### MUST RESTRICT EMIGRATION

The Media Ledger, the personal organ of Hon. "Jack" Robinson, claims that the rank disorders in the Jefferson coal region, which put the state to the expense of calling out the National Guard, emphasizes the demand which has been ac sarmestly made of late, through many sources, of restrictive limitigration laws

The disturbance in Jefferson was prin cipally the work of ignorant aliens whe have no more knowledge or appreciation of self-government and civil liberty than an Arapahog Indian. The first orime against our system was in the lax law that permitted such people to get into the country. Castle Garden gates should never swing inward for such a class. Their presence in this country is a sore and plague spot and individuals or corpor ations who import or employ such people should be boycotted, or better, a law should be passed absolutely preventing their immigration.

The idea of an English speaking community in Pennsylvania being held in durance and under menace by a horde of allen miners for two or three days is repugnant to all our ideas of common ser. and social order. A good liberal distribution of grape and canister among such a mob would be a worthy object lesson. For organized labor, for poverty that is honest, for the army of unemployed willing to work, but finding it not, for the wage carner and workingman who through lawful methods seeks his rights we have every buma & sympathy. But for this alien rabble that is permitted through loose laws or dishonest inspec tion to come here to breed riots and disorder, we have no respect. They are akin to the Anarchist.

The Anarchist belong to no country and has no respect for any laws. These people know nothing about law of order They should be enumerated, examined, registered and deported to whence they came. We do not want them in America There is no room for them on our soil.

It is easy, however, to write one's abhorence of these things, to pass resolutions condemning the miserable laws which allow their immigration, but it is more difficult to stop the evil.

One thing seems assured that the present Democratic Congress will do nothing to change the system for the better. They have dilly-dailled with all Republican measures looking to restriction or to a prohibitory home tax. The Junior orders and Patrictic societies and liberty-loving citizens individually have deluged the Congress with petitions, but, they fall un-Beerled.

The relief afforded will be at the ballot box this fall, where every free man and citizen, who loves, respects and honors this great government of ours and wishes to preserve it from the inreads of nonassimulating alless and the scourge of their presence, can wipe out the present majority party and place representatives

in their stead pledged to pass a sufficient restriction law.

It is here that the societies which are arousing public sentiment on the subject can be useful. Their petitions are well snough, but their votes will make effective and nutrition, rouse every oran into national public, restorative tonic, and nutrition, rouse every oran into national strength. tund, in legislation, these desires. Much and nutrition, rouses every organ into natural action, and brings back health and as it is desired the records can look in value attempth. In recovering from "grippe," or in as it is desired the people can look in vain to the present Congress for relief. In all the history of the Government there never was in charge of the Ship of State so imbeelle, incompetent and unpatriotic a improved in the strength in recovering from "grippe," or in convalencement fine wasting discase in speedily and surely invigorates and built-sup the whole system. For all discases caused by a torpid liver or impure blood, as Dyspepsia and Billoumess, if it doesn't benefit or cure in every case, the money is turned.

The Evening Herald. captain and crew as the present Demo

The people are actually uneasy and restive for the chance to wipe them out of power and position by the righteons indignation of overwhelming majorities

### A MURDEROU - CONDUCTOR

He Kille a Prom neat Virginian Who Had Him Discharged.

CLIPTON FORGE, Va., June 20.-Colonel H. C. Parsons was shot in the lobby of Gladys. Inn yesterday afternoon. The shooting was done by Thomas A. Goodman, a pass enger conductor on the Richmond and Allegheny railroad. Parsons lived one bour and fifteen minutes after having been shot, but never speke. After the murder Conductor Goodman went before W. Davis, mayor of Clifton Forge, gave himself up, remarking that a the public had become informed of all the circumstances connected with the affair he would be justified by them for

Colonel Parsons, it is understood, had barged that Goodman permitted colored women of had repute to travel on his train free. He complained because members of his family had been annoyed and insulted by these women. In consequence of these charges Goodman was dismissed.

Colonel Parsons was a native of New western part of Virginia and West Virginia for fifteen or twenty years. Six years ago he acquired possession of the York and was about 55 years old. He had been identified with some interests in the ago he acquired possession of the natural bridge property in Rock Bridge county, Va., and was interested in the recent of forts to develop that section of the commonwealth. He was a Republican in politics, and two years ago led the revolt of the white Republicans of the state northwest section of Washington.

## THE STRIKE SITUATION

Railroad Managers Determine to Make a Vigorous Fight.

STATEMENT OF PRESIDENT DEBS.

He Charges That the Pullman Company Had Brought the Workers to a Condition of Serfdom, White Mr. Pullman Calls the Strike an Anarchist Move.

