AN IMPORTANT DECISION

Hot Theories Regarding Mechanics' Liens Upset by the Supreme Court.

A recent decision handed down by Justice Fell, of the Supreme Court of this state, will be of interest to lawyers and laborers alike, for it upsets some hot theories regarding liens for work. His construction of the Act of Assembly of June 13, 1891, puts an entirely different aspect on the subject than was heretofore regarded as being the true one. Justice Fell held that a claim for wages was a lien upon the property of deceased employer or insolvent, and it could be collected by execution upon property of either, though in the hands of purchaser. This Justice Fell says, is erroneous; that the lien applies only to a fund for distribution accumulated by a sale by process of law, such as a sale by an administrator or executor, assignee for the benefit of creditors, or a receiver. In such a case the law says that the wages, or rather "money due for labor," shall be paid before the claims of other creditors. This is a very different thing from the lien upon the property itself. A debtor has a right to prefer a creditor in Pennsylvania, and the money received by a sale by him of property is not subject to the lien. In other words, the decision means that creditors for labor done are in the same position as other general creditors, except that when a fund is raised by the sale of property for the payment of debts the "money due for labor" shall be first paid out of that fund. Justice Fell points out that, if the law were as sweeping as it has in some cases been held to be, every purchaser would assume the risk of the insolvency of the seller, and most onerous and dangerous class of liens would be created. It would be a serious obstacle and hindrance to the transaction of the most ordinary business and would lead to endless litigation and confusion in every day affairs. "It would appear from this decision," says the Ledger, "that the Legislature has gone as far as equity will allow to secure to the wage earner the result of his labor, in giving him a preference over the other creditors in certain contingencies."

Antitreated Cigarettes.

An unrelentless war is being carried on against the sale of adulterated cigarettes in many cities. It is something that should receive the attention of the borough authorities in the hope of an ordinance prohibiting the sale or manufacture of cigarettes containing opium, morphine, glycerine, jimson weed or belladonna, for the violation of which a severe fine should be imposed. Although there is a state law against the sale of cigarettes to boys, yet it is an uncommon thing to see the youth of the town puffing away at this death-dealing instrument. The law should be rigidly enforced in the interest of the rising generation.

CYCLING ROAD RACES

A Sixteen-Year-Old Lad Wins the Big Event at Chicago.

CHICAGO, May 31.—The Chicago road race, the successor of the historic Pullman bicycle event, was run over the new eighteen mile course yesterday, the finish being witnessed by an immense throng of enthusiastic spectators. The value of the prizes given to the successful riders exceeded \$2,500, including cups, bicycles and trophies. As the riders neared the finish there were a number of serious accidents caused by collision, and several of the racers were compelled to retire. K. Lindquist, of the Lake View club, was the most seriously injured.

The finish was an exciting one. As the cry went up that the men were coming the crowds surged forward and were beaten back by the frantic police, who were barely able to keep the way clear for the contestants. The leaders swept down the stretch at a terrific pace, every man showing all that was in him. As Rau shot over the tape a howl of joy went up from his friends, and the crowd cheered in sympathy. Besenek was a hot second and A. Widen third. The time of 57 min. 10 sec. was considered good, taking into consideration the stiff northeast wind against which the men had to pedal, and the race was unanimously pronounced the most successful, all things considered in the history of the famous event. Rau is only 16 years old, while Besenek is 33.

MILWAUKEE, N. J., May 31.—The great Irvington-Milburn twenty-five mile road race yesterday attracted an unusually big crowd, there being nearly a hundred contestants. A. H. Barnatt, of the Elkhart wheelmen, won Horace A. Allen, of Ashbury Park, was second, and E. A. Rofinger, of the Riverside wheelmen, third. Time, 1 hour 11 min. 13 sec., or four minutes better than the best previous record on this road.

CONSPIRATORS SENTENCED

Very Severe Punishment for Sicilian Mob Leaders.

