Republican State Ticket.

- For Governor, GENL DANIEL H. HASTINGS, Centre county. For Lieutenant-Governor, WALTER LEON, Allegheny county. For Auditor-General, AMOS H. MYLES, Lancaster county.

ATTENTION is called to the fact that prostitutes have become quite numerous on our streets of late, although none of the borough authorities seem to be cognizant of it.

PECULIAR STRENGTH.

The fight for the Republican Senatorial nomination in the Thirtieth district goes on quietly and determinedly and while all the candidates occasionally give an open indication that they are still in the fight and intend to be in it at the end there is really only one who shows actual strength and likelihood of success.

MUST NOT FALTER.

It will be almost criminal for the Borough Council to falter in its duty in connection with the public water works at this time.

effect such a connection will have upon the town supply. This is no time for the Council to indulge in sentiment.

IN SENATE AND HOUSE

A Number of Bills Are Passed by Both Branches. WASHINGTON, July 19.—The Indian appropriation bill was under discussion in the senate yesterday, but final action upon it was not taken.

The following additional bills were passed: To authorize the president to appoint delegates to the meeting of the International Geodetic association, to provide for the reservation, sale and settlement of certain lands, and to allow the Metropolitan Railway company, of Washington, to change its motive power from horses to pneumatic or underground power. The conference report on the naval appropriation bill was agreed to by the senate.

The house devoted yesterday to the consideration of bills reported from the committee on military affairs. Eight were passed as follows: To regulate enlistments in the army; to authorize the board of managers of the Soldiers' Home to transfer and maintain the inmates of any branch in case of emergency; to place Major General John L. Green on the retired list as a first lieutenant, Eugene Wells as a second lieutenant, N. J. Dana as assistant quartermaster, Dunbar K. Ransom as captain, Charles B. Stivers as captain and James William Albert as major.

For a New Commission. WASHINGTON, July 19.—Representative Phillips, of Pennsylvania, has introduced a bill for a non-partisan commission to collect information and consider and recommend legislation to meet the problems presented by labor, agriculture and capital. It provides for the appointment by the president of a commission of five representatives of labor, five of agriculture, and five of commerce, each division to choose two more members and to appoint a lawyer. A majority of the commission shall not belong to one political party, its members shall be salaried at \$5,000 and its life shall not be longer than two years.

A Unique Banquet. BRADY, Ind., July 19.—A most unique banquet was given here. More than 300 citizens from Knightsville and the neighborhood, where the recent stoning to death of the Vandala engineer, Barr, occurred, came to bid farewell to the four young strikers who were recently connected with the murder of the engineer. They are about ready to be taken to the state's prison at Jeffersonville to serve out each a two years' sentence of imprisonment. The prisoners were brought out from their cells in jail into the sheriff's yard and seated at the first table with their fathers, mothers, brothers, sisters and other relatives.

A Burning Vessel Abandoned. NEW YORK, July 19.—The American bark Emma T. Crowell, of Seaport, Me., Captain Pendleton, sailed yesterday for Shanghai, laden with coal oil. All went well until one of the crew saw smoke issuing from the forward deck. On opening the fore hatch large volumes of smoke poured from below. The hatch was immediately battened down again, and orders given to lower away the boats and abandon the vessel, which was apparently doomed to destruction. All the hands, including the captain's wife, were rescued by a passing steamer.

Another Birmingham Riot Victim. BIRMINGHAM, Ala., July 19.—All is quiet in the mining districts today. It is now known that two more strikers were wounded in Monday's battle at the Pratt mines, one of whom has just died. Seventy-five rioters are in jail, and Judge Green and Governor Jones have been in conference all the morning in reference to holding a special term of the criminal court for the trial of the rioters.

Babe Mangled by a Horse. HUNTINGTON, W. Va., July 19.—Mrs. Truman Miller, who lives two miles south of this city, while picking berries, left her little 18-months-old babe lying under the shade of a tree. On returning she found a horse gnawing the little one, and its head was almost mangled to pieces. The poor mother is overcome with grief, and seems to be losing her mind.

A RECORD of twenty-five years of cures is made by Dr. Pierce's Golden Medical Discovery. In all blood disorders, this remedy has numbered its cures by the thousands. Years of uninterrupted success long ago led the proprietors to sell this remedy as no other blood-purifier can be sold. They have so much confidence in the "Discovery" that they guarantee it in all diseases that come from a torpid liver or impure blood. As a blood-cleanser, flesh-builder, and strength-restorer, nothing like the "Discovery" is known to medical science. Dyspepsia, indigestion, biliousness, and the most stubborn skin, scalp, or scrofulous affections, quickly yield to its purifying and cleansing properties. If it doesn't benefit or cure, you have your money back. For Colic, Diarrhea, Dysentery, Cholera Morbus and Cholera infantum, take Dr. Pierce's Compound Extract of Smart-Dr.

