pecial HERALD correspondence

POTTSVILLE, June 26.—The political situ ation is not as it seems to many of the politicians at the county seat. The country bumpkins who had been showing their independence for some time have com pletely "knocked under" to the would-be boss and the gentleman who has been receiving abuse from the aforesaid c. b's ceiving abuse from the aforesaid c. b's. can now lead them by the nose, and he is doing it. Taffy and a good dinner, washed down by something stronger than champagne, has done the work and the surrender was a cheap one.

After awhile the bumpkins will see things in a different light and they will wish they had not been so fresh. So it goes. It is very difficult to tell who your friends are.

pea. It is very difficult to tell who your iends are.
The trial and acquittal of County Com-desioner Allen has made his persentors incre desperate than ever. They will not sit until they get even, if such a thing is ossible. The result of the trial has prac-cally retired a number of backwoods and the country of the strial of the country retired as a well as Repuls-

cically retired a number of backwoods politicians—Democrats as well as Republicans.

Lo-ch says he is in the campaign for S. A. Losch for Congress and that the people will be surprised at the strength he will develop when the convention meets. He says he has always worked for everybody else, but this time he will look after his own interests. This is a good move, but I do not agree with Sammy when he says he has been empty handed. I will give my reasons for dissenting from the baldheaded statesman's views. He was elected to the Legislature twice: was clerk under Serretary of State Quay; was Governor of New Mexico; chief clerk of the State Senate and Postal Inspector, This is a pastty good crop of piums for one man, but after more reflection I may be able to show that during the twenty years he has been hanging about the pie counter many other crumbs have dropped into his basket. But Sammy isn't a bad fellow; there are many in the county worse than he is. Nobody blames him because he aspires for the Congressional nomination. He is an American citizen and has a right to be a candidate, but I think he makes a mistake when he says the party owes the nomination to him for services rendered. When it comes to a question of party indebtedness, will anyone dispute that W. 'Jack' Whitehouse, Ex-Poor Director Heffner and Jebn A. Gressang have earned the gratitude of the party for services rendered. The glory does not belong entirely to Sam. The men I have named are surely entitled to a share. When Heffner was Poor Director he organized the board on his own basis. He wouldn't brook any interference, but proceeded on the policy that he knew it all. When casting about for independent men, why should be not be considered?

Brumm and Shoener seem to have been almost entirely forgotten during the Allen trial and have not been heard of sinte. Perhaps they have retired from the field and that this is the surprise which one of the prognosticators has promised to spring upon us.

The fight of a few disappointed Republicans against

trict still continues and the opposing people are resorting to everything to bring about Coyle's defeat. I wonder if these people ever think that such a result would mean digging of graves for some of the idols of the men who are striving for it.

Major John F. Finney will have to stir himself if he wants to make the nomination for Legislature in the First district. The other candidates are working like beavers. At the same time I appreciate the fact that the Major has had a hard time the past three weeks, experiencing an ordeal similar to that of Job, of the Scriptures. But, again, I say his two opponents are moving heaven and earth to beat him for the nomination.

It is expected the Republican county convention will be held during the latter part of next month.

Some of the young politicians in town are carrying knives in their boots. They are on the trail for blood.

There is blood on the moon and a regular Kilkenny time is brewing in the ranks of one of the town factions.

News comes from below the mountain that our townsman, Tom Tosh, is sure of making the Jury Commissionership.

Frank P. Spiese, of Tamaqua, is now considered entirely out of the fight for either Senator or Sheriff. So say those who think they know all.

"Dave" Llewellyn is very much encouraged in his fight for Poor Director by the many letters he has received lately from all parts of the county.

One of our contemporaries below the mountain is booming Ex-Representative Higgins for Senator in this district. This is news to Mr. Higgins' friends.