PALEMBU, May 31.—The court martial before which Deputy Giuseppe de Felici and a number of minor chiefs of the Fascist-Lavatorial have been tried pronounced the sentences yesterday. Deputy de Felice was sentenced to eighteen years solitary confinement and to three years police supervision in addition. Bosco, Barbato and Verro were sentenced to twelve years solitary confinement, Montal ten years solitary confinement, and Pico to five years solitary confinement. All the men mentioned were also deprived of their right to take part in public functions. Petrina was sentenced to three years imprisonment, Beni to two years imprisonment, and Cassia, Cirilli and Gull were acquitted.

All the prisoners were charged with conspiracy in connection with the secret society mentioned, and the condemned men were convicted of having instigated or of having taken part in the series of disturbances which took place in Sicily last winter, and which resulted in the destruction of a large number of public buildings and in the death of many people at the hands of the troops sent to quell the disturbances.

Will Ignore Pattison's Proclamation.

PITTSBURG, May 31.—Concerning Governor Pattison's proclamation, issued yesterday, calling on good citizens in the coke region to refrain from in any way aiding and abetting riotous demonstrations, etc., President John Cairns, of the Pittsburgh district United Mine workers, said last night: "I do not believe the governor has any right to order men to disperse when they assemble peaceably upon their own property, or when they march unarmed and with no violent intent along the public highway. I think the governor exceeds his powers and functions, and I shall probably so advise the miners."

Governor Brown Wants a Renomination.

BALTIMORE, May 31.—Governor Frank Brown formally announces himself as a candidate for renomination at the state convention which will meet in the summer of 1895. At the full election following members of the legislature will be chosen who will vote for a United States senator to succeed Senator Charles H. Gibson. Governor Brown's present term of office will not expire until the first Wednesday of January, 1896.

Princess Colonna Off for Europe.

NEW YORK, May 31.—Princess D. Galatrat-Colonna and her children were passengers on the American line steamer New York, which sailed for Southampton at 1 o'clock yesterday. She went to the steamer accompanied by her stepfather, John W. Mackay, the California millionaire, and John W. Mackay, Jr. It is thought she is going to her mother in London.

Captain Castillo Imprisoned.

LEBON, May 30.—Captain Castillo, of the Portuguese warship Mindello, who was in command at Rio de Janeiro when the Brazilian insurgents were taken on board that vessel, and who was also in command when the insurgents escaped, has been imprisoned in the marine barracks here pending his trial by court martial.

The Stickie Hollow Rioters Held.

UNIONTOWNSHIP, Pa., May 31.—The strikers who were arrested for participating in the Stickie Hollow riots were given hearings yesterday, and fifty-five out of fifty-six were held for court. All is quiet in the region now.

Rome Anarchists Still Busy.

ROME, May 31.—Two bombs exploded almost simultaneously at 11 o'clock last night outside of the windows of the ministry of finance and the ministry of war. The damage done to the buildings was small.

Going to Gray Gables.

BUZZARD'S BAY, Mass., May 31.—Private Secretary Thurber and Richard Watson Gilder inspected Gray Gables yesterday and afterward said Mrs. Cleveland and her children would soon be here.

The Weather.

Showers; cooler; east to north winds.

NUGGETS OF NEWS

In portions of Connecticut Tuesday night ice formed, doing great damage to crops.

It is reported that the Russian government will build in 1895 three new transoceanic for the Black sea fleet.

A dispatch from Cairo, Egypt, says it is reported that there has been an outbreak of cholera at Mecca.

A feature of yesterday's observances at Perth Amboy, N. J., was the unveiling of a statue of Kosciuszko, the Polish patriot.

The striking miners of Cripple Creek, Colo., have delegated full power to Governor White to act for them in settling the dispute, and he is now working to that end.

GLOOMY FOR COKE STRIKERS

Employers Still Refuse to Recognize Their Labor Union.

SCOTTDALE, Pa., May 31.—The strike leaders made yesterday a "lay off" day, and did little active work. Three thousand men congregated at Mt. Pleasant to march here and decorate the graves of the seven strikers killed at Moorewood three years ago, but later in the day the idea was given up, and the crowd dispersed. This was the only semblance of a gathering reported in the north end of the region.

