AMOUNT OF THEIR HAUL UNKNOWN

But It Is Believed That They Secured : Small Fortune-An Amusing Hold Up at Noon, by Unarmed Men, Within the City Limits of Philadelphia.

City Limits of Philadelphia.

Little Hock, June 11.—The railroad station and express office at Fort Gibson, I. T., were held up and robbed by two masked men about 11:30 Saturday night. The exact amount of money secured by the robbers is not known, but it will probably aggregate a large amount, as it is thought the express packages stolen contained large sums, as a great deal of the cash paid to the Cherokees at Tahlequah has been shipped by express from Fort Gibson. It is known that \$600 in cash was secured, \$100 of which belonged to the Kansas and Arkansas Valley railroad.

Two masked men entered the station, and at the point of Winchesters compelled H. S. Gibson, the railroad agent and express agent to unlock the safe, threatening to blow his head off if he did not obey their command. After rifling the safe the robbers relieved the agent and night operator of their valuables, securing, besides \$600 in cash, all the valuable express pack-ages in the office and several watches and

other jewelry.

Peck Bruner, the most noted and daring Peck Bruner, the most noted and daring deputy marshal in the territory, was in the vicinity of Fort Gibson, and at once organized a posse and started on horse-back in pursuit of the robbers.

This is the second time the station at Fort Gibson has been robbed in six months. The men who perpetrated the former robbers are now in iail in Fort Smith await.

ery are now in jail in Fort Smith awaiting trial. There is no clew to the perpetrators of Saturday night's robbery. More trouble is expected before the payment is

HELD UP A FREIGHT TRAIN.

Beld Act of Four Thieves Within the City Limits of Philadelphia.

City Limits of Philadelphia.

PHILADELPHIA, June 11.—Four desperate thieves, armed with no weapons save lumps of coal, held up a Reading railway freight train within the city limits at high noon yesterday. They were repulsed after a desperate fight with the crew of the train attacked and that of another following it, aided by the police. Two of the robbers were captured.

The hold up occurred at the Cambria attrectorsing of the Reading road. The orew of the freight train, except the engineer and fireman, were sitting in the ca-

street crossing of the Reading road. The crew of the freight train, except the engineer and fireman, were sitting in the caboose during a temporary halt when the door opened and in stalked four burly desperadoes, each of whom carried in his hands great chunks of anthracite coal. With threats of serious injury they compelled the frightened railroaders to stand in one corner under the guard of one of the thieves, while the others went forward to capture the engine. Just then another freight train came up, the crew of which came to the assistance of the prisoners.

The thieves retreated to a coal car in front of the caboose and kept their pursuers off by hurling lumps of anthracite at them until two policemen came up. Then they broke and ran, but the officers caught James Langman and Frank Griffin and locked them up. The others got. away. Langman is an old offender.

Hot Politics in Kentucky.

LEXINGTON, Ky., June 11.—There has been much bitterness injected into the congressional campaign from the very beginning, but since Owens attacked Colonel Breckinridge so bitterly in his Paris speech this feeling has grown enormously, until there are many cool headed men who believe trouble of a serious character will take place here today. The city is full of strangers, Evan Settle and his Owen county friends having arrived here in large numbers. There are 5,000 strangers in the city, and as the feeling between the Owens and Breckinridge factions is at white heat there is no telling what the day will bring forth.

## THE WEEK IN CONGRESS

The Next Important Debate on the New Tariff Bill.

THE WOOL AND WOOLEN SCHEDULE

It Is Expected That This Will be Beached Before the End of the Week, and That It Will Precipitate Three or Four Days'

Washington, June 11.—It is expected on both sides of the senate chamber that the woolen schedule will be reached during the present week in the consideration of the tariff bill. There is a facil agreement among the Bepublican and Democratic leaders that the debate shall be continued under the five minute rule on the wine, cotton manufactures and flas schedwine, cotton manufactures and flax schedule. Senator Aldrich, as the representative of the Republican side of the chamber, expressed the opinion that these schedules would be disposed of with very little delay. He said that the understanding for five minute speeches would not be continued when the woolen schedule should be reached, and he expressed the opinion that three or four days debate would be necessary before the wool and woolen schedule is acted on. Some of the Democratic leaders think the schedule may be disposed of in two days. wine, cotton manufactures and flar school

Democratic leaders think the schedule may be disposed of in two days.

This schedule will develop one of the most important debates connected with the bill. Next to the duty on sugar, free wood has attracted more attention than any other item in the bill, and there can be no doubt that many Republican senators will make speeches vigorously assailing the Democratic position.

The Democrats, while not expecting or hoping to secure consideration of this

an arrangement for the fixing of a definite number of days for the debate. It is
understood this is one end they have in
view in arranging the preliminaries for
night sessions, as they have been doing in
securing pledges of Democratic senators
to remain until the steering committee
shall consent to an adjournment each day.
This is to be an elastic arrangement,
and late night sessions will be resorted to
only in case of evident determination on
the part of Republican senstors to delay a
vote. This is not expected on any of the
items which preceds the woolen schedule,
nor do many senators think it will be undertaken in that connection. The Democratic leaders, however, regard it as best
to be prepared to meet the emergency if
it should present itself. They desire also,
if it should prove that there are to be an
unsuspected number of long speeches on
the woolen schedule, to work them off as
rapidly as possible by resort to night sesions for that purpose.

The Indian question in its various ramifications on schools, agents, rations and supply depots will continue to occupy the attention of the house the early days of the week. Judge Holman, in charge of the bill, said today that he expected to pass the bill by tomorrow or Wednesday.

After that there are a number of im portant bills struggling for priority. The general deficiency bill will be reported to the house tomorrow, and Chairman Saythat Representative Breckinridge, of Ken-tucky, is chairman of the deliciency sub-committee.

committee. It is expected that Mr. Hatch will try to have the anti-option bill follow the Indian bill. Representative Cooper, of Indiana, also expects to have a day set apart soon for his bill authorizing the taxation of greenbacks. Representative Livingston, of Georgia, is pressing the bill for government aid to the cotton exposition at Atlanta. Chairman Culberson, of the judiciary committee, also wants safty reconsting the committee. ciary committee, also wants early recog-nition for several important bills affecting federal court procedure, and the territorial statehood bills are being vigorously pressed to the front.
