Next Sunday Evening in the M. E. Church.

Much disappointment was felt, not only by the battle-scarred veterans of the Grand Army of the Republic, but also by every loyal citizen of the town, because of the disagreeable weather which the weather bureau furnished for Memorial Day. The members of Watkin Waters Post had anticipated a more general and successful observance of the day than upon any previous occasion, and their expectations would no doubt have been realized had the weather been favorable.

Shortly after the parade had been abandoned a detachment of the G. A. R. and the flower committee of the Women's Relief Corps preceded by a hearse containing flowers, visited the cemetery and performed the beautiful ceremony of placing wreaths and flowers upon the graves of those departed veterans who sacrificed their lives that the nation might live, and that the flag for which they died might wave over a reunited country.

A committee from the Ladies' Aid Society of the Sons of Veterans also visited the cemetery. The exercises at the cemetery concluded with a salute by the firing squad of the Sons of Veterans.

In the afternoon the Post and a large number of other citizens assembled in Reflowich's hall to listen to the oration to be delivered by Rev. William Powick, pastor of the Methodist Episcopal church. The assembly was called to order at 2:30 o'clock by the chief marshal, after which Rev. T. M. Morrison opened the meeting with an earnest and well-timed prayer.

The orator of the day, Rev. Powick, was introduced by the chief marshal, and the most eloquent and able orations ever heard in this town. The speaker held the audience spell-bound from the beginning to the end of his address, and at its conclusion was heartily congratulated. Upon the solicitation of the G. A. R. and others who were unable to be present, Rev. Powick will repeat the oration next Sunday evening in the Methodist Episcopal church. Rev. W. H. Harrison closed the meeting with the benediction.

Excellent bill of fare always in readiness at McElhenney's cafe.

Recruiting Station.

There are a large number of able-bodied young men in town who are no doubt anxious to enlist in the United States army, many of them adopted citizens from Poland. The latter frequently make application at the post office for information as to the manner of procedure and the nearest recruiting station. For the convenience of those residing in this part of the state a recruiting office has been opened in Pottsville, where full information can be obtained upon application. Quite a number from this town have already availed themselves of the opportunity of becoming members of the regular army.

A Successful Tea.

The "Violet Tea" given by Miss Sallie Wasley, at her residence on South White street, last evening, was well attended, notwithstanding the inclemency of the weather. The proceeds go toward the parsonage fund of the M. E. church.

RIOTERS MUST DISPERSE.

The Governor Threatens to Call Out the Military.

HARRISBURG, May 30.—At last Sheriff Wilhelm, of Fayette county, has yielded to the inevitable and admits that he cannot longer cope with the rioters. This he does in a letter to the Governor, on receipt of which the latter this morning held a consultation with Adjutant General Greenland. The Governor has sent a letter to Sheriff Wilhelm and also a proclamation to be posted, warning the rioters to cease their rioting, and stating that if they persist in it he will call out the military and use force to quell the disturbances.

This is the proclamation:—
"WHEREAS, It has been represented to me by the proper authorities of Fayette county that riotous demonstrations exist in various sections of said county whereby the lives, and property, peace and safety of the people are threatened, which the civil authorities are unable to suppress; and
"WHEREAS, The Constitution and laws of this Commonwealth authorize the Governor, whenever in his judgment the same may be necessary, to employ the militia to suppress domestic violence and preserve the peace;

"Now, therefore, I, Robert E. Pattison, Governor of the said Commonwealth, do hereby admonish all good citizens, and all persons within the territory and under the jurisdiction of the Commonwealth, against aiding or abetting such unlawful proceedings, and I do hereby command all persons engaged in such riotous demonstrations to forthwith disperse and retire peacefully to their respective places of abode, warning them that a persistence in violence will compel resort to such military force as may be necessary to enforce obedience to laws.

"Given under my hand and the great seal of the state, at Harrisburg, this 30th day of May, in the year of our Lord, 1894, and of the Commonwealth the 18th.

"WILLIAM F. HARRITY, Secretary of the Commonwealth.

Hard and soft shell crabs and prime lobsters served at McElhenney's cafe.

To Be R. p. at.

The memorial oration delivered by Rev. William Powick, of the Methodist Episcopal church, yesterday afternoon, was listened to with deep interest by members of Watkin Waters Post No. 140, G. A. R., and many others. Owing to the unfavorable condition of the weather the formal exercises were dispensed with, necessitating the delivery of the oration in doors. The remarks of the orator touched the popular chord, and by urgent request of the G. A. R. and others, Rev. Powick will repeat his address in the Methodist Episcopal church next Sunday evening.

Oysters and little neck clams nicely served at McElhenney's cafe.

Down on Games of Chance.

The ministers in many counties of this state are making a vigorous fight against games of chance. The Ministerial Association of Lancaster has adopted resolutions urging the members of their churches to use their influence to suppress the use of slot machines, chances of prizes at fairs and entertainments by lottery, the employment of children by fair managers to solicit chances, also against the acceptance of prizes won at progressive euchre parties and the practice of trying to get something for nothing.

Raised a New Flag.

The American flag which has floated over the High school building for the past two years, and which was presented to the School Board by the Jr. O. U. A. M. of town, was yesterday replaced by a new one by that organization. Richard Snyder performed the difficult feat of climbing the pole upon the top of the building and placed the emblem in position.