TROOPS LEAVE CHICAGO

Their Withdrawal Ordered by the War Department.

BREAK IN THE PULLMAN STRIKE.

The Men Set to Work on Tracks at the Pullman Works.—The War of the Torch and Bomb Still Continues.—Condition of Affairs in California.

CHICAGO, July 19.—At 8 o'clock last night General Miles appended his signature to the general order removing federal troops from Chicago. The infantry took trains for their respective posts, while the cavalry and artillery will march to Fort Sheridan and remain there until such time as General Miles thinks it best that they be sent to their posts.

The first break in the ranks of the Pullman strike occurred when 150 Hollanders were put to work on the tracks back of the Pullman foundry. The men quit work when the strike was declared and stayed out until now.

Albert Miles was shot and probably fatally wounded at Fifth and Halsted streets by Oscar E. Vardman. Both men before the strike were employed as engineers by the Switching association at the stock yards. When the strike was declared both went out. Vardman, however, returned to work last Monday, Miles still remaining out. As Vardman was returning home from work he was met by Miles and three other men. A quarrel ensued, Miles endeavoring to persuade Vardman to leave his work again. Vardman refused to do this and he was assaulted by Miles and his companions.

AFFAIRS IN CALIFORNIA.

A Scarcity of Competent Trainmen Causes Few Trains to Move.

SAN FRANCISCO, July 19.—The strikers' view of the railroad situation in northern California was given today by one of the strike leaders in Oakland. "Under ordinary circumstances," he said, "eighteen or twenty freight trains are dispatched from Oakland daily. During the last few days the railroad company has sent out only five freight trains. If this is running the road then we are beaten."

It is apparently a scarcity of competent trainmen that is troubling the officials of the railroads. In Sacramento almost the same condition prevails. One hundred and fifty workmen were induced to go back to the railroad shops there yesterday. In Oakland forty men were escorted to and from the railroad shops by a troop of cavalry. The strikers made no attempt to interfere.

Evidence was offered today, however, that the railroad company has still to guard against violence. A trackwalker discovered that the fish plates had been removed from over one hundred yards of track. It is also reported that violence is feared at Truckee, where the strikers are in an ugly mood.

The preliminary examination of Knox and Worden, the strikers who are accused of murder, in having wrecked a train and caused the disaster at Sacramento a week ago, began at Woodland yesterday. This afforded the strikers an easy opportunity to cripple the Southern Pacific railroad. The attorneys for the strikers summoned as witnesses two switchmen who were the only men remaining in the Sacramento yards. Their going out compelled the company to abandon several trains out of Sacramento.

Militia Also Ordered Home. SPRINGFIELD, Ill., July 19.—Adjutant General Orndorff issued an order directing the entire Second brigade, Illinois state troops, and the First battalion of naval militia, on duty at Chicago, to proceed to their homes at once, using special trains. Colonel Smith, in command of the troops at Mounds, Pulaski county, was also wired to send his three companies to their homes. This removes all the state troops from duty, excepting 3,000 in Chicago.

All Settled at St. Louis. ST. LOUIS, July 19.—The strike of the American Railroad union is all over as far as St. Louis is concerned. Strike Director M. J. Elliott left for Chicago last night. Two-thirds of the strikers have applied for their old positions. An exceedingly small percentage have been successful.

Fired on by Strikers. JACKSON, Miss., July 19.—Near Newton Conductor K. R. McElrod and a negro union brakeman, both being on top of a car, were fired on by strikers. McElrod was struck with sixty or seventy squirrel shot, and is in a dangerous condition. The negro was but slightly hurt.

Debs Still in Jail. CHICAGO, July 19.—Messrs. Debs, Howard, Rodgers and Keilher were brought from the county jail yesterday afternoon to Commissioner Hoyne's office for the purpose of consulting with their attorneys, who again insisted on their giving bail, but the prisoners declined.

Strikers Released on Bail. COUNCIL BLUFFS, July 19.—About fifty strikers indicted by the grand jury charged with interference with the United States mail were before Judge Rimer and pleaded not guilty to the charge. They were released on bonds ranging from \$500 to \$1,000.

Complete Tie Up in Montana. BUTTE, Mont., July 19.—The tie up of the railroads at this point is complete. Utah and Northern trains come no farther than Dillon. No Northern Pacific trains are moving to this city. Troops have not yet arrived.

Governor Hoag's Prediction. AUSTIN, Tex., July 19.—Governor Hoag was presented with a gold watch by officers of the state militia, and in a speech to re-

sponse he took a gloomy view of the future. He predicted that within six weeks martial law will be declared in California, Kansas, Colorado, Illinois, and said that the anarchists of Chicago would use dynamite and "bespatter the lofty buildings of the city with the hearts, lungs and livers of citizens."

