## THE WEEK IN CONGRESS HUMPHREYS'

The House Waiting for a Conference Report on the Tariff.

THE DEMOCRATIC CONFEREES MEET

Endeavoring to Evolve a Scheme That Will Reconcils the Differences Between the Four Democratic Senators and the Four Democratic Representatives.

WASHINGTON, July 9.-The house of representatives will be reating during the present week, ready at all times to lay saide its regular business and take up a conference report on the tariff or any ap-propriation bill. Tonight the rules com-mittee will meet to arrange an order of business, but whatever they agree to take business, but whitever they agree to take up will be conditioned on giving way to the tariff or appropriations whenever a conference report is presented. District of Columbia legislation occupies the house today. For the rest of the week the rules

today. For the rest of the week the this committee will probably give several days for the bill to elect United States sonators by direct vote of the people, and also sav-eral days for numerous bills of a legal and judical character reported by the judiciary TO THE ST DOOR

committee. The bill was sent to conference by the house Saturday, after it had non-con-curred in all the senate amendments. The house conferences are Musars. Wilson (W. Va.), McMillin (Tenn.), Turner (Ga.) and Montgomery (Ky.), Demoerate, and Mosses. Reed (Me.), Burrows (Mich.) and Payne (N. Y.), Republicans. Chairman Wilson left for West Virginia after his appointment as a conferee.

appointment as a conferee. The first effort to reconcile the differ-ences between the senate and house on the tariff bill will be made today. The Dem-ocratic conferees met at noon in the senate finance committee room. The Republican conferees were not asked to be present. It is not as a committee, therefore, that the meeting is held, and it is understood to be the purpose of holding no meetings of the full committee until the four Democratic senators and four Democratic representatives have reconciled all their differences. The Demo-cratic members of the committee say they can expedite their work better among themselves than they could if constantly exposed to the harassment of the minority

mound With this program in view there may be no meeting of the committee as a whole for a week or ten days. In the meantime the Democrats will proceed with the work, and when agreements have been reached in whole or in part the Republicans will be called in, and the committee as a whole will act on what the Democratic members of it have previously agreed. This is simllar to the plan followed by the ways and means Democrats in originally framing the bill, and by the Democratic members of the finance committee when it was be-fore that committee.

fore that committee. The committee on appropriations will have the right of way in the senate during the week, and an effort will be made to dispose of a number of bills which have been held up awaiting the disposition of the tariff. There is a possibility that some day early in the week may be alloted to the committee on foreign relations, as Senator Morgan is very anxious to have

the committee on foreign relations, as Senator Morgan is very anxious to have the Chinese treaty disposed of. He thinks that one day will be sufficient. Senator Cockrell, chairman of the com-mittee on appropriations, says that the pension bill probably will be first taken by Loter in the mark the smaller approxiup. Later in the week the smaller appro-priation bills, for fortifications, military academy, postoffice and other bills that will not consume much time will no doubt be disposed of. It is expected that during the week bills of local importance which may be passed without much delay will be considered in the two hours set apart for morning business. The resolution introduced last week by

Senator Kyle to prevent federal interfer-ence in railroad strikes is still upon the table and may be called up at any time.

#### The American Cyclist Wins.

PARIS, July 9.—A. A. Zimmerman, the American bicyclist, made his first appear-ance at the Buffalo Valodrome yesterday. He was matched for \$500 a side against Edwards, the English rider. In the first race, distance one kilometer, Edwards went to the front, but was closely followed by Zimmerman. On the third hap Zimmerman let himself out, and won by several lengths. The final lap, one third of a kilometre, was covered in 28.2-5 sec-
