STRING OF ACCIDENTS

The Mines and Railroad Claim Their Victims.

A BOY BENEATH A TRAIN

He Slips in Attempting to Jump on a Moving Train and Both His Feet Are Cut Off—A Reptileman Succumbs to Injuries.

It has often been remarked that accidents follow each other in rapid succession and when one is reported others may be looked for until a series of three or four is completed. Reference to the HERALD columns of to-day will show that the quota is more than filled. In addition to two fatal and two minor mine accidents, is a distressing one on the railroad which in all probability will result fatally.

Shortly before noon to-day Harry, the ten-year-old son of James H. Morgan, of South Jardin street, met with an accident which may cost him his life. He walked to the Lehigh Valley Railroad at the foot of White street and attempted to jump on an east-bound coal train, but slipped and his feet were crushed beneath the wheels. The right foot was cut off at the ankle and was only held to the leg by a tough stud. The left foot and ankle were so badly crushed that amputation was required.

The unfortunate boy was taken to the home of his distracted parents and after being put under the influence of ether remained under the surgeon's knife for about two hours. Drs. Hamilton and Langton performing the operation. It is feared the boy will not recover from the shock attending the double amputation.

Thomas Carlin, a miner 35 years of age and residing near Gilberton, this morning sustained injuries at the Draper colliery which are of a dangerous character. Carlin was engaged in timbering a gangway when a set of timber gave away and the collar fell with great force upon the man's head.

Samuel Ball, of Mahanoy Plane, died last evening from the effects of injuries sustained from a fall of rock at East Bear Ridge colliery.

Ball was 29 years of age and is survived by a wife and two children. He was a relative of Joseph Ball, of town, and a popular member of Camp 112, P. O. S. of A., of town.

PENCIL POINTS.

Considerable building is going on in the Fourth ward.

There are many bad ruts on some of the streets that need filling up.

The paved portion of Main street ought to be scraped off occasionally.

Elliott's new house, on North White street, looks very pretty since it has been painted.

Messrs. Burke and Grant are giving their properties on South White street a new coat of paint.

Another double block of houses is being added to the already thickly populated property bordering on the dirt bank south of East Centre street.

Eugene Magargle's property on South White street, since it has been in charge of the painters, looks prettier than a picture.

Mrs. M. O'Hara is building a block of six houses, each 10 feet front and two stories high, on Pear alley. The frame work is already up.

Col. Scheffly's new private residence on Market street is approaching completion. He has adopted the popular color—green—in painting the front and sides.

A new polling place will have to be selected in the Second ward, Col. Scheffly having refused to permit the use of his premises hereafter for that purpose.

Special attention is called to the advertisement for sealed proposals for the construction of a dancing pavilion at Columbia Park. A mistake was made in the previous announcement. The bids must be in by Monday, July 2nd, and not July 25th.

There is a very bad smell on North White street, between Coal and Lloyd. Surface drainage is the cause of it. The Board of Health should compel the property holders to abate the nuisance. Lime is cheap for this purpose. If they cannot afford to connect with some drain.

The Base Ball Case.

The law committee of the Borough Council met last evening to consider the petition against Sunday base ball games. J. H. Pomeroy, Esq., was present to represent the borough officials, S. G. M. Hollister, Esq., for the petitioners and Sol. Foster, Esq., for the base ball association, and each made lengthy argument. The meeting was not a public one and the committee will not make known its decision until the next regular meeting of Council. The base ball players will not be prosecuted for playing last Sunday, as the time within which the suits should have been brought (72 hours) has expired. The people who intended to institute the suits decided to let the time elapse and wait to see what Council will do on the petition held under advisement.

Mortimer, on the Cressona road. Rev. J. E. Lynn and Jacob Bellville, both of Pottsville, officiated at the ceremony. Miss Jennie Kennedy, of Pottsville, and Miss Minnie Guldin, sister of the bride, were the bridesmaids and Dr. Wainwright, brother of the groom, the groomsmen.

Hospital Admissions.

Four injured men were admitted at the Miners' hospital yesterday. Their names and residences are: Richard Stack and Patrick Kilroy, of Lost Creek, Anthony Skilless, of Columbia, and William Wartszek, of Mahanoy City. The last named is the worst injured. He is a Hungarian, 22 years of age, and was injured by a blast at Elmwood colliery last evening. Wartszek's face was badly mutilated by the explosion and he will probably lose an eye.

A NEW MANAGEMENT.

Schuylkill Electric Railway Changes Hands.

A SYNDICATE CONTROLS IT

John F. Finney Brings About the Deal With the Aid of Philadelphia Capital and Is Made General Manager of the Line Under the Change.

Considerable surprise was occasioned throughout the county to-day by the announcement that the Schuylkill Electric Railway Company, of Pottsville, had changed hands and that the power at the wheel which caused the change was John F. Finney, of Shenandoah.

By the deal the controlling interest of the road is transferred to a syndicate and the management is entirely changed. The syndicate, which has secured control of the road, is headed by Charles H. Barrett, president of the Car Equipment Company, of Philadelphia, and William A. Barrett, Jr., formerly treasurer of that company. John F. Finney, who was chiefly instrumental in bringing about the deal, becomes general manager of the road.

The loaded indebtedness of the old company was \$35,000 and it is understood that this price paid by the syndicate is about that figure.