CRICAGO, June 30,-President Debs, of the American Railway union, issues an address to the railway men of America

setting forth the causes and objects of the present strike. In his address he says; "The struggle with the Pullman company has developed into a contest be-tween the producing classes and the money power of the country. This was what Lincoln predicted at the close of the what inneous pressure reflection that gave war, and it was this reflection that gave war, and it was this reflection that gave the great emancipator his gloomlest fore-bodings. We stand upon the ground that workingmen are entitled to a just pro-portion of the proceeds of their labor. This the Pullman company dealed them.

"Reductions have been made from time to time until the employes earned barsly sufficient wages to live, not enough to prevent them from sinking deeper and deeper into Pullman's debt, thereby mortgaging their bodies and souls, as well as their children's, to that heartless corpora

tion. "Up to this point the fight was between

company. The American Railway union remembers would refuse to handle Pullman cars and the railway corporations, through the General Managers' association came to the rescue

and in a series of whereases de-clared to the world GEORGE M. PULLMAN. that they would go into partnership with the Pullman company, so to speak, and stand by him in his devilish work of starving his employes

to death. The American Railway union accepted the gauge of war and thus the contest is now on between the railway corporations united solidly upon the one hand and the

labor forces upon the other.

"I appeal to strikers everywhere to refrain from any act of violence. There must be no interference with the affairs of the companies involved, and above all, let there be no act of defredation. A man who will destroy property or violate law is an enemy and not a friend of the cause of labor. The general public is with us and we need only to maintain a dignified, honest, straightforward policy to achieve victory.
"I have faith in the great body of rail-

way employes of the country, and am confident they will maintain an unbroken front in spite of any opposition that may be brought to bear against them. I am perfectly confident of success. We cannot

In an Interview President Dens said. concerning the possibility of his arrest by order of the United States courts:

some overt act of violence against the lines which the courts now operate. You will notice that Judge Caldwell says that we have a right to order out the men on the Santa Fe. He says, though, that as soon as the men leave the company's or the court's employ they must in no way He lived in the summer at the natural bridge and in winter, with his family, he occupied a handsome residence. utend for, and we are, therefore, justi-

fied by the court's ruling."
"We've adopted the cause of the other WASHINGTON, June 30.—The delibera-tions of the grand jury of the district over the cases of the recusant witnesses before

sourt Monday or Tuesday. No action has the places left vacant by the strikers on all reads centering in Chicago would be orrespondents Shriver and Edwards and homas Searles, of the trust. rapidly filled from among the hundreds of men who are making applications for work. Mr. Egan has the reputation of being one of the greatest single handed fighters in the country.

John M. Eagan, representing the General Managers' association, furnishes an estimate of the number of men who have estimate of the number of men who have struck so far in the whole country, on the struck so far in the whole country, on the best information he could obtain: Northman O'Brien caught Metaler and Walsh, and locked them up, but lost sight of Emrich. Afterward the dead bony of Emrich was found in a cellar. Feer of arrest had so excited him that he died of heart lisease.

estimate of the number of men who have struck so far in the whole country, on the best information he could obtain: Northman western, 1,025; Illinois Central, 3,000; Chicago and Nor hern Pacific, 75; Wisconsin Central, 30; Great Western, 30; Baltimore and Ohio, 400; Pennsylvania, 2,400; Westigasse.

ern Indiana, 200; total, 17,850.
George M. Pullman, president of the Palace Car company, said in an interview:
"The strike is no longer a fight against the Pullman company alone. It has spread and grown beyond us, until now Pullman strikers are a subordinate feature. The railroads are now trying to see whether or not they have the right to control their own roads and manage their own property. While the strike was confixed to our company we at no time asked the railroads to assist us, and when the o oppose the American Railway union they asked neither advice nor assistance ways are now fighting for the right to conduct the management of their own lines. That is the point at stake, and it may, as well be settled at the present time

us at any other."
The first overt act of violence in the noon, when the engineer and fireman of an Illinois Central suburban train were driven from their engine by a mob of 200 arisen from their engine by a mob of 200 men. They were pelted with rocks and bricks and chased away. The train was stopped just north of the crossing at Burnaide station. The engineer and froman fled for their lives, pursued by a pertion of the mob, while others backed the engine into the round house, leaving the engine into the round house, leaving the cars standing on the main track. When, a short time later, a north bound auburban train appeared it, too, was stopped, the engine detached and taken to the round house, and the cars left stand ing on the tracks. A force of twenty-five policemen hastened to the scene and scat-tered the mob.

