right to cast a vote on such a bill framed by others, with such stock in his pocket, because, he testifies, he was particular to sell his sugar stock before he voted.

All that our Junior Senator insists upon is that the mere fact that a man is a Senator does not take away from him the right that every citizen has to buy stocks, take risks as to their advance or decline, and sell them at a profit if he can.

And we think he is on solid ground. We may as well close up Congress and give up popular government as an impracticable thing if we are going to lay down the rule that no man who sits in the House or the Senate has the right to be engaged in any business which legislation presented for him to consider and vote upon may in some way affect.

If we draw the line at the common sense point, and insist that Representatives shall not use their private and confidential knowledge as committeemen in charge of bills, nor vote upon measures directly changing the values of stocks or other property which they are part owners, we shall do all that reason, justice, or any public interest requires.

Five thousand dollars a year is not enough to pay for men competent to be Senators and Congressmen if we expect them to rigidly abstain from all other income-yielding businesses.

IN SENATE AND HOUSE.

The Income Tax Alone Will Now Delay the Tariff Bill.

WASHINGTON, June 19.—From the progress made by the senate yesterday with the tariff bill it seemed possible that the Democratic prophecy that this, the twelfth week of the tariff debate, would be the last, might be fulfilled. The last two sessions before the free list were disposed of. They comprised fifty-one paragraphs, covering twelve pages of the bill. This leaves only the free list, the income tax, internal revenue and administrative features of the bill unacted upon.

The income tax will probably prove the greatest obstacle to progress in the remainder of the bill, but the prospect is not without hope. It is believed that the Democrats may not insist upon the changes proposed in the administrative features of the bill. If not the bill ought at least to be reported to the senate by the end of the week. The only paragraph which provoked much of a contest yesterday was that restoring coal to the dutiable list. Mr. Hill led the opposition, and his amendment to place it on the free list precipitated quite a debate, but in the end was defeated by practically the solid Democratic and Republican vote. Mr. Irby (S. C.) was the only Democrat who supported the amendment, although it secured the votes of two Republicans, Hansbrough (N. D.) and Washburn (Minn.), as well as the votes of the three Populists. The paragraph relating to precious stones was passed over at the request of Mr. Teller.

On account of the slight illness of the speaker Mr. Bailey yesterday discharged the duties of speaker pro tem. In the house two bills were passed and then the anti-option bill was taken up, but without arousing the bitterness formerly displayed against this measure. Mr. Hatch made the opening speech in favor of it. He was followed by Mr. Warner (N. Y.) in opposition and by Mr. Bryan (Neb.) in favor of the bill, after which the house adjourned.

Hensel Not a Candidate.

LANCASTER, Pa., June 19.—Attorney General W. U. Hensel, who is at his home in this city, is much annoyed at the frequent reports that he is, or will be, a candidate for governor on the Democratic ticket this fall. He says: "Any mention of my name is wholly without authority or encouragement from me. I am not, never have been, and never expect to be an aspirant for nomination to any elective office, or an applicant for any office to be filled by appointment. The official position I now hold came to me unsolicited, and I accepted it simply because it was strictly within the line of my profession."

For the Relief of Enay.

BROOKLYN, June 19.—Henry G. Bryant, the youngest leader of any Arctic expedition ever undertaken, and the party of six who have undertaken the relief of Lieutenant Peary in the far north, will rendezvous at dinner in the St. George hotel, Brooklyn, this evening. Tomorrow they take passage for St. John's, where the Falcon meets them, on the steamer Portia, of the line running between New York and Nova Scotia and Newfoundland ports. The expedition is under the auspices of the Geographical club, of Philadelphia.

Disastrous Flood in Hungary.

VIENNA, June 19.—Reports from Galicia and Silesia show that the Waar valley, in Hungary, from Trenczin north to Pressburg, has been badly inundated. Portions of the towns and dozens of prosperous villages in the valley are submerged. Railway traffic is suspended, and crops destroyed in every direction. The damage amounts to many millions of florins. The rivers are full of the carcasses of cattle, and household property of every description is floating down stream. Several watchmen have been drowned in the floods.