Hon, Charles F. King is making a vigorous fight for the Democratic nomination for Senator in this district and his opponents will have to put a little more "go" in themselves if they wish to beat him. The two Democrats of town who are seeking the nomination for Sheriff were seen together last evening in earnest conversation and the occurrence has caused a runner that one of them will retire from the field.

It was stated to-day that Col. J. K. P. Scheitly will shortly amounce blusself as

It was stated to-day that Col. J. K. P. Scheifly will shortly announce himself as a candidate for Sheriff on the Democratic ticket. This has been brought about by a conference of his many triends, especially the Irish-Americans, who think Col. Scheifly is entitled to some recognition and that it will be impossible to elect a Congressman and Sheriff of the same nationality. Location seems to count in the Colonel's favor, too.

Large Audience Greet the Graduates and Gives Vent to Prequent Expressions. of Approval-Some Excellent Musical Features Introduced.

A very large and enthusiastic andience ittended the sixteenth annual commencement of the Shenandonh High school at Ferguson's theatre last evening and for over three hours listened attentively to the exercises, which were carried out in a ery creditable manner.

The stage of the theatre presented a very flue appearance as the currain rose for the opening exercises and at a distance looked like a gigantic picture, the plants and shrubs at the back ground enchancing the effect. There was only one thing in connection with the commencement to which exception could be taken and that was the length of some of the exercises it was almost haif past eleven o'clock when the audience was o'unissed.

The exercises compared very favorably with those of previous years and must have been a source of erest setladation to the tenchers who were histramental in brinking the pupils to the goal which was won by hard study.

The program was as follows: Chorus, "Ve are Marching Away," class: saintney, "Jearmed or Unicuried we all Write," Miss Lensise Casher: oration, "Higher Ains," John C. A "Fake" Circus.

A "Fake" Greus.

As was expected, the Adam Forepaugh show, which gave two performances in Reading on Saturday, was a fake, judged by the standard set by the shows which have previously appeared here under the same name. The various III reports which had reached this city concerning the show had the effect of keeping scores of people from attending the performances. It is said that there will likely be a red hot circus war between Railey and young Adam Forepaugh. It is stated forepaugh will probably start up a show under his own name, in which event Bailey will endeavor to force him out of business by following him up with either the Harmm or the regular Forepaugh circus.—Reading World. THE COUNTY COURT.

Progress of the Two Important Cases on

POTTSVILLE, June 27.—The Silver Brook murder case now on trial here before Judge Savidge, in which Antonio Rizzuto is the accused, drew a large attendance of Italians to the court. County Solicitor Ulrich is making a hard light for the prisoner, but the evidence seems to be over

Urich is making a hard light for the prisoner, but the evidence seems to he overwhelming against him and it is generally believed that the jury will render a verdict of murder in the first degree.

Rissulo seems to be almost without friends and the Italians who claim acquaintance with him give him a very bad reputation. They say he is a most deeperate man and is a fugitive from Italian justice, having stabbed a policeman is Italy. It is also alleged that he tried his best one time to kill his brother-in-law by discharging four pistol shots at him and that he and another man almost chopped off the head of an Italian against whom they had a grudge. If Rizzuto is not convicted it will not be the fault of the Italians of Silver Brook.

The libel suit against Dr. John Sziupas and others is still on trial before Judge Weidman. There have been no noteworthy developments in the case, owing to the submissive policy adopted by Hon. C. N. Brumm the counsel for the accused. He practically admits everything except that his client is guilty of the charge against him and upon that score he claims that the publication of the alleged libelous article did not constitute an offense because the article was a privileged one—practically the same as an indictment presented before a grand jury and that his clients cannot be held for libel. Several disinterested lawyers who have watched the pregress of the case have expressed the opinion that Dr. Sziupas and his co-defendants stand a good chance of acquittal.

James Griffen, the Shamokin man who was charged with defranding Mrs. Kats-Hannan, of Shamanhah, out of a board bill of \$3, was convicted yesterday, but sentence was deferred.