Secretary Jesse Newlin and Robert A. Allison resigned from the Board of Directors and the Barretts were elected to fill the vacancies, although Mr. Newlin is retained as secretary. John F. Zerby will also retain his position under the company for the present. J. B. Stuart of Philadelphia, has been appointed electrician and general superintendent and superintendent Willford retains his old place. All the minor employees of the company will be retained.

General Manager Finney said to-day in conversation with a HERALD reporter that the Schuylkill Electric Railway Company should be one of the best paying electric lines in the county and he believed it could be brought up to the mark with some reforms in the management. These reforms will be taken in hand at once. In the first place, sixteen tickets will be issued for fifty cents, good between the hours of 5:30 and 7:30 a. m. and 5 and 6:30 p. m. This practically is a return to the old system which was abolished over two years ago and which begot a kind of boycott from the classes directly affected by the change. Another important change will be reduced fares to Tumbling Run. The regular fare in through cars from any point on the line after July 1.

Many other important reforms will be instituted to benefit the employes as well as the patrons of the line. The one man system will be abolished and two men will constitute a crew thus giving employment to a greater number of men, and it is intimated that the niggardly wage system of \$1.50 per day will be abolished. The Schuylkill Electric Railway Company has been in existence over five years, but has never been much of a success, owing to a lack of proper management. Supposed reforms based upon methods of false economy has been its greatest drawback.

General Manager Finney was warmly congratulated by his friends here to-day and he is now looked upon as a Napoleon in Schuylkill's railway and financial circles. The Pottsville deal is not the first which the little Major has successfully handled, however. He was the prime mover among the enterprising men who secured the charters for the Mahanoy City, Shenandoah, Gilberton and Ashland Electric Railway Company (now Schuylkill Traction Company) and the Lakeside Electric Railway Company, and his appointment to the general management of the Pottsville railway is an assurance that the enterprise will soon become popular with the traveling public and a paying investment for stockholders. Mr. Finney will retain his residence in Shenandoah.

DR. SZLUPAS' CASE.

The Libel Suit Still on Trial Before Judge Weidman.

POTTSVILLE, June 28.—The criminal libel suit of Charles Radzowicz and others against Dr. John Szlupas and others is still on trial before Judge Weidman and may take up the balance of the week. Although the trial has been in progress since Tuesday morning last when court opened this morning there were twenty witnesses awaiting examination.

As the case progresses the belief becomes stronger that the doctor and his co-defendants will be acquitted. One thing is certain, the developments in the case are winning popular sentiment over to the side of the defendants.

Dr. Szlupas was called as a witness in his own behalf yesterday afternoon and the counsel of the Commonwealth objected on the ground that the doctor was an anarchist, a nihilist and an infidel. Several authorities were cited to sustain the objection.

A spirited exchange between Hon. C. N. Drumm, the counsel for the defendants, and Mr. Whitehouse, representing the Commonwealth, but it was cut off by Judge Weidman deciding that the witness could be questioned as to his beliefs before being put under oath. Dr. Szlupas said he believed in the God of Israel and that he had renounced the Catholic faith and become a Presbyterian.

Judge Weidman then directed that the witness be sworn.

Mrs. Szlupas was put on the witness stand this morning as a witness for the defense and her examination extended into the afternoon session. During the cross-examination of Mrs. Szlupas, Drumm and Whitehouse were frequent and in one of them the lawyers became so personal it was feared there would be an open rupture.

RIZZUTO GUILTY.

The Italian Must Hang for the Silver Hook Crime.

Antonin Rizzuto was yesterday convicted of murder in the first degree before Judge Savage at the Pottsville court. Rizzuto was charged with fatally stabbing a countryman at Silver Brook. The accused man took the witness stand in his own behalf yesterday afternoon and told a remarkable story. He charged Carmine Torcia, one of the eye witnesses to the crime, with having committed the murder, and when questioned as to how the large bladed knife found upon his person when captured was smeared with blood, said that when he was caught his nose was bleeding and one of his captors opened the knife and held it under his nose to catch some of the blood.

County Solicitor Ulrich appeared for the prisoner and made an eloquent plea in his behalf, but the jury rendered a verdict against the accused man. Two verdicts were taken. On the first stood conviction and two did not vote. On the second the vote was unanimous for conviction of murder in the first degree.

A motion for an arrest of judgment and new trial will be heard on July 28th.

"In It" for Sheriff.

Hon. T. J. Higgins, of town, who is a candidate for the Democratic nomination for Sheriff, takes exception to two recently published political items. In the first place he says the mention of his name in connection with the Senatorship in this district is entirely unwarranted; secondly, that he has no intention of retiring from the contest for the Democratic nomination for Sheriff. On the contrary, he thinks his chances for success are better now than at any time since he first announced himself, and he will remain a candidate until the convention decides whether or not he shall be the candidate of the party.

Election of Officers.

At the regular meeting last evening W. Camp No. 182, P. O. S. of A., the following officers were elected: P. P. John White; F. H. H. Beiss; V. P., William Reeves; F. J. John Ferguson; Com., Idus N. Eisenhower; Insp., W. James O. G. Harry Reeves; Trustee, William J. James; Delegates, Robert Lawson and Edward Banks; alternates, John White and W. J. James.
