DENOUNCING THE MILITARY.

A Coroner's Jury Declares That They Shot Unnecessarily.

SPRING VALLEY, Ill., July 12.—Yesterday in Spring Valley passed without interest, except the funeral of the Italian, Donadio Diani, who was killed by United States troops. The funeral was the largest witnessed in this city. Friends and sympathizers of the dead are swearing vengeance upon the hands of the United States soldiers. The coroner's jury found that the man "came to his death by a gunshot wound fired at the hands of Company E, Fifteenth regiment, under Captain Conrad, and that deceased was engaged in a peaceful and lawful occupation at the time; that the shooting was called for, and an unwarranted use of military power against an inoffensive citizen. Further, that the treatment of the dead body Diani and of law-abiding citizens after the shooting was brutal in the extreme. And the jury would recommend that the conduct of said troops while in Spring Valley on July 10 be investigated by the proper authorities.

More deputies arrived last night, but everything is very quiet. The city is guarded by militiamen, and no one can enter or leave the city without being subjected to a vigorous examination at the hands of the pickets.

A Brutal Anarchist Sentenced.

BARCELONA, July 12.—The trial began in this city yesterday of the anarchists Salvador Franch, Antonio Alfaro and Jose Prats. Franch was the author of the explosion in the Liceo theater on the night of Nov. 7 last, when upward of thirty persons were killed. Alfaro and Prats are charged as his accomplices. Franch, in a cynical tone, confessed that he threw the two bombs in the theater with the object of destroying the bourgeoisie present. He was glad he had killed so many people, but regretted that the second bomb had not exploded. After the evidence was all in Franch was declared guilty, and was immediately sentenced to death. He listened to his sentence without displaying the slightest trace of emotion. The trial of the other two, who plead innocence, is proceeding.

Cuban Smugglers Captured.

TAMPA, Fla., July 12.—For some time Cuban smugglers have been doing a lively business on the east coast of Florida. There was a regular fleet of smacks engaged in the business, and not only the revenue laws but also the quarantine regulations were broken. Yesterday the revenue cutter McLane arrived at Anclote and found six smacks anchored there, engaged in illegal traffic. The McLane took the entire number in charge. Cigars and brandy are the principal articles handled by the smugglers.

Miners Again Stop Work.

PHILIPSBURG, Pa., July 12.—All of the mines which have been working at the compromise rate, with one or two exceptions, suspended work yesterday until the offer that had been made to them was made general throughout this region. At the Morrisdale shaft, operated by R. B. Wigton & Sons, the miners did not come out as expected. A meeting was held there at which the miners present threatened to go to work at forty cents gross if the men working in the shaft did not suspend.

Anarchist Doehler Convicted.

PATERSON, N. J., July 12.—The trial of Charles Doehler, Robert Seidel, alleged anarchists, was concluded in the Passaic county court before Judge Hopper at that place. The jury after being out a short time found Doehler guilty and acquitted Seidel. The defendants were accused of entering into a conspiracy to blow up the house of William Strauss, a silk manufacturer of Paterson, by placing a dynamite bomb under the piazza.

The Motor-Boat Victims.

McKEESPORT, Pa., July 12.—A total of 300 strikers are now at work in the city works here. The men and the firm will refuse to go to work until their places can be filled by plant cannot resume. The general committee of the strikers claim that notwithstanding the fact that some of the men are in the mill no work is being done, and until operations are resumed in earnest no disturbances are anticipated.

SUPERINTENDENT KILLED.

Peter E. Jones Killed at the Pennsylvania Colliery.

Mt. Carmel, July 12.—Peter E. Jones, inside foreman of the Pennsylvania colliery, Green Ridge, operated by the Union Coal Company, sustained injuries in the mine yesterday which resulted fatally.

After finishing a tour of inspection, Mr. Jones stepped to the front of a car in the slope and gave the engineer the signal to hoist. At the same time an employe of the colliery jumped on the front in an endeavor to reach the top. Shortly after the car had started the rope in some manner became entangled in a loose pulley, throwing the wagon off the track. As the powerful engine pulled it over, the falls Mr. Jones looked at his neighbor in a wondering way, and in jumping and allowing the superintendent to get out of the dangerous predicament also. At this juncture the wagon struck another obstacle and threw Mr. Jones headlong from the car. He continued on its upward course, and continuing in contact with the superintendent ran over him, inflicting fatal injuries.

After the unfortunate man was removed to his home an examination showed that three ribs had been broken and the collar bone had been fractured in four places. A portion of the left breast was also crushed. The victim survived but a short time, but was conscious to the last.

Peter E. Jones was born in Wrexham, North Wales, November 11th, 1843, and came to this country when 12 years of age. He located at Gilbertown and followed mining pursuits, removing later to Pottsville, where in 1870 he married Miss Mary Williams. After a residence of some years in Schuylkill county the family went west. Returning, they took up residence near Trenton, where Mr. Jones was superintendent of the Lincoln collieries for the Reading company. Eight years ago the Union Coal Company, recognizing the worth of this gentleman, proffered him the inside superintendency of the colliery at Green Ridge, and the offer was accepted. As inside superintendent Mr. Jones was well thought of and regarded in high favor by those employed under him. Though of a somewhat reserved disposition and never clamoring for conspicuousity in the affairs of this world, he was a friend to those who needed help and his kindness will be remembered by many during their lives. He is survived by a widow and six children. A daughter, Phyllis, is a teacher in the Mt. Carmel schools, and a son, Alfred, is a member of the civil engineering corps.

The funeral will take place at 2 o'clock Saturday afternoon. Services will be held at the family residence in Mt. Carmel and the remains will be interred in Alaska cemetery.

WHERE TO GO.

An Ideal One Day Trip via Pennsylvania Railroad.

The country in and around Reading, as is well known, is replete with charming and diversified scenery. A magnificent view of this beautiful region is obtained from the summit of Mount Penn, whose great heights are accessible by the Electric and Gravity Railways.

These mountain-climbing railroads slowly wind their way around the sides of the immense mountain, disclosing in transit the most varying and enchanting scenes, while the pure, mountainous air invigorates the senses.

The Pennsylvania Railroad seems to be the favorite road to the city of Reading and is patronized by all classes throughout the state. Parties wishing to spend a whole day in Reading should leave here at 6 a. m., the last train leaving Reading for home at 5:55 p. m.

Last June, Dick Crawford brought his twelve months old child, suffering from infantile diarrhoea, to me. It had been weakened at four months old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and his continued use cured the child. Its weakness and purvy constitution disappeared and its father and myself believe the child's life was saved by this remedy. J. T. Marlow, M. D., Tamaroa, Ill. For sale by Grohler Bros.

A horse kicked H. S. Shafer, of the Freeman House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain-Expeller, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same remedy is also famous for its cures of rheumatism. For sale by Grohler Bros.
