WHERE HE IS WANTED.

A workingman has written the follow-
ing letter to President Cleveland:

One thing more demands attention.
For over six years you have repeatedly
told us that if we should ever lose our
jobs there is always plenty of good pay-
ing work to be had. This you said to
secure our help, through our votes, in
your intended destruction of the salt mak-
ers, wool raisers, woolen manufacturers
and other industries, and the turning adrift
of their help. A large number of us who
then believed you now desire to see you
about that statement. We want you to
make it good; to come to New York and
find jobs for 70,000 to 100,000 idle
here; to go to Brooklyn and get work for
50,000 to 80,000 in that city; to Boston,
with 30,000 there; to Buffalo, your old
home, and provide places for the 15,000
unemployed, large numbers of whom
helped to raise you from harmless
obscurity; to Philadelphia, with its 90,000;
Pittsburg, with 50,000 more; to Chicago,
with yet 65,000 more; to Cleveland, Cin-
cinnati, Louisville, Indianapolis, Mil-
waukee, St. Louis and San Francisco,
with their 75,000; to the manufacturing
districts of the Eastern, Middle and
Western states; to the mining regions of
New York, New Jersey, Pennsylvania,
West Virginia, Ohio, Michigan, Indiana,
Illinois, Minnesota, Missouri, Tennessee,
Alabama, Colorado, Nevada, Montana,
Idaho and California; to the lumber sections
of Michigan, Wisconsin and the North-
west; the farming and wool raising
territory of the Central, Western, North-
western, Southwestern and Pacific states;
in fact, you are badly wanted in nearly
every city, village and township in the
Eastern, Northern, Western, Northwest-
ern, Southwestern, Pacific and some
Southern parts of the country, to show
what over 2,300,000 of us have been un-
able to find for ourselves—good paying
jobs, or any at all. And we want you
right away, too; we want to go to work
at whistle time to-morrow morning.
Not only come yourself, but lock up your
wrecking Congress and bring the other
Cheap-John along with you. We want to
see them also; they made the same state-
ment, and led us to give you and them
government jobs on the strength of it.
We don't want bombastine charity work
or more promised soapuds, but good,
steady jobs, with hard cash at the back
of them—in fact, our old places and wages.
Get a hustle on you—jackass crew and all
—and do it! or by not doing it confess
either that you all lied or are bunglers,
who have no practical acquaintance with
labor and business or real sympathy for
the working class and are incompetent to
prepare or make laws by which work-
men and industries will be affected.

We would remind the teachers of our
public schools throughout the State of
Pennsylvania that the vacation time
which will soon come offers excellent op-
portunity for the collection of data from
which to prepare papers upon some phase
of the forestry interest. The Council of
the Pennsylvania Forestry Association
has decided to award prizes for the most
meritorious contributions prepared by
teachers of the public schools, said articles
to be written so that the decision can be
reached by April 1, 1895. Being desirous
of arriving at a most equitable decision,
and at the same time permit of the full-
est competition, the committee having
the matter in charge have formulated the

details of the plan, but will probably in-
clude a means of securing the co-opera-
tion of the various teachers' institutes
and other similar organizations, so that
the institutes or public meetings will get
the benefit of the papers prepared, and
pass upon them prior to their submission
to a final adjudication. It is also prob-
able that the scope of the paper will cover
a wide field, and thus we feel warranted
in suggesting that our friends who teach
the youth of the state take advantage of
the vacation season to collect the informa-
tion desired.

Killed His Mistress and Himself.
SPRINGFIELD, Ill., June 6.—Oscar P.
Hodgen shot and killed Mrs. Millie Jones,
the mother of two children 6 and 4 years
old, respectively. He then shot and killed
himself. Hodgen leaves a wife and eight
children at Afton, Iowa, where he was
formerly a wealthy farmer. He had sepa-
rated from his wife and Mrs. Jones' hus-
band had left her because of the relations
of the pair. The shooting was witnessed
by Jones' two children. Hodgen left a
note in which he said: "This should be
the fate of all home-wrecking women."

Verdict Against Butler's Estate.
BOSTON, June 6.—The jury in the case of
Edward C. Machen, of New York, against
Paul Butler and Adelbert Ames, admin-
istrators of the estate of Benjamin F.
Butler, returned a verdict of \$16,995.81 in
favor of the plaintiff in the United States
circuit court yesterday. This was the
amount the plaintiff claimed Mr. Butler
owed him for certain bonds at the time
of his death. Counsel for the defendant
will file a motion for a new trial.

