

THIRD EDITION CHOLERA INFANTUM HERE

Babies Beginning to Die of This Dread Disease.

Summer Disorder That Kills the Infants Come Early

The Prompt Use of Lactated Food Is Recommended to Mothers.

The summer begins early this year, and cholera infantum, the dread disease that causes half the fatalities in June and July, has appeared in some places almost like an epidemic.

Mothers should feed their babies upon lactated food. Physicians all over the country say it is the most valuable means at our command for tiding children over the dangerous days of summer, as a preventive of cholera infantum, and as a steady diet all the year round for making sturdy children grow sturdy, clear-eyed, happy and full of animation.

'Lactated food babies' has come to mean those solid, rosy-cheeked, bright little fellows who have never known a day of serious illness.

Says R. Frank Penny, of the New Bedford, Mass., Standard:

'Shortly after our baby Willie was born he had a severe attack of sickness with symptoms of cholera infantum. We tried various foods and remedies, but he grew thinner every day until we began to despair of saving his life. Finally a friend recommended lactated food, and we began using it. The effect was extremely gratifying. He began to grow better at once, and in a short time he was fat and strong and the very picture of health. We have fed him on lactated food ever since, and he has not been sick a single day.'

Coming Events.

July 17.—Ice cream and bean soup festival in Robbins' hall, under the auspices of the Women's Relief Corps.

July 31.—Ice cream festival and bazaar, under the auspices of Camp 49, P. O. of T. A., in Robbins' hall.

August 1.—Ice cream festival in Robbins' opera house, under the auspices of the 'J. A. C.'

RINGTOWN.

People of the Valley Pushing the Electric Railroad.

EDITOR HERALD.—The people here and throughout the valley are alive to the importance of having an electric railroad built between here and Shenandoah.

After considerable talk about the feasibility of the plan a rough survey was made of the different grades along the proposed line and it was found that with the exception of one short distance the grades do not run higher than five per cent. The exceptional grade is seven per cent. After a thorough canvass a meeting was called for last Wednesday and on that day quite a number of gentlemen met at the Masonic house at this place. It was decided not to divulge the business transacted, but it is well understood that each one present chipped in five dollars to defray the expense of having an official survey made. When this is finished another meeting will be called and steps taken to apply for a charter and raise subscriptions to build the road. As a nucleus, it is said \$10,000 is already pledged by farmers living in the valley and \$50,000 can be raised in the valley alone. It is believed the balance can be raised also. The people are feeling jubilant over the prospect of being connected with Shenandoah in the near future. I believe it will be a good thing all around and a great boon to the crowded residents of Shenandoah as well as to the people of this valley.

Special low prices to all in watches, jewelry and silverware at Holderman's, 101 West Main and Lloyd streets.

'Many of the citizens of Rainsville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house,' says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by Grubler Bros.

NOTICE TO THE PUBLIC.

In Reference to the Annual School Commencements in Shenandoah.

The seventh annual commencement exercises of the grammar schools will be held in Ferguson's Theatre on Monday evening, June 25, and the sixteenth annual commencement exercises of the High school, on Tuesday evening, June 26. On both occasions the exercises will open promptly at 8 o'clock and seats will be reserved only until that hour.

Reserved seats will be sold at the Library, West street building, beginning at 9 o'clock a. m., on Saturday, June 23. The public will be admitted to the Library through the main entrance of the building during the sale of tickets. The prices will be: Reserved seats, 15c; general admission, 10c.

No person can purchase more than ten tickets at one time.

It Proved a Success.

The ice cream festival held under the auspices of Lincoln Section No. 37, J. T. of J. A. C., in the center hall, Wm. Penn, was one of the most successful affairs held in this place. A large number of new members were attracted, and the Society cleared about fifty dollars. They extend their thanks to all who aided in making it a success, and especially to the Ladies Aid and 'Our Band,' both of Wm. Penn.

RUN DOWN AT THE CROSSING

Several Teachers Injured While on Their Way to School.

PATRICKSON, N. J., June 10.—A passenger train on the Susquehanna road struck an electric car at the Riverside crossing. The electric car was filled with passengers, mostly school teachers and pupils on their way to school. Laura Birchough, Nettie Claxton, Mattie Bauman and Lizzie Moffett, all teachers in school No. 18, Frank D. McKinney, principal of school No. 18, Ellen Cullen, aged 50, of Brooklyn, and Freda Weida were all more or less injured.

Ellen Cullen was so badly injured that it is feared she will die. Miss Birchough was injured about the head, and Miss Claxton was badly bruised about the body. Conductor Josiah Grimes, of the electric car, was badly hurt and was removed to St. Joseph's hospital.

The authorities have centered both the Susquehanna and the Electric Railroad companies, the former for not having the gates down and the Electric road for not having its conductor exercising proper judgment in keeping a sharp lookout at the crossing for approaching trains.

Save the Anti-Oleo Law.

