Republican State Ticket.

For Governor, GENL DANIEL IL HASTINGS, Centre county. For Lieutenant-Governor,

Allegheny county. For Auditor-General, Lancaster county.

For Secretary Internal Affairs,

Philadelphia county For Congressmen-at-Large,

GALUSIIA A. GROW. Susquehanna county, GEORGE F. HUFF, Westmoreland county

THE Democrats in this state are in in search of a Moses to lead them out of the wilderness. Attorney General Hensel has declined the job.

THERE have been quite a number of ill effects from the hot weather lately, the record of deaths being quite large. People cannot be too careful in their diet.

SHENANDOMI citizens are proud of their are department. We do not think there is a more efficient set of volunteer fremer in the state. They are always ready and prompt at the scene of a fire.

THE Soldiers! Monument Committee have done little for the success of the monument this year, owing to the dull times and scarcity of money. It has tren suggested that a monster picuic be hald for the fund and that it be the first one to open the new Columbia park.

THE necessity for a division of the wards of town is acknowledged by all fair-minded persons and something should be done at once to have it done before politics are at red heat. It is a mistake for either of the great parties to remain inactive and let the matter go over another election. The division must come some time, the sooner the better. We believe a fair division can be made to suit if both parties will get together and give and take.

RICHARDS CROKER stayed in Queens town just about long enough to say that he didn't wish to hear or talk about politics. This is as we supposed it would prove to be. Politics is a subject which persons travelling for their health are almost always cautioned by their doctors to avoid. At the same time it was only fair in the Queenstown reporters to give the suffering statesman a chance. They knew he left New York with remarkable suddenness, and they thought it possible that he had left something unsaid which would produce disastrous consequences if he were compelled to keep it bottled up indefinitely.

"RASCALS ON THE RUN."

Rev. Thomas Dixon, Jr., in his sermon in New York, on Sunday, was full of Cenkerism. Hear him :

"The simple fact is, however that the secret flight of Mr. Croker is one of the most important events that has recently occurred in this city. But a year ago Tammany Hall was in the zenith of its power and to-day terror and consternation are seen in the Wigwam in East Fourteenth

"The motives for Croker's fight are easy to find. The reason he left the American shore is simply this: Croker knew he had accumulated a gigantic fortune by precisely the same methods as. I weed did

want to know is, Where did Croker get

distinguished gentleman has been asked to account how he got that money, but

had no answer to give. "He saw disaster staring in the face of his organization, and as a rat deserts a sinking ship, the distinguished leader, Richard Croker, gets out and betakes himself to Europe

"We say upon this side of the Atlantic that we can govern ourselves, and smile at the priest-ridden, tyrant-rieden countries of old Europe, yet we sent over there this man with \$2,000,000. There is not an emperor, czar, king, lord or even mayor in Europe who would not kick Croker out of their backdoors, and there s not one of them who would receive him in their drawing-room as a gentlerough,"

Corks For Bottle Stoppers.

The application of cork as a bottle stopser for liquid vessels is said to be or great antiquity. The earliest record extant of its use in Europe is that mentioned by Horace, who asserts that the Romans had ork as stoppers for their wine amphore. Certain of the uses of cork were known to the ancient Greeks and Egyptians, but whether they used cork for stopping the mouths of their liquid vessels history does not say. It was not, however, until the year 1760 that the Spaniards first com-menced to work their cork woods with some degree of regularity for the making of "corks." Although perhaps corks were more or less in use from the time glas postles were first invented, which Beck mann asserts to have been in the fifteenti century, yet it was not until 2½ centuries later that the Spaniards began to pre pure cork for bottle stoppers, which they did in a forest situated at the northeast of the Tigueras, on the Muge. The cork in-dustry has since gradually risen to be one of the first magnitude, its chief center in Spain being in Catalonia.—Chambers

Removal of Disfigurements.

Warts, wens, mothers' marks, moles skin discolorations, superfluous hairs, etc. an often be removed entirely or rendered can often be removed entirely or rendered less unsignity by the surgeon. Mothers' marks, or "port wine marks," can often be removed by ligature, passing of nee-dles or galvanism. At a time not very distant many of the above conditions were dealt with by blisters, hot trous, caustics or the knife, only to be followed by sear more disligaring than the original blom ish, but now there are quicker, safer and less painful methods of treatment. Even tattoo marks and scars from gunpowder can be almost eradicated.—New York Led

Semi-Monthly Pay Law Void.

COLUMBUS, O., June 20.—A decision was rendered by the supreme court of Ohio which practically renders invalid the semimonthly payment law. The case was the state of Ohio against the Luke Eric Iron company. The president of the company refused to pay the employes twice in each month and the decision sustains him.

Alleged Official Corruption in Portland PORTLAND, Me., June 20.—The Portland Express (Rep.) prints scathing charges of bribery and blackmall against Republi-can officers of this county, who, it is al-leged, are receiving bribes ranging from \$200 a month down for protecting liquor dealers. The Express claims to have evidence to prove its assertion.