A number of the men from one of the biggest of the Frick plants called on General Manager Lynch, and said that the men were ready to return to work on an hour's notice at the Frick scale if the company would recognize their organization. Mr. Lynch replied that in no possible event or under any circumstances would the company have anything at all to do with the organization or depart one iota from the scale as it stood when the men signed it last February. The men were evidently disappointed with the fixed purpose of the company to concede nothing, but they insist that there can be a settlement on no other basis than recognition of their organization.

The disagreeable weather is causing untold hardship to the poverty stricken thousands dependent on the working of the mines and coke works in the region, and the situation is gloomy for the strikers.

Mysterious Illness at Murren and Suleika

WATSEKA, Ill., May 31.—Stokes Hellings, an unmarried farmer living alone about seven miles southeast of this city, was shot twice while in bed, and probably fatally injured. In this condition he was managed to reach the house of his nearest neighbor, about half a mile distant. Hellings says the man who committed the deed, but did not recognize him. After a search a young man named John Zumwalt was found unconscious in an outland across the road, his head covered with his coat and his throat cut. The case is very mysterious. Hellings had no enemies and little wealth, though the presumption seems to be that the would be murderer thought he had money. Whether Zumwalt shot Hellings and then attempted suicide is not known.

Serious Fight with Non-Unionists.

CHICAGO, May 31.—A fight occurred yesterday between colored grain trimmers and union workmen on the steamer W. B. Morley, lying off the dock at the foot of River street. Razors, revolvers and shotguns were the weapons used. Several men were badly hurt, the following seriously: Martin King, stabbed in right breast; William Johnson (colored), head battered with scap shovel; Pat Flanagan, cut in the groin. All three will recover. The fight was the result of the bitter feeling between the white union and several gangs of colored men who had been cutting the union rates and getting considerable work.

An Angler Drowned.

BOUND BROOK, N. J., May 31.—John Linberger came here from Plainfield, in company with a party of fishermen, to enjoy the first black bass angling of the season. The favorite resort for this sport is the dam in the Hartman river, a mile below Bound Brook. Linberger got into a boat and rowed up near the dam, from below which he has fished hundreds of times before. The water was high from the recent rains, and the back eddy sucked the boat into the waterfall and swamped it. Linberger was drowned in the sight of his friends, who could render no aid.

A Thirty Foot Rise Expected.

PORTLAND, Ore., May 31.—All high water records were beaten here yesterday afternoon when the river reached twenty-eight and nine-tenths feet above low water mark. Reports from the upper Columbia are such that a rise of at least thirty feet above low water is expected. Union Pacific mail and passenger cars here last Saturday have not yet arrived. At Kelso a train was placed on the huge transfer boat Tacoma, which brought it to this city by water, a distance of fifty miles.

Yale Will Compete with Oxford.

NEW HAVEN, May 31.—It is now almost certain that Yale will send an athletic team over to England to compete with Oxford some time in the month of July. Several well known Yale graduates have promised to pay the team's expenses, and Oxford, it is expected, will consent that the Yale team will receive the gate receipts. The team will consist of Hiekkok, Sheedon, Cady, Sanford, Morgan and either Cleary, Kershaw or Bunnell.

Charged with Killing His Father.

LEWISBURG, Pa., May 31.—Samuel Mook was locked up here yesterday upon the charge of patricide, the victim being Elias Mook, aged 70, who was buried on Feb. 24, but when the body was exhumed at the instance of neighbors marks of violence were found, and a coroner's inquest followed. The verdict was that Mook died at the hands of parties unknown to the jury, but rumors of a family fight have led to Mook's arrest.

A Virginia Elopement Sensation.

RICHMOND, Va., May 31.—Society circles here were wrought up at the news that Miss Addie Johnson had eloped Sunday night with Mr. Edward White, formerly of this city, now of Chicago. Miss Johnson is connected with some of the best families in the state, being a niece of a Congressman Venable, of Petersburg, Va.

Coming Events.