A PLEASANT SURPRISE.

is in store for you when you buy Dr. Pierce's Pleasant Pellets. If you ever took the ordinary liver pill, big and bulky, nasty too, you'd appreciate a good thing, especially when it is sugar-coated, as they are a mustard seed but very effective. Other things being equal, the smallest is the best in liver pills—benzo, "Pleasant Pellets."

If you are troubled with indigestion, constipation, biliousness, Bilious Headaches, and a hundred and one ills which depend upon an inactive liver—use Dr. Pierce's Pellets. With these pills you get not only temporary relief but a positive cure; they're guaranteed to give satisfaction or your money is returned.

For all people who suffer from indigestion, for heavy eaters and high livers—those whose lives are sluggish, this pill is what is most needed. Take a Pill after dinner.

Proposed Resumption Presented.

STANFORD, O., June 19.—Very few miners along the Wheeling and Lake Erie in this county accept the Columbus compromise, and the situation along the line is critical. Serious trouble may develop before the mining troubles are settled. The Long Run miners accepted the com-

MINERS RESUMING.

The Men in Central Pennsylvania, However, Are Still Out.

EMPLOYEES REFUSE TO COMPROMISE

Some of the Strikers in Other Sections Still Remain Out, but All Will Soon Be at Work—Serious Condition of Affairs at Mount Olive, Ills.

PHILADELPHIA, Pa., June 19.—There has been no time since the suspension of mining in the Bench Creek and Clearfield coal regions when the miners and operators were as far apart or when the outlook for settlement was less promising than it is at present. Representatives of the miners from the Houtzdale region were holding a conference yesterday afternoon when a dispatch was read to them notifying them of the result of the operators' conference in Philadelphia, at which the operators decided not to pay the compromise rate of forty cents a ton for mining. The miners made an effort to persuade President Bradley to telegraph to day not to do so, especially in the Dubois region.

Falling in this they adopted resolutions declaring that the strike will be continued until the men or the operators are defeated, and that no offer looking to resumption of work would be considered until it came from all the operators in the district. An offer has been made by one of the largest operators in the district to pay forty cents a gross ton until the end of the present year, after which he will pay fifty cents, with the understanding that the price shall thereafter remain at the latter figure. Others say they will offer forty-five cents a gross ton, but it is not likely, from the mood the men are now in, that either offer will be accepted. Local operators say that if resumption is permitted in any portion of the district they will make an effort to start their mines, either with their old employees or with new men.

TROUBLE IN MAKING ARRESTS.

Governor Altgeld Again Sends Troops to Mt. Olive, Ills.

MT. OLIVE, Ills., June 19.—The mining situation at this point is now assuming a serious and threatening aspect. The Seventh regiment, Illinois National guard, Colonel Golly commanding, arrived yesterday afternoon and are now camped here. They are here to assist the United States marshals in arresting the unruly miners, who for the past week have been conducting things here with such a high hand, stopping freight trains, rioting, breaking car seats and when coal was found not permitting it to be carried through the city, but unloading it and taking it home.

The grammar of Maconin county last week found indictments, and warrants were issued for the arrest of 110 miners charged with various offenses. Last Saturday night United States Marshal Britton and seven assistants made an effort to arrest the guilty ones on these warrants, but to no avail, as they were surrounded by the angry miners and forced to release their prisoners. Owing to the presence of the militia, however, the guilty ones are being arrested as fast as found. Half a hundred have been taken into custody and sent to Springfield.

About 400 of the miners held a secret meeting yesterday and passed resolutions to the effect that they would hereafter molest no trains passing through the city, and would also willingly surrender all guilty parties wanted. A committee was appointed to telegraph Governor Altgeld, asking him to stop the troops at Litchfield, as they (the strikers) did not want the disgrace of having it said that their presence was needed here. It was all to no avail, however, as the troops came just the same.

Resumed Work at the Compromise Rate.

HENNINGTON, Pa., June 19.—An agreement was reached yesterday between the operators and miners of the Huntingdon and Broad Top districts, the operators having decided to pay their men forty cents per gross ton, the compromise rate. This agreement includes all the mines in the Broad Top region, except that of the Crescent Coal company, on Sandy Run, the managers of which refused to enter into any agreement, insisting upon forty cents per gross ton, as formerly paid. The miners of the Altoona district also resumed this morning at the compromise rate, the operators disregarding the decision of the conference at operators in Philadelphia not to agree to a compromise with the miners.

