

Summer With Its Debilitating Weather is Here.

The Best of Thought and Care is Due to the Old People—For Them to be Strong and Happy, Refreshing Sleep is Necessary—Paine's Celery Compound Must Now be Taken.

Young people in the flush of health are apt to forget that the aged need help more frequently than they, to ward off weakness and to check disease.

Because there are no symptoms of any specific disease they think nothing can be done. They forget that the weaknesses of old age are general weaknesses, a difficulty of the slow organs of digestion and assimilation to properly feed the nerves and body.

The one great need, as hot, debilitating weather comes on, is for new, rich blood, free from the poisonous humors that invariably result from a stagnant condition.

The certainty with which Paine's celery compound quickly sends new blood to

LEWIS C. CROSSEN.

every part of the body is shown by a stronger pulse, fuller heart beats, and a brightening of the spirits. Sleep becomes sound and refreshing, and rheumatism, sciatica, neuralgia, and other results of an underfed nervous system disappear.

The world of worn out, nervous, feeble men and women is indebted to Prof. Edward E. Phelps, M. D., J. L. D., of Dartmouth medical school, for the discovery of this great nerve regulator and blood purifier—the best and final fruit of a long life devoted to the study of weakness of nerve tissues, and its natural remedy.

Paine's celery compound gently stirs the workings of all the vital organs, feeds the nerves when waste in their tissues has exceeded the repair, and thus relieves nervous prostration, dyspepsia and disorders of the liver, kidneys and heart.

It builds up wasted bodies, frees weak nerves and nerve centers of irritability by supplying rich, abundant blood to build up the worn-out tissues. When there is general debility, lassitude, a loss of appetite and a lack of interest in life that comes at this season, when one looks wretched, and feels so all over, this great modern remedy goes straight to the source of the weakness and immediately gives strength and a vigor of mind and body such as must follow perfect nutrition of every organ and part of the body.

The lives of thousands of men and women past middle age who think it time to stop work, might be prolonged to many years of usefulness if they would only use Paine's celery compound, the great modern blood and nerve restorative. It will give new life, ambition and cheerfulness, as it did to Lewis C. Crossen, of North Colton, N. Y., who writes: "Paine's Celery Compound has done me a great deal of good. I have been afflicted with insomnia, nervous chills, loss of strength, and poor digestion for some time, also loss of memory, and all of these troubles are much better now. I have gained in weight since I commenced its use and am much better and stronger in every way. I shall recommend the Compound to all others."

It is Beautiful!

The handsome illustrated brochure of the season has just been issued by George H. Headford, General Passenger Agent of the Chicago, Milwaukee and St. Paul Railway, giving a woman's opinion of the comfortable sleeping cars run on the solid vestibuled electric lighted trains of that line, between Chicago, Milwaukee, Kilbourn-City (The Dells of Wisconsin), Lacrosse, Winona, St. Paul and Minneapolis. Contains time tables of the express trains to and from points above named, as well as between Chicago, Cedar Rapids, Des Moines, Sioux City, Council Bluffs and Omaha, gives the sleeping and parlor car rates from Chicago to all principal points west. Write to John R. Pott, District Passenger Agent, Williamsport, Pa., for one of them, and a new map of the United States, furnished free. 25c per copy.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

Sometime ago I was troubled with an attack of rheumatism. I used Chamberlain's Pain Balm and was completely cured. I have since advised many of my friends and customers to try the remedy and all speak highly of it. Simon Goldbaum, San Luis Rey, Cal. For sale by Grubler Bros.

MAHANAY CITY LETTER.

Victory for Central Pennsylvania Miners.

PHILADELPHIA, June 28.—The meeting of the central Pennsylvania coal operators, held in this city yesterday, resulted in a split among the operators as to the schedule of wages to be offered to their striking miners. The outcome of the disagreement was the withdrawal of the Broad Top operators, and Bell, Lewis, Yates & Co., R. B. Wigton & Co., and eight smaller firms belonging to the central Pennsylvania district from the convention. Those firms will start their mines, paying an advance of five cents per ton over present wages, or a 40-cent rate. On the other hand the opposing faction passed a series of resolutions deciding not to pay more than 40 cents per gross and 35 cents per net ton.

New York's Prohibition Ticket.

SYRACUSE, N. Y., June 28.—The Prohibition party made the following nominations for state officers: For governor, Francis E. Baldwin; lieutenant governor, Justus Miller; Troy; judge of the court of appeals, Zachariah P. Taylor, Rochester. It was decided to submit to the constitutional convention, now in session in Albany, a resolution declaring it to be the sense of the convention that the cause of public morals and the appropriation of public moneys for sectarian purposes should be submitted to a vote of the people.

An Evangelist Sent to Jail.

ATLANTIC CITY, June 28.—Mrs. Marguerite Rice, a young woman who came to this city from Chicago a few days ago with her husband, who calls himself the "Cowboy Evangelist," was arrested last night while holding a meeting on Atlantic street. She was arraigned before a magistrate and sentenced to pay a fine of \$50 and serve thirty days in the county jail. Rice is raising a fund to test the legality of the arrest in the higher courts.

THE ELECTRIC LINES.

Pickups Along the Lakeside Road—The Proposed Ringwood Line.