Returning to Work. TACOMA, Wash., July 19.—Three hundred and fifty-one new employes have been put to work on the Pacific division of the Northern Pacific since the strike began. Practically all the old engineers have returned to work. Many of the switchmen, conductors, freight clerks and some of the firemen who quit have applied for their positions, but not all could be taken back, as new men had been engaged.

Still Burning Bridges. NORTH END, O. T., July 19.—The war of the torch and the bomb along the line of the Rock Island road in the Cherokee strip continues, the burning of a bridge a mile north of Waukomis station being the latest outrage. The bridge was burned just after the passing of a passenger train going south, and was completely destroyed. Another company of United States troops arrived here last night.

Eight Months for Contempt. LOS ANGELES, Cal., July 19.—Judge Ross found John Howarth and Engineer Martin Kelly guilty of contempt of court for violating his injunction at Barstow and sentenced each to eight months in jail. The severity of the sentence was a surprise to many.

BISHOP WATTERSON SUSTAINED

Mgr. Sattoli Approves of the Former's Condemnation of the Liquor Traffic. NEW YORK, July 19.—The press today says: "Mgr. Sattoli, the apostolic delegate, has just rendered a decision condemning the liquor traffic. He approves of the expulsion of liquor dealers from Catholic societies. This remarkable decision was called forth by an appeal from the ruling of Bishop Watterson, of Columbus, O."

"During the last Lenten season Bishop Watterson addressed a letter to the clergy and laity of the diocese dealing wholly with the temperance problem. Bishop Watterson said: 'I hereby withdraw my approbation from any and every Catholic society in this diocese that has a liquor dealer or saloonkeeper at its head, or anywhere among its officers, and I suspend every such society itself from the rank and privileges as a Catholic society until it ceases to be so offered.'"

One of the societies laid the matter formally before Mgr. Sattoli. To this appeal the apostolic delegate has just responded. It sustains the position of Bishop Watterson, and says: 'The liquor traffic, and especially as conducted here in the United States, is the source of much evil, hence the bishop was acting within his rights in seeking to restrict it. Therefore, the delegate apostolic sustains Bishop Watterson's action and approves of his circular and regulation concerning saloons and the expulsion of saloon keepers from membership in Catholic societies.'

"Rev. Alexander P. Doyle, of the Paulist fathers, the general secretary of the Catholic Total Abstinence Union of America, said that the declaration of the apostolic delegate is the most important ever pronounced by the church in this country, and he thought its effect would be far reaching."

Short in His Accounts.

NEW YORK, July 19.—Frank Reilly, treasurer of the United States Order of American Carpenters and Joiners, Assembly No. 1, appeared in answer to a summons in the Jefferson Market court yesterday. Samuel Cavanaugh, the present treasurer, made the complaint. He said that Reilly was \$495.46 short in his accounts. Reilly admitted the charge and offered \$190 cash and a mortgage in settlement. The hearing was adjourned to Wednesday next.

Her Brains Scattered on the Ground.

HUNTINGTON, W. Va., July 19.—Miss Addie Woodie, a telegraph operator at Lavalette, ten miles south on the Norfolk and Western railroad, was killed in a runaway yesterday. She and a lady friend were out driving when the animal ran away, throwing both ladies out of the vehicle. Miss Woodie's head was crushed and her brains scattered on the ground. The other lady had several bones broken, but will recover.

Funeral Over a "Live Corpse."

SAN DIEGO, Cal., July 19.—Washington Irving, a nephew of the famous author, was supposed to have died at Escondido, and his funeral was held. With the close of the service, after friends had passed the casket, a knocking was heard from within, and the lid being hastily removed, Irving got up in a dazed condition, soon regained his senses fully and was taken home.

Damaged by a Bursting Fly Wheel.

WOODSOKET, N. J., July 19.—A twenty foot fly wheel at the Manville company's works, at Manville, burst and the flying pieces caused three other wheels to burst, besides demolishing four five foot driving wheels on the floor above. The building and contents were damaged \$15,000, and 1,300 employes are thrown out of work.

Drank Sulphuric Acid.

BALTIMORE, July 19.—August Lank, a musical instrument maker, committed suicide by drinking about an ounce of sulphuric acid. His throat and stomach were terribly burned, and he died in great agony while being conveyed in a hack from his home to the hospital.

Carpet Works Shut Down.

THORNTONVILLE, Conn., July 19.—Several departments of the Hartford carpet works here shut down today for an indefinite period. Four hundred operatives, mostly women, are thrown out of employment. Business depression is the cause of the shutdown.

One Killed, One Fatally Injured. GAITHERSBURG, Md., July 19.—By the premature explosion of a bomb in the Kelly Women's club, one woman, Mrs. John McKenna, was killed and John Quirk was fatally injured. Two others were seriously injured.