The switchmen will not go out on a

strike. This result was reached at mid-night, after a long and heated discussion on the part of 210 members of the Switchmen's Mutual Aid association. A resolu-tion was adopted as a compromise that the association sympathizes with the strikers, but it cannot recognize the authority of the American Rallway union to call out the members of the associa-tion. During the strike members will not take positions vacated by strikers, will not work with scabs, and will not work under police protection.

Many of the commission houses at the stock yards here regard the situation as serious, and have notified their clients in Iowa, Kansas, Nebraska, Missouri, Texas and other states not to ship stock unless the railroad companies agree to deliver the shipment and to be responsible for long delays or responsible if there are any losses on account of delay. The result is that the shipments have been stopped in many instances and the price of meat is expected to take a rapid jump upward be-

fore many days.

M. V. Seafford, general chairman of the Pacific division of the Order of Hallway Conductors, and C. E. Swain, chairman of the Pacific division of the Brotherhood of Railway Trainmen, issued bulletins de-ploring the strike on the Southern Pacific system, and advising members of these orders to retain their positions and attend to their own duties, regardless of the American Rallway union strike.

President Alexander Shields, of the Hammond (Ind.) branch of the American Railway union, and three members of that order named Patrick Sexton, John Roscoe and Walter St. John were arrested for instignting Wednesday night's move ment, when a train on the Monon was held. This train carried the United States mail, which was delayed over twelve hours.

At St. Louis Director Kern, of the American Railroad union, received word from President Debs that the strike had been declared on the entire Gould system. M. J. Elliott, another director of the American Railroad union, has arrived at St. Louis to assist Kern in the manage-ment of the system.

ment of the strike. A Northern Pacific train which left St. Paul at 8 o'clock last night, with three
Pullmans attached, was badly delayed in
the suburbs of St. Paul by the setting of
brakes from inside the car. A mob of 500
surrounded it and pelted the engineer and
surrounded it and pelted the engineer and fireman with large rocks. Every window in the cars was broken. The fireman was a non-union man.

a non-union man.

At Ludlow, Ky., United States deputy marshals, with revolvers and Winchesters, patrol the railway tracks. City police are stationed at intervals on all railway tracks within the city. At that place an unknown man tried to uncouple a moving train, whereupon Trainmaster Ed Sherman knocked him descriptions. Ed Sherman knocked him down

On the Missouri Pacific rallroad in St. Louis the freight blockade is complete. The mail and passenger trains on that road are moving in and out without interference, being made up by the few switchmen who remained loyal. Every-thing on the Iron Mountain road in St. Louis is tied up.

The situation of the strike in Cincin-

nati looks more ominous of mischief to-day. Not a road except the Pennsylvania is receiving freight. News received there is that the Chesapeake and Ohio, being unable to receive coal in West Virginia for shipment, the mines have shut

The Hocking Valley mines must close because the ratiroad is tied up from the Ohio river to Toledo. Coal trains were stopped at Logan, Straltsville, Nelsonville and other points. All hands on that road quit on orders from Debs, except tele-

to allow any trains having Pailman cars to proceed.

All the Denver and Rio Grande employes in Pueblo, Colo., including shopmen, trackmen and even graders, have struck. They say they will not return to work until the company stops running Pullman cars.

The Southern Pacific yesterday sent word to all of its connections that it was not in a position to handle any business because of the strike, and requesting sillines to refrain from selling tickets over its line.

## Muscular Rheumatism

Sciatica and the Piles Adds to the Sufferer's Misery Four Bottles of Hood's Sarsaparilla Effects a Wenderful Cure.

\*C. I. Hood & Co., Lowell, Mass.:
"Gentlemen: As a result of the memorable rheumatism; at that time I was engaged on a job of steamfitting in Plainfield, N. J., and it was necessary for me to wade through the snow to the building, a new residence, in which we were working. For eighteen mouths after-wards I was laid up with muscular rheumatism and sciatica. I then joined my son-in-law to Denver, Col., where I was engaged in steamfitting and engineering, and where I commenced to take Hood's Sarsaparilla for my rheumatism.
It cured me not only of the rheumatism and sciatica, but also of outward piles, from which for thirty-three years I had suffered

### A Thousand Deaths.

Previous to going to Denver I visited the University of Pennsylvania to be operated upon. The doctor pronounced my case elongation of the bowels and the worst he ever saw. He refused to perform an operation, saying that after having suffered so many years it was not worth while that I should die at that late day from the effects of the knife, and die I would if he used it.

Hood's parille Cures as I will be 75 years old in August that is but incidental to my age. This is a simple state, ment of facts. JARDS R. BOND, 200 West Forris Street, Philadelphia, Pa.
