ON LABOR'S WHEEL.

Paine's Celery Compound Now Better Than a Vacation Later.

"I simply can't stop," says the tired business man and the worn-out mother. "But nervous prostration strikes you in the face."

"I dare not think of being sick. My children and babies and husband depend on me every hour in the day," reply those women on the verge of breaking down.

"A month's absence would ruin my business," says the hard-worked business man. When the nerves and organs of the body are soundly nourished and the waste products quickly got rid of a tremendous amount of hard work can be done without injury.

To contract the effects of protracted bodily and mental strain, Paine's celery compound was first prepared by the eminent Dartmouth professor, Edward E. Phelps, M. D., LL. D. Physicians of the highest standing use and prescribe it to give strength to weak mothers and to supply abundant nutrition to the rapidly growing nerves and tissues of children.
