Foreigners at Spring Valley Have Terrorized All Classes.

FIRED UPON BY THE SOLDIERS.

two Men Killed and Five Wounded as the Result of an Unprovoked Attack by Rioters Upon the Troops-The Mob Finally Put to Flight.

SPRING VALLEY, Ills., July 11.-Affairs here are taking on an ominous look. The miners have so intimidated all classes of the people with threats of what will happen after the troops are removed that every obstacle is placed in the pathway of the soldiers, and all classes actin a hostile manner. Mayor Jackson, who is evi-dently terrorized, ordered the soldiers out of town, but they refused to obey. The telegraph operator was frightened away, and one of the soldiers is at the key. The storekeepers have been made to re-fuse to sell supplies to the troops, and the

latter have, in consequence, taken possession of the company's store, soldiers act ing as custodians in place of the terrorised ing as custodians in place of the terrorised clerks. So far has this reign of anarchy extended that the woman upon whose property the well from which the troops draw water is situated piteously begged the officers to secure water elsewhere, as fuse water upon penalty of burning her

house to the ground.

Company C, of the Fifteenth regulars, commanded by Captain Conrad, came into collision with the mob late yesterday afternoon, and after patiently enduring volley after voiley of stones fired into the mob, killing two men and wounding several others

The fight occurred when a Rock Island train bearing the troops pulled into the depot. At the time of its arrival a large mob of Lithuanians, Poles and Huns was gathered upon the hill overlooking the depot. The arrival of the train was created. lepot. The arrival of the train was greeted with yells and jeers, and stones began to rattle down upon the depot platform be-fore any of the soldiers had left the cars.

As the men filed out on the depot plat form they were greated with a chorus of yells, and the stones rained down around them. Captain Conrad raised his hand and called to the mob to cease throwing atones. It obeyed him for an instant, but seeing the troops remain passive, re-gained its viciousness and sent volley after volley of stones at the soldiers, at gained its viciousness and sent volley after volley of stones at the soldiers, at the same time drawing closer and becoming more threatening. Captain Conrad ordered his men to aim, and as more stones came at their heads he gave the word to fire. The mob broke for the timber when the firing began and has not as when the firing began, and has not as sembled since.

Early in the morning as a party of deputies were traveling from Princeton to Spring Valley in wagons some strikers in ambush fired upon them, wounding Deputy S. T. Powell in the face. The fire was returned and one man was seen to fall. He was, however, carried off by his companions, and the extent of his injuries is

The object of this consultation is that the tariff rate on crockery may be satisfactorily adjusted and the strike at the same time adjusted.

Big Four Employes Laid Off.

CINCINNATI, July 11.—Like a thunder clap came an order from C. E. Schaff, of the Big Four last night discharging from the entire Big Four system fully 3,000 employes. The reason assigned is the blockade. The men affected are assured that they will be restored the moment a re-vival of business justifies. This does not affect men engaged in running trains. The day men are being discharged all along the line.

The Bill to Admit Utah Passes the National Senate.

SENATORS DISCUSS THE STRIKE.

Mr. Peffer's Arraignment of the President for Sending Troops to Chicago Vigureasty Compated by Mesers. Davis and Gordon-Postoffice Appropriation Passed

Washington, July 11.—There has rarely been witnessed in the senate such an earnest, ardent debate as that which came yesterday from Mr. Peffer's Populistic resolution providing for government con-trol of railways and coal mines and the adoption of the single tax system. M Peffer himself opened the discussion with a defense of the Chicago rioters, an arraignment of the president for sending troops there and a protest against the growing militarism of the country in

This led Mr. Davis (Minn.) to bitterly denounce the lawlessness of the Chicago mob and the had policy of the secutor from Kansas in inflaming their paions by the introduction of such a reso

Mr. Gordon (Ga.) also condemned the action of the Kansas senator, and be quoted Lord McCauley's prophecy that in some great public uprising (like the present) this country would either lose its civilization through mob law, or in put-ting down mob law by the strong arm of sower would lose its liberties. Such an excession row existed, and to put down the lawlessness he pledged the support of who fought in the Confederacy in

The stirring speeches of Senators Davis and Gordon were followed by the intro-duction of a resolution as a substitute for the Peffer resolution emphatically endors-ing the president and declaring that the laws must be upheld. The resolution seemed on the verge of passing when it went over at the request of Senator Gal-linger. The senate then took up and passed the postoffice appropriation hill as it was reported from the committee, though some debate arose over the proposition for mail subsidies for states along the Ohio river. These amendments were defeated. Late in the day the bill for the admission of Utah was taken up and passed without

debate or opposition.

The house passed a bill opening the Uncompanier and Untah reservation in Utah, giloting lands in severally to the Indians and restoring about 3,000,000 acres to the public domain. Most of the day was devoted to debate on a bill extending the act of 1800 declaring lands granted to railroads not then constructed forfeited to the government so as to forfeit the lands of railroads whose roads were not sompleted within the time specified in the land grants. It excludes from the operation of the act however, lands ac quired in good faith by purchase from rall-roads confirming such titles. The bill in-volved about 54,000,000 acres. It was not disposed of. The title of Mr. Enjoe to his seat as representative from the Eighth Tennesses district, which was contested by B. E. Thresher, was confirmed without opposition.

Cesario Denies a Conspiracy.

Lyons, July 11.—Before the magistrate yesterday a soldier named Le Blanc declared, in the presence of Cesario, the murderer of President Carnot, that Ce-sari had chosen lots in a cafe at Cette and had received the slip which assigned him to the work of murdering the president. Cesario said: "This individual wishes to make a laughing stock of me. I acted alone. It is not true that I had accomplices."