Valuable Horse Killed by Lightning.
ABECON, N. J., June 6.—During a storm
lightning struck the barn of Edward Wil-
son, seriously injuring John Alexander, a
farm hand, and killing the \$2,000 trotting
horse Split the Wind, record 2:15. The
lightning was unusually severe, and sev-
eral other buildings in this county were
struck.

No Women Lawyers in New Jersey.
TRENTON, June 6.—The supreme court
refused the application made at the last
term of court by Mary Philbrook, of
Hoboken, for admission to examination
as an attorney-at-law. The court decided
it had no authority to admit women to
practice law in this state.

A Doctor and a Lover's Revenge.
PADUCAH, Ky., June 6.—News of a ter-
rible tragedy in Calloway county has just
reached here. Two men named Storey
and Cochran were in love with a Miss
Kelly, daughter of ex-Deputy Sheriff
Kelly. Last Sunday Storey and the girl
were married. Cochran went to Kelly's
home Monday night, and calling Storey
out they walked a short distance and
without a word Cochran drew a revolver
and shot Storey in the mouth, killing him
instantly. He then went to the house,
and meeting Kelly fired at him, the ball
taking effect in his mouth also. At last
accounts Kelly was still alive. Cochran
made his escape and has not yet been
caught.

Berks County Democratic Nominee.
READING, Pa., June 6.—The Berks
county Democrat held their convention
here yesterday. Oliver J. Wolff was nomi-
nated for prothonotary; James W. Spry
for recorder; Dr. J. C. Griesemer for
coroner; J. H. Welby, Cyrus J. Rhode
and J. B. Hertzog for the legislature (the
latter a re-nomination); H. J. Kintzer and
George H. Nagle for prison inspectors
and Jonathan Schwartz for poor director.

Tornado in Nebraska.
SUPERIOR, Neb., June 6.—A terrible
windstorm swept over this city. The
wind blew straight, not whirling as an
ordinary tornado. Several buildings were
moved from their foundations and a num-
ber unroofed. In the county much damage
was done. In the railroad yards many
cars were blown over. Electric and gas
light service was shut off.

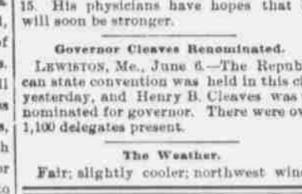

Hewston Held for Manslaughter.
LONDON, June 6.—The coroner's inquest
upon the body of the street musician Bur-
ton, whose death was caused by General
John Hewston, of California, who thrust
the ferrule of an umbrella into his eye on
May 30, was closed yesterday, the jury
finding a verdict of manslaughter against
Hewston. Witnesses testified that the
act was intentional.

Exeta's Overthrow Confirmed.
WASHINGTON, June 6.—The state de-
partment has received further advices
from United States Minister Baker cor-
roborating the press dispatches already
published concerning the overthrow of
the government in Salvador and the flight
of President Exeta on board a German
steamer.

Prince Bismarck's Enfeebled Condition.
BERLIN, June 6.—Prince Bismarck con-
tinues to decline to receive deputations,
and is said to be suffering from weakness
following his last illness. The prince will
go to Varzin, his summer home, on June
15. His physicians have hopes that he
will soon be stronger.

Governor Cleaves Renominated.
LEWISTON, Me., June 6.—The Republi-
can state convention was held in this city
yesterday, and Henry B. Cleaves was re-
nominated for governor. There were over
1,100 delegates present.

The Weather.

ACTIVE EXERCISE
and good food in plenty, tends to make
children healthy. If children suffer, how-
ever, from Scrofulous, Skin or Scalp, Diseases
—if their blood is impure and pimples or
boils appear, they should be given the right
medicine. Dr. Pierce's Golden Medical Dis-
covery brings about the best bodily condition.
It purifies the blood and renders the liver
active as well as building up health and
strength. Puny, pale, weak children get a
lasting benefit and "a good start" from the
use of the "Discovery." It puts on whole-
some flesh, and does not nauseate and offend
the stomach like the various preparations of
Cod Liver Oil. It's guaranteed to benefit
or cure you, or your money is returned.

DESPERATE STRIKERS.

McKeesport in the Hands of a Lawless Mob.

"SOAB" WORKERS BADLY BEATEN.

The Strikers Finally Take Possession of
The Mills of the National Tube Company
and Put the Workmen to Flight After
Clubbing Them.