HARRISBURG, June 10.—An address was issued today to the farmers of Pennsylvania by the legislative committee of the State Grange of the Patrons of Husbandry, urging them to use every honorable effort to prevent the repeal of the anti-oleomargarine law by the next legislature, and to insist that the legislature provide for an appropriation to pay the salary and expenses of the state dairy and food commissioner, so that the law relating to that office may be carried out. A similar address has been issued by the state board of agriculture from its headquarters in this city.

Crusade Against Sunday Newspapers.

PITTSBURGH, June 10.—Sunday was set apart by the Sabbath Observance society for the commencement of a crusade against Sunday newspapers. A request had been made of all the ministers in Allegheny county to preach against this form of so-called desecration. As a result thirty-five ministers out of 600 in the county complied, and at each church where such sermons were preached collections were taken up for the furtherance of the society's work.

Drowned While Bathing.

TRENTON, June 10.—William Gauck, aged 13 years, was drowned in the Delaware yesterday while bathing. This is the third drowning accident here this season.

ASBURY Park, June 10.—A boy named Gardner Wright, aged 15, was drowned in Deal lake yesterday. His father is Joseph Wright, a Philadelphia manufacturer, and the family were here for their annual summer vacation.

A Diver's Narrow Escape.

NEW YORK, June 10.—Diver James Olen nearly lost his life while making a line fast to the La Touraine's anchor at the bottom of the bay, off Quarantine. He had been below some twenty minutes, and was on the point of bursting to haul up when the air tube struck on deck. He was brought to the surface as quickly as possible, almost suffocated. Blood was flowing from his mouth and nostrils, and he was resuscitated with difficulty.

Kelly Will Go Up in a Balloon.

OWENSBORO, Ky., June 10.—When General Kelly's industrial army, 1,200 strong, reached the outskirts of the city the mayor refused to allow them to land. They got contributions of food and started to Louisville. Kelly said he would reach Washington by July 3 and proceed to ask congress for help for the unemployed. He proposed to go up in a balloon on the morning of the Fourth and speak to the crowd from a lofty height.

Killed by Lightning.

FREDERICK, Md., June 10.—During a severe electrical storm last evening T. A. Berry, of Brunswick, Md., aged 81, a Baltimore and Ohio brakeman, was struck by lightning and instantly killed near this city. The bolt entered his head, scarring his body in several places, and tearing his clothes in fragments. His umbrella was stripped of its covering, and his shoes found fifty feet from his body. He leaves a wife and two children.

British Military Post Sacked.

SINGAPORE, June 10.—An outlawed chief named Orangyah has attacked and burned the British military post at Kuala-Tenteling, killing nine Sikhs. In addition the outlaw seized the arms and ammunition stored in the post and plundered a number of trading boats. Reinforcements of Sikhs have been dispatched to the scene of the disturbance.

NUGGETS OF NEWS

Coxey has left Washington for his home in Massillon, O.

A store on North Second street, Philadelphia, was wrecked by exploding fire-works.

The lowest house of the Hungarian diet yesterday adopted the commercial treaty with Russia.

Cranel, by forswear of his wife, killed James F. Gorshay, of New York, death his 13-year-old son and himself.

The steamer Plymouth, of the Fall River line, ran ashore near Fall River during a fog. Nobody injured.

Peter Gosak is under arrest at Wilkes-Barre, Pa., charged with wife poisoning. Mrs. Malasky is under half as an accomplice.

Henry Lohse, a Philadelphia, deliberately walked into the ocean at Atlantic City and was drowned. He refused assistance.

Harry F. Bachlor, ex-president of the defunct Stock Growers' bank of Helena, Mont., was sentenced to five years' imprisonment for embezzlement.

TAMAQUA.

The Steepy Old Town May Have a Boom Shortly.

EDITOR HERALD.—After years of idleness the Allen shops and foundry have changed hands and will soon be put in condition for operations. The company that has purchased the plant is wealthy and has fully prepared to operate the place to its full capacity. When a start is made it will give employment to several hundred people and be a god-send to the town generally.

The granting of the right of way to the Inter County Electric Company for a street railway through Broad street has left some pretty sore spots. The company that had the most claim to and should have had the concession was too slow, but some of those interested in it are already making it unpleasant for the people who failed to stand up for them. Immediately after the knock-out Superintendent Zehner issued orders that five-cent fares be charged all the employees of the Lehigh Coal and Navigation Company living in Tamaqua. Hereafter they have been carried free. Following this comes a rumor that three of the Lansford Council members who voted to make the grant through Lansford will be discharged from the employ of the company.

That was a good trick on the part of both the Lansford and Tamaqua people in getting up popular demonstrations in favor of the Inter-County project and demanding that the Council vote for it. It was the winning trick of the game. The people are now crying for a new Tamaqua and they will get it if they go down into their clothes and help pay for it. There is plenty room for improvement and for the town to spread, but outside capital and energy will be required and before that can be attracted the people must first do something for themselves.