Iron Workers' Wages Raised. Hannisburg, June 20.—The Harrisburg Rolling Mill company has posted notices at its works in Lechiel that puddlers, who now receive \$2.50 a ton, will be paid \$2.75

on and after July 1, and that workmen in the finishing mill will be paid in the same proportion.

Benined in a Jail Fight. HUNTINGTON, W. Va., June 20.—In the Logan county jail Charles Bragg and George Winston, jumates, got into a dispute, and Winston struck Bragg in the face with a bucket. The latter picked up a heavy iron stool and brained Winston.

Thrown from Their Carriage to Death. RAYMOND, Ills., June 20.—James B. Seward and his wife were thrown from their carriage by their horse running away, and both were killed. Seward was

Secretary Carliste's Outing.

WASHINGTON, June 20.-Secretary and Mrs. Carlisle, Logan Carlisle and a few personal friends left here today on the lighthouse tender Maple for a few days' uting on Chesapeake bay, returning next Sunday or Monday.

Murderer Pierce Reprieved.

TRENTON, June 20. - Governor Werts has reprieved until July 13 Richard Pierce, colored, who was under sentence to be hung on June 29 for the murder of his wife near Cape May.

NUGGETS OF NEWS

THE STRIKE SITUATION

Central Pennsylvania Miners Still Refuse to Work.

OPERATOR HUGHES' INDIGNATION.

He Was the First to Sign the Compromiss Scale, and Declares That the Mines Will Now Resume Non-Union-Obje's Miners Weakening.

PUNESUTAWNEY, Pa., June 20.—Quietness reigns around Horatio, and the new miners mined twenty carloads yesterday. The guards are doing duty as usual, but there is nothing for them to do but stand at their posts. The Italians and Hun-gariaus at Walston's mines, however, are in a fighting moed. Since firing upon a work train on the Buffalo, Rochester and Pittsburg road on Monday they have arms. Last night about 200 patroled the railroad running into Walston on the lookout for trains.

Yesterday two men, an Italian and a Hungarian, were seen in Walston by their fellow country men, and it was but a min-ute until a mob was after them, using clubs and stones, and some of them using of them explained matters so that he was allowed to go home, but the other was taken by the mob and secreted in one of the houses. It is supposed that these two men are blamed for being sples.

The English speaking men are in great fear of an outbreak any moment, and some are leaving Walston. The postmater came to this place yesterday in search of a house. He says Waiton is not a safe place to be in; that the foreigners have thrown up embankments, dug tranches and are preparing in every way to strengthen their defenses, and to prepare for battle should the company attempt to start the mines with new men

Excitement in the Sewickley District. MOUNT PLEASANT, Pa., June 20.—The ewickley district was the scene of con siderable excitement yesterday, caused by the Frick company making preparations to start its Mammoth plant. No sooner were men put to work to lay a water line in the yards than the striking Slavs swooped down and drove the few deputies and workers like chaff before the wind. The tables, however, were turned when Sheriff McCann appeared on the sc he head of forty more guards. rigners broke and fled in every direction, horly pursued by the deputies, who caught six of the mob's leaders. The only man injured was a Slav, who was shot in the leg. It is said about half of the old men at Mammoth are ready to return to work, and if this is true the days of the strike

An Indignant Operator.

ALTOONA, Pa., June 20, - Richard Hughes, coal operator, who was one of the first to accept the compromise rate, re-ceived the following telegram from District President Bradley, dated Dubois, Pa.: "Please notify operators that I had to rescind the order for resumption of work. Convention at Altoona, June 25, will decide definitely." The miners did not go to work, being kept out by President Bradley's orders. When asked what the result of this new move would be, Mr. Hughes said: "They can go their own way now. We will have nothing further way now. We will have nothing further to do with them. There will be no con-vention for us. We will get men wherever we can and pay no attention to the union whatever.

Ohio Miners Will Doubtless Resume. COLUMBUS, O., June 20.— Yesterday's sessions of the miners' convention were devoted wholly to talk. After District President Adams and Secretary Pearce had explained the objects of the convention National President McBride made an explanation. He said Adams was an unsafe leader, and the miners of Ohio would realize it fully in three months. Adams followed with a very heated and personal reply. It was openly charged in the con-vention that the national officers had sold out to the operators. The convention adjourned without action, but the delegates are in favor of returning to work, and they prominent in this section in a political as will doubtless so decide at today's seasion

Missouri Miners Still Out.

RICHMOND, Mo., June 20.—The miners of this section held a meeting and discussed the strike situation, but no effort was made to settle with local operators in remade to settle with local operators in regard to prices for digging. At a meeting of the Vernon country strikers is Nevada, Mo., it was voted, 19 to 300, not be return to work. A mass meeting of Missouri miners, with delegates from Kansas, Arkansas and the Indian Territory, will meet tomorrow at Higginsville, Mo. The object is to discuss measures for prolonging the strike. The families of hundreds of Missouri miners are suffering.

The Strikers in Ohio.

CLEVELAND, June 20.—At the headquar-ters of the Cleveland, Lorraine and Wheel ing railroad in this city the officials report everything quiet along the road. The miners are still out at all points except at the Rock Hill and Tunnel mines at Flushing. The miners are anxiously awaiting the result of the meeting at Columbus The Massillon district miners have agreed to permit several local mines to be started on the basis of seventy-five cents per ton.