MCKEESPORT, Pa., June 6.—Never has
this city witnessed such scenes of defiance
of law and the inability of the authorities
to cope with law breakers as was enacted
here yesterday and last night. The trouble
grows out of the strike at the tube works,
and the strikers outwitted the police,
broke into the mill yards and made syste-
matic tours of the works and their sur-
roundings.

The plant resumed in two departments
yesterday, and about twenty-five men
went to work. The news quickly spread,
and by noon a mob of nearly 10,000 had
assembled about the gates, awaiting the
appearance of the workmen. Most of the
men remained inside, but a few attempted
to go to their homes, and were caught by
the mob and terribly beaten. They were
finally rescued, however, by the police
and taken back into the enclosure.

The mob then dispersed in part, but to-
wards evening reassembled and by 5
o'clock probably 600 men were massed
in front of the entrance on Fourth avenue,
and it was said that fully three-fourths of
the number were foreigners. They were
disappointed. At 6 o'clock the day turn
did not come out and the night turn did
not go in. There was a great load of pro-
visions taken into the mill by the com-
pany, and a lone Slav workman came out
the back way and tried to make a sneak
to escape. He was seen, and a section of
the surging mob broke off the main body
and fell upon his trail.

The race covered several squares before
he turned at bay. He was unable to run
any further, and drew a knife and faced
the yelling pursuers. The foremost pur-
suer paused a moment, but the rush
came up behind them and a dozen men
with clubs sprang upon the panting fugi-
tive. He was down in an instant, but Of-
ficer Singer was close on the heels of the
leaders of the race, and he jumped into
the middle of the melee. The officer and
the fugitive were badly beaten, but help
came and they were rescued.

At the mills the mob surged around the
entrances until 7 o'clock last evening,
when a rush was made and they broke
into the yards. The men inside were
panic stricken, and it was the rule of
every man for himself. The mobswarmed
into the inclosure, looking for the hated
non-unionists. Hundreds of them were
equipped with clubs or weapons of some
description. Then began a wild chase
and pursuit of the hunted workmen in-
side. Several welders took to the river,
and made their escape to Millin township,
pursued by crowds of strikers and finally
escaped into the darkness towards Du-
quesne.

The strikers were in complete possession
of the place. They ranged over the grounds
and finally routed out ten hidden work-
men. The poor fellows made a dash for
freedom, but were cut off and surrounded.
The mob set upon them in swarms and
beat them shockingly. In the crush to
get at the prostrate men one fellow was
badly stabbed. It was the Homestead
fight over again, with variations.

One man was found during the evening
still in hiding in the mill yard, while the
strikers were patrolling, in complete mas-
tery of the works. The fellow made a
dash for the street and got outside the
yards. He was pushed close by the pur-
suer, and in desperation sprang into a
passing electric car. The trolley pole was
pulled down and the car stalled. Then
the fugitive was dragged off the car and
beaten and kicked into insensibility. An
other stowaway was found, his clothing
stripped off, and he was kicked and beaten
until he was unconscious. Then the as-
saults left him for a time, and he man-
aged to crawl into a store on Fifth avenue.
He was unable to help himself and is still
there.

So far as the authorities are able to
learn nobody has been killed outright,
but the injuries of some of the victims of
the mob's fury will probably die. Up to
this hour the strikers have refrained from
destroying the machinery in the mills. As
midnight approached the crowds de-
creased and comparative quietness reigned,
but the strikers are virtually in posses-
sion of the town.

The situation is quiet, but critical. In
obedience to the mayor's proclamation the
strikers have dispersed. They are only
under cover, however, and have every
avenue of approach to the city under sur-
veillance. Pickets have been posted east
and west, and men are strung along the
river to give the alarm, as was done at
Homestead. At least thirty-five men were
injured in the riot last night, two of
whom, the physicians say, will die.

Maryland Troops Ordered Out.
BALTIMORE, June 6.—Upon receiving
the request for military assistance yester-
day from States Attorney Sloan and
Sheriff King, of Allegany county, Gov-
ernor Brown ordered the Fifth and Fourth
regiments out. Marching orders were
issued shortly before 5 o'clock last evening.
The first train left over the Baltimore and
Ohio road at 6 o'clock, and two other
trains at intervals of thirty minutes.
There were in the two commands 970
muskets and about 100 officers, also a
large number of musicians and servants.
Adjutant General H. Kyd Douglass and
Brigadier General Stewart Brown are in
command. The troops are prepared for
business.

