## 'T WAS A GAME FIGHT

### And Against the State League Champions, Too!

## MULDERIG NO MULBERRY

After the Enemy Was in Full Possession of the Camp he Routed Them—The Harrisburgs Had to Hustle—Toman Also Did Excellent Work.

The largest crowd of the season witnessed the game between the Harrisburgs and the home team at the Trotting park and were treated to a series of surprises. It is safe to say that not a dozen of the people who journeyed to the park entertained the slightest hope that the home team would beat the champions of the state league and a large majority of them scouted the idea that the home players would be able to make the contest a close one, but the Shenandoahs not only made the score a close one, but made the game a ten-inning one and came within a narrow margin of winning.

Contrary to expectations the management failed to have the construction of the new grand stand completed on Saturday, but succeeded in getting up a sufficient number of roofless seats to accommodate a great number of people and spectators did the rest.

The game opened with the retirement of the home team in short order and the inning closed with a score of 1 to 0 in favor of the visitors.

In the second inning the home team surprised its most enthusiastic admirers by making two singles, a two-bagger and a home run and rolling up a score of six runs, but the enthusiasm this created by the Harrisburgs following it with an annihilation of Setley's delivery. They pounded the Richmond fugitives for five singles, a two-bagger and two home runs and transformed the score to 13 against 6, twelve runs being made in this inning.

One would suppose that this should have been sufficient to completely discourage the home team and drive most of the spectators away in disgust, but only a few of the latter went away and the players hastily proceeded to reorganize and evidently placed great faith in their showing in the first part of the inning. Setley was sent to right field and Mulderig succeeded him in the box in the third inning. Mulderig made a splendid showing and held the visitors down to eight hits in the last eight innings.

The Harrisburgs did not score again until the sixth inning, when they made one more run and increased their score to 14. Meanwhile the Shenandoahs had scored eight runs and held the lead by one in the first half of the sixth.

After that it was nip and tuck. In the seventh the Harrisburgs secured a lead of three runs by making the score 17 to 14 in their favor. In the eighth inning the home team reduced the lead to two and in the first half of the ninth made three runs and secured a lead of one. The Harrisburgs followed this up with three runs and tied the score, making 20 to 20. They had an excellent opportunity here to end the game, two of the men being hit by a pitched ball, one getting his base on balls and a passed ball and a two-bagger helping the advantage, but the proudest runs and terrific throws to first base of Reilly, Toman and Ryan cut the scoring off at three runs.

## GRAND JURY REPORT.

### A Mild Censure of Justices of the Peace—Recommendations Made.

## WON THE MONEY.

A story has just leaked out concerning the manner in which one of the men employed at Kehley Run colliery took advantage of an offer by Superintendent Baird. During the recent floods two pumps in the lower part of the mine were covered with water and a third and larger pump got out of order. The superintendent was in a quandary. The water was rapidly increasing in the slope and not a drop was being pumped out. Suddenly he exclaimed to a number of men who were standing about him, "I'll give ten dollars to the man who will dive down and start one of those pumps." No one seemed to have the hardihood to accept the offer just at the time, but after a few seconds of reflection one of the men, David Howard, was heard to say, "Well, there is a shawl for 'Mag' in ten dollars and I'll take you." Howard soon stripped and made a dive. He repeated the plunge eight times and with each dive succeeded in giving the valve of one of the pumps a turn. After the ninth dive the man donned his clothing and when steam was turned on the pump commenced work at the rate of seventy strokes a minute. The money was promptly paid over and "Mag" not only got her shawl, but Dave subsequently enjoyed one of the best day's fishing of the season.

The water toward the mine, for some purpose is closed. This should not be, as there is absolute necessity for the same to be kept open and in good order for the accommodation of people attending court.

A very dangerous crossing in the borough of Girardville where Richard street, Lehigh Valley Railway and the Electric Railway cross each other, and one at the borough of Tamaqua where Spruce street crosses the tracks of the Reading and Jersey Central Railroads, should be provided with watchmen or safety gates, as the safety of the public is not ensured without one or the other.

We have approved the report of viewers recommending a new county bridge in Barry township.

We very much regret our inability to reach several Justices of the Peace for the return to court of the most trifling cases. There was not sufficient in some of them to warrant the justice in returning to court.

We return our thanks to the Honorable Court and all others who have assisted and aided us in our deliberations.

All of which is respectfully submitted.

WILLIAM H. CARY, Foreman.  
CORNELIUS A. MOVIEL, Secretary.