The Indiana Mine Strikers.

BRAZIL, Ind., June 19.—The miners of this city met yesterday to decide whether they would return to work in a body or stand the decision of the state convention. As other points of the county was not represented it was decided to hold a mass meeting tomorrow, when a final settlement will be reached, as both block and bituminous miners will be represented. The block miners are greatly dissatisfied, although quite a number resumed work today. Most of the operators have expressed a willingness to pay the price.

Refused to Sign the Scale.

GIBBONTS, Pa., June 19.—The fourth pool miners have in all cases refused to return to work, and but one mine is known to be running, the Popcorn, owned by the Cleveland Coal company. Each pit squad held a meeting and appointed a committee to wait on the operators with the scale for signature. Without exception all refused to sign. The railroad pits, however, have expressed their willingness to sign the scale, and at Popcorn coal was loaded for shipment. In the third pool there was a general resumption.

Preparations to Resume Coal Traffic.

MILLERS, Ind., June 19.—Throughout this county the miners generally assert their purpose not to accept the compromise scale at Columbus. No mines are yet in operation in this county, although it is the confident belief of many that work will gradually be resumed, and that in a week or two days most of the miners will be at work. This is the evident expectation of the operators and the railroad officials, as preparations are being made to resume traffic.

Proposed Resumption Presented.

STANFORD, O., June 19.—Very few miners along the Wheeling and Lake Erie in this county accept the Columbus compromise, and the situation along the line is critical. Serious trouble may develop before the mining troubles are settled. The Long Run miners accepted the com-

promise and went to work yesterday. The company tried to start the Laurelton and Dillonvale mines, but the miners refused to allow them, and threatened violence.

Maryland Miners at Work.

LOANESBORO, Md., June 19.—Two hundred miners returned to work in the Elk Garden region yesterday at forty cents per ton, and 844 are at work in the Consolidation Coal company's mines at Frostburg. Michael Dooley, the miner who went to work every day last week, with his son, attempted to do so yesterday without protection. He was set upon by a number of women, who took away his dinner pail, smashed it and drove him home.

To Organize Independently.

PITTSBURG, Kan., June 19.—An interstate delegate miners' convention is called to meet in this city tomorrow, comprising delegates from Kansas, Missouri, Arkansas and the Indian Territory. The object of the convention is to discuss the advisability of establishing a uniform price for mining coal and, it is said, to organize all the coal producing states west of the Mississippi river separately from the national organization.

Illinois Miners' Extravagant Demands.

SPRINGFIELD, Ills., June 19.—Committees of miners throughout the Springfield sub-district, presented a scale of prices to each operator yesterday and requested acquiescence in their demand. The operators refused and are to hold a convention here today. They say the miners' demands are extravagant, being ten cents more than was paid when the strike was inaugurated.

Iron Miners Defeated.

IRONWOOD, Mich., June 19.—It looks as though the strike of the Gogebic miners was a huge failure. The East Norrie is the only one of a dozen mines threatened that was seriously affected by the walk out of the unionists, and that mine resumed operations today with a full crew, the men who went out returning at their former wages.

Folly to Remain Out Longer.

JACKSON, O., June 19.—None of the Jackson miners have gone to work, but the probability is that the 4,000 miners in this district will surrender. They recognize that it is folly to remain out and break up the organization. They will go in a few days and will take care of their officials hereafter.

Trail of Maryland Strikers.

CUMBERLAND, Md., June 19.—A large number of miners, with their wives, are in the city today in attendance upon the trial of the thirteen miners charged with assault and unlawful assemblage. They all plead for a jury trial, and bail was fixed at \$500 apiece. Four of them obtained it and nine went to jail.

Strikers Demand Recognition.

DECATUR, Ills., June 19.—A meeting of the miners' union appointed a committee to wait on the coal company with a view to returning to work. Superintendent Armstrong refused to receive them as members of the union, and the miners decided not to work until the union was recognized.

