Last June, Dick Crawford brought his twelve months old child, suffering from infantile disrrhoen, to me. It had been weaned at four months old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this remedy. J. T. Marlow, M. D., Tamaroa, Ili. For sale by Gruhler Bros.

When it cams to the end he nerved himself for a supreme effort, and paid the penalty of his crime without a whimper and without a word. The jail officials said after the execu

tion that the condemned man had re-quested an indulgence of twenty minutes after reaching the scaffold for the pur-pose of making a speech.
