### The Base Ball Players Acquitted by Justice Shoemaker.

The office of Justice Shoemaker was crowded this morning by base ball players, cranks and witnesses. The attraction was the suits against Tomann, Reilly, Ryan, Setley, Toole, Henry and Mulheric for participating in the game against Sol. Foster, Esq., started the proceedings by entering a bar of judgment against the prosecution in the form of receipts and a transcript from the docket of Justice Toomy, showing that the players had already paid a fine of \$2 50 for playing ball on Sunday last. Mr. Hollopetter, counsel for Rev. William Powick, subjected William S. ### Repudiation of a Transfer is Retracted.

## WM. PENN KING WINS!

### A Reliable Statement of How the Beer Interests Down the Valley Became Vested in One Family—Bender is the Wholesaler, His Step-Father the Retailer.

Louis Bender, "the king of Wm Penn," as he is called, won a litigation at Pottsville yesterday. The case was a complicated one, although the point at issue hinged upon a saloon license.

Bender, on application of M. M. Burke, Esq., obtained a transfer of the wholesale license held by Andrew Mack. This license Mack held as agent of the local brewing company. A representative of the company, accompanied by Mack and counsel, appeared before Judge Bechtel at Chambers on Tuesday last week and entered a protest against the transfer. The transfer had been made before Judge Wetland and the fact that the man who had made the transfer repudiated the act naturally aroused the suspicion of a court and for that reason the case caused much interest.

By Bender making a personal statement to the court and did it in such a manner as to wipe out the ire of the tribunal and secure a victory.

Mack claimed that he did not, in any way, agree with Bender that the license should be transferred and upon the showing he made before Judge Bechtel the brewing company decided to ask for a writ to show cause why the transfer should not be revoked.

The proceeding was an unusual one, such as involved the good faith of counsel. It was clearly shown that the court had not been intentionally imposed upon.

At the time of the transfer of the wholesale license to Bender the transferee had his retail license transferred to his step-father. On the face it appeared as though Bender proposed to control both the wholesale and retail licenses and crowd Mack out of the business, but when the matter came up in court Bender made a statement in which he set forth that he loaned Mack the money with which the wholesale license had been taken up when granted at the last term of court, and had loaned Mack other money for teams and outfit for delivering beer. In consideration of these loans Mack agreed to transfer the wholesale license.

S. G. M. Hollopeter, Esq., opposed Bender on the ground that he had been selling by wholesale and retail previous to the transfer and now proposed to control the retail and wholesale business under his own license and the license of his step-father. But at the eleventh hour Mr. Hollopeter stated to the court that an amicable adjustment had been made between Bender and the brewing company and that the company would not ask for the rule to set aside the transfer of the license. Mr. Bender also appeared in court and stated that he would use the wholesale license only as agent for the brewing company and that he had no interest whatever in the business conducted by his step-father. The court thereupon decided that Bender should retain the license held.

## COURT NEWS.

### Cases Disposed of by Judges at Pottsville Yesterday.

The trial of John Snyder, charged on oath of Thomas J. James, foreman at Kohinoor colliery, with burglary, came up yesterday, and the jury rendered a verdict of guilty as indicted. He was sentenced to one year and six months imprisonment. This is not Snyder's first visit to the county jail, and when the sentence was pronounced a smile illuminated his countenance.

Frank Miller, charged with the larceny of 100 pounds of toilet soap from S. G. Schwicker, of Mahanoy City, was found guilty of the second count of the indictment.

## BASE BALL.

Harrisburg is the next big club to play here.

Pottsville won a game from Scranton last night in twelve innings. The score was 3 to 2.

Harry E. Harris, of Bucknell University, will have a trial as catcher in the game this afternoon. If his work is satisfactory he will be signed.

Mahanoy City played their first game with Ashland on Saturday meeting defeat of 4 to 4. The club is made up of the following players: Salmon, cf; Boyle, p; Huntzinger, lf; Heffner, c; Zy more; 2b; Richards, p; Friel, 3b; Badams, p; and 1b; Ryan, rf. There is talk of challenging Shenandoah's pet nine.

### K. of P. Anniversary.

Gen. Harrison Lodge, No. 251, Knights of Pythias, has been organized five years, and the event was celebrated last evening in an appropriate manner. The members, to the number of forty, sat down to an excellent spread prepared for them at the Ferguson House, after which they retired to the lodge room to listen to an interesting program prepared for the occasion consisting of addresses, recitations, vocal and instrumental music. The performance of the Messrs. Jones, of Wm. Penn upon the violin and organ, deserve special mention. The evening was one of much enjoyment to those in attendance, and reflects great credit upon the lodge and especially the committee having the affair charge.

