MORE TARIFF DELAY.

Senate and House Democratic Conferees at Loggerheads.

THE END MAY BE STILL AFAR OFF.

Senators and Representatives Unable to Agree on the Much Amended Measure. and Each Side Sticks to Its Own Views on the Subject.

WASHINGTON, July 10.-The first day of the conference on the tariff between the Democratic conferes of the two houseswas without practical result or visible progress, so far as can be learned. The conference continued for six hours, and was uninterrupted even for meals, but when an adjournment was taken after 6 o'clock

an anjournment was taken after 6 o'clock no item in the bill had been finally passed upon and agreed to.

The day was devoted to a general discussion of the main features of the bill and the principal points of difference between the two houses. The conference on the part of the house of representatives pointed out the resident change in policy. pointed out the radical change in policy involved in the senate's departure from the free raw material platform and from the ad valorem system, and asserted that the senate bill was not all that the coun-try demanded in the way of tariff reform. The senate representatives replied in ef-fect that while this might be true and might be admitted by individual mem-bers it had proved the most radical bill that could be passed in the senate, and announced a determination to stand for the bill practically as it passed the senate. They asserted that to make any concessions for free raw material might endanger the final passage of the bill. They also contended that material reductions or radical changes from ad valorem to specific duties would delay if not endanger final setting.

ger final action.

The house members, while admitting the force of these suggestions, said the action of the house might also prove uncertain.

The conference committee met again at 10 o'clock today for an ail day session. Some of the members desired a night ses-sion last night, but Mr. Wilson's phys-

ical condition was hardly equal to it.

There had been hope that the committee would make its first report to the house not later than next Friday and pos-sibly by tomorrow on verbal changes, to which all could agree. But yesterday's conference brought out that the differ-ences were too wide to hope for this preliminary report. On the contrary, it was practically determined to keep at work until all was finished, and there is little indication that this can be accomplished this week. It was also practically concluded not to have a meeting of the full committee, at which the Republican mem-bers would be present, until the entire bill was finished. There is, however, a difference of opinion on this point, and

difference of opinion on this point, and this policy may be changed.

Reference was made in the opening prayer in the senate yesterday to the law-lessness now prevalent in the country, and the necessity for the ascendency of law and order. Several bills of minor importance were passed and a resolution of-fered by Mr. Peffer looking to the government countrol of railways and coal mines and the adoption of the single tax doctrine went over. The naval appropriadoctrine went over. The naval appropria-tion bill was passed with several amend-ments after a lively debate over the clause in the bill relating to the appointment of naval cadots at large, which Mr. Allen said would produce a naval aristocracy, but nothing came of it. Mr. Blanchard made a personal explanation of his action on the final vote on the passage of the

TRENTON, July 10.—Joseph Walwitz, the convict condemned to hang July 20 for the murder of Deputy Prison Keeper Lippincott, was told yesterday that there was no hope for him. A Fatal Volley Fired Over the Heads of Riotous Miners.

THREE INNOCENT PROPLE KILLED.

Of the Victims One Was an Aged Widow and Another a 17-Year Old Girl Who Were Standing on Their Own Premises

DANVILLE, Ille., July 10.—Mrs. Michael Gleinan and Miss Clara James were killed and one unknown man mortally wounded at Westville yesterday by a volley fired over the heads of a crowd of rioting miners by a company of militia. The miners had been rioting in this vicinity ever since Sunday afternoon. During Sinday sight a number of freight cars were destroyed in the Eastern Illinois yards by incendiarism. Yesterday a number of oars were derailed at Crape Creek. ber of cars were derailed at Crape Creek, on the Suelbyeille branch. When the wreckage had been cleared the inhound passenger train passed without mole-ta-tion until Westville was reached. When It stopped there it was surrounded by a growd of miners and held. Word was telegraphed to Danville and a special train, with a company of the state troops started at once for the scene of trouble.

About one mile from Westville a large growd of miners had collected and upon the appearance of the train bearing the militia began war like demonstrations. Several pixel shots were fired at the soldiers, who returned the fire, shooting over the heads of the mob from the train, intending to frighten them. Miss Clara James, the lt-year-old daughter of Jones James, was standing in the doorway of her home. A bullet struck her just below her breast and size died almost instantly. Mrs. Michael Glennan, an aged widow. standing in her yard, was also struck and died in five minutes. An unknown man received a mortal wound, and his death is hourly expected. The militia then left hourly expected. The militia then left the train and charged the crowd, securing three prisoners. After this the crowd dis-persed, and no further resistance being offered the troops returned to their train, which had been coupled in front of the passenger, and the trip to Danville was made without further delay.