Strike Agitators Barred.

OWENSBORO, Ky., June 19.—Forty-four miners in this locality resumed with about half force in each. Mines have to be cleared. At Beaver the strike agitators were barred out. The big Central City mine has sixty men in it, and others are ready for work when the mines are ready.

Will Probably Resume by Thursday.

POMEROY, O., June 19.—The operators have not yet made an offer since the refusal of the miners' proposition. It is believed, however, that all parties will get together by tomorrow, and that work will be resumed throughout the bend by Thursday.

Favoring a Resumption of Work.

LA SALLE, Ills., June 19.—At a mass meeting of the miners of this vicinity a resolution was adopted favoring going to work at the prices agreed upon at Columbus, providing there is a general resumption of work in Ohio and Pennsylvania.

West Virginia's Strike Ended.

CHARLESTOWN, W. Va., June 19.—Though the Columbus scale had no reference to West Virginia, yet the miners of this region are resuming work and the strike is practically ended.

Awaiting the Columbus Convention.

CANAL DOVER, O., June 19.—A number of the small mine owners in this county began operations yesterday, but the large ones are waiting for the result of the Columbus convention.

DO not be deceived.

This brand of White Lead is still made by the "Old Dutch" process of slow corrosion. It is a standard brand of Strictly Pure White Lead

The recommendation of "John T. Lewis & Bros." to you by your merchant is an evidence of his reliability, as he can sell you cheap ready-mixed paints and bogus White Lead and make a larger profit. Many short-sighted dealers do so.

For Colours—National Lead Co.'s Pure White Lead is the best. A one-pound can is a pound keg of Lead and mix your own paint. Saves time and annoyance in matching shades, and insures the best paint that is possible to put on wood.

Send us a postal card and get our book on paints and color-card, free; it will probably save you a good many dollars.

A Wonderful Cure

Ulcer in the Stomach

Hood's Sarsaparilla Restores Flesh Strength and Health.

"C. L. Hood & Co., Lowell, Mass. I feel it my duty to suffering humanity to give a statement of the wonderful cure Hood's Sarsaparilla brought about for me. Over two years ago I became ill, due to an ulcer in my stomach. I had six or seven different physicians, whose standing was of the highest, but they did not cure me. I was broken down in health and lost in weight from

145 to 118 Pounds. I could hardly get around, and after suffering severely for about a year, I commenced taking Hood's Sarsaparilla. After the first bottle I began to feel like a new man. I purchased another bottle and had not taken half of it when I was cured of my trouble. I am now in health, back to my old weight again and attending regularly to my work. I firmly believe Hood's Sarsaparilla saved my life." P. W. BRANT, Anabank, Pennsylvania. Get Hood's

Hood's Pills are hand made, and perfect in proportion and appearance, 25c. per box.

HIGH VALLEY RAILROAD

IN EFFECT MAY 15, 1904.

Passenger trains leave Shenandoah for High Valley Junction, station, Clear Lake, Union, Staunton, White Hall, Coopersburg, Athens, Beltsville, Easton, and Washington.

For New York and Philadelphia, 5 a. m., 7:30 a. m., 12:45 p. m., 2:57 p. m., 5:27 p. m., 8:57 p. m.

For Williamsport, White Horse, Pittston, Lewisville, Torrville, Sayre, Waverly, Guilford, 6:00 a. m., 8:15 a. m., 12:45 p. m., 2:57 p. m., 5:27 p. m., 8:57 p. m.

For Rockwell, Buffalo, Niagara Falls, and the West, 6:00 a. m., 8:15 a. m., 12:45 p. m., 2:57 p. m., 5:27 p. m., 8:57 p. m.

For Fairview, Delaware Water Gap, and Scranton, 6:00 a. m., 8:15 a. m., 12:45 p. m., 2:57 p. m., 5:27 p. m., 8:57 p. m.

For Auburn, 9:15 a. m., 5:27 p. m.

For Newmarket, Lewisville and Beaver Meadow, 7:30 a. m., 12:45 p. m., 2:57 p. m., 5:27 p. m., 8:57 p. m.