Pennsylvania Mines Resuming.
HUNTINGDON, Pa., June 6.—The Harvey
Coal company's colliery, on the Six Mile
Run, in the Huntingdon and Broad Top
region, resumed yesterday. It is generally
believed that this break in the ranks of
the strikers will cause a general resump-
tion in this district. The Broad Top
miners have become disheartened, and ex-
press a sentiment of resuming work at the
old rate of wages rather than see their
families suffer for food. The operators
have abandoned all efforts to hasten a re-
sumption, believing that the miners will
go back in a day or so through sheer force
of necessity.

Importing Negro Miners.
BROCKWAYVILLE, Pa., June 6.—The
Shawmut Coal company is still loading
slack, despite the reports to the contrary
and no further demonstrations have been
made by the striking miners. The action
of Sheriff Elliott in arresting sixty-two of
the strikers who marched to Shawmut
on Monday was a surprise. The
legality of their arrest will be contested

by the company. Several negroes just ar-
rived from Alabama will be used to start
up the No. 1 mine, another plant owned
by the Shawmut Coal company.

Ohio Operators Ready to Yield.
COLUMBUS, O., June 6.—A strong feeling
prevails among the mine operators to the
effect that the miners' officials would like
to confer with the operators' committees
from Pennsylvania, Ohio, Indiana and
Illinois. Operators, it is believed, would
settle on sixty-nine cents for Pennsylv-
ania, sixty cents for Ohio and other dis-
tricts in the same ratio. It is known that
these figures would be acceptable to the
mine workers. It is believed that a con-
ference will be called for tomorrow, but
nothing definite is settled.

Altgeld Orders Out Troops.
MARION, Ill., June 6.—There is any
amount of trouble in sight at the Carver-
ville mines. The strikers are growing
bolder and more threatening every hour.
The north bound freight train on the
short line, which was carrying eight cars
of Ohio coal from Brooklyn to St. Louis,
was fired into by a mob of strikers yester-
day. The sheriff wired the governor again,
making an earnest appeal for troops. Gov-
ernor Altgeld finally yielded, and ordered
Colonel Smith to proceed to Carterville at
once with three regiments.

Maryland Strikers Gain Recruits.
FROSTBURG, Md., June 6.—There are now
only about 150 men out of a force of 3,300
at work in the coal mines. The strikers
succeeded in getting the Eckhart miners
out yesterday. The march to the mines
by the strikers caused a great deal of ex-
citement and several fights. A Swede
who came to the mines in 1883 was
knocked down and slightly injured. Seven
men were arrested and taken to Cumber-
land. The Eckhart miners finished out
their day's work.

Started Under Police Protection.
PHILIPSBURG, Pa., June 6.—The miners
of this place are greatly excited over the
report that James Passmore started his
Urey Ridge colliery in Indiana county
yesterday under police protection. This
is one of four mines in the Cosh Creek
region, just across the Clearfield county
line, at which point the committee of
Philadelphia operators are said to have
determined to make their first attempt to
break the strike.

Strikers Prevent Cokers from Working.
SCOTTSVILLE, Pa., June 6.—A crowd of
1,900 strikers camped near Painter's
works and the deputies fired upon them
for the purpose of frightening them off.
The fire was returned, and one man was
slightly wounded. The men, however,
succeeded in keeping the new men away.
The strikers are elated over their success
and say that by the end of the week they
will have all the works shut down.

Murderous Strikers Arrested.
CHARLESTON, W. Va., June 4.—Intelli-
gence has reached here that the men who
fired upon the miners Monday were ar-
rested by the sheriff and posse on Arm-
strong creek last evening. They were all
strikers. Two gave the name of Lloyd
and the third is named Darlington. Seven
men were shot at Powellton, but only one
died. Three others are probably fatally
hurt.

Captain Johnston Not Expelled.
LITTLE ROCK, Ark., June 4.—The report
that June J. Johnston, captain of the
Cripple Creek strikers, was expelled from
West Point because of his connection with
the hazing of General Logan's son is de-
nied by his relatives here, who are among
the most prominent citizens of the state.
They say he was not expelled, and had no
connection with the hazing of young
Logan.

To be Court Martialed.
WASHINGTON, June 6.—A naval court
martial has been ordered for the trial of
First Lieutenant Theodore G. Fillette,
United States marine corps, on charges of
negligence in obeying orders, and of scan-
dalous conduct.

Senator Gorman Going to Atlantic.
LAUREL, Md., June 6.—Senator Gorman
is now almost a well man. He will take
a ten days' trip to Atlantic City to re-
generate his strength, and will leave for there
on Friday.