Inspired by the operation of the Lakeside Electric Railway, the people residing in the patches along the line have been making many improvements to their properties. They evidently wish to show the people who travel through the places that the patch people are like the people who live in more pretentious places and take just as much interest in their properties. It is stated that a number of people have been negotiating for building sites on many of the stretches of suitable land along the line and that by next spring a large number of new dwellings will be erected. The sections are very inviting and the completion of the Lakeside Railway has increased the desirability by bringing Mahanoy City and Shenandoah in closer touch.

There is some talk of connecting the Lakeside and Traction lines by a road which will connect St. Nicholas with Yatesville and which would also connect Eilenkowan with both lines.

Large forces of men are hard at work trying to complete the park at Barry's and the Columbia park in time for the Fourth of July. Both resorts are the direct outgrowth of the Lakeside railway and the line will reap a harvest from fares when the grounds are thrown open. The traffic will be large as the owners of each park will no doubt be in active competition and constantly engaged in securing drawing attractions to establish a reputation for the respective places.

The Ringwood electric railway project still survives and those interested in it still say it will be constructed. A contractor of Italian labor has become interested in the matter and says he could put a large force of men at work on short notice and do the grading and track work very cheap. One of the farmers who came to town from the valley yesterday said that last week a gentleman from Pottsville visited Ringwood and opened negotiations for three building lots near Ringwood, offering \$300 for them and paying \$100 down. This farmer says that the people in the valley realize that an assurance of the construction of the line would create an unprecedented real estate boom throughout the valley and it is this which has strengthened their faith in the railway project.

"Many of the citizens of Raineyville, Indiana, are very much interested in Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of so much value. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by Grubler Bros.

GIRARDVILLE.

The funeral of James Grimes, of Rappahannock, took place yesterday and was largely attended. His remains were interred in St. Joseph's cemetery.

Miss Clara Durkin returned home from Philadelphia this morning.

Mr. Thompson, of Philadelphia, transacted business in town yesterday.

Mrs. James Houston, formerly of Raven Run, died at Jersey City yesterday.

William Monaghan, of Connor's patch, left for Philadelphia this morning.

Miss Agnes Reed, of Ashland, was a town caller last evening.

St. Joseph's Legion contemplate holding a grand picnic in the Grand Army park on July 4th. Hon. Charles N. Brumm, of Minersville, will deliver the oration and a grand street parade will take place, including all the societies, combined with Coxey's Army.

Miss Lizzie Brennan, of town, acted as bridesmaid for Miss Bridget Brennan, of Lehighville, who was united in the holy bonds of matrimony yesterday by Rev. Hainforth, in St. Mary's church, to John Hughes, of Shamokin.

Bicycle Races Defeat Horses.

ELIZABETH, N. J., June 27.—In a twenty mile race between horses and bicycle, decided on the amateur mile track of the Elizabeth baseball ground last evening, the bicyclist was defeated by the winner. A. S. Meikall, of Lehighville, Pa. was the wheelman, and his time for the twenty miles was 1 h. 39 min. 42.5 sec. John Flynn, of Elizabeth, was the man on horseback, and he used mustangs. He changed horses frequently, but at the end of the eighteenth mile they were so badly distressed that an agent of the Society for the Prevention of Cruelty to Animals refused to permit them to go on to a finish.

New York Prohibitionists.

SYRACUSE, N. Y., June 27.—The state convention of the Prohibition party was called to order in the Alhambra hall yesterday, fifty counties being represented by about 250 delegates. At present it looks as though Rev. Stanley B. Roberts, of Utica, would be selected for governor, although the friends of Br. M. Downing are pushing him hard. P. Clay Pascombe of Troy, is also making a strong fight.

Accused Police Officials Arraigned.

PHILADELPHIA, June 27.—The trial of the police lieutenant of the city, with Captains Malin and Thompson, both of whom were lieutenants when Mayor Stuart went into office, took place before the police court of inquiry, and after a few minutes' hearing the court found a verdict of not guilty, and the case was dismissed. The men were charged with accepting bribes for "police protection."

Both Men-Isles Wounded.

ROME, June 28.—Signor Imbrani, the well known Italian member of the chamber of deputies, and Major Tassoni yesterday fought a duel with swords. Both combatants were wounded, Major Tassoni severely. The trouble arose from the statement made in the chamber of deputies a week ago to the effect that Major Tassoni did not deserve the decoration that had been conferred upon him by the government for the services he had rendered during the rioting in Sicily.

A New Road Wagon Record.

BALTIMORE, June 28.—The third and last of the interspersed wagon races were trotted over Pimlico track yesterday afternoon. About 2,000 people were present, 100 being from New York and 150 from Philadelphia. The feature of the racing was the mile of Fred Gerken's stud Captain Lyons, who made the world's record to-wit only 2:31. He did it easily and won not only his race, but the 2:30 class cup. He was the same class race in Philadelphia last Wednesday.

Guilty of Man-slaughter.

HOLLIDAYSBURG, Pa., June 28.—A sensational murder trial ended here at midnight in the finding of Frank Kyler guilty of voluntary man-slaughter. William Butler and the defendant resided in Morrison's Cove, and were courting the same girl. On the night of March 30 Butler peeped in the window of a room where Kyler and the girl were. Kyler shot him through the window. The defendant claimed that he believed Butler was a burglar.