This will enable local factories, which have been closed for some time, to resume.

Rentucky Miners on Strike.

LEXINOTON, Ky., June 20.—Advices re-ceived here state that 150 miliers in the large Peach Orchard coal mines, in Law-rence county, on the Ohio and Hig Saudy, a branch of the Chesapeake and Ohio railroad, have gone out on strike in sym-pathy with strikers in adjoining mines. There are now over 1,000 miners out in Eastern Kentucky, and no prospect of settlement.

No Further Need for Troops.

SPRINGFIELD, IIIs., June 20.—The sheriff of Amountin county wired the governor that troops were no longer needed there— that all arrests had been made. Governor Altgold ordered the Seventh regiment sent to its home in Chicago.

Steamer Plymouth Still Aground. NEWPORT, R. I., June 10,-The steamer Plymouth, which went on a reef. Monday night, did not come off at high tide as ex-pected, and it is now feared that it will be some days before she can be floated. She rests on the ledge on her port side amid-ships for over forty feet, and at high tide her stern water line is three feet out of water. It is now thought it will be neces-sary to raise her be means of ponteons. Her outer shell is thought to be quite se-verely injured, but the inner hull is all

VIENNA, June 20.—The rains have begun to fall again in the northeast, and the situation in the flooded districts is worse than at any time since the trouble commenced. The dam erected by soldiers to prevent further flooding of the Karwin district has been carried away by the im-mense weight of the water impounded be-hind it, and the valley of the Oltu river has been inundated.

The water is rising in the valley of the

Wang river. Thirty villages are sub-merged. The town of Komorn, at the mouth of the river, is in danger of being mouth of the river, is in danger of coming inumdated. The foundations of many houses in the villages of Berigseg and Pistyan were undermined by the rapidly flowing waters, and the buildings have collapsed. Three inhabitants of the villages were caught in the flood and drowned. The populous county of Lipto, which forms the upper part of the valley of the

Wang, containing about 868 square miles. has been converted into a vast lake. Many residents of the valley have lost everything they possessed. The carcasses of bundreds of domestic animals are floating down with the current.

A dispatch from Cracow, Austrian Ga-licia, states that floods in the commons of Wolowice caused a dam to give way, carrying off 150 houses. The damage done to crops was immense.

CRASHED INTO AN ICEBERG

The Schooner Rose Went Down and Twelve Lives Were Lost.

St. John's, N. F., June 20. — The chooner Rose, bound from Labrador for Conception bay, collided with an leeberg on Monday and went down almost immediately, carrying twelve persons with her. The disaster occurred when the schooner was about eight miles of Dartet Leeberg. was about eight miles off Partridge point. At the time of the collision there was a thick fog, and it was impossible for the lookout to see a ship's length ahead.

The Rose had a crew of fifty-five persons, who were bound to Conception bay to carry on the cod fishing industry. The forty-three survivors jumped aboard the berg as soon as the collision took place, and remained there for several hours, suf-

fering terribly.

After they had almost abandoned hope another fishing craft, which was bound in the same direction, hove in sight, and after considerable trouble they were taken safely aboard and landed. The governaboard and landed. ment has dispatched a steamer to take them to their destination. The survivors of the ill fated craft are entirely destitute. and an appeal in their behalf for charity

Nearly all the drowned were relatives of each other, and in two instances whole families were lost, while the others that found a watery grave were the bread win-ners, upon whom large families depended for their support.

Judge Phelps' Funeral. ENGLEWOOD, N. J., June 20.—The funeral of William Walter Phelps was held at the Presbyterian church at 10:45 this forenoon. Rev. Dr. Henry M. Booth, of Auburn Theological seminary, officiated, assisted by Rev. James E. Ells, of Englewood. Among the state officers present were Governor Wests, Secretary of State Kelsey, Chancellor McGill, Vice Chan-cellor Van Vicet, the justices of the su-preme court, judges of the court of errors and appeals and representatives of the constitutional commission.

The Elks at Jamestown.

Jamestows, N. Y., June 20.—The con-vention of the Grand Lodge, Order of Elks, adopted resolutions calling on the 'split' convention in session at Atlantic lity to attend this session. The names of City to attend this session. A. Apperly of Louisville, Harry L. Rake of Reading, Pa., and William Friday of Brooklyn were placed in nomination for grand exalted ruler. The latter finally vas nominated unanimously, Apperly and Rake withdrawing.

Collision on a Race Track.

WILKESBARRE, Pa., June 20.—On the race track here yesterday the horses Queena and Eskimo collided, and Hiram Fox, driver of the former, was thrown. His horse rolled over on him and afterwards kicked the sulky to pieces and started on a mad dash around the circuit. The horse was finally caught, uninjured. tent of which is not yet known.

A Conference Unnecessary PITTEBURG, June 20,-There will be no conferance this year between the Mahon ing valley manufacturers and the Amal gamated officials. Secretary James Nutt. of the Manufacturers' association, told President Garland that the scale as agreed upon in Pittsburg last Friday would be agreeable to the Mahoning valley manufacturers, and no conference was neces