With the building of the electric road between here and Lansford the first and most important step, outside the rehabilitation of the Allen shops, will have been taken. The next step should be the building of the Schenly Valley road between here and Pottsville and then between here and Lakewood.

The recent bluffs about the enormous amount of coal that lies underneath this town cannot be depended upon. There is plenty coal, but it is at a very great depth and the mining would be very expensive.

The United States Hotel, which changed hands lately, is undergoing extensive alterations. The new proprietor is an enterprising man and will make the hotel a popular one.

In the death of H. A. Spiese our town has lost a most valuable citizen and the Republican party a consistent member. For several years Mr. Spiese was in the drug business and previous to that was in the employ of the P. & K. Railroad Company as freight and express agent.

Some June Bargains.

We offer two thousand pairs of black hose in misses' and ladies sizes at 10c per pair or 3 pair for 30c; regular price was 15c per pair. Ladies' ribbed vests 7c; Ladies' calico shirt waists 25c, worth 50c; New Challies 25c, yard; rich lines of new dress goods, Irish lawns, white goods, lace goods, at money-saving prices.

L. J. WILKINSON, 20 South Main street.

PENCIL POINTS.

Clean up your premises and keep them in that condition.

Decorate your buildings in honor of the Catholic societies.

Two weeks to-morrow and the glorious Fourth will be here.

The attendance of Shenandoah people at the present term of court is quite large.

Shamokin Post, Grand Army of the Republic, will attend the encampment at Gettysburg.

The new garbage system at Mt. Carmel is proving a success. It should be introduced here.

The projected electric railway between this town and Ringtown is favorably commented upon by many of our citizens.

Ashland is not the only town in the county that is making preparations for the Fourth. They will celebrate on an elaborate scale.

The strike of the dagos on the water pipe line was of short duration. What would have been the result were the strikers American workmen?

Shenandoah will give the delegates to the convention to-morrow a royal reception, and send them home well pleased with their visit to the largest town in the county.

Many property owners in town are making many improvements about their premises. Abram Yost, who is agent for Hartzman's N. S. roof paint, is kept very busy painting roofs and outbuildings.

The Minersville Free Press has been changed to a five column quarto, which is a much handsomer and more convenient form. Friend Steel is making his paper quite a success.

POLITICAL POINTS.

There seem to be other reasons, besides its inconvenient bulk, why Boss Croker left the country.

Our reports indicate an increased acreage of rye. Wow. Just wait till the Prohibitionist brethren find it out.

The main difference between Senator Quay and some of his brother Senators seems to be about the difference between a man and a sneak.

End not yet in sight—the tariff debate. Senator Quay doesn't mince matters when he has anything to say.

Some of the candidates for office do not yet know where they are at.

It should be borne in mind that those who can do the most for us are the ones that should be nominated and elected to the Legislature.

The coming delegate elections are going to be unusually interesting. Every candidate is setting up delegates.

Our wards should be divided before the political campaign opens. It is just as important to one party as the other. Let there be a move made at once.

The fight for the Judgeship in Cumberland county is getting to be quite interesting. From last accounts Judge Sadler is ahead and will probably be re-nominated.

Monaghan's Bargains.

A good quality home-made rug carpet at 30 cents a yard; nice table oilcloth, 15 cents a yard; good dress gingham, 6 cents a yard; the best 50 cent dress in the market. Lace curtains and corset goods of all kinds cheap.

P. J. MONAGHAN, No. 28 E. Main St., Shenandoah.

Alex. Indicted.

The Grand Jury yesterday indicted Anthony Alex, the special officer of the first ward, on charges of assault and battery and wantonly pointing a pistol. The prosecutor is Michael D. Fairlee, also of this town.

Lehigh Valley R. R.

Special tickets to New York City at reduced rates, according to National Passenger law, will be on sale at ticket offices of the Lehigh Valley Railroad, June 21st to 24th, inclusive, good for return to and including June 30th.

Steam Renovating Co., call for, clean and deliver Ingrain and Brussels at 25c per yard; heavier carpets at 32 E. Coal St.

No Cholera at Hamburg.

NEW YORK, June 10.—Regarding the report that three cases of cholera have recently been discovered in Hamburg, Mr. Emil Boas, the general passenger manager of the Hamburg-American line, says that he has received a cable from the Hamburg office of the company, which says that the health officer at Hamburg has authorized the statement that the report is absolutely false, and that no cases of cholera have occurred.

Bridgeton's Many Burglaries.

BRIDGETON, N. J., June 10.—This city seems to be infested with a gang of thieves who loot private residences. On Sunday, while the family of Joseph T. Dunley, at church, thieves broke up a window and entered the house, stealing money and two watches. There is scarcely a day passes but what a house is broken into and robbed, and the police seem to be at sea over the matter, as no arrests are made.