### Eighteenth Anniversary.

Miss Lulu Kester, the charming daughter of Jacob Kester, celebrated her eighteenth birthday last evening, at the residence of her parents, on North West street. A large number of the young lady's friends were in attendance. Games and other amusements were indulged in. Sylvester Kohler entertained the company with a number of songs. Refreshments were served, after which the guests departed for their homes, wishing Miss Lulu many more happy birthdays.

## A GOOD IDEA.

### Have Children Practice Military Tactics in the Schools.

This is the season of the year when the people find time to discuss the progress and prospects of the public schools, because the closing of the term brings with it a review of the work done during the year and discussions of arrangements for the new term. It was in this connection that the question of having military tactics substituted for calisthenics in the public schools was taken up by a few of our citizens the other evening.

It was recalled that at the last commencement of the Grand Army of the Republic there was adopted a recommendation that the children of the public schools be taught military tactics, so that in case the rising generation of the land should be called upon to defend the country with force of arms the young blood will have some idea of the tactics required.

Hon. Patrick Conroy, president of the School Board, said the other evening that he was in favor of the idea. He thought that by the tactics the children would not only acquire the beneficial exercises which is derived from the present system of calisthenics, but they would also secure the great advantage of a military training which might some day be put to very good practical use.

### PENCIL POINTS.

Divide the wards.  
Nice cherries in the market this week.  
The soda fountain is getting in its work now.  
Coxey has been reincarnated into an office-seeker.  
Shenandoah is getting to be a good convention town.  
Dwelling houses continue to be in great demand in town.  
Work was commenced on the new Columbia park to-day.  
The electric railways running into town are becoming more of a convenience every day.  
It is almost too hot to talk politics just now, yet there is a great deal of it going on.  
The Shamokin and Mt. Carmel electric railway will likely be extended to Centerville.  
Horses should not be left standing in the sun. Have a care for the noble animal.  
Gathering laurels and shipping them to the cities is becoming quite a business in this county.  
The regular semi-monthly meeting of the Borough Council will be held to-morrow evening.  
The mining troubles are just over, and now comes the Democratic convention. Are we never to have peace?  
The Pottsville Cadets will hold an encampment for one week at Lakeside, beginning with Saturday, July 14th.  
The tariff bill is likely to pass; likely to be turned down in the fall anyhow, about which time the people will get a chance to take up a club.  
The extension of the electric railway to the cemeteries is a subject of debate just now. If the Shenoykill Traction Company makes the move it may prevent the Ringtown company going ahead.

### A Democrat's Opinion.

A prominent Democrat of this county who is credited with possessing good sense and with being a level-headed business man as well as a close observer of county and state politics, expresses the opinion that James H. Reilly will not go back to Congress again unless the Republicans make an indiscreet nomination. As to the Senatorship he thinks King will lead the Democrats and that Coyle is the only man the Republicans can put up with a chance of beating the ex-senator. He says the Democrats will receive this year votes they could not claim before, on account of the tariff question; and that the only salvation left for the Democratic party is to hurry up its Congress and end the time-killing debates on the tariff question by p-ssing some bill. The longer Congress remains in session the worse the chances of the Democratic party becomes, he thinks.

### Well Illustrated.

The strike of the Italians on the public water works employed by sub-contractors McAdam is still unsettled. It is understood that the contractors are in no hurry for a compromise because there is little or nothing for the men to do at the present time, owing to a delay on the part of the Borough Council or water committee to decide on the kind of pipe that will be used on the mountain. It is said a flange pipe will be required. The question will probably be decided at the meeting of Council to-morrow night.

### Lectured to Hamilton.

Yesterday Dr. G. M. Hamilton delivered an interesting lecture to a number of students in his office upon the subject of locusts. The doctor described the various results of a stung from these insects as some length, and the proper medical treatment in such cases. The lecture was both interesting and instructive to those in attendance.

### Contract Awarded.

William Schmicker, of town, was yesterday awarded the contract for removing the brush on the site of the new Columbia Park. Work will begin at once. It is understood that the Lakeside Electric Railway Company assumes the responsibility for the work.
